Summary & Analysis

IT CAN'T HAPPEN HERE | Summary & Analysis - NOT ORIGINAL BOOK With news of the dictatorship Adolph Hitler is building in Germany and the Fascists regime taking root in Italy Lewis Sinclair attacks the basic American precept that something of that magnitude cannot happen here. As the election of the century heats up it becomes apparent to Doremus Jessup that the Senator Berzelius Windrip was well on his way to defeating incumbent President Franklin D. Roosevelt and the entire Republican Party. Upon his election Windrip begins doing the unthinkable as he disbands the states and does away with all political parties except a new one entitled Corporate America Party. As Windrip gains more and more power a noble fight takes place as Doremus Jessup and others in the New Underground go to war to fight despotism. The Easy Guide to Focused History Taking for OSCEs

This straightforward guide to taking patient history comprehensively covers all of the commonly seen OSCE scenarios within the current undergraduate medical curriculum. The Easy Guide to Focused History Taking for OSCEs includes introductory chapters with general OSCE guidance, mapping onto the Calgary-Cambridge model. The book then covers 56 histories based on presenting complaints - more than any other text on the market - thoroughly testing both knowledge and examination technique. With this book, every student will be well equipped to tackle any clinical problem, in the OSCE examination and also in their continued professional practice.

FOCUSED HISTORY TAKING FOR OSCES

Going beyond the box-office hits of Disney and Dreamworks, this guide to every animated movie ever released in the United States covers more than 300 films over the course of nearly 80 years of film history. Well-known films such as Finding Nemo and Shrek are profiled and hundreds of other films, many of them rarely discussed, are analyzed, compared, and catalogued. The origin of the genre and what it takes to make a great animated feature are discussed, and the influence of Japanese animation, computer graphics, and stop-motion puppet techniques are brought into perspective. Every film analysis includes reviews, four-star ratings, background information, plot synopses, accurate running times, consumer tips, and MPAA ratings. Brief guides to made-for-TV movies, direct-to-video releases, foreign films that were never theatrically released in the U.S., and live-action films with significant animation round out the volume.
