Drink this

Counsels beginning-level oenophiles on how to cultivate wine knowledge by developing one's personal tastes, in a Q&A guide that explores such topics as wine styles, ordering wines in restaurants, and how to identify good vintages.

Drink This

Ever been baffled by a wine list, stood perplexed before endless racks of bottles at the liquor store, or ordered an overpriced bottle out of fear of the scathing judgment of a restaurant sommelier? Before she became a James Beard Award—winning food and wine writer, Dara Moskowitz Grumdahl experienced all these things. Now she presents a handy guide that will show you how to stop being overwhelmed and intimidated, how to discover, respect, and enjoy your own personal taste, and how to be whatever kind of wine person you want to be, from budding connoisseur to someone who simply gets wine you like every time you buy a bottle. Refreshingly simple, irreverent, and witty, Drink This explains all the insider stuff that wine critics assume you know. It will teach you how to taste and savor wine, alone, with a friend, or with a group. And perhaps most important, this book gives you the tools to learn the only thing that really matters about wine: namely, figuring out what you like. Grumdahl draws on her own experience and savvy and interviews some of the world's most renowned critics, winemakers, and chefs, including Robert M. Parker, Jr., Paul Draper, and Thomas Keller, who share their wisdom about everything from pairing food and wine to the inside scoop on what wine scores and reviews really mean. Readers will learn how to master tasting techniques and understand the winemaking process from soil to cellar. Drink This also reveals how to get your money's worth out of wine without spending

all you've got. At last there's a reason for wary wine lovers to raise a glass in celebration. Savor the insider's viewpoint and straight talk of *Drink This*, and watch your intimidation of wine transform into well-grounded, unshakeable confidence.

Great Wine Made Simple

Immer, the young, hip Master Sommelier and corporate director of beverage programs for Starwood Hotels and Resorts, cuts through all the winespeak to help readers learn more about wine.

Great Wine Made Simple

The updated edition of the classic introduction to wine for everyone, by Master Sommelier Andea Immer Robinson. *Great Wine Made Simple* established Andrea Immer Robinson as America's favorite wine writer. Avoiding the traditional and confusingly vague wine language of "bouquet" and "nose," it instead discussed wine in commonsense terms. Now, thoroughly revised, this edition lives up to its title by making selecting and enjoying wine truly straightforward. You will never again have to fear pricey bottles that don't deliver, snobby wine waiters, foreign terminology, or encyclopedic restaurant wine lists. You'll be able to buy or order wine with confidence—and get just the wine you want—by learning the "Big Six" basic styles (which comprise 80 percent of today's top-selling wines), how they taste, how to read any wine label, and how to pick a wine off a restaurant menu. Ten new flavor maps show what to expect from climates around the world. A refreshing blend of in-depth knowledge and accessibility, *Great Wine Made Simple* is a welcome resource for those who are intrigued by wine but don't know where to start and makes it easy to master the ins and outs of choosing a wine that you and your guests will love—on any budget.

Red and White

From the world-renowned sommelier Aldo Sohm, a dynamic, essential wine guide for a new generation **NAMED ONE OF THE BEST COOKBOOKS OF THE YEAR BY FOOD52** Aldo Sohm is one of the most respected and widely lauded sommeliers in the world. He's worked with celebrated chef Eric Ripert as wine director of three-Michelin-starred Le Bernardin for over a decade, yet his philosophy and approach to wine is much more casual. Aldo's debut book, *Wine Simple*, is full of confidence-building infographics and illustrations, an unbeatable depth of knowledge, effusive encouragement, and, most important, strong opinions on wine so you can learn to form your own. Imbued with Aldo's insatiable passion and eagerness to teach others, *Wine Simple* is accessible, deeply educational, and lively and fun, both in voice and visuals. This essential guide begins with the fundamentals of wine in easy-to-absorb hits of information and pragmatic, everyday tips—key varietals and winemaking regions, how to taste, when to save and when to splurge, and how to set up a wine tasting at home. Aldo then teaches you how to take your wine knowledge to the next level and evolve your palate, including techniques on building a "flavor library," a cheat sheet to good (and great) vintages (and why you shouldn't put everything on the line for them), tips on troubleshooting tricky wines (corked? mousy?), and, for the daring, even how to saber a bottle of champagne. This visual, user-friendly approach will inspire readers to have the confidence, curiosity, and enthusiasm to taste smarter, drink boldly, and dive headfirst fearlessly into the exciting world of wine.

Wine Made Simple

The supposed "scary" and "difficult" subject of wine is broken down so anybody can learn and understand wine with just a few quick reads.

Wine Simple

The presumed mystery" of liturgical functions is swept away as Searle gives basic, practical steps leading to an effective liturgy. Chapters include: 1) What is Liturgy? 2) The Liturgy of the Word 3) the Liturgy of the Eucharist 4) Planning the Liturgy

Wine Made Easy

"The author of *Great Wine Made Simple*" now adds great eating to her repertoire, showing how to enhance the flavor of even the most casual meals with winning wine selections. Most wine experts' advice on wine and food pairings consists of rigid rules that apply largely to haute cuisine and luxury wines. But, in her trademark accessible style, Andrea Immer now takes the mystery out of

choosing wine for food-and vice versa. "Great Tastes Made Simple unlocks the secrets of basic food tastes-sweet, earthy, savory, buttery, tart, and spicy-and their particular wine affinities. Giving even ordinary meals extraordinary flavor, Immer shows readers how to bring the flavor alchemy of wine to everyday fare from burgers (with Zinfandel) to macaroni and cheese (with Rioja Crianza). She calls Pinot Grigio her "tuna helper" and likes barbecued brisket with Valpolicella. There's also plenty of more sophisticated eating, including smoked salmon and Riesling; asparagus hollandaise and Champagne; wild mushroom risotto and California Pinot Noir, to name a few upscale matches. In fact, there isn't a food or category of food-including a panoply of cheeses, ethnic foods, and desserts-for which Immer doesn't provide a match and the reasons why they work so well. Chart of mouthwatering pairings and an easy-to-use index make finding wonderful wine and food combinations a snap. Who will have the last word on wine, if not Jamie Goode? Over the last decade, Goode has embarked on almost nonstop travel through the world's vineyards in an effort to understand the beautifully diverse and complicated world of wine. His hard-nosed pursuit of the most interesting stories to tell about wine has led us here, to The Goode Guide to Wine. This book—a sort of manifesto—distills many of the observations, lessons, and opinions that have made Jamie Goode a renowned voice within the wine world. In a series of short, pithy, and often rather blunt chapters, he celebrates what is exciting and interesting about wine, asks how we could do things better, and points out some of the absurdities of wine culture. Jamie Goode has a distinct philosophy when it comes to wine, and he knows you may disagree; if you do, that means it's working. Choosing the right wine - for you, for a gift, at a restaurant - can be quite intimidating. Could it be made easier? Does the wine list at the restaurant seem like rocket science to you? Do you find yourself

panicking at the store and picking the wine with the prettiest label? Have you been disappointed by the wine you bought that way? Well, we probably all have made the mistake of getting the wrong kind of wine. It's not too bad if you bought the bottle for yourself and decided you hated it. But what if you bought a sweet red wine as a gift only to find out the recipient's tastes are different? That's a decent portion of embarrassment right there... A well-picked wine can make or break a meal, too. Forgetting the rules like "only whites for fish"

Wine is now one of the most popular drinks in the world. Many wine drinkers wish they knew more about it without having to understand every detail or go on a wine course. In *The 24-Hour Wine Expert*, Jancis Robinson shares her expertise with authority, wit and approachability. From the difference between red and white, to the shape of bottles and their labels, descriptions of taste, colour and smell, to pairing wine with food and the price-quality correlation, Robinson helps us make the most of this mysteriously delicious drink.

Wine Basics

The remarkable saga of the wine and people of Beaujolais and Georges Duboeuf, the peasant lad who brought both world recognition. Every third week of November, wine shops around the world announce "Le Beaujolais Nouveau est arrivé" and in a few short weeks, over seven million bottles are sold and drunk. Although often scorned by the wine world's snob set, the annual delivery of each year's new Beaujolais wine brings a welcome ray of sunshine to a morose November from New York to Tokyo. The surprising Cinderella tale behind the success of Beaujolais Nouveau captures not just the story of a wine but also the history of a fascinating region. At the heart of this fairy tale is the peasant wine grower named Georges Duboeuf, whose rise as the undisputed king of Beaujolais reads like a combination of suspenseful biography and luscious armchair travel. *I'll Drink to That* transports us to the unique corner of France where medieval history still echoes and where the smallholder peasants who made Beaujolais wines on their farms battled against the contempt of the entrenched Burgundy and Bordeaux establishment. With two bottles of wine in his bike's saddlebag, young Duboeuf set out to revolutionize the stodgy wine business, becoming the richest and most famous individual wine dealer in France. But this is more than one man's success story. As *The Perfectionist* used Bernard Loiseau to tell the layered history of French haute cuisine, here Chelminski uses Duboeuf's story to paint the portrait of the often endearing, sometimes maddening but always interesting inhabitants of a little-known corner of France, offering at the same time a witty, panoramic view of the history of French winemaking.

Wine Decoded

A paean to authentic wines, describing their fundamental qualities and their power to improve and enrich our lives, from "one of the wine world's most intriguing personalities" (New York Times). What makes a wine worth drinking? As celebrated wine writer Terry Theise explains in this gem of a book, answering that seemingly simple question requires us to look beyond what's in our glass to consider much bigger questions about beauty, harmony, soulfulness, and the values we hold dear. Most of all, Theise shows, what makes a wine worth drinking is its authenticity. When we choose small-scale, family-produced wine over the industrially produced stuff, or when we opt for subtle, companionable wines over noisy, vulgar ones, we not only experience their origins with the greatest possible clarity and detail--we also gain a new perspective on ourselves and the world we inhabit. In this way, artisanal wine is not only the key to good drinking; it is also the key to a good life. An unforgettable literary journey into the heart and soul of wine, *What Makes a Wine Worth Drinking* is a gift to be cherished from a writer "whose id is directly connected to his mouth" (Eric Asimov, New York Times).

Marriage Made & What Comes Within

A 32-year-old Author who has experienced quite a few years in the married life at a young age, she has decided to share some of her journey with those who has developed some highs and some lows throughout their journey just as well as she did. She wrote this book to stand in the gap for those married couples who not only been through some things, but one's who decided to stand still and hold on no matter what the enemy tried to throw at them. She believes in being the voice not for the one's who's marriage is all peaches and cream, but for those marriages that almost failed but still didn't fall. She believes that marriage is an assignment from God, so she also encourages people who desires of being a husband & wife to make sure they are made for it, only for this assignment is made for the strong and not the weak. Her ultimate question is to Ask yourself, Are You Marriage Made? If so this book is for you.

Marriage Made in Eden

Why Does Marriage Today Seem To Be Such a Far Cry From Paradise? Let's face it. Our culture's version of marriage is not as God designed it to be. With a lot more emphasis on individualism and consumerism, today's married couples tend to lose sight of God's original purpose for marriage--a call for his people to take Jesus' message to the heart of everyday life. Marriage Made in Eden provides a radical alternative to today's view of marriage, giving a glimpse into the historical and cultural aspects that have shaped marriage in America. With this insightful analysis you'll learn how marriage has come to be in the state we now find it and about God's model and purpose for a sacred Christian union.

The Intentional Marriage

"Without intention, we find ourselves being tossed from one crisis to another without any plan to correct our course...Love is a choice and so our greatest joy comes from intentionally loving another person. The misconception is that when we bring two people together under the umbrella of marriage, it becomes a beautiful thing all by itself. There is no such thing as an auto pilot for a relationship. The truth is: two people, from two different backgrounds, with baggage from other relationships or from dysfunctional families, are suddenly faced with life together under the same roof. Sounds a little scarier than the fairy tale picture of most wedding plans."Dennis and Susan have walked this journey through the difficult years and have seen the benefit of being intentional in their own marriage."This book was born out of our own personal journey and has been "field tested" in our own relationship. Most of the material in this book has been presented in our "Intentional Marriage" seminars. This is a very practical approach to living out a committed and loving relationship. It's about being more than haphazard in our every interaction. It's about choosing to be intentional.

Prepare yourself for a trip through thirty-four years of ministry. Vikki gives an insightful picture of what life is like on the "other side of the altar." Every minister's wife who reads Married to the Shepherd will experience the many beginnings and endings in her life. Her life was one of emergency and urgency, dilemmas and turning points. Her candid and sometimes humorous stories will help the reader understand why some, 1,500 ministers a month are leaving the ministry. But Married to the Shepherd is not just for pastor's wives. Full of wisdom and insight, this book is for any young wife. Prepare to see, firsthand, how carnality can attack a ministry, and how God protects and provides. About the author: Vikki Simmons has been a minister's wife for almost thirty-five years. She was born in Morrow, Ohio, and attended Lee University, the flagship school for the Church of God, Cleveland, Tennessee. She is an anointed speaker who has addressed women's conferences and camp meetings across America. She and her husband, J.D., have two daughters, Sherra and Andrea, two wonderful sons-in-law, Jim and Ryan, and four precious grandchildren. Vikki and J.D. rejoice that their daughters and sons-in-law love the Lord and serve Him joyfully

Married to the Shepherd

Just when the clamor over "traditional" marriage couldn't get any louder, along comes this ground-breaking book to ask, "What tradition?" In Marriage, a History, historian and marriage expert Stephanie Coontz takes readers from the marital intrigues of ancient Babylon to the torments of Victorian lovers to demonstrate how recent the idea of marrying for love is - and how absurd it would have seemed to most of our ancestors. It was when marriage moved into the emotional sphere in the nineteenth century, she argues, that it suffered as an institution just as it began to thrive as a personal relationship. This enlightening and hugely entertaining book brings intelligence, perspective, and wit to today's marital debate.

Marriage, a History

By Gerard Castillo When we think of famous persons in history we usually remember their great deeds in the areas of science, politics, art, etc. But for some, their greatest achievement in life was not played out before the public, but rather took place within the private sphere of their marriage. The world may remember them for their extraordinary gifts and accomplishments, but they, at the end of their lives, were most mindful of their greatest love: their spouse. This book honors the hidden love adventures of several famous persons in history. It offers concrete examples of marriages that transformed these well-known individuals in deep and personal ways. These are not fairy tales of marriages made in heaven; they are stories of real people with real struggles, who, through their marriage, were challenged, strengthened, and encouraged to grow in their capacity for love. In this book, you will learn: How marriages can grow stronger through time How marriage can provide tremendous strength for facing life's difficulties How people with very different personalities can be completely united in marriage How one woman's selfless love saved her marriage How a queen learned to put her husband and her marriage ahead of power How one couple's united search for truth led them to embrace the Catholic Faith This book will help to restore your confidence in the power of marriage. It is recommended for those just starting out on their marriage journey as well as for those already well advanced along the path. Gerard Castillo is a professor of Education at the University of Navarra, Spain, where he teaches courses in education, marriage, and family. He is the author of over thirty books on these subjects. Marriage Made In Money (Mills & Boon Historical) (The Penniless Lords, Book 1)

Argues that freedom to love, court, and marry in nineteenth-century English Canada was constrained by an intricate social, institutional, and familial framework which greatly influenced the behavior of young couples both before and after marriage.

With remarkably original formulations, Naomi Seidman examines the ways that Hebrew, the Holy Tongue, and Yiddish, the vernacular language of Ashkenazic Jews, came to represent the masculine and feminine faces, respectively, of Ashkenazic Jewish culture. Her sophisticated history is the first book-length exploration of the sexual politics underlying the "marriage" of Hebrew and Yiddish, and it has profound implications for understanding the centrality of language choices and ideologies in the construction of modern Jewish identity. Seidman particularly examines this sexual-linguistic system as it shaped the work of two bilingual authors, S.Y. Abramovitsh, the "grand-father" of modern Hebrew and Yiddish literature; and Dvora Baron, the first modern woman writer in Hebrew (and a writer in Yiddish as well). She also provides an analysis of the roles that Hebrew "masculinity" and Yiddish "femininity" played in the Hebrew-Yiddish language wars, the divorce that ultimately ended the marriage between the languages. Theorists have long debated the role of mother and father in the child's relationship to language. Seidman presents the Ashkenazic case as an illuminating example of a society in which "mother tongue" and "father tongue" are clearly differentiated. Her work speaks to important issues in contemporary scholarship, including the psychoanalysis of language acquisition, the feminist critique of Zionism, and the nexus of women's studies and Yiddish literary history. Seven time-tested secrets to dating the husband of your dreams -- taken from the centuries-old tradition of arranged marriages Want commitment, love, and romance? Forget The Rules, and stop waiting for an idealized Prince Charming. In *First Comes Marriage*, Reva Seth shares the wisdom of more than three hundred women in arranged marriages...and shows how this classic tradition can teach twenty-first-century women important lessons about how to find -- and keep -- Mr. Right. The men you date will become the men you marry. The seven secrets in this counterintuitive guide will help you become more selective and increase your chances of finding the right person to share your life with. Seth knows her secrets work -- she married her husband after only meeting him seven times. Secret #1: Your man doesn't have to be your best friend. (That's why you've had a best girlfriend all along, right?) Secret #4: It doesn't matter if he doesn't dance. (Common interests are less important than shared values.) Secret #6: Sexual chemistry isn't always organic. (Attraction can be created -- if you know how to unlock your passion.) A practical, surprisingly progressive guide to love and romance, *First Comes Marriage* will open your eyes to what makes a guy perfect for you...and will help you find him, date him, and keep falling in love with him forever.

A Marriage Made in Heaven

"Make Love Whenever Possible When Married With Children" is playful and poignant with spirited vignettes like "Seduce your spouse with humor," "Be a flasher," and "Experience the post-vasectomy sexual renaissance." Leslie Mancillas and Peg Melnik teamed up to write the book based on the following prescription program for staying sane within the madness of family life: 1. Be an opportunist. Make love whenever possible. 2. Date your spouse. Don't put off dating for two decades until your kids are conveniently in college. 3. Tend to your spouse. Even adults need to be nurtured. 4. Plan for chaos. 5. Become a top-flight negotiator. Marriage is one long, unwieldy negotiation. Keep closing the deal. 6. Keep close to your spirit. Find ways to nurture yourself. The co-authors firmly believe couples are living their most challenging years when they have children under their roof. Parents inhabit a different world than do those without children, one ruled by the needs of small people. The sheer responsibility that comes with parenthood can, over time, complicate even the healthiest marriage. While the divorce rate in America is at an astonishing 62 percent, staying happily married with children is not an insurmountable challenge as long as you realize it requires a kind of vigilance. It requires perspective, insight and, most importantly, the energy to keep a strong connection with your spouse. The authors use wisdom and wit to detail valuable tips drawn from their own experiences both positive and negative. The book is broken into six chapters, with a series of vignettes approximately one to three pages in length. Some of the more visual scenes from the book include playing hooky with your spouse, renewing marriage vows at Notre Dame and absent-mindedly driving to work with a plateful of cookies flying off the roof of the car, littering the road. Mancillas and Melnik's 100-page survival guide will no doubt be a compelling read, the best-selling bible for the married-with-kids crowd.

Delicious Tofu is a well-researched and carefully-crafted cookbook, written by a native tofu chef. Angela Chang was born in China and raised in Taiwan, where tofu is inseparable from the culinary landscape. The following features are what make this book stand out: • It offers an unprecedented mixture of authentic information with engaging stories from Chinese history, legends, and current tofu culture for reading pleasure, as well as helpful culinary background. • It reveals the fact that tofu is for both meat lovers as well as vegetarians. To achieve the best results, the book introduces a wide range of cooking methods plus traditional and creative dishes. Readers will find a rich repertoire of little known techniques, tips, shortcuts, and even global tofu dining guides. • One chapter is devoted to tofu varieties found in the market, a hidden treasure that even some native tofu users have overlooked. These tofu “jewels” come pre-seasoned and ready to serve, deliciously healthy and convenient options that are worthy of exploration. “Angela Chang’s Delicious Tofu is a marvelous resource for anyone who wants to learn about the history and nature of tofu. Too often we think of tofu as nondescript and uninteresting. Quite the contrary, in the hands of a masterful chef like the author, tofu becomes one of the most remarkable ingredients in the repertoire of human foodstuffs. Encyclopedic in scope and engagingly written, Delicious Tofu is sure to delight and edify novices and cognoscenti alike. - Victor H. Mair, Professor of Chinese Language and Literature, University of Pennsylvania “Angela Chang has been proselytizing for tofu for years, determined to break down the barriers that keep so many Westerners from fully appreciating its delicious versatility. Here she makes it accessible to one and all, with irresistible storytelling and enthusiasm that draws you into her world.” - Faith Bahadrurian, Food writer and restaurant critic “Angela Chang’s debut book was the first to enable me to make authentic home-style Chinese food. Here she’s turned her attention to that most versatile and underappreciated protein, tofu. The result is encyclopedic in scope, chock full of engaging history and informative anecdotes, and a treasure trove of inviting recipes. It may be a cliché to say that one recipe is worth the price of the book, but for me Chang’s Pork & Tofu Stew belies that cliché.” - Pat Tanner, Award-winning food writer, restaurant critic, and radio show host

Make Love Whenever Possible When Married with Children

Marriage is a beautiful thing no doubt. It means that you are not alone, you have found this one person that makes you happy, with whom you would like to share the rest of your life and live happily ever after. Great! And so you get married and in what seems like five seconds, you go from a blushing bride to a wife, daughter in-law, Mr. "Stephens wife," "Pastor Joe's wife," sister in-law and - if you desire and God grants it - a mom all in one fell swoop. These new roles in addition to the ones you had before, can get overwhelming real quick. The adjusting and readjusting to differences in your personalities start to

take its toll on you, and in no time, on the marriage. You start to think you may have made a mistake by marrying this person. "We are just not compatible." "He doesn't understand me." "I did not bargain for this." Most times the problem is not who you married or even the challenges you're facing in the marriage. Because as you well know, there will always be challenges and we also possess the capacity to overcome them, especially given the right tools and insights - clarity and guidance by someone who has been in that situation before. The problem is that the society and our parents expect and raise us as women, to get married and give them grand kids. They say we must stay and make the marriage work but we are not taught how. Oh sure, some of them make the effort to prepare us in their own way by teaching us to keep the house clean, wash, be good cooks and submit to our husbands and we love them for that. The challenge, though, is that most issues that lead to unhappy marriages, divorce or separation are hardly as a result of bad cooking and not cleaning the house. Although those are important, the world has changed and those little chores can totally be outsourced. What troubles marriages occur around more serious issues like, lack of skills to balance and handle our ever changing, increasing and demanding roles and priorities, sex, communication, finance, in-laws, inter-personal relationships, differences in personalities, and raising children. Not to mention managing things like different values, outlooks, upbringing, traditions and beliefs and so on and so forth. If these issues are not handled properly, they fester, resentment quickly builds up, which may result in incessant fights and tension, and these two people who love themselves start to drift apart real fast. The motivation for putting together "This Thing Called Marriage; The Ultimate Roadmap for About-to and Newlyweds"
