The Human Stain

'An extraordinary book - bursting with rage, humming with ideas, full of dazzling sleights of hand'- Sunday Telegraph Philip Roth's brilliant conclusion to his eloquent trilogy of post-war America - a magnificent successor to American Pastoral and I Married a Communist It is 1998, the year America is plunged into a frenzy of prurience by the impeachment of a president, and in a small New England town a distinguished classics professor, Coleman Silk, is forced to retire when his colleagues allege that he is a racist. The charge is unfounded, the persecution needless, but the truth about Silk would astonish even his most virulent accuser. Coleman Silk has a secret, one which has been kept for fifty years from his wife, his four children, his colleagues, and his friends, including the writer Nathan Zuckerman. It is Zuckerman who comes upon Silk's secret, and sets out to unearth his former buried life, piecing the biographical fragments back together. This is against backdrop of seismic shifts in American history, which take on real, human urgency as Zuckerman discovers more and more about Silk's past and his futile search for renewal and regeneration. _____ PRAISE FOR THE HUMAN STAIN: 'One of the most beautiful books I've ever read' Red '[A] tender, shocking and incendiary story on the failure of the American dream refracted through the prism of race' Guardian 'A masterpiece' Mail on Sunday

The Human Stain

NATIONAL BESTSELLER • WINNER OF THE PEN/FAULKNER AWARD • The Pulitzer Prize-winning author of American Pastoral delivers "a master novelist's haunting parable about our troubled modern moment" (The Wall Street Journal). It is 1998, the year in which America is whipped into a frenzy of prurience by the impeachment of a president, and in a small New England town, an aging classics professor, Coleman Silk, is forced to retire when his colleagues decree that he is a racist. The charge is a lie, but the real truth about Silk would have astonished even his most virulent accuser. Coleman Silk has a secret, one which has been kept for fifty years from his wife, his four children, his colleagues, and his friends, including the writer Nathan Zuckerman. It is Zuckerman who stumbles upon Silk's secret and sets out to reconstruct the unknown biography of this eminent, upright man, esteemed as an educator for nearly all his life, and to understand how this ingeniously contrived life came unraveled.

And to understand also how Silk's astonishing private history is, in the words of The Wall Street Journal, "magnificently" interwoven with "the larger public history of modern America."

I Married a Communist

The second novel of Roth's eloquent American trilogy, set in the tempestuous McCarthy era - a brilliant successor to *American Pastoral* *I Married a Communist* charts the rise and fall of Ira Ringold, an American roughneck who begins life as a ditchdigger in 1930s New Jersey, becoming a big-time radio hotshot in the 1940s. In his heyday as a star - and as a zealous, bullying supporter of 'progressive' political causes - Ira marries Hollywood's beloved leading lady, Eve Frame. Their glamorous honeymoon is short-lived, however, and it is the publication of Eve's scandalous bestselling expose that identifies Ira as 'an American taking his orders from Moscow'. In this story of cruelty, betrayal, and savage revenge, anti-Communist fever pollutes national politics and infects the relationships of ordinary Americans; friends become deadly enemies, parents and children tragically estranged, lovers blacklisted and felled from vertiginous heights. 'Quintessential Philip Roth' Sunday Telegraph

American Pastoral

An ordinary man finds that his life has been made extraordinary by the catastrophic intrusion of history when, in 1968 his adored daughter plants a bomb that kills a stranger, hurling her father out of the longed-for American pastoral and into the indigenous American berserk.

Patrimony

This is novelist Philip Roth's account of his 86-year-old father's last year. Suffering from a brain tumour and fighting death, Herman is accompanied through each fearful stage of his final ordeal by his son, who, marvelling at his father's long, stubborn engagement with life, recounts a relationship full of love and dread. Conspicuous throughout the book are Herman's tough integrity and moments of humour, but it is also an intensely painful story, as Philip Roth has to decide whether or not to terminate his father's life.

In History's Grip

In History's Grip concentrates on the literature of Philip Roth, one of America's greatest writers, and in particular on *American Pastoral*, *I Married a Communist*, and *The Human Stain*. Each of these novels from the 1990s uses Newark, New Jersey, to explore American history and character. Each features a protagonist who grows up in and then leaves Newark, after which he is undone by a historically generated crisis. The city's twentieth-century decline from immigrant metropolis to postindustrial disaster completes the motif of history and its terrifying power over individual destiny. *In History's Grip* is the first critical study to foreground the city of Newark as the source of Roth's inspiration, and to scrutinize a subject Roth was accused of avoiding as a younger writer—history. In so doing, the book brings together the two halves of Roth's decades-long career: the first featuring characters who live outside of history's grip; the second, characters entrapped in historical patterns beyond their ken and control.

Philip Roth

>

The Great American Novel

Philip Roth's richly imagined satiric narrative, *The Great American Novel*, turns baseball's status as national pastime and myth into an unfettered farce. Featuring heroism and perfidy, lively wordplay and a cast of characters that includes the House Un-American Activities Committee. "Roth is better than he's ever been before.... The prose is electric." (The Atlantic) Gil Gamesh is the only pitcher who ever tried to kill the umpire, and John Baal, The Babe Ruth of the Big House, never hit a home run sober. But you've never heard of them -- or of the Ruppert Mundys, the only homeless big-league ball team in American history -- because of the communist plot and the capitalist scandal that expunged the entire Patriot League from baseball memory.

The Human Stain

Coleman Silk is a respected professor at a New England college who suddenly finds his life unraveling after a comment he makes about some African-American students is misinterpreted as a racial slur. As the scandal heats up, Nathan Zuckerman, a writer researching a biography of Silk, begins to dig deeply into Silk's life. Eventually, matters are made worse when Coleman's affair with a young married janitor named Faunia Farley is exposed. But amid the controversy, Silk must struggle to keep his greatest secret, a secret he's held for the majority of his life, from becoming made public.

Operation Shylock

'Subtle, funny and furious' Observer What if a lookalike stranger stole your name, hijacked your biography, and went about the world pretending to be you? Startlingly, Philip Roth meets a man in Jerusalem called Philip Roth who has been touring Israel - riding high on the author's reputation - preaching a bizarre reverse-exodus of the Jews, encouraging them to return to their ancestral homes in Europe. Roth decides to stop him, even if that means impersonating the impersonator. Operation Shylock is at once spy story, political thriller, meditation on identity and unfathomable journey through a volatile, frightening middle-east.

Philip Roth and the Zuckerman Books

'A work of near heroic vitality and cunning' Sunday Telegraph At sixty-four Mickey Sabbath is still defiantly antagonistic and exceedingly libidinous; sex is an obsession and a principle, an instrument of perpetual misrule in his daily existence. But after the death of his long-time mistress - an erotic free spirit whose great taste for the impermissible matches his own - Sabbath embarks on a turbulent journey into his past. Bereft and grieving, tormented by the ghosts of those who loved and hated him, he contrives a succession of farcical disasters that take him to the brink of madness and extinction... Winner of the National Book Award for Fiction

Sabbath's Theater

The unforgettable story of an affair between a star lecturer at a New York college and the beautiful daughter of Cuban exiles—and the quagmire of sexual jealousy and loss that ensues—from the renowned Pulitzer Prize-winning author of *American Pastoral*. “[A] disturbing masterpiece.” —The New York Review of Books No matter how much you know, no matter how much you think, no matter how much you plot and you connive and you plan, you're not superior to sex. With these words our most unflaggingly energetic and morally serious novelist launches perhaps his fiercest book. The speaker is David Kepesh, white-haired and over sixty, an eminent cultural critic and star lecturer at a New York college—as well as an articulate propagandist of the sexual revolution. For years he has made a practice of sleeping with adventurous female students while maintaining an aesthete's critical distance. But now that distance has been annihilated. The agency of Kepesh's undoing is Consuela Castillo, the decorous and humbly beautiful 24-year-old daughter of Cuban exiles. When he becomes involved with her, Kepesh finds himself dragged—helplessly, bitterly, furiously—into jealousy and loss. In chronicling this descent, Philip Roth performs a breathtaking set of variations on the themes of eros and mortality, license and repression, selfishness and sacrifice. *The Dying Animal* is a burning coal of a book, filled with intellectual heat and not a little danger.

The Dying Animal

Excavates the contemporary revival of 19th-century cultural pluralism, revealing how American novelists since the 1990s have appropriated the historical novel in the pursuit of selfhood rather than truth, fundamentally repositioning the genre in American culture.

Pluralist Desires

Winner of the National Book Critics Circle Award and a finalist for the National Book Award *The Counterlife* is a novel unlike any that Philip Roth has written before, a book of astonishing 180-degree turns, a book of conflicting perspectives and points of view, and, by far, Roth's most radical work of fiction. *The Counterlife* is about people enacting their dreams of renewal and escape, some of them going so far as to risk their lives to alter seemingly irreversible destinies. Every major character (and most of the minor ones) is investigating, debating, and arguing the possibility of remaking the future. Illuminating these lives in transition and guiding us through all the landscapes, familiar and foreign, where these people are seeking self-transformation, is the mind of the novelist Nathan Zuckerman. His

is the skeptical, enveloping intelligence that calculates the price that's paid in the struggle to change personal fortune and to reshape history. Yet his is hardly the only voice. This is a novel in which speaking out with force and lucidity appears to be the imperative of every life. There is Henry, the forty-year-old New Jersey dentist, who risks a quintuple bypass operation in order to escape the coronary medication that renders him sexually impotent. There is Maria, the wellborn young Englishwoman, who invites the disdain of her family by marrying the American she knows will be less acceptable in Gloucestershire. There is Lippmann, the Israeli settlement leader, who contends that "everything is possible for the Jew if only he does not give ground." The action in *The Counterlife* ranges from a dentist's office in quiet suburban New Jersey to a genteel dining table in a tradition-bound English village, from a Christmas carol service in London's West End to a Sabbath evening celebration in a tiny desert settlement in Israel's occupied West Bank. Wherever they may find themselves, the characters of *The Counterlife* are tempted unceasingly by the prospect of an alternative existence that can reverse their fate.

The Counterlife

It's the sweltering summer of 1944, and Newark is in the grip of a terrifying epidemic. Decent, athletic twenty-three year old playground director Bucky Cantor is devoted to his charges and ashamed with himself because his weak eyes have excluded him from serving in the war alongside his contemporaries. As polio begins to ravage Bucky's playground - child by helpless child - Roth leads us through every emotion such a pestilence can breed: the fear, the panic, the anger, the bewilderment, the suffering and the pain. 'The genius of Philip Roth...back at his imperious best in this heartbreaking tale... The eloquence of Roth's storytelling makes *Nemesis* one of his most haunting works' *Daily Mail* 'Cantor is one of Roth's best creations and the atmosphere of terror is masterfully fashioned' *Sunday Telegraph* 'Very fine, very unsettling' Douglas Kennedy, *The Times*

HUMAN Stain

Winner of the PEN/Faulkner Award for Fiction *Everyman* is a candidly intimate yet universal story of loss, regret and stoicism. The novel takes its title from a classic of early English drama, whose theme is the summoning of the living to death. The fate of Roth's everyman is traced from his first shocking confrontation with death on the idyllic beaches of his childhood summers, through the family trials and professional achievements of his vigorous adulthood, and into his old age when he is stalked with physical woes. The terrain of this powerful novel is the human body. Its subject is the common experience that terrifies us all.

Nemesis

Philip Roth's fictional alter-ego returns in *Zuckerman Unbound*, "...masterful, sure in every touch." (*The New York Times*) The sensationalizing sixties are coming to an end, and even writing a novel can make you a star. The writer Nathan Zuckerman publishes his fourth book, an aggressive, abrasive, and comically erotic novel entitled *Carnovsky*, and all at once he is on the cover of *Life*, one of the decade's most notorious celebrities. This is the same Nathan Zuckerman who in Philip Roth's much praised *The Ghost Writer* was the dedicated young apprentice drawing sustenance from the great books and the integrity of their authors. Now in his mid-thirties, Zuckerman, a would-be recluse despite his fame, ventures out on the streets of Manhattan, and not only is he assumed to be his own fictional satyr, Gilbert Carnovsky ("Hey, you do all that stuff in that book?"), but he also finds himself the target of admirers, admonishers, advisers, and would-be literary critics. The recent murders of Robert Kennedy and Martin Luther King, Jr., lead an unsettled Nathan Zuckerman to wonder if "target" may be more than a figure of speech. Yet, streetcorner recognition and media notoriety are the least disturbing consequences of writing *Carnovsky*. Against his best interests, the newly renowned novelist retreats from his oldest friends, breaks his marriage to a virtuous woman, and damages, perhaps irreparably, his affectionate connection to his younger brother and his family. Even when finally he lives out the fantasies of his fans and enjoys an exhilarating night with the beautiful and worldly film star Caesara O'Shea (a rather more capable celebrity), he is dismayed the following morning by the caliber of the competition up in the erotic big leagues. In some of *Zuckerman Unbound*'s funniest episodes Zuckerman endures the blandishments of another New Jersey boy who has briefly achieved his own moment of stardom. He is the broken and resentful fan Alvin Pepler, in the fifties a national celebrity on the TV quiz show "Smart Money." Thrust back into obscurity when headlined scandals forced the quiz show off the air, Pepler now attaches himself to Zuckerman and won't let go--an "Angel of Manic Delights" to the amused novelist (who momentarily sees him as his "pop self"), and yet also the likely source of a demonic threat.

But the surprise that fate finally delivers is more devilish than any cooked up by Alvin Pepler, or even by Zuckerman's imagination. In the coronary-care unit of a Miami Hospital, Nathan's father bestows upon his older son not a blessing but what seems to be a curse. And, in an astonishingly bitter final turn, a confrontation with his brother opens the way for the novelist's deep and painful understanding of the deathblow that Carnovsky has dealt to his own past.

Everyman

When talented young writer Nathan Zuckerman makes his pilgrimage to sit at the feet of his hero, the reclusive master of American Literature, E. I. Lonoff, he soon finds himself enmeshed in the great Jewish writer's domestic life, with all its complexity, artifice and drive for artistic truth. As Nathan sits in breathlessly awkward conversation with his idol, a glimpse of a dark-haired beauty through a closing doorway leaves him reeling. He soon learns that the entrancing vision is Amy Bellette, but her position in the Lonoff household - student? mistress? - remains tantalisingly unclear. Over a disturbed and confusing dinner, Nathan gleans snippets of Amy's haunting Jewish background, and begins to draw his own fantastical conclusions...

Zuckerman Unbound

Philip Roth's *The Anatomy Lesson* was a finalist for the National Book Award and the National Book Critics Circle Award. A comic masterpiece and brilliant finale to the Zuckerman trilogy. The writer Nathan Zuckerman comes down with a mysterious physical affliction--pure pain, beginning in his neck and shoulders, invading his torso and taking possession of his life. Zuckerman, whose work was his life, is unable to write a line. Now his work is trekking from one doctor to the next--from orthopedist to osteopath to neurologist to psychiatrist--but none can find a cause for the pain and nobody can assuage it. So begins Philip Roth's strangely comic new novel, *The Anatomy Lesson*. In it, we find Nathan Zuckerman beset at age forty not only by his pain but by his past. He seriously wonders if he ought to be a novelist at all. At his wit's end, bewildered by both the obstinate pain and the isolating profession, and unconsolable by his "harem of Florence Nightingales"--Gloria, his accountant's wildly mothering wife; Jaga, the depressed Polish refuge from the hair-treatment clinic (to add to his suffering, Zuckerman is going bald); Diana, the distressingly self-possessed Finch College heiress; and the temptingly levelheaded painter Jenny--Zuckerman tries to pin his catastrophe on some source he can confront. There is no shortage of candidates. Zuckerman's brother blames his acerbic bestseller Carnovsky, for ruining the lives of their late parents, and will have nothing to do with him. There's the critic Milton Appel, once Zuckerman's literary conscience, now his scourge--the Grand Inquisitor of *Inquiry* magazine, the New York Jewish cultural monthly. Searching desperately for a diagnosis that will lead to a cure, Zuckerman asks himself if the pain can have been caused by his adversaries, or by his astonishingly intractable grief for his mother, or by the disgust he has come to feel for the literary vocation he once loved. And while he is wondering, his dependence on painkillers grows into an addiction to Percodan, marijuana, and hundred-proof vodka. In the last half of *The Anatomy Lesson*, Zuckerman breaks out of invalid imprisonment in his Manhattan apartment and sets off on a journey to escape the pain, the adversaries, the grief, and the career--a journey into a new existence, a search for a "second life." Persuaded that a doctor's life is everything a writer's is not, Zuckerman flies to Chicago with the intention of applying to medical school at his alma mater. Though the pain he encounters there is worse even than what he's fled, the startling quest for the second life provides some of the funniest scenes in all of Roth's fiction. With the serious playfulness and extravagant insistence characteristic of his work, Roth, in his fourteenth published book, presents an astonishing antithesis to *The Magic Mountain*: *The Anatomy Lesson* is a great comedy of illness. Roth's strength has always been the ability to depict the boisterous, the farcical, and the extreme in human behavior while revealing at the same time a world that immediately strikes the reader as real--what the English critic Hermione Lee has called, in writing of Roth's career, "a manner at once...brash and thoughtful...lyrical and wry, which projects through comic expostulations and confessions of the speakers a knowing, humane authority." *The Anatomy Lesson* is one of Roth's finest achievements in this vein.

The Ghost Writer

Apocalypse shapes the experience of millions of Americans. Not because they face imminent cataclysm, however true this is, but because apocalypse is a story they tell themselves. It offers a way out of an otherwise irredeemably unjust world. Adherence to it obscures that it is a story, rather than a description of reality. And it is old. Since its origins among Jewish writers in the first centuries

BCE, apocalypse has recurred as a tempting and available form through which to express a sense of hopelessness. Why has it appeared with such force in the US now? What does it mean? This book argues that to find the meaning of our apocalyptic times we need to look at the economics of the last five decades, from the end of the postwar boom. After historian Robert Brenner, this volume calls this period the long downturn. Though it might seem abstract, the economics of the long downturn worked its way into the most intimate experiences of everyday life, including the fear that there would be no tomorrow, and this fear takes the form of 'neoliberal apocalypse'. The varieties of neoliberal apocalypse--horror at the nation's commitment to a racist, exclusionary economic system; resentment about threats to white supremacy; apprehension that the nation has unleashed a violence that will consume it; claustrophobia within the limited scripts of neoliberalism; suffocation under the weight of debt--together form the discordant chord that hums under American life in the twenty-first century. For many of us, for different reasons, it feels like the end is coming soon and this book explores how we came to this, and what it has meant for literature.

The Anatomy Lesson

Let it be said, Philip Roth was never uncontroversial. From his first book, Roth scandalized literary society as he questioned Jewish identity and sexual politics in postwar America. Scrutiny and fierce rebukes of the renowned author, for everything from chauvinism to anti-Semitism, followed him his entire career. But the public discussions of race and gender and the role of personal history in fiction have deepened in the new millennium. In his latest book, Jacques Berlinerblau offers a critical new perspective on Roth's work by exploring it in the era of autofiction, highly charged racial reckonings, and the #MeToo movement. The Philip Roth We Don't Know poses provocative new questions about the author of *Portnoy's Complaint*, *The Human Stain*, and the Zuckerman trilogy first by revisiting the long-running argument about Roth's misogyny within the context of #MeToo, considering the most current perceptions of artists accused of sexual impropriety and the works they create, and so resituating the Roth debates. Berlinerblau also examines Roth's work in the context of race, revealing how it often trafficked in stereotypes, and explores Roth's six-decade preoccupation with unstable selves, questioning how this fictional emphasis on fractured personalities may speak to the author's own mental state. Throughout, Berlinerblau confronts the critics of Roth—as well as his defenders, many of whom were uncritical friends of the famous author—arguing that the man taught us all to doubt "pastorals," whether in life or in our intellectual discourse.

American Literature and the Long Downturn

"In 1951, the second year of the Korean War. A studious, law-abiding, intense youngster from Newark, New Jersey, Marcus Messner, is beginning his sophomore year on the pastoral, conservative campus of Ohio's Winesburg College. And why is he there and not at a local college in Newark where he originally enrolled? Because his father, the sturdy, hard-working neighborhood butcher, seems to have gone mad - mad with fear and apprehension of the dangers of adult life, the dangers of the world, the dangers he sees in every corner for his beloved boy. So Marcus leaves and, far from home, has to find his way amid the customs and constructions of another American world. Indignation is the story of a young man's education in life's terrifying chances and bizarre obstructions. It is a story of inexperience, foolishness, intellectual resistance, sexual discovery, courage and error, told with all the inventive energy and wit Roth has at his command." -- Book cover.

The Philip Roth We Don't Know

An excellent account and reflection on each diverse stage of Philip Roth's 50-year career.

Indignation

Returning to his hometown to find that all has changed, Nathan Zuckerman - incontinent and impotent - comes back to New York, the city he left eleven years before. Walking the streets he quickly makes several connections that explode his carefully protected solitude. In a rash moment, he offers to swap homes with a young couple. And from the moment he meets them, Zuckerman wants to exchange his solitude for the erotic allure of the young woman Jamie, who draws him back to all that he thought he had left behind: intimacy, and the play of heart and body. Suddenly involved, as he never wanted or intended to be involved again, with love, mourning, desire and animosity, Zuckerman plays out an interior drama of vivid and poignant possibilities.

The Major Phases of Philip Roth

Life, liberty, and the pursuit of happiness: these words have long represented the promise of America, a “shimmering vision of a fruitful country open to all who come, learn, work, save, invest, and play by the rules.” In 2004, Cal Jillson took stock of this vision and showed how the nation’s politicians deployed the American Dream, both in campaigns and governance, to hold the American people to their program. “Full of startling ideas that make sense,” NPR’s senior correspondent Juan Williams remarked, Jillson’s book offered the fullest exploration yet of the origins and evolution of the ideal that serves as the foundation of our national ethos and collective self-image. Nonetheless, in the dozen years since *Pursuing the American Dream* was published, the American Dream has fared poorly. The decline of social mobility and the rise of income inequality—to say nothing of the extraordinary social, political, and economic developments of the Bush and Obama presidencies—have convinced many that the American Dream is no more. This is the concern that Jillson addresses in his new book, *The American Dream: In History, Politics, and Fiction*, which juxtaposes the claims of political, social, and economic elite against the view of American life consistently offered in our national literature. Our great novelists, from Nathaniel Hawthorne and Herman Melville to John Updike, Philip Roth, Toni Morrison, and beyond highlight the limits and challenges of life—the difficulty if not impossibility of the dream—especially for racial, ethnic, and religious minorities as well as women. His book takes us through the changing meaning and reality of the American Dream, from the seventeenth century to the present day, revealing a distinct, sustained separation between literary and political elite. The American Dream, Jillson suggests, took shape early in our national experience and defined the nation throughout its growth and development, yet it has always been challenged, even rejected, in our most celebrated literature. This is no different in our day, when what we believe about the American Dream reveals as much about its limits as its possibilities.

Goodbye, Columbus

An anthology of selections from eight of Philip Roth’s early novels, with a definitive version of *The Breast* and the previously uncollected story *Novotny’s Pain*, alongside the essay-story *Looking At Kafka*.

Exit Ghost

Boys’ Secrets and Men’s Loves is the memoir of a law professor who has written over twenty books on the basic rights of American constitutionalism. He has been a prominent advocate of gay rights and feminism, which joins men and women in resistance. A gay man born into an Italian American family in New Jersey, he relates in this book his own experience on how the initiation of boys into patriarchy inflicts trauma, leading them to mindlessly accept patriarchal codes of masculinity, and how (through art, philosophy, and experience—including mutual love) he and others (straight and gay men) come to join women in resisting patriarchy through the discovery of how deeply it harms men as well as women.

The American Dream

A book like this is long overdue because not many are aware of the numerous intersections between Philip Roth's fiction and world literature. In highlighting these intersections and uneasy passages, this comparative approach offers an important contribution to Philip Roth studies as well as to comparative literary study in general. The fourteen chapters on this book summon Roth's intertextual links to authors ranging from the anonymous writer of the medieval play *Everyman*, through Thoreau, Hawthorne, Crane, Ellison, Coover, and the New York intellectuals in the United States, to Swift, Chekhov, Svevo, Kafka, Schulz, Gombrowicz, Camus, and Klíma in Europe, and on to Coetzee in South Africa. The book does not deal with all the works in Roth's canon, but it offers a selection of works representing the different stages of Roth's development as a writer. By offering new readings of both well-studied and lesser-studied works, sometimes in unexpected company, the book discloses the critical difference that comparative scholarship can affect. The uneasy passages the book opens will not exhaust the numerous intersections between Roth and the work of other writers. The book's contribution is to place Roth's fiction firmly in a larger transnational context. Far from insular, Roth's work appears as deeply rooted in the American canon while at the same time showing a remarkable openness, a persistent need for contact with his European forebears, and true engagement with contemporary world literature. The transnational perspective of the book makes it important for the rapidly growing field of transatlantic and transnational American studies. The book will be value to collections in American literature and Jewish studies, comparative literature and criticism, and transatlantic and transnational American studies.

A Philip Roth Reader

From William Dickson's *Rip Van Winkle* films (1896) to Baz Luhrmann's big-budget production of *The Great Gatsby* (2013) and beyond, cinematic adaptations of American literature participate in a rich and fascinating history. Unlike previous studies of American literature and film, which emphasize particular authors like Edith Wharton and Nathaniel Hawthorne, particular texts like *Moby-Dick*, particular literary periods like the American Renaissance, or particular genres like the novel, this volume considers the multiple functions of filmed American literature as a cinematic genre in its own right-one that reflects the specific political and aesthetic priorities of different national and historical cinemas even as it plays a decisive role in defining American literature for a global audience.

Boys' Secrets and Men's Loves:

Making and Seeing Modern Texts explores the poetics of texts through a close reading and analysis across the genres of poetry, drama, fiction, non-fiction travel literature and theory. This volume demonstrates that prose, as much as poetry, share the making and seeing of language, literary practice, and theory. Genre, then, is presented as a guide that crosses multiple boundaries. This volume selects different ways to examine texts, discussing Michael Ondaatje's early poetry and examining narrative in Philip Roth's *The Human Stain*. The book examines images in poetry, narrative in fiction, prefaces in non-fiction, metatheatrical drama, and attempts to see the modern and postmodern in theory, all of which show us the complexities of modernity or later modernity. One of the innovations is that the author, a literary critic/theorist, poet and historian, takes his training in practice and theory and shows, through examples of each, how language operates across genres.

Philip Roth and World Literature: Transatlantic Perspectives and Uneasy Passages

The first book in many years to take in the full sweep of national fiction, *The Dream of the Great American Novel* explains why this supposedly antiquated idea continues to thrive. It shows that four G.A.N. "scripts" are keys to the dynamics of American literature and identity--and to the myth of a nation perpetually under construction.

My Life as a Man

Julius Schlesinger, aspiring SS officer, has received orders to remove from the roof of Prague's concert hall the statue of the Jewish composer Felix Mendelssohn. But which of the figures adorning the roof is the Jew? Remembering his course on racial science, Schlesinger instructs his men to pull down the statue with the biggest nose. Only as the statue they have carefully chosen begins to topple does he recognize that it is not Mendelssohn; it is Richard Wagner. Thus begins a story of disarming simplicity that traces the transformation of ordinary lives in Nazi-occupied Prague. Death abetted by the petty

malevolence of Nazi functionaries wins all the battles but ultimately loses the war, defeated by the fragile flowering of courage and defiance.

The History of American Literature on Film

Jewish Anxiety and the Novels of Philip Roth argues that Roth's novels teach us that Jewish anxiety stems not only from fear of victimization but also from fear of perpetration. It is impossible to think about Jewish victimization without thinking about the Holocaust; and it is impossible to think about the taboo question of Jewish perpetration without thinking about Israel. Roth's texts explore the Israel-Palestine question and the Holocaust with varying degrees of intensity but all his novels scrutinize perpetration and victimization through examining racism and sexism in America. Brett Ashley Kaplan uses Roth's novels as springboards to illuminate larger problems of victimization and perpetration; masculinity, femininity, and gender; racism and anti-Semitism. For if, as Kaplan argues, Jewish anxiety is not only about the fear of oppression, and we can begin to see how these anxieties function in terms of fears of perpetration, then perhaps we can begin to unpack the complicated dynamics around the line between the Holocaust and Israel-Palestine.

Making and Seeing Modern Texts

'He captures better than anyone the collision of public and private, the intrusion of history into the skin, the pores of every individual alive' Guardian 'Though on the morning after the election disbelief prevailed, especially among the pollsters, by the next everybody seemed to understand everything...' When celebrity aviator, Charles A. Lindbergh, wins the 1940 presidential election on the slogan of 'America First', fear invades every Jewish household. Not only has Lindbergh blamed the Jews for pushing America towards war with Germany, he has negotiated an 'understanding' with the Nazis promising peace between the two nations. Growing up in the 'ghetto' of Newark, Philip Roth recounts his childhood caught in the stranglehold of this counterfactual nightmare. As America sinks into its own dark metamorphosis and Jewish families are torn apart, fear and uncertainty spread. Who really is President Lindbergh? And to what end has he hijacked America? _____

'Many passages in *The Plot Against America* echo feelings voiced today by vulnerable Americans - immigrants and minorities as alarmed by Trump's election as the Jews of Newark are frightened by Lindbergh's' New Yorker **ONE OF THE GUARDIAN'S 100 BEST BOOKS OF THE 21st CENTURY**

The Dream of the Great American Novel

How do we approach other people's pain? This question is of crucial importance to the humanities, particularly literary and cultural studies, whenever they address narratives of terror and genocide, injustice and oppression, violence and trauma. Talking about other people's pain inevitably draws attention to the ethical dimension involved in acknowledging stories and histories of violence while avoiding an appropriation - by the reading public, literary critics or cultural historians alike - of the traumatic experiences themselves. The question of how to do justice to the other's pain calls for an academic response that reflects as much on its own status as ethical agent as on literary expression and philosophical accounts or theoretical descriptions. This volume therefore explores the theoretical framework of trauma studies and its place within academic discourse and society, and examines from a multidisciplinary perspective the possibilities and limitations of trauma as an analytical category. A variety of case studies on individual and collective traumatic experiences as portrayed in literature and art highlight the ethical implications involved in the production, reception and analysis of other people's pain.

Mendelssohn is on the Roof

This volume provides newly commissioned essays from leading scholars and critics on the social and cultural history of the novel in America. It explores the work of the most influential American novelists of the past 200 years, including Melville, Twain, James, Wharton, Cather, Faulkner, Ellison, Pynchon, and Morrison.

manifest.

A new born child

a child with blue eyes

a miracle child

Adaeze

Adaego's jealousy

Adaego and a witch doctor

Adaeze spread kindness

The voices

About Adaeze

Adaeze's sickness started

her followers gathered

Adaeze's nightmare

Adaeze sickness

her father weep

The call for Adaego

Nduka in search for solution

A visit

The gossip

Nduka returns

Adaego returns

Her father's confirmation

Adaeze walking with sticks

the angry man's question

Adaeze questioned the gods

she laid a curse

Adaego soaked in rain drops

Memories

a troublesome night

Adaego's sickness

The truth revealed

A broken curse

Night of freedom

joyful morning

Happily Ever After

The end
