You are fortunate to find it with us today.

We offer the entire version Gleanings West Ireland at no cost.

Gleanings in the West of Ireland - Scholar's Choice Edition

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Old Irish Life - Scholar's Choice Edition

With a large cast of characters, this is a social novel, a family saga set against the rise of capitalism and of a Jewish bourgeoisie in Lodz. It tells the story, through an interwoven plot, of the clash between old traditions and growing desires.

Gleanings in Bee Culture

'English As We Speak It in Ireland' by Patrick Weston Joyce delves into the interplay between Irish and English. Despite being written over a century ago, this book reveals how local Irish dialects left an indelible mark on the English language worldwide—even today. Delve into the heart of language evolution and immerse yourself in the profound heritage of Irish influence on English.

The Brothers Ashkenazi

Enlightened Oxford aims to discern, establish, and clarify the multiplicity of connections between the University of Oxford, its members, and the world outside; to offer readers a fresh, contextualised sense of the University's role in the state, in society, and in relation to other institutions between the Williamite Revolution and the first decade of the nineteenth century, the era loosely describable (though not without much qualification) as England's ancien regime. Nigel Aston asks where Oxford fitted in to the broader social and cultural picture of the time, locating the University's importance in Church and state, and pondering its place as an institution that upheld religious entitlement in an ever-shifting intellectual world where national and confessional boundaries were under scrutiny. Enlightened Oxford is less an inside history than a consideration of an institutional presence and its place in the life of the country and further afield. While admitting the degree of corporate inertia to be found in the University, there was internal scope for members so inclined to be creative in their teaching, open new research lines, and be unapologetic Whigs rather than unrepentant Tories. For if Oxford was a seat of learning rooted in its past - and with an increasing antiquarian awareness of its inheritance - yet it had a surprising capacity for adaptation, a scope for intellectual and political pluralism that was not incompatible with enlightened values.
