Democracy is in retreat

Worse, perhaps, the whole global order seems to be crumbling

Why is there such a huge gap between rich nations today and some of the poorer ones?

If the political system empowered a single family.

well, it's going to be very difficult to sustain inclusive economic institutions, markets, property rights

No country is fully inclusive No country is fully extractive

we therefore need a political system that is equally egalitarian

If you want people to live in large scale societies, you need a hierarchy

And at the top of that hierarchy, you need a strong state

And the most noteworthy aspect of that travel is that we need to have societal dynamics

It is powerful on the one hand but accountable on the other
