

Sacagawea Native American Heroine

[#Sacagawea](#) [#Native American heroine](#) [#Lewis and Clark expedition](#) [#Shoshone guide](#) [#American history figure](#)

Sacagawea was a pivotal Native American woman, a member of the Shoshone tribe, renowned for her crucial role as a guide and interpreter during the historic Lewis and Clark Expedition. Her courage, resilience, and unique skills were instrumental to the expedition's success, solidifying her legacy as an enduring heroine in American history.

Recounts the life of the Black American patriot who was killed at the Boston Massacre in 1770.

Crispus Attucks

Focuses on the youth of the Massachusetts slave who, after joining the colonial patriots in their struggle for freedom, was the first man to die in the American Revolution.

Crispus Attucks and African American Patriots of the American Revolution

Crispus Attucks was a former slave who was killed during the Boston Massacre in 1770. Today, he is known as a hero who died fighting for his country. This book focuses on the important contributions made by African American men and women during the Revolution, and how they played a major role in the country's fight for independence. Full-color photos, primary source documents, and clear, compelling text will engage readers' and encourage further study of American heroes and patriots.

Crispus Attucks

How much do you know about Crispus Attucks? Find out the facts you need to know about the first person killed in America's fight for independence. You'll learn about the early life, challenges, and major accomplishments of this important American.

Why We Can't Wait

'Lightning makes no sound until it strikes' This is the momentous story of the Civil Rights movement, told by one of its most powerful and eloquent voices. Here Martin Luther King, Jr. recounts the pivotal events in the city of Birmingham, Alabama in 1963 that propelled his non-violent campaign for racial justice from a movement of lunch counter sit-ins and prayer meetings to a phenomenon that 'rocked the richest, most powerful nation to its foundations'. As inspiring and resonant as it was upon publication, *Why We Can't Wait* is both a unique historical document, and an enduring testament to one man's wise, courageous and endlessly hopeful vision.

Crispus Attucks

Introduces the life of Crispus Attucks, a former slave who died in the Boston Massacre, a fight between the British and American colonists that occurred before the American Revolution.

Black Patriots and Loyalists

In this thought-provoking history, Gilbert illuminates how the fight for abolition and equality - not just for the independence of the few but for the freedom and self-government of the many - has been central to the American story from its inception."--Pub. desc.

Crispus Attucks

Story of the young Massachusetts slave who joined the colonial patriots in their struggle for freedom, and was the first to die in the American Revolution.

America's Black Founders

Celebrates the lesser-known lives and contributions of early African-American men and women, in a volume that features such complementary activities as recipes for colonial foods and advice for petitioning the government. Original.

The Colored Patriots of the American Revolution: With Sketches of Several Distinguished Colored Persons: To Which Is Added a Brief Survey of the Condi

Le site de l'éditeur indique : "First Martyr of Liberty explores how Crispus Attucks's death in the 1770 Boston Massacre led to his achieving mythic significance in the role of African Americans in the mainstream American historical narrative from the eighteenth to the twenty-first centuries."

First Martyr of Liberty

Readers will discover that, even as a free man, Attucks fought for the equality of others. Uses the graphic format to show readers how this man lived out his heroic life and how he came to be a key figure in our struggle for independence.

Crispus Attucks and the Boston Massacre

The black soldiers, sailors, spies, scouts, guides, and wagoners who participated and sacrificed in the struggle for American independence are profiled in this fascinating history which features prints and portraits from the period.

Black Heroes of the American Revolution

Focuses on the youth of the Massachusetts slave who, after joining the colonial patriots in their struggle for freedom, was the first man to die in the American Revolution.

Crispus Attucks: Boy of Valor

While the role of the African American in American history has been written about extensively, it is often difficult to locate the wealth of material that has been published. *African-Americans in Defense of the Nation* builds on a long list of early bibliographies concerning the subject, bringing together a broad spectrum of titles related to the African-American participation in America's wars. It covers both military exploits—as African Americans have been involved in every American conflict since the Revolution—and their participation in the homefront support.

African-Americans in Defense of the Nation

Dear Reader: The *Childhood of Famous Americans* series, seventy years old in 2002, chronicles the early years of famous American men and women in an accessible manner. Each book is faithful in spirit to the values and experiences that influenced the person's development. History is fleshed out with fictionalized details, and conversations have been added to make the stories come alive to today's reader, but every reasonable effort has been made to make the stories consistent with the events, ethics, and character of their subjects. These books reaffirm the importance of our American heritage. We hope you learn to love the heroes and heroines who helped shape this great country. And by doing so, we hope you also develop a lasting love for the nation that gave them the opportunity to make their dreams come true. It will do the same for you. Happy Reading! The Editors

John Adams

First Martyr of Liberty explores how Crispus Attucks's death in the 1770 Boston Massacre led to his achieving mythic significance in African Americans' struggle to incorporate their experiences and heroes into the mainstream of the American historical narrative. While the other victims of the Massacre have been largely ignored, Attucks is widely celebrated as the first to die in the cause of freedom during the era of the American Revolution. He became a symbolic embodiment of black patriotism and citizenship. This book traces Attucks's career through both history and myth to understand how his public memory has been constructed through commemorations and monuments; institutions and organizations bearing his name; juvenile biographies; works of poetry, drama, and visual arts; popular and academic histories; and school textbooks. There will likely never be a definitive biography of Crispus Attucks since so little evidence exists about the man's actual life. While what can and cannot be known about Attucks is addressed here, the focus is on how he has been remembered--variously as either a hero or a villain--and why at times he has been forgotten by different groups and individuals from the eighteenth century to the present day.

First Martyr of Liberty

A dramatic untold 'people's history' of the storied event that helped trigger the American Revolution The story of the Boston Massacre--when on a late winter evening in 1770, British soldiers shot five local men to death--is familiar to generations. But from the very beginning, many accounts have obscured a fascinating truth: the Massacre arose from conflicts that were as personal as they were political. Professor Serena Zabin draws on original sources and lively stories to follow British troops as they are dispatched from Ireland to Boston in 1768 to subdue the increasingly rebellious colonists. And she reveals a forgotten world hidden in plain sight: the many regimental wives and children who accompanied these armies. We see these families jostling with Bostonians for living space, finding

common cause in the search for a lost child, trading barbs and and sharing baptisms. Becoming, in other words, neighbors. When soldiers shot unarmed citizens in the street, it was these intensely human, now broken bonds that fueled what quickly became a bitterly fought American Revolution. Serena Zabin's *The Boston Massacre* delivers an indelible new slant on iconic American Revolutionary history.

The Boston Massacre

Looks at the history of the port of entry off the coast of California that was "the other Ellis Island" for Asian immigrants to the United States between 1892 and 1940.

Angel Island

In this illustrated biography, young Apache Goyahkla and his friend play games in their village that will prepare him for his role as a hunter and warrior—and the place he will hold in history as Geronimo, fighter for the rights of his people.

Geronimo

Winner of the International Labor History Award Long before the American Revolution and the Declaration of the Rights of Man, a motley crew of sailors, slaves, pirates, laborers, market women, and indentured servants had ideas about freedom and equality that would forever change history. *The Many Headed-Hydra* recounts their stories in a sweeping history of the role of the dispossessed in the making of the modern world. When an unprecedented expansion of trade and colonization in the early seventeenth century launched the first global economy, a vast, diverse, and landless workforce was born. These workers crossed national, ethnic, and racial boundaries, as they circulated around the Atlantic world on trade ships and slave ships, from England to Virginia, from Africa to Barbados, and from the Americas back to Europe. Marshaling an impressive range of original research from archives in the Americas and Europe, the authors show how ordinary working people led dozens of rebellions on both sides of the North Atlantic. The rulers of the day called the multiethnic rebels a 'hydra' and brutally suppressed their risings, yet some of their ideas fueled the age of revolution. Others, hidden from history and recovered here, have much to teach us about our common humanity.

The Many-Headed Hydra

This valiant story of how young George Washington was drawn into his country's struggle for independence gives readers a vivid perspective on a crucial era in American history--and on the life of a revolutionary hero.

Meet George Washington

By offering a documented listing of names of African Americans and Native Americans who supported the cause of the American Revolution, we hope to inspire the interest of descendants in the efforts of their ancestors and in the work of the National Society of the Daughters of the American Revolution.

Forgotten Patriots

An ALA Notable Book of 2019 NYPL Best Book for Teens of 2018 A 2018 Booklist Youth Editors' Choice A Center for the Study of Multicultural Children's Literature Best Book of 2018 A Kirkus Reviews Best YA Nonfiction Book of 2018 An ALSC Notable Children's Book of 2019 A YALSA Excellence in Nonfiction Award Nominee The true story of the all-black high school basketball team that broke the color barrier in segregated 1950s Indiana, masterfully told by National Book Award winner Phil Hoose. By winning the state high school basketball championship in 1955, ten teens from an Indianapolis school meant to be the centerpiece of racially segregated education in the state shattered the myth of their inferiority. Their brilliant coach had fashioned an unbeatable team from a group of boys born in the South and raised in poverty. Anchored by the astonishing Oscar Robertson, a future college and NBA star, the Crispus Attucks Tigers went down in history as the first state champions from Indianapolis and the first all-black team in U.S. history to win a racially open championship tournament—an integration they had forced with their on-court prowess. From native Hoosier and award-winning author Phillip Hoose comes this true story of a team up against impossible odds, making a difference when it mattered most. This title has Common Core connections.

Attucks!

Told for the first time in picture book form is the true story of James Lafayette—a slave who spied for George Washington's army during the American Revolution. But while America celebrated its newfound freedom, James returned to slavery. His service hadn't qualified him for the release he'd been hoping for. For James the fight wasn't over; he'd already helped his country gain its freedom, now it was time to win his own.

A Spy Called James

Historical fiction adventure based in fact about the first man to be killed in the American Revolutionary War. Crispus Attucks happened to be a former black slave who was also half Native American who had a profound belief in the values of the American Revolution which he was willing to die for in spite of the fact that he was subjugated and persecuted because of the color of his skin.

Cripus Attucks

Illustrations and text present the history, geography, people, politics and government, economy, and social life and customs of Massachusetts, home to Plymouth Rock and the Basketball Hall of Fame.

Massachusetts

The Third Edition of this renowned reference work illuminates African American contributions to the genre of books for children and young adults with the biographies of 274 authors and artists - including 121 new biographies not included in previous editions. The book presents the user with a rich source of accessible, in-depth biographical data on each individual author or artist, including birthplace, education, their approach to art or literature, career development, and awards and honors received. Over 160 photographs of the subjects bring the biographies to life, and 46 covers of important children's books are reproduced. Also included is a comprehensive index of books, an index of authors and illustrators, and useful listings of publishers, distributors, and bookstores arranged by state.

"5 short plays for the classroom with background information, writing prompts, and creative activities"--Cover

Revolutionary War

The Colored Patriots of the American Revolution, is an American history book written by William Cooper Nell, with an introduction by Harriet Beecher Stowe. It focuses on African-American soldiers during the American Revolution and the War of 1812. It details "the services of the Colored Patriots of the Revolution". Among other patriots mentioned are Crispus Attucks, the first person killed in the Boston Massacre; Peter Salem, who was instrumental in the victory at Bunker Hill; and Prince Whipple, who participated in George Washington's noted crossing of the Delaware. The Colored Patriots of the American Revolution is considered by some to be the first history book by and about African Americans that is based on written documentation.

The Black Man; His Antecedents, His Genius, And His Achievements

Learn about the early years of the first person to step foot on the moon, a historic feat he described as "one small step for man, one giant leap for mankind."

The Colored Patriots of the American Revolution

The first books to present specific guidance for teaching the Common Core State Standards Forty-three states plus the District of Columbia and the U.S. Virgin Islands have signed on to adopt the Common Core State Standards (CCSS). The need for curriculum guides to assist teachers in helping students meet these standards has become imperative. Created by teachers, for teachers, the research-based curriculum maps in this book present a comprehensive, coherent sequence of thematic units for teaching the skills outlined in the CCSS for English language arts in Grades K-5. The maps address every standard in the CCSS, yet are flexible and adaptable to accommodate diverse teaching styles. Each grade is broken down into six units that include focus standards, suggested works, sample activities and assessments, lesson plans, and more Teachers can use the maps to plan their year and

craft their own more detailed lesson plans Any teacher, school, or district that chooses to follow the Common Core maps can be confident that they are adhering to the standards.

The Colored Patriots of the American Revolution

The Colored Patriots of the American Revolution shines a light on the overlooked contributions of African Americans during the Revolutionary War. First published in 1855, this seminal work by abolitionist William C. Nell features biographical sketches of black soldiers who fought courageously for America's independence. Nell's groundbreaking research documents the participation of men like Crispus Attucks, an African American martyr who was the first man shot dead by British troops during the Boston Massacre. The book also highlights black patriots like James Armistead Lafayette, an American double spy who successfully infiltrated British forces under the command of Benedict Arnold. In vivid detail, Nell records acts of heroism and sacrifice by African Americans during the nation's founding era. His book stands as an important testament to the role of black soldiers in the Revolutionary War, challenging prevailing narratives that overlooked their service and significance. More than a vital historical document, The Colored Patriots of the American Revolution makes the moral case for black liberation and equal civil rights, establishing Nell as a pioneering voice against slavery and oppression.

Neil Armstrong

George Washington Prize Finalist Winner of the Society of the Cincinnati Prize "Fascinating... Hinderaker's meticulous research shows that the Boston Massacre was contested from the beginning... [Its] meanings have plenty to tell us about America's identity, past and present." —Wall Street Journal On the night of March 5, 1770, British soldiers fired into a crowd gathered in front of Boston's Custom House, killing five people. Denounced as an act of unprovoked violence and villainy, the event that came to be known as the Boston Massacre is one of the most famous and least understood incidents in American history. Eric Hinderaker revisits this dramatic confrontation, examining in forensic detail the facts of that fateful night, the competing narratives that molded public perceptions at the time, and the long campaign to transform the tragedy into a touchstone of American identity. "Hinderaker brilliantly unpacks the creation of competing narratives around a traumatic and confusing episode of violence. With deft insight, careful research, and lucid writing, he shows how the bloodshed in one Boston street became pivotal to making and remembering a revolution that created a nation." —Alan Taylor, author of American Revolutions "Seldom does a book appear that compels its readers to rethink a signal event in American history. It's even rarer...to accomplish so formidable a feat in prose of sparkling clarity and grace. Boston's Massacre is a gem." —Fred Anderson, author of Crucible of War
