Fronting a country and western band called Bar-X Boys, Jack Linden wants out. The road is a bitch. Bed bugs and Gideon Bibles. Honky-tonks and tricks. He asks a talented kid thirteen years his junior to fill in on guitar for what he hopes will be the band's last hurrah, last tour. Pecos Farley welcomes the opportunity to hear his songs played live and to stretch his songwriting abilities with Jack. He puts his first year of college and girlfriend Ruth on hold. Can Ruth find solace elsewhere? Pecos does have a twin brother, Gila. Sharing lives, beds, and bodies and collaborating on songs, Pecos and Jack find themselves popular on the podunk circuit. Unexpectedly a single song catapults them to the heights of the politically-oriented rock music scene, and they become heroes of the anti-Vietnam war movement as well as rock stars. Pecos, influenced by zealous Students for a Democratic Society, begins thinking like them, spouting their rhetoric. Jack begins to feel he's just along for the ride, a hypnotic with guitar. The relationship is floundering on a more personal level as well, each knowing an inevitable split is coming, neither guessing how final and traumatic it will be.

Offers the first queer reading of all ten of Morrison's novels. Toni Morrison and the Queer Pleasure of Ghosts radically intervenes in one of the most established and sacred topics in Toni Morrison scholarship, love. Moving beyond Morrison's representation of ghosts as the forgotten or occluded past, Juda Bennett uncovers how Morrison imagines the spectral sphere as always already queer, a provocation and challenge to heteronormativity—with the ghost appearing as an active participant in disruptions of compulsory heterosexuality, as a figure embodying closet desires, or as a disembodied emanation that counterpoints homophobia. From *The Bluest Eye* to *Home*, Morrison's novels have included many queer ghosts that challenge our most cherished conceptions of love and speak to cultural anxieties about black sexualities, gay marriage, AIDS, lesbian visibility, and transgender identities. Not surprisingly, the scene-stealing ghost *Beloved* appears at the very heart of this book, but Bennett cautions against interpretative stasis, inviting readers to break free of the stranglehold *Beloved* has had on imaginations, so as not to miss the full force of Morrison's lifelong project to queer love. Juda Bennett is Associate Professor of English at the College of New Jersey and author of *The Passing Figure: Racial Confusion in Modern American Literature*.

True Tales of Ghosts

The Institute has successfully reanimated the body of Bayou Savage from his 200-year quantum suspension. The scientists, beleaguered by a wimpy, arrogant bureaucrat, have no idea of the unholy hell that is following Bayou into the year 2206. The opening of the portal paved an eight-lane highway for the banshees, ghosts and ghouls that spent the last 200 years in an Alcatraz dimension. The prison doors have opened and the miscreant souls are thirsty for blood and revenge. What's left of the world, from the Religious Wars of 2012, is about to be ravished by the Magi and his hoards from Hades. The only good news is that Leslie Quinn, a formidable psychic, unrestricted by conventional dimensions, has brought Razor Savage, Quirk, and Mist to the battlefield. Bayou's famous ghostfighting father, the first director of The Institute and Bayou's daughter will be able to lend a hand in the ghost wars that are coming hard and fast on the heels of what appeared to be a harmless experiment in resuscitation. Follow us now into an unknown world of bloodthirsty phantoms, a mystical guitar talisman and the ghost warriors come to save the planet. Will they succeed?

Keep Believing was written after constant conviction that "God's stories needed to be told." Authentic and phenomenal stories have been collected from credible people of all denominations. While our material world continues to grow in secularization, we need to be reminded that God will continue. Life is a challenging and unpredictable journey. When we believe we are alone, our choices seem limited and useless. Knowing God is an everyday part of our lives can redirect our thoughts to higher and more rewarding choices. This book is proof that God, spirits, and angels are a part of our world. These short stories and testimonies will help us all to remember that God is orchestrating our lives daily. Some of his interventions are subtle while others are bold. Knowing God is there protecting, guiding, and manipulating our paths gives our lives new meaning. We will be reminded that we coexist with both good and evil forces. Which forces we choose and allow to influence our lives depends on the way we are living. This book will leave you with a peaceful feeling and a knowledge that we are never alone; it will be a reminder to choose your path wisely and always keep believing.

A Guide to the Ghosts of Lincoln, New Edition

The freaks, losers and weirdos, that's what they called us. We were the disaffected youth of the '70s, some in our late teens, some a little older, bored, curious and adventurous. That's who we were. Most of us too young to be a part of the quote-unquote hippie youth movement, but old enough to know we're not interested. Part of a generation that dug The Munsters, go-go boots, the Monkees more than the Beatles, the Yardbirds, yet have disdain for Clapton. The boring '70s, as written by the media, untrue. Then as now, radio and the so-called major record labels feed pabulum to the masses, packaged and sold as rebellion. Lost in the confusion. Being young and living up to the expectations of our parents and grandparents who saved the world for democracy, our time was upon us.

Baseball and ghost stories are as American as apple pie. Haunted Baseball combines both with this fun and freaky collection of otherworldly yarns. Collected from baseball players, stadium personnel, umpires, front-office folks, and fans, the tales told here explore the spooky connection between baseball and the paranormal, including Babe Ruth sightings at a former brothel, the Curse of the Billy Goat that still haunts the Chicago Cubs, of hidden passageways within the depths of Dodger Stadium, and of the spirits of legendary stars that inspire modern-day players at Yankee Stadium. We hear why Johnny Damon believes in ghosts, and how the memories of a 9/11 hero inspired Ken Griffey Jr. to hit a home run against the Phillies—a team against which he'd never even gotten a hit! There's the story of how Sam Rice settled a decades-old baseball controversy with a message from beyond the grave, and how the late Roberto Clemente had premonitions of his own death in a plane crash. With a wealth of

anecdotes that have never before been told before, the authors present an entertaining and eerie look at our national pastime.

Can we really bend spoons with our minds? Do regular people have prophetic dreams? Can spirits speak to us from beyond? What does it really mean to be "enlightened?" How you can develop "healing hands." Author Thomas Lyons has seen it all and shares hundreds of stories of mystical experience.

Our Indifferent Universe

This book addresses the narrative construction of places, the relationship between tradition communities and their environments, the supernatural dimensions of cultural landscapes and wilderness as they are manifested in European folklore and in early literary sources, such as the Old Norse sagas. The first section "Explorations in Place-Lore" discusses cursed and sacred places, churches, graveyards, haunted houses, cemeteries, grave mounds, hill forts, and other tradition dominants in the micro-geography of the Nordic and Baltic countries, both retrospectively and from synchronous perspectives. The supernaturalisation of places appears as a socially embedded set of practices that involves storytelling and ritual behaviour. Articles show, how places accumulate meanings as they are layered by stories and how this shared knowledge about environments can actualise in personal experiences. Articles in the second section "Regional Variation, Environment and Spatial Dimensions" address ecotypes, milieu-morphological adaptation in Nordic and Baltic-Finnic folklores, and the active role of tradition bearers in shaping beliefs about nature as well as attitudes towards the environment. The meaning of places and spatial distance as the marker of otherness and sacrality in Old Norse sagas is also discussed here. The third section of the book "Traditions and Histories Reconsidered" addresses major developments within the European social histories and mentalities. It scrutinizes the history of folkloristics, its geopolitical dimensions and its connection with nation building, as well as looking at constructions of the concepts Baltic, Nordic and Celtic. It also sheds light on the social base of folklore and examines vernacular views toward legendry and the supernatural.

The culmination of Brad Steiger's 50 years of paranormal research, this book is a bold telling of true ghost stories and firstperson encounters with the supernatural. Arranged topically, it covers every sort of ghost and haunting: poltergeists, shadow beings, and phantoms alongside haunted apartments, hotels, and trains. From ghosts that still haunt Ohio's State Reformatory, otherwise known as Shawshank, to Abe Lincoln's regular consultation with mediums, this compendium delves into the true scary stories from both historical documents and personal accounts. In its 30 chapters, spirits represented include the good ("Ghosts that Saved Lives"), the bad ("Invisible Home Wreckers"), and the ugly ("Demonic Spirits That Whisper Commands to Kill"). The book goes on to unearth the ghastly goings-on and macabre manifestations at haunted places such as museums, churches, graveyards, restaurants, and sacred sites while also instructing how to perform a cleansing ritual to rid a home of unwanted spectral visitors. This second edition is updated to include new stories and compelling evidence of both the existence of ghosts and proof of hauntings that will entertain, induce chills, and make the doubtful believe.

The Very Bad Fairgoods - the COMPLETE boxset collection

Blacklight's recent tour has been rough on guitarist JP Kinkaid: a heart attack in Boston and a significant ramp-up of his multiple sclerosis have left him more physically fragile than usual. With the tour over, JP is relaxing by sitting in as second guitarist for a new CD by his longtime local friends, the Bombardiers. The Bombardiers are breaking in a new frontman, singer/guitarist Vinny Fabiano. Self-absorbed and abrasive, Vinny is new to the Bay Area music scene. All anyone seems to really know about him is that he has some very expensive instruments, but no obvious source of income to pay for them. A few weeks into the sessions, Vinny is found dead in the Bombardiers' rehearsal space, smashed over the head with a custom guitar. The murder leaves the Bombardiers--who are already in hot water with their record label--without a singer or a regular guitar player. JP, calling in a favor, asks Blacklight's legendary frontman, Malcolm “Mac” Sharpe, to step in and sub for Vinny. But then Vinny's cousin and guitar tech is found murdered in Marin County, and Vinny's most valuable guitar---a \$75,000 custom Zemaitis pearl-top--is missing. In the second book of this exciting, atmospheric series, Deborah Grabien shares her insider knowledge of the world of rock 'n' roll, spinning a terrific mystery in the process.

After three ghosts, it looks like things might be going back to normal for Anderson and his friends Greg and Julie. It's been a while since any ghosts have shown up, and the most annoying things lately are the loud barking dogs at the Dogs and Suds pet-grooming shop next door to the Kitchen Sink. They've been barking nonstop for days, and it's making band practice impossible. But maybe the dogs know something the friends don't . . . Because suddenly a ghost does appear! From what Anderson can tell, it looks like the ghost is a teenage Union soldier from the Civil War, and he looks terrifying. But this ghost is different from the others: He's demanding to know what happened to his brother, who was also enlisted in the Union army. It's a mystery that's over a hundred and fifty years old, and there are very few clues. What will happen to Anderson, Greg, and Julie if they can't solve this one in time?
