When Cecily Parker volunteers backstage at the Oakwood Theater, the only thing she wants is a few hours of relief from the doldrums of her upper class suburban existence. The last thing she expects is to be reunited with the only person she ever truly loved, a woman she left behind almost twenty years ago. Rorie Mulloy has built a career as an award winning production designer in Hollywood, but her personal life is anything but a success. When she agrees to design the sets for a community theater production of A Streetcar Named Desire in Connecticut, she has no idea that the woman who broke her heart and ruined her for love will be assigned to her crew. As the sparks are rekindled between them, these star-crossed lovers just might have a second chance at a life together. But only if they can overcome the ghosts of their past, and survive the evil suburban soccer moms and reality television divas determined to keep them from their happily ever after. This book is a full-length, stand alone novel. It is the first book of a three-part series, but if this is the only one you choose to read, the story comes to a satisfying conclusion in this book. The Road Through Love and Heartbreak

I am traveling on the road of love and heartbreak, it's been a scenic journey with delays and detours. Despite the delays, I know my final destination is true love. Throughout my journey, I've loved with my whole heart. The same heart that broke into pieces when the love I desired wasn't returned. The Road Through Love and Heartbreak is a picture of my route that I paint with words. Like a Picasso painting, my poetry is beautiful works of art. Journey with me down the road of love and heartbreak.

Love at the End of the Road

At an auspicious meeting at rural dating service Table for Six, Rae meets and falls in love with Northland farmer and honest Kiwi bloke Rex Roadley. What lies ahead is not without its challenges and heartaches, and the need (on both sides) to compromise. Love at the End of the Road is a love story with a difference. Rae's charming story is beautifully written from the heart; not only does she find love with Rex, but she finds out more about herself than she ever knew. Woven through her account is the story of the great house itself at Batley and the history of the surrounding countryside. Morphing from city to rural life isn't an easy transition, but Rae simply rolls up her sleeves and gets on with it. Together, she and Rex begin to transform the charming but battered historic villa, Batley House. As their relationship settles and deepens, they pay heed to Rae's 'thundering biological clock' and consider parenthood while Rae, who lost her mother in her late teens and, soon afterwards, her way in life, continues on her path of self discovery. Rae is drawn into every aspect of life on a 400ha sheep and beef farm; from training her cattle dog Floss to slogging through the rain and mud, competing at A&P shows, catering for the hordes at the Maungaturoto Country Club, moving cattle &- including one spectacular moment in which she is mown down but unharmed by a marauding bull! Love at the End of the Road is a heart-warming, amusing and inspiring story about one woman's journey of discovery. It is also a very candid and courageous story; one that explores universal themes and delves into the 'hidden corners' of a loving relationship, revealing all its joys and tribulations. Rae writes unflinchingly about what she gives up, and gains, in her new life with Rex, and just what it means to find 'love at the end of the road'.

The Road

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, The Road is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, The Road is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

A Road Through the Mountains

From Elizabeth McGregor comes an unforgettably moving, richly layered novel with a timeless love story at its core. Beautiful, suspenseful, hauntingly erotic, A Road Through the Mountains tells of one woman's extraordinary journey to a new life with the help of the man she thought she'd lost long ago--a

journey that will take hold of your heart. Anna Russell is a talented painter and single mother. Her daughter, Rachel, is a ten-year-old whose undoubtedly gifted mind is trapped by a form of autism known as Asperger Syndrome. When a car accident leaves Anna in a coma, both their lives--and the lives of all those around them--are changed forever. Across the Atlantic, David Mortimer receives an unexpected phone call from Anna's mother. The scientist is stunned to learn that he's a father. His long-ago affair with Anna was short and intense; when she suddenly returned home to the States, David slipped into a reclusive life of research, haunted by memories of the girl who'd left him without explanation. Now he knows he must break his self-imposed isolation, go to Boston and the woman he's always loved, meet the child he never knew he had--and perhaps coax them both out of their silence. But as David attempts to put together the puzzle of Anna's life as an artist, mother, and daughter, he finds himself involved in a relationship with Anna far more intimate than he expected. Why did she leave him so many years before? Where, as she lies in a coma, is she now? And how is it that he loves this woman even after all these years? When he stumbles across Anna's mysterious fascination with the rare flowers that were once their shared passion, he and Rachel, their beautiful, sensitive child, may just have discovered how to help Anna find a way back--a road through the mountains. Lyric, tender, as fragile and enduring as love itself, *A Road Through the Mountains* draws upon its author's personal experiences and establishes Elizabeth McGregor as a major storyteller.

Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." —Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." —NPR The bestselling author of *A Gentleman in Moscow* and *Rules of Civility* and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because *The Lincoln Highway* is so different from *A Gentleman in Moscow* in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, including *The Iliad*, *The Odyssey*, *Hamlet*, *Huckleberry Finn*, and *Of Mice and Men*. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

Things I have seen and experienced through my life. There are some true things I have gone through and came back from, also a lot of bad things in the world which I do not condone I hope you enjoy

My Road Through Life

There comes a time in most people's lives when he or she asks key questions: What can I believe about God, prayer, the source of ethics, the problem of evil, the answers in which we find our own tranquility? Warning: There are no right or wrong answers. Rabbi Warshal shares his own quest but makes no claim to finding universal truth, only his personal truth. If this book helps each person find his or her own way—schlepping through life without a road map—then he would consider the book a success. The process works for readers of all religions and those with none. But he presents the topics within a Jewish context and concludes the book with relating one's conclusions to the structure of the Jewish communal life in America.

Schlepping Through Life Without a Road Map

'Life is difficult. This is a great truth, one of the greatest truths.' A timeless classic in personal development, *The Road Less Travelled* is a landmark work that has inspired millions. Drawing on the experiences of his career as a psychiatrist, Scott Peck combines scientific and spiritual views to guide us through the difficult, painful times in life by showing us how to confront our problems through the key principles of discipline, love and grace. Teaching us how to distinguish dependency from love, how to become a more sensitive parent and how to connect with your true self, this incredible book is the key to accepting and overcoming life's challenges and achieving a higher level of self-understanding.

The Road Less Travelled

Eden Beresford had no idea that the road less travelled can sometimes lead to love. Divorced and with a young son, she definitely would have steered clear of Opal Bay when her car started having problems. Grant Ridgeway, a widower with a young son, liked to keep to himself. So he didn't need an attractive divorcee turning up in town wanting help with her car. Nor did he appreciate his father's attempt at matchmaking, or his sister's offer of a job for the lovely woman. And he certainly didn't need her renting

the house next door. But could two small boys and an interfering family show Eden and Grant that love could be a journey to be treasured?

Road to Love

The road that led to Kate Bradshaw's door sometimes seemed the loneliest in the world. In the depths of the Depression, the young widow was struggling to hold on to the family farm and raise two small children. And she had only her faith to sustain her—until the day Hatcher Jones came walking up that long, lonely road. The handsome, mysterious drifter was clearly haunted by some terrible secret from his past. But the simple acts of kindness he showed Kate and her children spoke of a good heart and strong values. And she longed to make him see that there could be redemption for anyone, even him—and that all his wandering had brought him home at last.

The Road to Love

Roads have become an important concern in re-wilding talks in North America. Not the highways, but the 500,000 miles of roads built in federal forest lands to access natural resources and abandoned when the resources--timber, coal, or other minerals--were removed. This important book features a collection of essays by some of today's finest nonfiction writers, including Peter Matthiessen, David Petersen, Stephanie Mills, Phil Condon, and many more. They explore the devastation, carnage, loss of wildlands, and uselessness of the modern system of roadworks through public lands, and give ideas about how to preserve what road-less wildlands we have left. All royalties from the book will be donated to Wildlands CPR, a nonprofit organization dedicated to reviving and protecting wild places by promoting road removal, preventing road reconstruction, and limiting motorized recreation.

A Road Runs Through it

A New York Times bestseller and enduring classic, *All About Love* is the acclaimed first volume in feminist icon bell hooks' "Love Song to the Nation" trilogy. *All About Love* reveals what causes a polarized society, and how to heal the divisions that cause suffering. Here is the truth about love, and inspiration to help us instill caring, compassion, and strength in our homes, schools, and workplaces. "The word 'love' is most often defined as a noun, yet we would all love better if we used it as a verb," writes bell hooks as she comes out fighting and on fire in *All About Love*. Here, at her most provocative and intensely personal, renowned scholar, cultural critic and feminist bell hooks offers a proactive new ethic for a society bereft with lovelessness--not the lack of romance, but the lack of care, compassion, and unity. People are divided, she declares, by society's failure to provide a model for learning to love. As bell hooks uses her incisive mind to explore the question "What is love?" her answers strike at both the mind and heart. Razing the cultural paradigm that the ideal love is infused with sex and desire, she provides a new path to love that is sacred, redemptive, and healing for individuals and for a nation. The *Utne Reader* declared bell hooks one of the "100 Visionaries Who Can Change Your Life." *All About Love* is a powerful, timely affirmation of just how profoundly her revelations can change hearts and minds for the better.

My response was, He's at peace. He's whole. There is no more war going on in his mind. He looked so peaceful. It just stood to remind me of how much restraint he must have used as he was here on this earth. "Engaging hybrid - part lyrical travelogue, part investigative journalism and part jeremiad, all shot through with droll humor." --The Atlanta Journal Constitution In 1867, John Muir set out on foot to explore the botanical wonders of the South, keeping a detailed journal of his adventures as he traipsed from Kentucky southward to Florida. One hundred and fifty years later, on a similar whim, veteran Atlanta reporter Dan Chapman, distressed by sprawl-driven environmental ills in a region he loves, recreated Muir's journey to see for himself how nature has fared since Muir's time. Channeling Muir, he uses humor, keen observation, and a deep love of place to celebrate the South's natural riches. But he laments that a treasured way of life for generations of Southerners is endangered as long-simmering struggles intensify over misused and dwindling resources. Chapman seeks to discover how Southerners might balance surging population growth with protecting the natural beauty Muir found so special. Each chapter touches upon a local ecological problem—at-risk species in Mammoth Cave, coal ash in Kingston, Tennessee, climate change in the Nantahala National Forest, water wars in Georgia, aquifer depletion in Florida—that resonates across the South. Chapman delves into the region's natural history, moving between John Muir's vivid descriptions of a lush botanical paradise and the myriad environmental problems facing the South today. Along the way he talks to locals with deep ties to the land—scientists, hunters, politicians, and even a Muir impersonator—who describe the changes they've witnessed and what it will take to accommodate a fast-growing population without destroying the natural beauty and a cherished connection to nature. *A Road Running Southward* is part travelogue, part environmental cri de coeur, and paints a picture of a South under siege. It is a passionate appeal, a call to action to save one of the loveliest and most biodiverse regions of the world by understanding what we have to lose if we do nothing.

The Way I Used to Be

Born out of desire to do mission with people on social media, *The Country Road through the Book of Matthew* is a collection of short devotionals from The Country Road Facebook page that Mike Lovett authored and maintains. These daily devotionals were designed to take the reader methodically through the book of Matthew, challenging them to concentrate on small sections of Scripture in their study and prayer time. This book is not a theological treatise but rather a work of simple observations designed to spur the reader to deeper spiritual introspection. *The Country Road through the Book of Matthew* is just that, a road that travels through the entirety of Matthew with stops along the way where the reader can pause and explore on their own. Desiring to live out Paul's admonition to Timothy that all Scripture is inspired by God and useful to us, Mike keeps the reader on the road in hopes that each day will bring new growth in their relationship with Christ as they read about His birth, life, ministry, death, and resurrection. *The Country Road through the Book of Matthew* is designed to engage the reader, not with the author of the book, but with the Author of life. So bring your Bible, and your pencil, and your desire to improve your relationship with Jesus as we prepare for our journey, out on the country road!

Real love dies hard, if at all. The final chapter, in the mystery surrounding the heart-rending love story of two young, 1950s era small-town Texas lovers, is accidentally written sixty years later, by a young woman heading to Boston - seeking to mend her own broken heart. "The Promise Road," spanning lives separated by life, death, time, and space but connected by circumstance, is a love story, the way love stories were once told. There should be a category that distinguishes this story from general 'romance' novels but there is none —yet. On a day Rachel Marin would forever remember, in September of 2000,

she sat alone in her small, now empty white-fenced home in South Pasadena, California. While the stinging words of her recently divorced producer/director husband: "I married a whole wife; I deserve a whole wife," still rang in her ears, she would, within minutes, close the door to her small home for the last time, and begin an improbable journey. Rachel could not have known the path that lay before her. Within days, and miles away, fate would bring her to an unlikely intersection with a story of two young lovers from another time. During a stop in a small north-central Texas town, she would discover how their storybook lives touched so many, more than a half century earlier. This is Rachel's, and their story, and perhaps even your story. We are certain it is far more than fiction.—Once upon a time, it was 1955. Eisenhower ('Ike') was President; a stamp cost three cents; Popsicles came two to a package; Elvis was twenty; and against all odds, young David Joe Fallon, Jr. and Jessie Marie Taylor were in love. The End. And the story may well have ended there, were it not for the latter. It has been said: "few younger than twenty or so could possibly know true love." That may be true for most, but not for Jessie Marie and David Joe, both lived in Rosedale—a small, north-central Texas town—back in the 1950s. First taken with each other at age nine, these love-struck youngsters would grow to profess a love so deep, that in their hearts and minds it transcended life itself. And despite Cyrus Ecclesiastes Taylor's success in keeping his daughter and David Joe apart, there was never any doubt these two lived and breathed each other. Not much else mattered to them. Taylor's actions, born of his intense hatred for David Joe's father, only served to steel the young lovers' vows to love each other forever. Theirs was a love cloaked with an aura of destiny, imbued with an air of inevitability. Most everyone in Rosedale knew that to be fact. What they sacrificed and suffered, to nurture their love, accounts for their indelible place in the hearts of all who know their story. And there could only have been one Jessie Marie and David Joe. Townsfolk, who were alive then, still speak of them in mythical tones. No true love story can rightly be told without the mention of their names, and the storybook lives they shared. David Joe and Jessie Marie live on. And nearly fifty years later, the world beyond their part of Texas may never have known of, and been inspired by them, except for events half a country and nearly half a century away in southern California.

My only travel option? The second to last seat on a discount bus. Across from the bathroom. Wearing last night's clothes (don't ask). All worth it if I can make it in time. Turns out he's on his way to reconnect with an old flame. The one that got away. We can both make it on time - just barely - if the traffic keeps flowing. Playing road-trip games, avoiding calls from his mother, and effortless conversation keeps us from clockwatching . . . until the bus breaks down. And my seatmate turns into my copilot as we wrangle a ride in a car three decades old. And hit all the traffic. And oh, Lord, the detours.
