The Essential Goa Cookbook

The spicy, succulent seafood of Goa is as famous as the golden beaches and lush landscape of this premier tourist destination of India. Traditionally, the Goan staple was fish curry and rice, but under Portuguese influence there developed a distinctive cuisine that combined the flavours of Indian and European cooking with local ingredients being used to approximate the authentic Portuguese taste. So fish and meat pies were baked with slit green chillies, assado or roast was cooked with cinnamon and peppercorns, pao or bread was fermented with toddy, and the famous baked bol was made with coconut and semolina. This innovated, largely non-vegetarian cuisine, was offset by the traditional and no less sumptuous vegetarian creations from the Konkan coastland, rich with coconut and spice. This cookbook showcases an entire range of Goan food, with special attention to fish, prawn, pork and chicken.

Shrimati too falls in love with the amiable and handsome Shrikant and the two get married. Shrikant joins an IT company and starts rapidly climbing the corporate ladder. He works relentlessly and reaches the pinnacle of his industry, while Shrimati abandons her academic aspirations and becomes his uncomplaining shasow, silently fulfilling her duties as a corporate leader's wife. But one day, while talking to an old professor, she starts examining what she has done with her life and realizes it is dismally empty... *Gently Falls the Bakula* is the story of a marriage that loses its way as ambition and self-interest take their toll. Written nearly three decades ago, Sudha Murty's first novel remains startlingly relevant in its scrutiny of modern values and work ethics.

But when she poses the question to her best friends, Alicia and Sam, Alicia is suddenly inspired, and the three unexpectedly find themselves launching a "human experiment." It seems like the perfect way to make a difference in their last few weeks of high school: they will each pick a student who needs a little improving and take that person to the prom. Before long their own close friendship feels fragile. Will they make it to graduation without hurting one another -- or anybody else? Acclaimed author Kristen D. Randle has woven an intriguing, insightful, and suspenseful story about three friends who set out to transform others, with unforeseen consequences.

Hindu Mother, Muslim Son

When a farmer invites another to come live with him and help with his farm, he thought it would be easy. But their wives cannot get along. Kashibai is hard working with a temper, and Fatimabai is lazy with a gentle nature. Through years of irreconcilable strife, a sudden tragedy pulls the life of these women inextricably together. The Day in Shadow

He loved French cookbooks, invented a new way of making khichdi, was interested in the engineering behind ship-building and the technology that makes ammunition. More than 100 years after his death, do we really know or understand the bewildering, fascinating, complex man Swami Vivekananda was? Vivekananda is one of the most important figures in the modern imagination of India. He is also an utterly modern man, consistently challenging his own views, and embracing diverse, even conflicting arguments. It is his modernity that appeals to us today. He is unlike any monk we have known. He is confined neither by history nor by ritual, and is constantly questioning everything around him, including himself. It is in Vivekananda's contradictions, his doubts, his fears and his failings that he recognises his profoundly compelling divinity—he teaches us that to try and understand God, first one must truly comprehend one's own self. This book is an argument that it is not just because he is close to God but also because he is so tantalisingly immersed in being human that keeps us returning to Vivekananda and his immortal wisdom.

The Modern Monk

This volume brings together all the novels, except *The Company of Women*, by India's most widely read and celebrated author. Included here are the classic *Train to Pakistan* that describes the tragedy of Partition through the love story of a Sikh dacoit and a Muslim girl; *I Shall Not Hear the Nightingale*, which deals with the conflict in a prosperous Sikh family of Punjab in the 1940s; and the best-selling *Delhi*, a vast, erotic, irreverent magnum opus centred on the Indian capital.

The Collected Novels

A heart-warming tale of courage and conviction from India's biggest-selling woman author Two decades ago, when Sudha Murty approached a group of devadasis for the first time, determined to make a difference to their lives, they threw a chappal at her. Undeterred, she went back, telling herself she must talk to the devadasis about the dangers of AIDS. This time, they threw tomatoes. But she refused to give up. The Infosys Foundation worked hard to make the devadasis self-reliant, to help educate their children, and to rid the label of the social stigma that had become attached to it. Today, there are no temple prostitutes left in the state of Karnataka. This is the powerful, inspirational story of that change initiative that has transformed thousands of lives.

"Waclawiak's novel reinvents the immigration story. *How to Get Into the Twin Palms* movingly portrays a protagonist intent on both creating and destroying herself, on burning brightly even as she goes up in smoke." -New York Times Book Review Editors' Choice "The novel is beautifully written and so suffused with loneliness it makes you ache. Not only is *How to Get into the Twin Palms* about the overwhelming state that is displacement, it's about what happens when loneliness becomes unbearable. Barely getting by in LA on bingo-calling, Anya reinvents herself. With hair dye and a push-up bra, she tries to gain entry into the Twin Palms nightclub." -Marie Claire "A taut debut... The criminal ringleader has actionable intelligence about a potentially devastating terrorist attack on the US. The CIA won't move until they have that intel. Playing the Grey Man

When the rest of us run away, it's the police officers up and down the country who run into danger and into some of the messiest and most tragic events imaginable. But there's a price to pay. Robert Moon's vivid description of how he left the SAS for a life in the Scottish police gives a shocking insight into the toll that police life can take on even the toughest individuals. At times funny, at other times almost unbearably sad, and often both at the same time, this heart-rending account will leave you with awed respect for the ordinary police men and women, the cops on the front line - and not a little concern about some of those higher up the ranks. When Robert Moon joined the police he was enthusiastic and idealistic; when he resigned and refused his long service medal, he was disillusioned and broken by a job that betrayed the public and had been betrayed by the managers who seemed to have forgotten how to look after the people who really keep us safe.

Relentless

Scholars have often been puzzled by the fact that the basic word-order rule of Welsh seems to have changed twice in the last 1000 years. David Willis explores how and why these changes have taken place. He examines the relationship between the literary and spoken language throughout the history of Welsh, points out similarities between the rules of earlier Welsh and other European languages, and looks at the forces that cause languages to change over time.

Syntactic Change in Welsh

Ex-CIA master assassin Court Gentry has always prided himself on his ability to disappear at will, to fly below the radar and exist in the shadows - to survive as the near-mythical Gray Man. But when he takes revenge upon a former employer who betrayed him, he exposes himself to something he's never had to face before. A killer who is just like him. Code-named Dead Eye, Russell Whitlock is a graduate of the same ultra-secret Autonomous Asset Program that trained and once controlled Gentry. But now, Whitlock is a free agent who has been directed to terminate his fellow student of death. He knows how his target thinks, how he moves, and how he kills. And he knows the best way to do the job is to make Gentry run for his life - right up until the moment Dead Eye finally ends it...

80+ ADVENTURE TALES OF ROBERT E. HOWARD - The Ultimate Action-Packed Collection

Robert Ervin Howard was an American pulp writer and is especially noted for his memorable depictions of ""a sombre universe of swashbuckling adventure and darkling horror."" He is well known for having created the character Conan the Barbarian. This collection includes Howard's short horror and fantasy stories, including the masterpiece "Pigeons from Hell," which Stephen King calls "one of the finest horror stories of century," a tale of two travelers who stumble upon the ruins of a Southern plantation-and into the maw of its fatal secret. In "Black Canaan" even the best warrior has little chance of taking down the evil voodoo man with unholy powers-and none at all against his wily mistress, the diabolical High Priestess of Damballah. In these and other lavishly illustrated classics, such as the nightmare "The Cairn on the Headland," Howard spins tales of unrelenting terror, the legacy of one of the world's great masters of the macabre.

He was a prescient critic of the countervailing pressures of society, and his ideology was disseminated through dozens of published essays and more than 1,500 public lectures. Emerson gradually moved away from the religious and social beliefs of his contemporaries, formulating and expressing the philosophy of transcendentalism in his 1836 essay "Nature". Red Shadows

Katharine Campbell's father Sholto Douglas was the hero of her childhood, an unconventional senior commander in the Royal Air Force described as 'a gloriously contentious character'. Following childhood abandonment and poverty, Sholto rose through the ranks of the fledgling RAF in the First World War before taking on a crucial role in the Second as head of Fighter Command and going on to serve as Military Governor in Germany in the war's devastating aftermath. But when Katharine was five years old, he began to be stolen away by strange night-time wanderings and daytime distress – including vivid flashbacks to his time signing death warrants in post-war Germany. The doctors called it dementia, but decades later, Katharine started researching her father's story and realised that she had observed the undiagnosed consequences of post-traumatic stress disorder. PTSD is a hot topic today. We're aware of the front-line soldier suffering from 'shell-shock' – but what about the senior officer giving the orders, who may be carrying hidden wounds accumulated over many years? We don't expect our military leaders to have PTSD, nor is it something they often recognise or acknowledge in themselves, yet this secret burden likely affects a surprising number of those making important tactical decisions. A thought-provoking insight into the damage done by military conflict, Behold the Dark Gray Man is the story of a daughter's search to understand the impact of war upon one of its most charismatic senior commanders.
