The Billionaire's Designer Bride

Despite his name, Billionaire Chance Bennett has never been a man who liked leaving anything to chance. The success of his company was down to careful design rather than luck and this is something he feels he can replicate in all parts of life, including relationships. Now he has made his fortune he feels it is time to settle down and get married. However, Chance does not want to leave it up to the gods of fate. He wants the woman who is perfect for him and he wants to meet her now. So he uses his technological resources to create an algorithm that will search Manhattan for a woman who is perfect for him. He believes this is the only true way of finding "the one." When the machine throws up the name "Regina King" from Harlem he is intrigued and he knows he has to meet her. If the machine is right, this is the woman he is destined to marry and he will stop at nothing to make it happen. Chance Bennett is confident he has designed the perfect relationship from which they will happily ever after, but can true love really be designed?

challenge. They each must wed—or at least be in a stable, loving relationship before he passes on and in order to keep their respective inheritance in the prestigious Belmont Hotels & Resorts legacy. Only his sons are not too convinced about getting married for any reason and vow to remain single...and safe from heartbreak. Read book 1 in Billionaires of Belmont Series... Dane & Olivia's story Dane Romano-Belmont (a Belmont heir born on the wrong side of the sheets) considers himself too emotionally damaged to ever become a marrying man, especially after having his heart ripped out by his ex who was on the rebound when they'd met—a bad mistake. But when his father gives him a final-wish ultimatum to settle down, he's torn, until... Olivia McAlister, a young social worker, stumbles into Dane's life...The pretty bride-to-be has three hundred wedding guests booked into the Belmont Hotel on the eve of her nuptials. The Billionaire's Bride for a Day

You ever had one of those really terrible days at work? You know, where the maid of honor accuses the bride of cheating on the groom with the best man AND the groom's father? No? Welp... Welcome to life as a wedding planner for the rich and entitled of Manhattan. I've seen it all--from the nastiest bridezilla to the most overindulged billionaire. And Evan is the worst. Tall, dark, and handsome, he has a ridiculously ripped body under his formal suit and runs a massive hedgefund that's actively making the world a worse place. I don't even feel sorry for him when he walks away from the alter in a daze. Well, maybe a little bit. Enough that I now have a billionaire holed up in my teeny tiny apartment. I regret it immediately. My violently antisocial cat has welcomed him like a long lost brother, Evan's half-naked six-foot-five frame is sprawled across my bed, and he's eaten all of my lasagna. A day and an epic screaming match later, he's out on the street, and I have my high-stress, lonely life back. But I can't worry about a billionaire's hurt feelings. After all I have a business to run and bridezillas to corral. But when I go to meet with my latest bride, guess-who is there smirking at me. Evan's decided he's ready to move on from the cheating witch. Who does he want as he rebound? Me. But I am immune to Evan's obnoxious displays of wealth and his piercing blue eyes. These panties are staying firmly on. Mostly. Except for that one time. But it's not like anyone's falling in love right? Right?! This standalone, full length romantic comedy has no cliffhangers but does have a swoon-worth HEA! This book is STEAMY! The highs are hilarious and the lows are as deep as the voice of the guy you fantasize about!
