## Understanding Psychology

Students First. "Understanding Psychology" is written around the philosophy that an effective textbook must be oriented to students-- informing them, engaging them, exciting them about the field, and expanding their intellectual capabilities-- because when students understand psychology, they learn psychology. No matter what brings students into the introductory course and regardless of their initial motivation, "Understanding Psychology," Eighth Edition, draws students into the field and stimulate their thinking. This revision integrates a variety of elements that foster students' understanding of psychology and its impact on their everyday lives. It also provides instructors with a fully integrated supplements package to objectively gauge their students' mastery of psychology's key principles and concepts and to create dynamic lectures.

### Understanding Psychology

These multiple-choice practice tests give you a glimpse of the type of test questions you may encounter on the material covered in an Introduction to Psychology course. The practice tests provide a sample of the types of questions that often appear on exams. Each chapter begins with a list of learning objectives to guide your studying. The questions will be similar to those found on exams, but it is doubtful an instructor would use these exact questions. For further study aids, see if your particular textbook offers a student study guide.

### Understanding psychology

THE PSYCHOLOGY OF JUDGMENT AND DECISION MAKING offers a comprehensive introduction to the field with a strong focus on the social aspects of decision making processes. Winner of the prestigious William James Book Award, THE PSYCHOLOGY OF JUDGMENT AND DECISION MAKING is an informative and engaging introduction to the field written in a style that is equally accessible to the introductory psychology student, the lay person, or the professional. A unique feature of this volume is the Reader Survey which readers are to complete before beginning the book. The questions in the Reader Survey are drawn from many of the studies discussed throughout the book, allowing readers to compare their answers with the responses given by people in the original studies. This title is part of The McGraw-Hill Series in Social Psychology.
