Recognition of marriage between a foreigner and a Russian citizen is null and void - Recognition of marriage between a foreigner and a Russian citizen is null and void by Russian lawyer Ivan Kuznetsov 60 views 5 years ago 2 minutes, 26 seconds - In **Russia**, the **marriage**, between a citizen of **Russia**, and a foreigner can be terminated or invalidated. The difference between ...

Do you know about the fact that it is not always profitable to dissolve a marriage?

Can you conceive of divorcing, the legal relationship between the parties does not stop?

The situation is quite different if the marriage is declared invalid.

An invalid marriage is a marriage

Recognizing the marriage as invalid, you kill two birds with one stone at a time.

A former spouse will not be able to take away your property.

You will not have to lead long litigation and spend money on lawyers.

You get freedom, nothing connects you to your ex-spouse and you can live the way you want.

The covenant of marriage is also recognized as invalid.

The residence permit or the obtained citizenship on the basis of an invalid marriage can be annulled with all the ensuing consequences for the other spouse.

From the above, we can conclude: by dissolving the marriage you put a comma. Recognizing the marriage as invalid, you put a fat point.

And in some Cases They Were Literally the Same Weapons Literally They Were because the Life Expectancy of these Things Was 40 or 50 Years More Often than Not You Didn't Lose the Weapons You Took Them with You Didn't Throw Them Down on the Battlefield and Run the Service Life of the Typical Musket Was between 30 and 40 Years So once You Had Enough of Them in Store You Only Had To Acquire More To Replenish those That You Know the Few That Might Have Been Lost in Battle or if You're Going To Have a Mass Mobilization for a Big Campaign

They Didn't Practice Shooting Much Why Ammo Is Expensive It's in Short Supply We've Talked about Surplus Scarcity in Here Almost Ad Nauseam Get Used to It It Keeps Coming Back You Can't Practice with the Shot When the Shot's in Short Supply Commanders Had To Economize on What Would Be Obviously Essential Supplies in the Rare Instances When Marksmanship Was Practiced and You Fired that Little Lead Ball Soldiers Were Expected To Go to the Target Pop the Lead Balls Out and Then Reuse Them that Is How that's How that's How Difficult the Situation Was Battlefield Reality Did Not Figure Prominently in Regimental

The Smallest Infractions Were Met with the Severest Punishments Discipline Was Enforced through Verbal and Physical Abuse Noble and Non-Commissioned Officers Routinely Cursed Beat Punched Kicked the Men under Their Command More Serious Breaches of Regulations Fighting or Petty Theft or a First Attempt at Desertion Could Be Treated with up to Several Hundred Lashes Using a Birch Rod in some Cases Men Would Be Put in Solitary Confinement with Nothing but Bread and Water Rations for Weeks on End the Worst Offenders of Course Would Be Subject to Running the Gauntlet an Ancient Corporal Punishment in Which a Transgressor Is Forced To Run through Two Rows of Comrade Soldiers Who Are Standing on either Side with Sticks

So You Pack these Tiny Little Copper Caps with Gun Powder You Stick Them on the End of What Is like Basically a Pin and When the Hammer Falls It Drives that Percussion Cap into the Pin Exploding the Gun Power in the Breach Sending that Mini Ball Straight Forward a Rifled Musket Firing a Mini Ball Is Accurate up to Seven or Eight Hundred Yards a Non-Rifled Smooth Bore Musket Firing Round Shot Maybe 200 Yards and to the Rifle Musket with the Mini Ball a Telescopic Sight Brand New and What Comes To Be Known as a Sniper Can Achieve Lethality up to 1100 Yards

They Have More than Three Times the Effective Range When the Snipers Mount those Telescopic Sights They Can Go to 1200 Yards What Is It that the Russian Officers Emphasize in Tactics They Emphasize Close Order Formations Parade Marches and the Bayonet Why because that's How They Had Trained Transfer Armaments Were a Particular Problem So Too Was the Problem of of Transportation Transportation Russia's Primitive Transportation Infrastructure Remember They Had Only Just Begun Integrating Railroads in 1834 and It Was Too Expensive so Russia Doesn't Have Much of a Rail Network It Has Only a It Has Fewer than a Thousand Miles of Rail in the Entire Empire None of the Rail Lines Head South toward the Main Theater of Operation

So Russia Doesn't Have Much of a Rail Network It Has Only a It Has Fewer than a Thousand Miles of Rail in the Entire Empire None of the Rail Lines Head South toward the Main Theater of Operation They're all North between Petersburg and Moscow How Do How Do Recruits Get from Moscow and Central Russia to the Black Sea in Most Instances They Walk and that Overland Journey Can Take Them Upwards of Six Months to a Year Meanwhile the French and British Are Embarking from Ports on Steamboats in London and Marseilles and They're Arriving in Theater in About Three Weeks It's a Serious Serious Problem the Availability of Electric Telegraph

Following a Protracted Siege That Really Marks the Beginning of the End of this Crimean Campaign the Tsarist Armies Are Going To Win a Few Battles against the Ottomans and the Caucasus but with Austria Threatening To Enter the War Russia Is Forced to the Bargaining Table in Fifth 1856 the Treaty of Paris Is Signed France Is Recognized as the Protector of Christians in the Holy Land Russia Is Required To Surrender Territory at the Mouth of the Danube and the Mil and the Black Sea Is Demilitarized this Shatters any Russian Dream of Hegemony in the Region Terms Were Mild Relative to the Humiliation that Russia Had Suffered on the International Stage
