

Clarkson Musculoskeletal Assessment

[#Clarkson assessment](#) [#musculoskeletal evaluation](#) [#physical assessment techniques](#) [#joint and muscle health](#) [#orthopedic diagnosis](#)

The Clarkson Musculoskeletal Assessment offers a systematic and comprehensive framework for evaluating the body's joints, muscles, and spine. This detailed musculoskeletal evaluation helps clinicians accurately identify functional impairments, assess movement patterns, and pinpoint the root causes of pain or dysfunction. Essential for informing effective treatment plans and improving patient outcomes, it's a critical tool for anyone involved in physical assessment techniques and orthopedic diagnosis.

The Neurological Exam - The Neurological Exam by BilderbackHealth 1,060,171 views 11 years ago
25 minutes - Jessica Nishikawa demonstrates some of the basic procedures of the Neurological **assessment**,.

performing your neurologic exam

looking at the optic nerve behind your eye

take your ophthalmoscope

shine a light in the patient's pupil

innervates the motor function of her jaw

strike the tuning fork

place the tuning fork behind on her masseter muscle

test your ability to swallow

place your hand on the side of their chin

start with looking at the muscles themselves looking for atrophy

get an assessment of the patient

test your muscle strength range of motion of the joints

testing their finger muscles

flex the feet

testing flexion and extension

testing the muscle function in her hips

stay in an upright position without with minimal swaying

observe gait and related body movements

slap the back of your thighs with your hands

move my finger at different areas in your visual field

place that on the distal extremities

pull the edges apart

put both sides on the patient's arm or leg

touch the patient on one side of the body

strike the tendon over your thumb

feel the twitching in the tricep in her upper arm

feel the patella

hits the achilles tendon here behind the ankle

draw a line from the heel up to the ball
