God in Our Midst

In truth, the tabernacle narratives have much to teach us about God Himself, about sin, about redemption, in Christ, and about how we are to live for God today. In God in Our Midst: The Tabernacle and Our Relationship with God, Rev. Daniel R. Hyde shows that these obscure narratives are "profitable for teaching, for reproof, for correction, and for training in righteousness" (2 Tim. 3:16).

Are we approaching the end of history, as we know it? Wars and rumors of wars! The ongoing conflict in the Middle East! Pestilence and natural disasters! Threat of nuclear, chemical and biological warfare! Unmitigated hedonism and immorality! Hitherto unparalleled blasphemy and sacrilege! Is there any hope for mankind? Journey with the author as he relives experiences in which he is convinced God played an important role. Research with him as he examines the reasons for so much suffering in the world. Analyze with him, a Book that he claims has the answers to all of mankind's problems, and that reveals where we are heading. In relishing and taking full advantage of the room the biblical text leaves for the imagination, Trevor Dennis has produced a beautifully crafted collection of poetry and prose that releases the power of the gospel story afresh. Not only does he pay careful heed to the women of the Gospels, he also seeks to enter into the minds of those 'on the other side' in material written from the perspective of Pilate, 'the Jews' and someone who is fighting against the uncomfortable truths of Good Friday.

Christ is in Our Midst

Steeped in wisdom and humility, these are letters of a true contemplative and spiritual guide, able to rejoice and trust God in the face of an increasingly materialistic world, discerning in all circumstances meaning and a dimension of eternity.

The Holy One in Our Midst: An Essay on the Flesh of Christ aims to defend the doctrine of the extra Calvinisticum—the doctrine that maintains the Son of God was not restricted to the flesh of Christ during the incarnation—by arguing that it is logically coherent, biblically warranted, catholically orthodox, and theologically useful. It shows that none of the standard objections are devastating to the extra, that the doctrine is rooted in the claims of Christian Scripture and not merely a remnant of perfect being philosophical theology, and that the doctrine plays an important role in contemporary theological discussion. In this way, James R. Gordon revives an important Catholic doctrine that has fallen out of favor in contemporary theology. Secondly, this project aims to integrate biblical, philosophical, and systematic theology by showing that the tools and methods of each distinct discipline can contribute to the goals and aims of the others.

The Holy One in Our Midst

This book was written to help me understand what the "fruits and the gifts of the Holy Spirit" are and what they were supposed to mean to me, and how to use them in my life. The more that I discovered and shared with others, the more that I understood that I was to share this knowledge with all who have this same hunger. The "fruits of the Holy Spirit" given to us as a grace from God in our baptism are what molds us into the image and likeness of God (Genesis 1:26). The "fruits" are the personality of Jesus when He lived on earth. Jesus gives us the example-with His very life! It is important for us to be fruitful and multiply physically for life to carry on, but it is spiritual fruitfulness that will change the world! We each have an intricate role to fill-whether single, married, laity, religious, man, woman, child, adult-God created each of us for a specific purpose. And He gives us the tools to do our work! They are the gifts of the Holy Spirit that are listed in (Isaiah 11:2-3). The most known charismatic gifts are listed in (1 Corinthians chapters 12-14), but this is not all there is. "To each one is given a manifestation of the spirit for the common good" (1 Corinthians 12:7). When we use a charism to help another person, our Isaiah "gifts" come forward within us, and as that happens the fruits of the Holy Spirit pour out of us as a grace from God, that is how we share the love of God with another. God doesn't make cookie cutter Christians! He tailor-makes each individual for a special ministry to help our Church grow! Can you believe it? God wants us to fulfill a portion of His plan designed to bring all people to eternity with Him! Writing this book has helped me understand the simplicity of how the fruits, gifts, and charisms work together to build up the kingdom of God.

"Aschenbrenner explains how diocesan priestly spirituality is beautiful, special, and unlike any other Christian spirituality. He outlines the gifts that define diocesan priests, explores the particular stresses priests face, and points to attitudes and resources that are essential for maintaining or recapturing priestly joy. Most important, he shows how a continuing experience of the love of Jesus can help

Jesus Risen in Our Midst mines the Resurrection Narrative of John's gospel as a rich resource for understanding and developing Christian spirituality. In this series of essays, which can be read independently of one another, Scripture scholar Sandra Schneiders draws out especially fascinating insights on the place of the Resurrection in the overall structure of the Gospel of Johnthe important structure of John 20, which presents a series of episodes that are internally related to each other and constitute a distinctive synthesis of Christian spiritualitywhat the Resurrection story reveals about the New Covenant promised by Jeremiah and Ezekielthe anthropology and eschatology that is operative in John's account of the Resurrectionthe distinction in John between the Glorification and the Resurrection of Jesus

Quickening the Fire in Our Midst

When Moses asked God to show him his glory, the Lord passed before him and proclaimed his name. And from that name cascaded a promise of grace and love, compassion and faithfulness, forgiveness and slowness to anger. The story is told in Exodus 34:5-7, but the resonant name reverberates through the corridors of Scripture. Michael Knowles teases out the rich dimensions and implications of this name by listening carefully to Exodus 34 and its biblical echoes. He particularly tunes his ear to the spiritual meditations of later sages. In tracing the unfolding mystery of the divine name throughout the span of Israel's story, he finds it startlingly resolved in the God of Sinai becoming present in our midst. The manifold name of God has long captivated those who trace their spiritual ancestry to Abraham, whether they are Jewish, Christian or Muslim. This book brings this spiritual quest into dialogue with Scripture and tradition, and invites us to experience this God of the eternal name.

Gods in Our Midst

A delightful and inspiring book of stories, written conversationally, from Scripture...God meeting man and man meeting God. Though fictional, these conversations and stories are based on God's Word, and meant to inspire our lives! The strength of this book is its Biblical messages of God's daily love and concern for us all. Adelfa's imagery stories will unexpectedly encourage both the devout and skeptics of how God wants us to have a deeper relationship with Him!

Why study this ancient tent? What does the Tabernacle have to do with our faith on this side of the cross? Everything. From Creation, God's desire was to dwell in the midst of His people. When sin entered the world, we were thrust from His dwelling place for our own protection. But God had a plan. In the middle of the wilderness, God gives Moses a way for God Himself to dwell in the midst of His people: the Tabernacle. He gives specific instructions and commands Moses to make everything exactly as God has shown him. This tent is not merely history or good information; it's essential to understanding our salvation. Our detailed and deliberate God gave us the Tabernacle because one day, He would give us Jesus. This 7-week study traces the steps through the Tabernacle and follows the thread to Jesus in the New Testament. It's not ritual; it's a doorway. It's an invitation into a relationship with our Holy God. Join us as we discover God's plan for salvation and relationship through Jesus Christ. Jesus is the fulfillment of the Tabernacle that enables us to dwell in the midst of the presence of God and for His presence to dwell in our midst. Every day.

Can time be our friend? At first glance the question seems ridiculous, because the apparent scarcity of time is a constant source of stress in our busy lives. There are not enough hours in the day, we say as we collapse late at night. Deep down we know that we cannot go on like this. Father Stinnisen's book dares us to see time with new eyes. The insight that eternity is written in the depths of our hearts helps us to live in time in a way that leads us deeper into God's joy. We are like children in a land of fairy tales where everything is exciting and exploration never ends. We therefore should rejoice that everything around us is great and mysterious and that we can live in eternal wonder. His intention is not to explain what time is and thus take away its mystery. Instead, his aim is to show us how to see time from different perspectives and to discover how rich and multifaceted it is. Above all, he demonstrates how we can make use of the tremendous possibilities that time offers to us.

To Dwell in Our Midst

Amidst the checklists and social engagements for the Christmas season, Karen Straszheim writes for the weary Christian who gets lost in the holiday madness. By placing a strong emphasis on spiritual rest, Straszheim's Christmas devotional is divided into eleven chapters that collectively call for the Christian to put their shopping bags down and just rest in the Scriptures. A Sanctuary in Our Midst: Christmas Reflections on Jesus is deeply enriched with Scripture references throughout to exemplify how the Old and New Testament compliment each other, and how we can understand the Bible. A Sanctuary in Our Midst is perfect for studying within a group or individually, to talk through Straszheim's discussion questions altogether over hot cocoa or to quietly reflect in one's own time. Either way, this devotional is a sanctuary in and of itself. Endorsements "Karen Straszheim's A Sanctuary in Our Midst will help you prepare for the Christmas season. She presents the Scriptures in a way that both refreshes the believer in Jesus and answers many questions of those who are seeking the true meaning of Christmas. Karen helps the reader understand the importance of preparing the heart for Christmas. It is refreshing in application and focuses upon God's Word. Most of all, A Sanctuary in Our Midst will help you see, "Believing in Jesus is different than being religious." -Pastor Earl Korhonen, World Missions Director, Association of Free, Lutheran Congregations "When I was young I fondly remember the church we attended did something that made quite an impression on me. Each year, after Christmas they removed the lights, decorations and all the branches from the beautiful large tree that stood in the front. At Easter time the trunk from that same Christmas tree became the symbol for the Cross of Christ's Crucifixion. When Christmas came each year I began to anticipate this transformation - looking not just at the outward beauty but past the branches to the very center of the tree. The author has done

the same thing in this devotional. The daily readings and questions point to the incredible connection between Christmas and Easter making the Gospel of Christ the very heart of it all. It is a wonderful way to anticipate the holidays. 'Thanks be to God for His indescribable gift!' (2 Cor. 9:15)." -Jennifer Voss-White, Student of the Word, Servant of Christ, Women's Ministry Leader "Looking for ways to better prepare your heart for the coming of Christ? This devotional is full of inspiration. Karen does an excellent job of using Scripture to lead the reader through prophecies and their fulfillment. Everyday testimonies help to apply these truths to our lives today." -Jan McDermott, Retired Bible Camp Director, Riverside Lutheran Bible Camp, Story City, Iowa "Karen Straszheim's . . . use of Scripture is an essential point in the Gospel: Jesus' nativity is the fulfillment of our prophesied Messiah. Karen leads the student to a deep understanding of the Advent message and restores the real message of Christmas. I wish the reader could see her in action when leading non-believers to the centrality of the Scripture, the preeminence of Jesus as our sin bearer, and hear the loving care in her voice. Karen is a true and competent evangelist . . . intelligent, gentle, and forthright. I hope you will experience her evangelical gift here in her devotional." -Curt Mobley, Teacher of English at the Evangelical Theological Seminary of Prague, Czech Republic, and Missionary with ReachGlobal

God in Our Midst

We only feel the intensity of our pain and the echoing question of 'why?' The Bible declares that God is good, but can we still believe this when our lives are falling apart? In *Keep Believing*, Dr. Pritchard affirms what the Bible declares: that God is good and His mercy endures forever. This is true regardless of our moment-by-moment experience. God has provided comfort in our times of struggle and healing in our times of hurt through the balm of His Word. You believed in the light of day; will you still believe at midnight? God in Our Midst

A special collection of extraordinary true stories about the presence of angels in our everyday lives. Six-year-old Macy was sleeping peacefully in her family's home when a sudden crash of thunder woke her up. The next thing she realized was that her house had been struck by a bolt of lightning and was engulfed in flames. Macy saw no way out of her bedroom and cried out for her parents. Just moments before the spreading fire would have swallowed her up, an unseen force gently took her by the hand and guided her through the fire and outside to safety. She turned to thank this stranger, only to find no one in sight. "It must have been my guardian angel," Macy later concluded. Have you ever wondered if you would be able to spot your guardian angel? *Angels in Our Midst* invites you to ponder the real-life stories of ordinary men and women whose lives have been completely altered by the remarkable work

of angels. The stories collected here will help all of us understand the true nature of angels, and realize that their presence provides not just succor, but the reassuring evidence of a loving God who is forever watching over us. Here is your invitation to enter a new level of wonder in your life, explore the ageless mysteries of divine intervention, and discover how you might recognize your own guardian angel in times of need.

Finding a Loving God in the Midst of Grief

More Than a Coincidence in Our Midst is a collection of stories that, no matter what you believe, you will find some of them astounding, thought-provoking, inspiring, entertaining, and some of them comforting. Although a few of them are mine, most of them are from people I have known or met along the way. They are all true. I have communicated with each person individually. When I began collecting these stories, they just sprung up everywhere like the daylilies in the spring in Atlanta--with little effort. When people would tell me that they could hardly wait to read my book, I would respond that I felt the same way because I never knew what story would be told to me next. As you are about to read these stories, perhaps you will stop and ask yourself questions. Some people believe in the randomness of events, in coincidences, and others believe there are no such thing as coincidences. There are so many things I cannot explain or understand; however, there are a few things I absolutely know. I know that God has a plan for each of us, and He has given all of us free will. I see evidences of God's fingerprints all around us and like to think of them as God's divine assurances that we are not alone on our journey no matter what is happening. It is my prayer that no matter what you believe or wonder about, you can seek the truth and the truth will set you free. To seek the truth is quite simple--just ask to be shown. You don't have to believe in anything. Just say, "God, I don't even know if You exist, but if You do, please reveal Yourself to me." Finding the truth is just that simple. After all, just remember whether or not you believe in gravity or deny its existence, it does exist. I am stepping out in faith as I share the magic power of the words and experiences of myself and others as I fulfil my long-standing dream to share this collection with you. I have included one amazing event that occurred on my very last day before I retired from my thirteen-year banking career just two minutes before we closed the door. You may read about it in my introduction. I hope you will be as astounded as I was. My prayer is that all these stories may open your eyes to see your world in a different way! May each of you reading this book and everyone who contributed as well be blessed without measure!

Eternity in the Midst of Time

Everyone understands human pain. But many Christians have difficulty comprehending God's pain, especially God's pain in the death of Christ. Is it atonement or child abuse? To speak of God in pain, says Barbara Brown Taylor, is not only to address the biblical stories of Christ's suffering and death, but also to proclaim the God who is present in our pain. This volume of teaching sermons on suffering presents different approaches to the problem of God in pain. In each sermon, Taylor speaks with sensitivity and profound insight as she addresses pain and both its human and divine impact. Keep Believing: Finding God in Your Deepest Struggles (2019 Edition)

The kingdom of God is not explained anywhere in the New Testament, yet it seems to be everywhere understood. No explanation was ever needed, and so none was given. In *The Future Kingdom of God: A Present Reality and Our Blessed Hope*, author Father Steven Scherrer presents an in-depth study of the kingdom of God as it appears in the scriptures. Based on an edited collection of original sermons and essays revolving around the New Testament doctrine of the kingdom of God, this thorough discussion provides a guide for those seeking insight into various aspects about the second coming of Jesus Christ. Some of the topics on which the essays reflect include • the splendor of the kingdom of God now present, as seen in the Church's Advent and Christmas liturgies; • the millennial hope as the fulfillment of Old Testament prophecy; • the enchanted expectation of the Parousia, as seen in the Church's autumn liturgies; • the longing to be found innocent in holiness at the coming of the Lord. Using the scriptures and examples from the Bible, *The Future Kingdom of God* demonstrates how Christians can, by faith, now live in the splendor of God's kingdom present in their midst.

The Kingdom in Our Midst

A young Christian writer presents a practical guide for reconnecting with God and practicing the presence of God in our frantically busy world today. Our world is full of distractions that do not promote the health of individual souls. What can people do when they feel they have no time or ways to find God? In her new book *Attend*, Laura Davis Werezak reminds readers to encounter God through 40 brief everyday activities that they have been taking for granted, from opening a window to jotting down a dream. Modern life and technology increasingly render these activities obsolete, and readers who struggle to connect with God through "typical" devotions will discover depth in their everyday lives through each beautifully written exercise. Like the wisdom Brother Lawrence provided in his 17th

century spiritual classic *The Practice of the Presence of God*, these daily reminders guide readers to appreciate God in our midst today.

Angels in Our Midst

A collection of inspiring writings and talks by Chiara Lubich about the presence of Jesus among us: an essential point of the spirituality of unity. In a world where social communication networks are multi-plying out of all proportion, paradoxically there seems to be an ever-increasing sense of isolation and loneliness. In this context, one wonders about the deeper meaning of life. How are we fulfilled? Where do we find true happiness? On the one hand, society exalts individualism and self-determination. But on the other many people yearn for authentic and profound relationships. They ask, often with a sense of anxiety: "What is the meaning of my life? How can I reconcile seemingly conflicting demands? How do we build relationships of true communion?" By living the experience of Jesus in the midst, as presented in this book, we can find the answer to these questions that touch the heart of every person, an answer that does not come from human reasoning, but from God.

Managing Our Selves

In this compelling and hard-hitting book, respected preacher and teacher Thomas Long identifies and responds to what he sees as the most substantive theological forces and challenges facing preaching today. The issues, he says, are fourfold: the decline in the quality of narrative preaching and the need for its reinvigoration; the tendency of preachers to ignore God's action and presence in our midst; the return of the church's old nemesis, gnosticism--albeit in a milder form--evidenced in today's new "spirituality"; and the absence of eschatology in the pulpit. Long once again has his finger on the pulse of American preaching, demonstrated by his creative responses to these challenges. Whether he is calling for theologically smarter and more ethically discerning preaching, providing a method of interpretation that will allow pastors to recover the emphasis on God in our midst, or encouraging a kind of "interfaith dialogue" with gnosticism, he demonstrates why he has long been considered one of the most thoughtful and intelligent preachers in America today.

The Secret And Power Of Psalm 23

More than a century ago, Friedrich Nietzsche proclaimed the death of God as a defining characteristic of the modern world. Even so, religion continues to have a pervasive influence in the postmodern world of the twenty-first century. Since the 1970s, there has been a dramatic resurgence of religion and spirituality. This collection of reflective essays explores spirituality and its changing relationship to culture, individual identity, and society in our increasingly globalized, postmodern world. Born out of a doctoral seminar at Pacifica Graduate Institute entitled The God Complex, the essays provide a personal understanding of diverse and conflicting worldviews and attitudes about religion, secularity, nature, and the purpose of human existence. With a rich range of perspectives, each offering provides a powerful testament to the interdisciplinary study of myth, religion, and depth psychology as a means for revisioning one's understanding of the divine. Praise for Evolving God-Images A deeply moving example of what can happen in the classroom when, almost magically, the professor's wisdom and enthusiasm, the archetypal power of the subject matter itself, and the openness of the students converge. Dr. Christine Downing, author of The Goddess: Mythological Images of the Feminine and Gods in Our Midst: Mythological Images of the Masculine A marvelous and unique collection of essays devoted to re-visioning conceptions of divinity. Dr. Evans Lansing Smith, author of Sacred Mysteries: Myths About Couples in Quest

Evolving God-Images

Working with clay, paint, crayons, or pencils, artists have long known that the act of creating art can help people explore the deepest recesses of their hearts - and bring about real change in their lives. Michael Sullivan discovered the power of art for himself in the midst of grieving the loss of a young parishioner. Ever since, he has been using simple art projects as a form of prayer and a way of helping others

explore what God may be saying to them. *Windows into the Soul* is a practical, hands-on resource for those who want to explore this means of prayer and contemplation for themselves, approaching the process not as an artist but as a spiritual seeker. Readers will find projects in various media, including clay, charcoal, and acrylic, including not only technical directions, but a gentle guide to the spiritual gold to be mined from the experience.

Windows Into the Soul

Growing in our ability to have a conscious awareness of God's presence with us in the midst of our busy and over-stimulated world is a key to our spiritual health and emotional well-being. Practicing the Ordinary Supernatural Presence of God helps us to do exactly that—by enriching our devotional lives with a richer and deeper biblical theology based on key biblical texts such as Acts 2, John 17, and Matthew 28, and crucial biblical doctrines such as the Trinity, Union with Christ, and the Holy Spirit.

Practicing the Ordinary Supernatural Presence of God

Heavenly Portals and the Coming Storm is a prophetic call back to the heart of the Father God. In this hour it is vital that we draw close to the Lord, know His heart and understand His ways. If we can learn to dwell in the "Secret Place of the Most High" in this hour, we will not have to be in fear and dread. We will be able to watch the coming end-time events unfold from a whole new perspective of love and trust, as found in Psalm 91. God will open up "Heavenly Portals" to His "Secret Places"

Glory In Our Midst

The purpose of this study guide is to seek answers to questions such as how can we learn to live centred in God's loving presence, in a way that allows all our activity to flow from that centre? How can we experience this change of heart that will allow us to know God's presence with us in the midst of the busyness of our lives? The answers are taken from Scripture. We will listen as Jesus calls us to live with eyes wide open to what matters most in life, even as we entrust ourselves to God's care so we can live in the present, where God is with us, providing for us. We will hear the invitation to draw the strength we need for the day from God, the Source of all life. We will learn to open ourselves throughout the day to God as we seek God's wisdom, express our gratitude and begin to rest and rely more deeply in God's presence with us. We will explore ways of conversing with God in the midst of the whirlwind of life and come to see our day's work as a labour of love for God and as the joyful service of kneeling before all others with Jesus.

Heavenly Portals and the Coming Storm

Ever wondered why some people dedicate their whole life chasing storms? This was my cogitation as I laid on my couch, watching a popular program on cable network, "Storm Chasers". The remarkable thing about this was that, before embarking on any storm chase, they do an in-depth analysis of the entirety, magnitude of the storm and predict the possible effect it is likely to cause while at the same time getting awesome images to be stored in their archives. In the process some lose their lives, but it still doesn't stop others from chasing another storm. I thought to myself, why then do we Christians run away from storms and completely neglect the fact that storms are pathway that builds our spiritual muscles, strengthens our connection with God and make us accept the fact that we are humans, and not "spiritual being" that some Christians attribute to themselves.

Busyness

Biblical Foundations of Spirituality offers seekers guidance on what to read, how to read, and why to read the Bible as a source of spiritual nourishment. Informed by the latest scholarship, this book makes the Bible more intelligible and 'user friendly' for contemporary audiences by stressing the spiritual dimension of the search for God evident in our biblical ancestors and showing how the Bible can be a friend and companion in our search for God today.

Finding God In The Midst Of Your Storm

What would you do if God appeared to you and asked you to fellowship and worship with Him every night for years to come? How would you react as He made His grand entrance into your bedroom to commence worship and fill it with His Glory? Join author George G. Jhagroo in *In His Manifest Presence*, his truly amazing biographical account of how he met and embraced the Manifest Presence

of the Holy Ghost face to face, every midnight in his bedroom for years. Who was the Wind that blew apart the Red Sea for Moses, Who created the earth in six days, Who stood beside Daniel in the furnace, and Who sat upon the mercy seat of the Ark of the Covenant now stood in the similitude of a man in his bedroom, leading him in worship to our Father and to Jesus our King. He continues to do so even to this day. George G. Jhagroo has stumbled upon one of the greatest consequences of Calvary. He—who lived behind the veil of the Temple when it was torn in two from top to bottom at the passing of Jesus on the cross—was made accessible to all saints throughout the world and could no longer only be visited once a year on the Day of Atonement but on everyday and at anytime. For centuries, this resource has remained untapped, and God the Third Person of the Trinity, seeking fellowship on the earth has remained alone and lonely. Yet He is on the earth free to talk to, walk with, go shopping with, and fall in love with any believer who would want Him and invite Him in. In His Manifest Presence, George did just that, and he shares this love story of his glorious experiences of worshiping with and fellowshiping with the Manifest Presence of God in the midst of His glorious power and unfailing love.

God in Our Midst

With the upmost intimacy, the Spirit of the Lord unveiled many hidden secrets of God's image throughout our bones. It was because of this Teacher's insight and guidance through the study of the musculoskeletal system, I was privileged to enjoy this eye-opening journey. While on our path of study, this amazing Teacher highlighted descriptive words along with biblical number values that were as golden nuggets or stepping stones through the temple of my own body. Those same golden nuggets proved to reveal hidden secrets of God's handiwork as from a carpenter's blueprint. The Spirit of the Lord revealed God's image in one group of our bones, to represent Jesus' birth; His life and ministry; thorns that relate to the Kingdom of God, and the fruits of the Holy Spirit. Revelation 4:2-4 has a powerful image of God that surrounds the Sword of the Spirit; and a breathtaking image of God's love through the Cross. Each and every one of God's images relate to Genesis 1:26. God said, "Let Us make man in our image, according to Our likeness..." I was constantly reminded that these images of God, and more, were first framed within Adam's bones, and they exceed far above all the animals that God Created. This book holds a gift of love and encouragement for the entire body of Christ as well as those who are searching for unshakeable identity. God's image, cleverly designed within our bones will build greater confidence to allow God's power to flow more freely.

Biblical Foundations of Spirituality

Spirituality is "growing into our life with God." It is letting the breath or Spirit of God live and breathe and work in us. And the fruits of that are "love, joy, peace, patience, kindness, generosity, faithfulness, gentleness, self-control" (Gal 5:22–23). The Word proclaimed Sunday after Sunday is inspired by God. Jesus, the incarnate Word of God, entered into our history and fully embraced our humanity. In a similar fashion, the Bible is the Word of God, communicated through human authors with their particular worldviews. This collection of homilies reflects on the Word in today's life.

In His Manifest Presence

Where is God in the midst of the tumult and change of our lives? Where is He in our joys and sorrows, our difficulties and struggles, our daily tasks and responsibilities? He is not distant or uncaring. He is with us and in us—so much nearer than we can imagine. And He invites us to live in ongoing love and fellowship with Him, whether we are worshipping Him in church, cleaning the house, reconciling our checkbooks, working at our jobs, gathering with family and friends, or engaging in any other activity of life. Nearer than We Imagine: Meditations on Practicing the Presence of God highlights pivotal areas of Brother Lawrence's renowned spiritual and practical guidance for entering into and remaining in the immediate presence of our loving heavenly Father. As you read excerpts from his classic Practice of the Presence of God, with related Scripture verses and inspiring illustrations, you will receive spiritual strength and nourishment to meet all your daily needs, experiencing unbroken communion with your heavenly Father. In the monastery kitchen and shoe-repair shop, Brother Lawrence learned to complete every act out of love for God as he discovered the joys of oneness with the Father and His purposes. He wrote, "By practicing God's presence and continuously looking at Him, the soul familiarizes itself with Him to the extent that it passes almost its whole life in continual acts of love, praise, confidence, thanksgiving, offering, and petition. Sometimes all this may merge into one single act that does not end, because the soul is always in the ceaseless exercise of God's divine presence." Discover Brother

Lawrence's secrets to continuous love, joy, and rest in God, no matter where you are or what your task, and amid all the everyday demands and challenges of life.

A Spirituality for Sunday People

Three hundred years ago, an uneducated lay cook in a French monastery discovered how to enjoy a profound awareness of God moment by moment, even in the midst of busyness and distraction. The Practice of the Presence of God reveals Brother Lawrence's secrets. Brimming with wisdom and spiritual insight, this classic memoir of the devotional life witnesses to the joy available to all who will seek Him.

Nearer than We Imagine

For many years Gordon Fee, one of today's foremost evangelical scholars, has been asked to bring his trusted biblical expertise together with his well-known passion for the gospel and the church. Listening to the Spirit in the Text is his answer. Gathered here are Fee's best studies and reflections on the art of attending to the biblical text critically yet with a deep spiritual sensitivity. These insightful chapters cover a wide range of contemporary topics, including the relationship between Bible study and spirituality, gender issues, worship, tongues speaking, church order and leadership, the believer and possessions, and the role of the gospel in our global society.

The Divine Presence

As God's eternal life flows through us, we learn to let go of our pretensions of control and rest into the new life offered in Jesus Christ. This book is an invitation for you to become nonresistant to this movement of God's love for you and the world. Through a variety of sermons and meditations, Sider and Villegas bear witness to a grace that disarms our guardedness and makes room for us to fall into the love of God. Preaching becomes a dispossessive practice, as each person is invited to give and receive God's transforming power. The proclamation of the gospel, Villegas and Sider say, should display the priesthood of all believers. Thus, the call to preach belongs to the whole congregation and its conversation rather than to the lone preacher and her (or his) sermon. Presence: Giving and Receiving God draws on the Mennonite tradition of the Zeugnis ("conversation") to explore how the preached Word echoes through all of our voices.

The Practice of the Presence of God

'Women Encounter God' is one of the first books to explore the commonalities and convergences of women's theologies in the Americas. This critical, comparative analysis of white feminist, womanist,

and 'mujerista' theologies focuses on how, by placing their unique theologies in dialogue, the rich contributions of each theology can inform the others. By looking at the key themes of empowerment, embodiment, and relationality, Moody examines how three different types of feminist theologians perceive God. She discusses the works of such representative theologians as white feminists Mary Daly, Rosemary Ruether, Sally McFague, and Carter Heyward; Hispanic/Latina theologians Ada Maria Isasi-Diaz, Yolanda Tarango, and Elsa Tamez; and womanist theologians Delores Williams, Jacquelyn Grant, and Katie Geneva Cannon, as well as feminist theorists Chela Sandoval and Rosemary Tong.

Listening to the Spirit in the Text

Steeped in wisdom and humility, these are letters of a true contemplative and spiritual guide, able to rejoice and trust God in the face of an increasingly materialistic world, discerning in all circumstances meaning and a dimension of eternity.

Presence

God does not expect anyone to have blind faith, but an informed faith. This book provides evidence to encourage you either to take a leap of faith or to bolster a flagging faith. This book compares a wide range of evidence to the biblical account, in a very accessible and readable style, from science to symbolism, mathematics, archaeology, prophecy and philosophy. It seeks to demonstrate that God is as good as His Word - the Holy Bible. And that means He can be relied upon. And that means you can turn to Him and trust Him, always, in all situations. HGH Ramsay is descended from one of the world's greatest scientific dynasties, and these scientists all believed in the Christian God. Starting with their legacy and moving to modern discoveries, he shows how science and other evidence is catching up with the truth of the Holy Bible - and of God Himself.

Women Encounter God

None of us knows what the future holds. But in the midst of our uncertainty, God offers us real hope, a confidence in the certainty of who he is. This guide looks at the Christian's daily and eternal hope in Christ, reminding us that no matter how bad or good things are now, something far more awesome is on the way for God's people.

Christ is in Our Midst

"Being born in an impoverished country, living with sickle cell disease, and being told that I would not live to see my sixteenth birthday had been the sources of my inspiration. I had big dreams despite no logical reason to be hopeful. Through this book, you will learn God has a plan for your good and bad times. Those who hope in God may enjoy the hope, joy, and peace that surpasses all understanding in Him, (Phil. 4:7) even in the face of awful, tragic, and humiliating circumstances."

In Defence of the Realm: Evidence and symbolism in support of God

Sr. Kathleen searches for and develops a Marian theology very much in tune with today's issues and attitudes. She reflects on Marian symbols and traditional images hoping the Church can reclaim Mary as a woman of faith, a model disciple, proclaiming a song of liberation for the poor and oppressed of our world today.

Ultimate Hope for Changing Times

Echoes of Mercy, Whispers of Love connects the work of Alfred North Whitehead, process writers, Bishop Desmond Tutu, Henri Nouwen, Dietrich Bonhoeffer, and others, to present a defense or apologetic for faith, hope, and love in action. This kind of faith and hope leads to transformed lives and transformed communities. A theology of hope provides a framework for counseling troubled, despairing persons in the midst of acute suffering, loss, and tragedy. Doty identifies the need for a healthy religion that will inspire, transform, and enable personal and community healing. This is the work of peacemaking in families and in our world. This book will connect with an audience that includes all believers and all who live with doubts and questions. All seekers for peace, hope, and truth in our post-modern era will find this a stimulating and helpful dialogue with the hard questions. Doty poses searching questions for readers reflection. This book promises to provide inspiration, Hope, and a rare opportunity for spiritual formation in the midst of life struggles. Hooray for Pauline Doty! Her courage encourages us to lower our lofty traditionsso they may speak with the hurt, pain, loss, grief of our

everyday lives. She invites us by her example trust our own experience, follow our own questions, create our own process of life in faith and action. By confiding in us, Doty lends confidence that God (by many names and revelations) goes with and before us, all ways and always. This is a book for all whose process of life and work wants healing to lead to hoping, the practical to the prophetic. What a call to confront in urgent grace the outrageous within and around us! Rev. John Auer, Retired, Forty years United Methodist congregational urban ministry

The Journey

This contemporary classic by renowned scholar Gordon Fee explores the Spirit's significant role in Pauline life and thought. After Fee published his magisterial *God's Empowering Presence*, he was asked to write a more accessible volume that would articulate Paul's priorities for experiencing the life of the Spirit in the church. Fee's bestselling introduction to Paul and the Spirit, *Paul, the Spirit, and the People of God*, went on to sell over 70,000 copies. This book by one of the greatest evangelical and Pentecostal New Testament interpreters of our time argues that the presence of the Spirit is, for Paul and for us, the crucial matter for the Christian life. This repackaged edition features an updated design and packaging, new study questions, and a foreword by Dean Pinter, who commends the book to a new generation of readers.

Mary in the Christian Tradition

In the midst of fear and anxiety many people wonder where to find God. Many of the images from recent events are so terrifying because they expose our deep vulnerability. But in this little book Kerry Walters shows that it is in the heart of situations of vulnerability and insecurity that we achieve our greatest spiritual growth. Just as Jacob discovered a blessing through his woundedness, we too can find God in the midst of fragility and fear.

Echoes of Mercy, Whispers of Love

This book encourages the reader to seek the face and will of God in the midst of adversity and the daily challenges of life. Further, the reader will be led through a series of meditations, thoughts, and inspirational messages as they seek to encounter God. Although the book was written during war and military deployment, the motivational devotions and life lessons are applicable to all. The colorful war and deployment images throughout the book help bring the quotes, scriptures, thoughts, and prayers alive. Additionally, the book contains commentary from Airmen, Soldiers, Sailors, Marines, Iraqis, and Coalition partners that adds an authentic richness to our spirituality and connection to God. This book demonstrates the true evidence of the hand of God in our daily lives. The chaplain's thoughts are timely, practical, and uplifting.

Paul, the Spirit, and the People of God

Spirituality needs fresh meaning. Even the disciplines of the Spirit have gotten covered with dust and lay unused by Christians. It is time for spirituality to get fresh meaning in our world and with God's people. In *Out of the House of Bread* author Preston Yancey leads us in a new direction of spirituality through the symbolism and experience of the spiritual disciplines made plain by the baking of bread. The benefits of this book of devotion include: Finding a nearness to the holiness of God Feeling and experiencing the forgiveness of God Learning again the disciplines of celebration, confession, and conversion Each chapter pairs a spiritual discipline or practice with a baking discipline. You will encounter ancient practices such as the prayer of examen, lectio divina, intercessory prayer, icons, and stillness. Yancey shows how, like in Brother Lawrence's kitchen in *The Practice of the Presence of God*, that when you lift up your hands to God and pray, God will show up right there in the midst of your work and livelihood while you bake. *Out of the House of Bread* is a glorious celebration of the sacraments and the seasons of God, meant as reminders and symbols to take us to God in worship. An appendix, about gluten-free and vegan bread and the spirituality involved, will close off the book.

Jacob's Hip

This book is about emotions we all experience in our lifetime. It also contains my experiences that seem out of the norm. However, these experiences have made my life what it is today and has also undeniably proven that God exists and that his words always and forever ring true. This is a book of hope and that we should allow God to lead our lives through our choices. We have just a brief window

for the life we live on earth and how we live it. Hopefully this book will remind us that through the chaotic and busyness of our daily activities, we will set aside time to listen for God's whisper.

Distorted Images of God

Murder in Our Midst

He shows how the way we understand ourselves reflects the ambivalent effects of the Holocaust on our perceptions of war and violence, history and memory, progress and barbarism.

Murder in Our Midst

"Crime stories attract audiences and social buzz, but they also serve as prisms for perceived threats. As immigration, technological change, and globalization reshape our world, anxiety spreads. Because journalism plays a role in how the public adjusts to moral and material upheaval, this unease raises the ethical stakes. Reporters can spread panic or encourage reconciliation by how they tell these stories. Murder in our Midst uses crime coverage in select North American and Western European countries as a key to examine culturally constructed concepts like privacy, public, public right to know, and justice. Working from close readings of news coverage, codes of ethics and style guides, and personal interviews with almost 200 news professionals, this book offers fertile material for a provocative conversation. We use our findings to divide the ten countries studied into three media models; we explore what the differing coverage decisions suggest about underlying attitudes to criminals and crime, and how justice in a democracy is best served. Today, journalists' work can be disseminated around the world without any consideration of whether what's being told (or how) might dissolve cultural differences or undermine each community's right to set its own standards to best reflect its citizens' values. At present, unique reporting practices persist among our three models, but the internet and social media threaten to dissolve distinctions and the cultural values they reflect. We need a journalism that both opens local conversations and bridges differences among nations. This book is a first step in that direction"--

Murder in Our Midst

War endlessly tries to mask itself. The myth of the heroic soldier testing his individual courage stands in stark contrast to the reality of mass, anonymous death and the suppression of individual actions. Murder in Our Midst shows that this fundamental tension reached its natural conclusion in the Holocaust, and that disguising it has required an ongoing effort to misrepresent war and the Holocaust as something other than industrial killing. Examining a broad range of the representations of war's horrors, from scholarly depictions to those in popular literature, poetry, art, and the movies, Omer Bartov finds they have some things in common. Societies and cultures have attempted to form coherent images of horrific events, to draw didactic lessons from them, and to exploit them to legitimate ideological or political positions. Made up of interconnected essays, this book is both a scholarly and an often personal

and passionate examination of the emergence, implementation, and representation of industrial killing. Bartov draws out the links between recent revisionist attempts to minimize and deny the Holocaust, and Hollywood's ongoing fascination with National Socialism and Hitler's "Final Solution." Arguing that the modern predicament reflects the effects of the Nazi genocide on current perceptions of war, history, and memory, this book is a plea for compassion and commitment in an increasingly violent and indifferent world.

STAND-ALONE MURDER MYSTERY, #17 IN THE SERIES. MEET MAVERICK BRITISH DETECTIVE DI SKELGILL... "MAD, BAD AND JUST A LITTLE BIT COZY." TWELVE CLOSE FRIENDS, ONE DEADLY ENEMY. A Ouija board spells out 'MURDER' and next morning wealthy widow Daisy Mills is found drowned at a Lakeland beauty spot. Was this a warning from beyond the grave, or an agent provocateur among the house party? Could the earlier death of successful businessman Simon Mills really be the accident it seemed? And was it by coincidence that the same clique of old school friends had met before each tragedy? Pitched into this forest of uncertainty, Skelgill and his team glean perplexing clues - an anonymous phone call, a hidden tracking device, a secret assignation - but hard evidence is thin on the ground and alibis watertight. For want of a clear view, the detectives follow the money trail - and a tenuous case begins to take shape. But Skelgill is uneasy. Is the group closing ranks, or are long-held enmities subtly being played out around them? Try as they might, the questions persist. Were there two murders? Just one murder? Or no murder at all? It falls to DS Leyton to bemoan the impasse: "Guvnor - it's a right old kiss and cuddle." "Great characters. Great atmospheric locale. Great plots. What's not to like?" Amazon Reviewer, 5 Stars

Strangers in Our Midst

Contemporary efforts to treat sex offenders are rooted in the post-Second World War era, in which an unshakable faith in science convinced many Canadian parents that pedophilia could be cured. *Strangers in Our Midst* explores the popularization of the notion of sexual deviancy as a way of understanding sexual behaviour, the emergence in Canada of legislation directed at sex offenders, and the evolution of treatment programs in Ontario. Popular discourses regarding sexual deviancy, legislative action against sex criminals, and the implementation of treatment programs for sex offenders have been widely attributed to a reactionary, conservative moral panic over changing sex and gender roles after the Second World War. Elise Chenier challenges this assumption, arguing that, in Canada, advocates of sex-offender treatment were actually liberal progressives. Drawing on previously unexamined sources, including medical reports, government commissions, prison files, and interviews with key figures, *Strangers in Our Midst* offers an original critical analysis of the rise of sexological thinking in Canada, and shows how what was conceived as a humane alternative to traditional punishment could be put into practice in inhumane ways.

Culture and Crisis

It is often argued that Germany and Scandinavia stand at two opposite ends of a spectrum with regard to their response to social-economic disruptions and cultural challenges. Though, in many respects, they have a shared cultural inheritance, it is nevertheless the case that they mobilize different mythologies and different modes of coping when faced with breakdown and disorder. The authors argue that it is at these "critical junctures," points of crisis and innovation in the life of communities, that the tradition and identity of national and local communities are formed, polarized, and revalued; it is here that social change takes a particular direction.

The Killing Kind

She was seventeen years old, a beautiful girl with a Hollywood smile and luminous brown eyes. Sprawled in a culvert just off the gravel road like an abandoned doll, she wore only toe socks, a sweatshirt, and a necklace. She was not the killer's first victim. Nor would she be his last. The lush, green hills that mark the border of North and South Carolina are home to a close-knit community. When the savaged remains of high-spirited Heather Catterton and sweet-natured Randi Saldana were found and a local man was linked to their murders, residents were forced to face an evil in their midst. The killer was one of their own . . . Danny Hembree was far from being an upright, law-abiding citizen. But he was part of the fabric of the local scene, devoted to his mother and sister. No one saw him as a remorseless killer who preyed on those who trusted him. When questioned by police, Hembree didn't just play cat-and-mouse and then confess. He bragged. Taunted. Laughed about his merciless deeds. In *The Killing Kind* acclaimed, award-winning investigative crime journalist M. William Phelps delves into the background of Hembree's victims, bringing readers into their lives in intimate detail. With exclusive information from detectives and prosecutors, Phelps reconstructs the chilling clues that led to Hembree's arrest, and the media sensation surrounding his trial, mistrial, and ultimate conviction. As the victims' loved ones attempt to heal, Hembree continues to widen the scope of his crimes from behind bars. M. William Phelps draws on interviews and correspondence with the serial killer himself, bringing readers into the mind of a murderer – and into the heart of a real-life story of bloodshed, tears, and the long road to justice.

How to Commit a Murder

HOW TO COMMIT A MURDER "What sort of third degree do they give you for murder?" "Listen, mister," said Danny, and began. He told me how one went about covering one's tracks after committing a murder, then branched out into a description of the underworld and its professions. All unconsciously he gave me the underworld's point of view, which is his own-the underworld's code of ethics, its needs, and its safeguards against attack. He made me realize for the first time that there existed in our midst a people as foreign to our own society as any group of raw immigrants-a group that thought differently, lived differently, and reacted differently to social standards and customs. Prompted occasionally by a question he talked for four and a half solid hours-from two-thirty to seven-painting a picture of the underworld which was fascinating in its color and intimacy. "Will you put all that into a book?" I asked

finally. "Sure I will. Anything you say. And not a thing I can't prove." And that is the way How to Commit a Murder was conceived.

Fifty Years After Kitty Genovese

An investigator in the infamous New York murder looks back on the Kitty Genovese case and examines its enduring legacy. Fifty years after she was viciously attacked in Kew Gardens, Queens, the name of murder victim Kitty Genovese still conjures the ugly specter of American apathy. "37 Saw Murder but Didn't Call Police" ran a New York Times headline that created a legend. A thirty-eighth witness did call—"after much deliberation"—a half hour after the first attack left the targeted woman wounded on the street. By then, her killer had returned and finished the job: Genovese lay dying in a stairwell, just steps from the safety of her own apartment. The apparent indifference of Genovese's neighbors to her screams—and the cold-blooded calm of the killer who came back—fixed this case in the memory of detective chief Albert Seedman. Ten years later, he gave coauthor Peter Hellman the inside story on the murder that still haunts the American conscience. Seedman's account of the investigation, now with incisive new commentary from Hellman, is as gripping today as ever, and the plight of Kitty Genovese just as chilling. When Seedman questioned the murderer about Genovese's neighbors, he replied, "I knew they wouldn't do anything. People never do. That late at night, they just go back to sleep." This fascinating account blends true crime with psychological insight about the "bystander effect" and the ever-important issue of how we confront—or don't confront—evil in our midst.

Michigan Nisi Prius Cases Decided by the State and Federal Courts in Michigan

By developing a long-term supranational perspective, this ambitious, multi-faceted work provides a new understanding of 'totalitarianism', the troubling common element linking Soviet communism, Italian fascism and German Nazism. The book's original analysis of antecedent ideas on the subject sheds light on the common origins and practices of the regimes. Through this fresh appreciation of their initial frame of mind, Roberts demonstrates how the three political experiments yielded unprecedented collective mobilization but also a characteristic combination of radicalization, myth-making, and failure. Providing deep historical analysis, the book proves that 'totalitarianism' best characterizes the common features in the originating aspirations, the mode of action and even the outcomes of Soviet communism, Italian fascism and German Nazism. By enhancing our knowledge of what 'totalitarianism' was and where it came from, Roberts affords important lessons about the ongoing challenges, possibilities, and dangers of the modern political experiment.

The Totalitarian Experiment in Twentieth Century Europe

Philip Schaff's classic work colloquially known as Early Church Fathers, is an invaluable resource filled with the primary documents, and early theological building blocks for the Christian Church. Comprised of 38 volumes it is broken into three parts, the Ante-Nicene Fathers, and Nicene and Post-Nicene Fathers, First and Second Series.

The Fortnightly Review

By assessing totalitarianism in a more deeply historical way, this study suggests how we might learn further lessons from this troubling phase of modern political development."--Jacket.

The Fortnightly

A gripping investigation of a serial killer's spree by the author of the New York Times bestsellers *Murder in Brentwood* and *Murder in Greenwich*. On August 26, 1997, the bodies of Jennifer Joseph and Heather Hernandez were found dumped in separate places in Spokane, Washington. In the following months, another eight bodies were discovered, all of them those of drug addicts and prostitutes who had worked Spokane's red-light district. The police wouldn't even use the term "serial killer." The local media and town leaders also stayed quiet. As long as the victims came from the wrong side of town, "respectable" Spokane didn't seem too worried that a brutal psychopath was in their midst and that as many as eighteen women were dead by his hand. Enter Mark Fuhrman. A brilliant investigator, Fuhrman helped authorities bring charges against a well-connected suspect when his bestselling book *Murder in Greenwich* spawned a Connecticut grand jury investigation of the 1975 murder of Martha Moxley. After moving to Idaho, he began appearing as a guest host on a Spokane radio talk show and quickly found himself at the center of another high-profile murder case. Written in the same fast-paced style as *Murder in Brentwood* and *Murder in Greenwich*, this is a shocking account of Fuhrman's investigation of the prostitutes' deaths as he worked alongside the Spokane Task Force. The serial killer preyed on prostitutes with drug problems. He intentionally selected street people, who would not be missed right away, often women who were new to town. The police seemingly put these murders on the back burner because the victims did not stir up public sentiment. Only after the serial killer began to play with the police -- planting bodies for attention and escalating the murders -- did intense effort go into the case. Though the understaffed police force did catch the killer, Fuhrman shows that their reliance on computers and on DNA test results from everyone they interviewed was slower than doing old-fashioned gumshoe detective work. With the clues they had, Fuhrman writes, the police could have made the arrest two years earlier -- saving the lives of at least nine women. With the expertise of a seasoned investigator and an exceptional writer, Fuhrman takes you inside the mind of a detective pursuing the most dangerous criminal on the streets: a serial killer.

The Ante-Nicene Fathers: Tertullian, pt. 4th; Minucius Felix; Commodian; Origen, pts. 1st and 2d

For decades now, serial killers have taken center stage in the news and entertainment media. The coverage of real-life murderers such as Ted Bundy and Jeffrey Dahmer has transformed them into ghoulish celebrities. Similarly, the popularity of fictional characters such as Hannibal "The Cannibal" Lecter or Dexter demonstrates just how eager the public is to be frightened by these human predators. But why is this so? Could it be that some of us have a gruesome fascination with serial killers for the same reasons we might morbidly stare at a catastrophic automobile accident? Or is something more? In *Why We Love Serial Killers*, criminology professor Dr. Scott Bonn explores our powerful appetite for the macabre, while also providing new and unique insights into the world of the serial killer, including those he has gained from his correspondence with two of the world's most notorious examples, David Berkowitz ("Son of Sam") and Dennis Rader ("Bind, Torture, Kill"). In addition, Bonn examines the criminal profiling techniques used by law enforcement professionals to identify and apprehend serial predators, he discusses the various behaviors—such as the charisma of the sociopath—that manifest themselves in serial killers, and he explains how and why these killers often become popular cultural figures. Groundbreaking in its approach, *Why We Love Serial Killers* is a compelling look at how the media, law enforcement agencies, and public perception itself shapes and feeds the "monsters" in our midst.

Three doors apart. An unsuspecting community about to realise there's a killer in their midst. In October 2015, Peter Farquhar was found dead in his house in Maids Moreton, lying on the sofa next to a bottle of whisky. An inquest was made, and Peter's death was quickly ruled an accident. But after the death of another elderly neighbour, the dreadful truth began to emerge: both victims had been groomed, seduced and mentally tortured by a young man, Benjamin Field, who had used his position of power in the community to target and exploit the elderly. He almost got away with it. Very little shocks criminologist David Wilson, but this extraordinary case in his sleepy hometown astounded him. A Traitor Within

There is a traitor within....that traitor, is us. In "A Traitor Within" pastor Damon Rambo explores the dangers of the "Feeling Driven Culture" and the challenges that it presents to the Bride of Christ, the Church. We have been indoctrinated, brainwashed into thinking of Jesus and the apostles as nice, politically correct hippies who wandered the desert saying nice things to people. We have been taught to read Biblical words like "love," "kindness," and "gentleness" in a way that is completely foreign to the text. Our church services have become little more than weekly "feel good" meetings. There is a traitor, and he is within us. In fact, the traitor is us...our politically correct, postmodern, sin corrupted minds. Damon addresses popular Christianity's misunderstanding of Jesus, the Bible, and the Gospel of Christ, and outlines a strategy to save it from the feeling-driven cesspool into which it is sinking. Act now...cast the traitor from our midst....before its too late!
