El don de la sangre en el equilibrio cósmico

Gnosis means knowledge. But we are not referring to just any knowledge. Gnosis is knowledge which produces a great transformation in those who receive it. Knowledge capable of nothing less than waking up man and helping him to escape from the prison in which he finds himself. That is why Gnosis has been so persecuted throughout the course of history, because it is knowledge considered dangerous for the religious and political authorities who govern mankind from the shadows. Every time this religion, absolutely different from the rest, appears before man, the other religions unite to try to destroy or hide it again. Primordial Gnosis is the original Gnosis, true Gnosis, eternal Gnosis, Gnostic knowledge in its pure form. Due to multiple persecutions, Primordial Gnosis has been fragmented, distorted and hidden.

The Forbidden Religion

Originally published under the title: God and goddesses of Old Europe, 7000-3500 B.C.

The Goddesses and Gods of Old Europe

Winner of the IAJS award for best authored book of 2018! C. G. Jung had a profound interest in and involvement with astrology, which he made clear in virtually every volume of the Collected Works, as well as in many of his letters. This ancient symbolic system was of primary importance in his understanding of the nature of time, the archetypes, synchronicity, and human fate. Jung's Studies in Astrology is an historical survey of his astrological work from the time he began to study the subject. It is based not only on his published writings, but also on the correspondence and documents found in his private archives, many of which have never previously seen the light of day. Liz Greene addresses with thoroughness and detailed scholarship the nature of Jung's involvement with astrology: the ancient, medieval, and modern sources he drew on, the individuals from whom he learned, his ideas about how and why it worked, its religious and philosophical implications, and its applications in the treatment of his patients as well as in his own self-understanding. Greene clearly demonstrates that any serious effort to understand the development of Jung's psychological theories, as well as the nature of his world-view, needs to involve a thorough exploration of his astrological work. This thorough investigation of a central theme in Jung's work will appeal to analytical psychologists and Jungian psychotherapists, students and academics of Jungian and post-Jungian theory, the history of psychology, archetypal thought, mythology and folklore, the history of New Age movements, esotericism, and psychological astrology.

Jung's Studies in Astrology

The Gnostics and Their Remains

Colonial Latin America: A Documentary History is a sourcebook of primary texts and images intended for students and teachers as well as for scholars and general readers. The book centers upon people-people from different parts of the world who came together to form societies by chance and by design in the years after 1492. This text is designed to encourage a detailed exploration of the cultural development of colonial Latin America through a wide variety of documents and visual materials, most of which have been translated and presented originally for this collection. Colonial Latin America: A Documentary History is a revision of SR Books' popular Colonial Spanish America. The new edition welcomes a third co-editor and, most significantly, embraces Portuguese and Brazilian materials. Other fundamental changes include new documents from Spanish South America, the addition of some key color images, plus six reference maps, and a decision to concentrate entirely upon primary sources.

The book is meant to enrich, not repeat, the work of existing texts on this period, and its use of primary sources to focus upon people makes it stand out from other books that have concentrated on the political and economic aspects. The book's illustrations and documents are accompanied by introductions which provide context and invite discussion. These sources feature social changes, puzzling developments, and the experience of living in Spanish and Portuguese American colonial societies. Religion and society are the integral themes of Colonial Latin America. Religion becomes the nexus for much of what has been treated as political, social, economic, and cultural history during this period. Society is just as inclusive, allowing students to meet a variety of individuals-not faceless social groups. While some familiar names and voices are included-conquerors, chroniclers, sculptors, and preachers-other, far less familiar points of view complement and complicate the better-known narratives of this history. In treating Iberia and America, before as well as after their meeting, apparent contradictions emerge as opportunities for understanding; different perspectives become prompts for wider discussion. Other themes include exploration and contact; religious and cultural change; slavery and society, miscegenation, and the formation, consolidation, reform, and collapse of colonial institutions of government and the Church, as well as accompanying changes in economies and labor. This sourcebook allows students and teachers to consider the thoughts and actions of a wide range of people who were making choices and decisions, pursuing ideals, misperceiving each other, experiencing disenchantment, absorbing new pressures, breaking rules as well as following them, and employing strategies of survival which might involve both reconciliation and opposition. Colonial Latin America: A Documentary History has been assembled with teaching and class discussion in mind. The book will be an excellent tool for Latin American history survey courses and for seminars on the colonial period.

The Complete Book of Spells, Ceremonies, and Magic

Updated version of the indispensable reference book. Contains charts of countries worldwide and historically significant events and includes appendices listing degrees of planets and angles of over 400 charts. Greatly updated from Aquarian Press version of 1988.

Jung, Synchronicity, & Human Destiny

George is looking for a way to beat the summer heat. Swimming, running through sprinklers, a glass of lemonade—none can help George cool off! What George really wants is a sweet, cold treat from the ice cream truck, but will he ever catch it?

Colonial Latin America

Afefe Ogo says ."".. true magical energy is derived from the individual witch's creative process and their connection with those forces that they have developed relationships with." In Kindoki the Witch will learn to wield potent methods that indeed foster such a connection with the 'forces' that have helped Magicians, Sorcerers, Witches and Shaman apply their magical energies for thousands of years. Kindoki presents African methods to the Western occultist from a Left Hand Path perspective. For those who grew up reading obscure little booklets found in the corner botanical, to those who favor large ceremonial tombs, this text will bridge the gap by helping the true practitioner accomplish tasks in a simple but precise manner.

The Book of World Horoscopes

In Exodus Revisited, Leon Uris returns to the scene of his famous bestselling novel, Exodus, which has sold over five million copies. With power, compassion, and love, he writes a revealing commentary to accompany the sensitive and haunting photographs of Dimitrios Harissiadis. Israel is a land of contrasts--of modern hotels and ancient olive trees; of young girls in slacks and elders with traditional beards. It is a country of harsh desert, lush farmland, sandy beaches, and sun-dappled seas. Israel is the common homeland of the Jew, the Christian, and the Muslim. It is a nation with a living history, a memory of violence and pain, a hope for the future, and a promise in its people.

The Magical Revival

Se hallan editados aquí por primera vez en un solo volumen los tres primeros libros del Profesor Herrou Aragón. Ellos son:"Telecomando Sexual y otras técnicas parapsicológicas" (primera versión, años 1984 - 1985)."Telecomando Sexual y otras técnicas parapsicológicas" (segunda versión ampliada

y enriquecida, año 1986)."Ataque Psíquico y otras técnicas parapsicológicas" (1987)Aquí se exponen las técnicas parapsicológicas descubiertas y desarrolladas por el Profesor Herrou Aragón. Las mismas pueden emplearse para atraer y enamorar personas mentalmente, en su presencia o a distancia y sin que puedan evitarlo. Los resultados son inmediatamente comprobables. También contiene técnicas para alejar personas molestas o dañinas, para defenderse de ataques psíquicos y brujerías, para influirse a sí mismo, para influir en el acto sobre personas, para atraer clientes a su negocio y para modificar conductas de todo tipo en uno mismo y en los demás.

The Pregnant Virgin

Now reissued in an expanded edition, this unique book offers the first full-length treatment of women's initiation rites in five cultures. Considering initiation rites among the Tiyyar of South India, the Navajo, the Tiv of West Africa, and the Tukuna of the Northwest Amazon, Lincoln argues that unlike men's rites, women's rites do not impart a change in hierarchical status, but rather a "cosmic" change which offers religious compensation for women's generally low socio-political status.

KINDOKI

Justin Stokes would never forget the summer she turned fourteen, nor the woman who transformed her bleak adolescent life into a wondrous place of brilliant color. In the little pondside hut also known as the “finishing school,” eccentric, free-spirited Ursula DeVane opened up a world full of magical possibilities for Justin, teaching her valuable lessons of love and loyalty, and encouraging her to change, to learn, to grow. But the lessons of the finishing school have their dark side as well, as Justin learns how deep friendship can be shattered by shocking, unforgivable betrayal. NOTE: This edition does not include images.

Exodus Revisited

In the twenty-first century, religion has come under determined attack from secular progressives in documentaries, opinion pieces and international bestsellers. Combative atheists have denounced faiths of every stripe, resulting in a crude intellectual polarization in which religious convictions and heritage must be rejected or accepted wholesale. In the long unavailable Atheism in Christianity, Ernst Bloch provides a way out from this either/or debate. He examines the origins of Christianity in an attempt to find its social roots, pursuing a detailed study of the Bible and its fascination for ‘ordinary and unimportant’ people. In the biblical promise of utopia and the scriptures’ antagonism to authority, Bloch locates Christianity’s appeal to the oppressed. Through a lyrical yet close and nuanced analysis, he explores the tensions within the Bible that promote atheism as a counter to the authoritarian metaphysical theism imposed by clerical exegesis. At the Bible’s heart he finds a heretical core and the concealed message that, paradoxically, a good Christian must necessarily be a good atheist.This new edition includes an introduction by Peter Thompson, the Director of the Centre for Enrst Bloch Studies at the University of Sheffield.

Telecomando Sexual, Ataque Psíquico Y Otras Técnicas Parapsicológicas

Asserts the human species is at a low level in the evolutionary chain and that the human brain grew larger than its physical skull could accomodate, causing damage which resulted in the species' alienation from the immaterial world.

Qabalah, Qliphoth and Goetic Magic

“[An] acute and powerful vision . . . offers a renaissance of humane values.”—Thomas Moore, author of Care of the Soul and The Re-Enchantment of Everyday Life Plato called it “daimon,” the Romans “genius,” the Christians “guardian angel”; today we use such terms as “heart,” “spirit,” and “soul.” While philosophers and psychologists from Plato to Jung have studied and debated the fundamental essence of our individuality, our modern culture refuses to accept that a unique soul guides each of us from birth, shaping the course of our lives. In this extraordinary bestseller, James Hillman presents a brilliant vision of our selves, and an exciting approach to the mystery at the center of every life that asks, “What is it, in my heart, that I must do, be, and have? And why?” Drawing on the biographies of figures such as Ella Fitzgerald and Mohandas K. Gandhi, Hillman argues that character is fate, that there is more to each individual than can be explained by genetics and environment. The result is a reasoned and powerful road map to understanding our true nature and discovering an eye-opening

array of choices—from the way we raise our children to our career paths to our social and personal commitments to achieving excellence in our time. Praise for The Soul's Code "Champions a glorious sort of rugged individualism that, with the help of an inner daimon (or guardian angel), can triumph against all odds."—The Washington Post Book World "[A] brilliant, absorbing work . . . Hillman dares us to believe that we are each meant to be here, that we are needed by the world around us."—Publishers Weekly

Emerging From the Chrysalis

will certainly appeal to all those interested in Paganism and folklore Prediction ..a pleasure to read, recommended The Hedge Wytch In this second volume in the Spirits of Earth series, Ms. Hawkins progresses into the inspirational realm of Air elemental spirits and continues to relate these spirits to magical correspondences, rituals and divination methods. Included in Spirits of the Air are examples of types of Air spirits, methods for communicating and seeking cooperation from these spirits, expanded instructions for dealing with thought-form spirits and more. From spirits of storms to messengers of the gods themselves, Spirits of the Air is an integral source book for seekers of elemental magic

The Finishing School

This is the most comprehensive book on the subject of modern practical magick to date. Practical magick is magical work that makes real and observable changes in you and your environment through the invisible forces that manifest and transform your reality. Astral projection, telekinesis, clairvoyance, telepathy, weather magick, angelic and demonic conjuration, magnetism and fascination, manifesting love and prosperity, prophesying the future, communicating with the dead, these are just a few of the more than one hundred procedures clearly detailed in this manual. For centuries these techniques were guarded by their few masters. The veil has finally been lifted. This definitive work simply and clearly outlines the procedures necessary to open up the unseen world. Practical techniques have been broken down by step, providing an exact model for success. Unleash your limitless cosmic abilities today!

Atheism in Christianity

The Latin term puer aeternus means eternal youth. In Jungian terms it is used to describe a certain type of man - charming, affectionate, creative and ever in pursuit of his dreams. Based on a series of lectures, this guide provides an explanation of this concept.

The Beginning was the End

In plain, straightforward language, Jason Newcomb, author of 21st Century Mage and The New Hermetics, tackles a subject that many magical texts gloss over or ignore--the practice of sex magick. Sexual Sorcery covers the many aspects of using sex as a sacrament, a ritual, or an expression of divine love. It also provides plenty of practical information helpful to any modern sexual sorcerer. Sexual Sorcery includes preliminaries to practice, such as how to broach the subject of sex magick with a partner (or how to find a partner), explanations of sexual technique as well as etiquette and energy, and the value of love in any relationship, especially a sexual relationship incorporating magick. From this base, Sexual Sorcery delves into the various techniques, types, and rituals of sex magick--using magick to enhance sex, ecstatic and mystical experiences during sex, and more esoteric techniques of sexual invocation, evocation, and alchemy. Newcomb defines a sorcerer as a solitary magician who is outside any particular faith or group, unbounded by the prohibitions of an order or coven, and able to explore the furthest realms of a subject without restriction. In this case the subject is sex magick, and Sexual Sorcery is the perfect guide for any 21st-century sexual sorcerer. It follows no one particular traditional path, but incorporates what works from other esoteric sexual practices.

Ritual of the Bacabes

This work explores techniques and traditions of the Left Hand Path, a complex magical system, retrieved from historic cultural dispesion. It discusses how this system aims to give access to, and mastery of, the subconscious mind's occult resources, and considers the system's Atlantean, voodoo, Chinese and tantric strands.

The New Art

Standing Bear's dismay at the condition of his people, when after sixteen years' absence he returned to the Pine Ridge Sioux Reservation, may well have served as a catalyst for the writing of this book, first published in 1933. In addition to describing the customs, manners, and traditions of the Teton Sioux, Standing Bear also offered more general comments about the importance of native cultures and values and the status of Indian people in American society. Standing Bear sought to tell the white man just how his Indians lived. His book, generously interspersed with personal reminiscences and anecdotes, includes chapters on child rearing, social and political organization, the family, religion, and manhood. Standing Bear's views on Indian affairs and his suggestions for the improvement of white-Indian relations are presented in the two closing chapters.

The Politics of Authenticity

Impressive important book Silver Wheel In this third volume of the Spirits of the Elements Series, we encounter yet a new perspective of elemental spirits - and find ourselves confronted with all of the passion and intensity, and even the dangers, of the element of Fire. Included in Spirits of the Fire are new aspects of the nature and types of elemental spirits as well as new approaches to elemental spirit magic. Also included are methods for focusing and directing the dynamic forces of Fire spirits, and for evoking the power of the spirit of Fire through ecstatic dance and other methods. Whether we seek the assistance of a spirit of a flame or the potency of the spirit of passion in magic, Spirits of the Fire is an essential addition to the library of any practitioner of elemental spirit magic.

The Visits of the Queen of Sheba

Edici n 2010. Vasto conjunto de art culos controversiales sobre gnosis, religi n, alquimia, yoga sexual y cr ticas a las ideas pol ticas y econ micas de moda en el decadente mundo de hoy. La mayor a escritos por Herrou Arag n y el resto aportado por varios autores y colaboradores, seleccionados y dirigidos por Jos M. Herrou Arag n. 582 p ginas.

The Soul's Code

Surreal fiction from Juan Goytisolo, Spain's greatest living writer. A resurrected Karl and Jenny Marx sitting on their sofa in Hampstead watching a television documentary about the landing of Albanian refugees on a private Italian beach, flourishing photocopies of dollar bills in search of paradise Dallas. Find out how Karl reacts to the demise of the systems Josef Visionariovitch and Co. built on his word Read all about the family life of the Marxes, moving upmarket from Dean Street to Highgate and beyond, yet never free of the hock shop. Marx visits scenes of former triumphs in Moscow, where MacLenin T-shirts and harmburger freedom are all the rage, and returns to a Hampstead housewarming reception and ball filmed by the cameras for a Merchant-Ivoryish Red Baroness--which subsequently becomes the subject of a Saturday-night talk show featuring a feminist sexologist from UCLA, an anarchist from the Spanish Civil Bar, Bakunin . . . But the narrator's publisher, the urbane pipe-smoking Mr. Faulkner, wants a best-selling novel, a proper story with real facts and heart-rending descriptions of the Marx menage. Some hope
