The Better Blow Job

Once the blow job was just considered a part of foreplay; now everyone knows it's a centerpiece of great sex. A quick glance at online dating sites is enough to see that going down is on the rise. But not everyone who claims to be a deepthroat expert really is one: the art of sucking and licking has to be learned. The Better Blow Job is a must-read for anyone who wants to be a blow job champion. Following on the success of his books, Gayma Sutra and The Bigger Bang, author Axel Neustädter opens his mouth extra wide to tell all about the secrets of deep throating: why you shouldn't eat chilies before blowing; what's so great about gagging; and why a powerful blow job can bring tears to your eyes. This richly illustrated guidebook answers these questions and many more--as usual, with personal stories, interviews with experts and lots of photographs.

The Illustrated Guide To Threesome Sexual Positions: How To Take Sex To The Next Level

First of all, in the right situation, threesomes can be a lot of fun. There is an air of play that manifests itself in a threesome that does not necessarily appear when a couple is making love. There is a lot of sexual exploration and usually a lot of laughing and giggling in a threesome. Threesomes also have a way of capturing our imaginations and our fantasies as well. A man will fantasize about being with two women. A woman will fantasize about what it is like to be with two men. Both sexes fantasize about what it is like to be with a partner from each gender at the same time. If you have had a threesome you probably had fun. If you haven't you are most likely curious. Either way, whoever you are, there is a good chance that a threesome is somewhere in your fantasy wishes. This book was designed for both people who are new to threesomes and people who are experienced. Inside you will find detailed information concerning many threesome sexual positions. Some may be familiar, however, many may never have crossed your mind. The author has compiled this work in the hopes that you can experience them all as you explore this more tantalizing and seductive realm of human sexuality. With this book, you will certainly have fun doing so!

Dr. Pam has written this book to revive the neglected art of seduction, with tips and tricks specifically designed to stimulate each of the sexual senses: touch, sight, taste, smell and hearing, as well as the sixth sense, intuition. Packed with unique seduction and sex techniques for both new and established couples, Fabulous Foreplay offers sexy, easy-to-follow advice for even the most experienced lover.

The Cunnilinguist

Going down. Eating out. Rug-munching. Speaking in tongues. No matter what you call cunnilingus, talking about it is sometimes uncomfortable and awkward—Until now. The Cunnilinguist is a refreshingly modern guide to oral sex with a sense of humor. Written by a woman with experience at both ends of the tongue, this guide will build your confidence in giving-or-receiving-oral sex. How to Give and Receive Great Oral Sex Did you know that lesbians report more orgasms than straight women and receiving oral sex can double a woman's chance of orgasm? Those are two findings from a large research study into the differences in orgasm frequency among gay, lesbian, bisexual, and heterosexual men and women. However, fear not; The Cunnilinguist has you covered. In #TheCunnilinguist... You'll learn tested tips, tricks and techniques that any giver or receiver can try. The Cunnilinguist: How To Give And Receive Great Oral Sex has insights and tips for readers from beginner to advanced, single to married, and regardless of gender or sexual orientation. You'll learn tips about how to: Find and use pleasure points Move from foreplay to oral sex Overcome fears and insecurities Make sex safe, hygienic and fun You'll learn next-level tips on how to: Change up your positions Use fingers, vibrators and dildos Incorporate roleplay or power play Spark intimacy before, during and after oral sex And you'll learn what not to do! The Cunnilinguist includes the latest scientific research alongside firsthand advice from a woman with experience on both ends of the tongue. Edited and Foreword by sexuality educator Susan Harper, PhD Selected excerpts below: What this book has turned out to be is even more exciting that I had ever hoped. Working closely with Alex to craft a guidebook that could be used by anyone who wants to learn to give or receive good cunnilingus, regardless of gender, has been an adventure. I especially loved that this book focuses on the experience of oral sex for both the giver and the receiver. I love that with The Cunnilinguist, Alex has chosen to open up the discussion to anyone who wants to give oral sex to someone with a vulva, and anyone with a vulva who wants to receive. There's such a need for writing about sex that recognizes trans, nonbinary, and intersex people, and I think this book does an elegant (and fun) job of broadening the conversation beyond cisgender bodies. The Cunnilinguist is the kind of book I wish I'd had available to my Sociology of Sexuality students. It manages to be both informative and well-researched while also being a fun, irreverent frolic. The description of the vaginal / vulvar / clitoral anatomy is worth the cover price alone, given how many people who possess these structures don't know what they're called or how they work. This refreshingly modern guide takes the business of giving and receiving pleasure seriously, but never takes itself too seriously. It's full of

orgasm-inducing tips and techniques for both giver and receiver, presented with equal doses of good humor and practical, usable information. -Susan Harper PhD The Ultimate Gift for Your Lover? Could this be the ultimate gift? Christmas, birthday or any-day gift? Man, woman, transgender; bisexual, straight, fluid; single, dating, married; polyamorous or monogamous. Regardless of gender, sexuality, relationship status or anything else, if you're someone who would like to improve your experience of giving or (and?!) receiving cunnilingus this "refreshingly modern guide" on how to please, pleasure or be pleased might just be the gift you're looking for. Enjoy!:) #TheCunnilinguist

Anyone can learn from these pages, because the author believes that everyone deserves to have great sex. "I started the book 3 hours ago and I just jammed through it. This is both a compliment as to how entertaining it was as well as how easy of a read it is. Making it gender/sexual orientation neutral was an excellent choice and I don't feel like it ever distracted me in any way. As I read through I couldn't help but think I'm going to send this to my little brother in two years when he first steps foot on a college campus as a student. This is a great accomplishment and I'm especially excited to see where you go from here with your site and whatever else you publish. I was thoroughly entertained and definitely informed." -- Jordan From The Author: "I firmly believe that sex is a fundamental need of human beings, and it's an act that should be enjoyed by everyone. I worked hard to improve my sex life. I worked through my sexual anxiety and insecurities, I made myself vulnerable, I read books just like this one, and I made some of the best memories I will ever have. Now my hope is that you will take this knowledge and apply it to your own sex life, to experience what great sex means to you." -- Michael Karp, Author of The Guide to Great Sex

The Northern Utopia

In the nineteenth century, the ancient 'filial tie' between Britain and Norway was rediscovered by a booming tourist industry which took thousands across the North Sea to see the wonders of the fjords, the fjelds, and the beauties of the North Cape. This illustrated volume, for the first time, collects together vivid – and predominantly first-hand – impressions of the country recorded by nearly two hundred British travellers and other commentators, including Thomas Malthus, Charlotte Brontë, Lord Tennyson, and William Gladstone. In a rich selection of travel writing, fiction, poetry, journalism, political speeches, and art, Norway emerges as a refreshingly natural utopia, happily free from her imperial neighbour's increasing problems with the side-effects of industrialisation. This is a fascinating examination of the people, institutions, customs, language and environment of Norway seen through the eyes of the British. Using the tools of literary and historical scholarship, Fjågesund and Symes set these perceptions in their nineteenth-century context, throwing light on such issues as progress, art and aesthetics, democracy, religion, nationhood, race, class, and gender, all of which occupied Europe at the time. The Northern Utopia will be of particular interest to students of British and Scandinavian cultural history, literature and travel writing. It will also enthrall all those who love Norway.
