The Pet Sitter: Beware the Werepup and other stories

When animal lover Max sets up his pet-sitting business, he finds himself looking after some VERY unusual pets . . . Max has to contend with a werepup who can only be walked at night, a parrot whose practical jokes land them both in serious trouble, a time-travelling dormouse, and a talking cat with way too much attitude. Max's pet-sitting abilities are put to the test in these hilarious adventures. In this brilliant story collection all four The Pet Sitter books are brought together for the very first time. Prepare to meet some bizarre pets whose antics will make you laugh out loud! You'll never look at your pet in quite the same way again . . .

The Pet Sitter: Beware the Werepup

Max loves animals but his sneezy, allergic sister means no family pets. He's so happy when he realizes he can be a pet sitter. But with every new job he takes on there's always something a bit odd about the pet owner, which he can never put his finger on initially. Witches, fairies, goblins, mermaids – why can't he pet sit for an ordinary pet owner? Max has to pet sit for a cute young werepup, owned by a not-cute old wizard. Fang has a bit of an odd name but he seems cuddly enough. Max's main priority is to make sure he takes Fang on his walkies secretly – as pets are not allowed in the wizard's apartment block. Max has everything under control until on one secret walk the clouds part and a full moon pops out...

The Pet Sitter: Beware the Werepup

"Max can't wait to pet-sit for Fang, a cute little puppy. But Max discovers Fang isn't so cuddly when there's a full moon. How will Max cope with Fang now?" -publisher.

Beware the Were-puppy

Max's job pet-sitting for Ned Nettles' werepuppy, Fang, becomes more difficult when he discovers that he has to keep Fang a secret from Mrs. Crab, the caretaker of Ned's building, who does not allow pets.
