Introduction to Why is Sex Fun by Jared Diamond

Human beings have the weirdest sex lives of all animals.

Human monogamy is about protecting our young.

Recreational sex may seem unnecessary or inefficient, but it explains how monogamy emerged.

The role of men in the family is often driven by sexual favors.

Men don't breastfeed their children, but they could!

Menopause is among the strangest features of human sexuality.

Body signals act as advertisements for potential mates.
