3 under-utilized techniques to build dramatically better trading strategies - Brian Miller - 3 under-utilized techniques to build dramatically better trading strategies - Brian Miller by Better System Trader 5,128 views Streamed 3 years ago 1 hour, 6 minutes - Brian Miller, from Optimized Trading joins us to discuss "3 under-utilized techniques to build dramatically better trading strategies".

Welcome and introduction

Trading background, styles and markets

Futures vs Stocks

Market classifications and sequences of events

Basic market classifications most traders use (that miss the complete picture)

Designing models for specific market classifications

Trade frequency and less frequent market classifications

Managing trades as market classifications change

Value identification and reducing the impact of randomness

How to get started building multistructured strategies

Matching the strategy style to the market

Allocation and money management with multiple entries

A simple structure example that outperforms the S&P 500

How Brian comes up with creative trading ideas

Flock of birds vs correlation of stocks in an index

Adaptive money management using market classifications

Multi-entry strategy performance during covid

Should you use circuit breakers in strategies?

Multi-value, multi-entry strategies and diversification

How to manage entries and exits in extreme volatility

How to measure tendency to trend or mean revert

Data to use in market classification systems

When to cut off a failing strategy?

How to learn more from Brian
