Lake Davis Recreation Development Plan

Excerpt from Lake Davis Recreation Development Plan: July, 1965 Bulletin No. 117-3, entitled Lake Davis, Recreation Development Plan, presents the recreation development plan which I have approved for the full realization of the recreation potential of Lake Davis which will be impounded behind Grizzly Valley Dam. Grizzly Valley Dam was authorized for construction as a feature of the State Water Project by the Statutes of 1957. Lake Davis, located near Portola in Plumas County, will provide water for urban use, recreation, and fish and wildlife enhancement. It is anticipated that the initial recreation facilities will be completed concurrently with the dam in the fall of 1966. Initial onshore facilities are described in detail and recommendations are made for the appropriation of funds needed for their construction. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
