acknowledgements, project’s new location at ZfL Berlin, future research endeavor, introduction of the speakers (Olga Rosenblum)

the project’s editorial process, presentation of the book’s structure, concepts of “Underground” and “life worlds” [68:14-15, 5:00-5:10] (Mark Lipovetsky)

exclusion of the category “dissidents” from the volume, focus on “aesthetic underground” (Mark Lipovetsky)

concept of “life worlds” (instead of circles, groups, etc. – Olga Rosenblum/Klavdia Smola)

why “life worlds” and not “subculture(s)”, terminological history, aestheticized communication (Klavdia Smola/Mark Lipovetsky)

development of vocabulary for describing these specific cultural phenomena and academic self-reflexivity as one of the project’s aims (Ilja Kukuĵ)

“parallel cultures” (vs. “crossroads”), “life worlds,” cultural “recycling” today (Tomás Glanc/Maria Engström/Ilja Kukuĵ)

horizontal hierarchies, unofficial publishing, creative freedom in a repressive environment, flexible network structures (Olga Rosenblum/Ilja Kukuĵ/Klavdia Smola)

the under-researched Underground beyond Moscow and Leningrad (Ilja Kukuĵ)

overlaps/divergences of dissidents and Underground, crafted ways of communicating, differentiated view of the Underground (Mark Lipovetsky)

memorial practices, Underground archives and anti-archives, Samizdat’s mimicry, dissidents and Soviet discourses (Klavdia Smola)

question on active vs. passive communication and participation

shifting the focus towards less visible and/or active participants (Tomás Glanc)

text-centred book, role of audiences (Ilja Kukuĵ)

passive participants/participants in the “gray zone” between demiurges and audience, question of public space, reflection of active participants on these issues (Klavdia Smola/Maria Engström)

canonization/reception, the Underground’s entrance into cultural history (Tomás Glanc)

on the authors’ collaborative process, the Underground’s “afterlife” and contemporary significance (Mark Lipovetsky/Klavdia Smola)

Formalist theories on the cultural importance of circles [7:00-7:10] isolated (Soviet) circles and their subsequent unification (Olga Rosenblum/Klavdia Smola/Mark Lipovetsky)

differentiation : @06:51 @07:38 openness, self-designation, inclusion/exclusion and internal hierarchy,

prospects for further research (Ilja Kukuĵ/Maria Engström/Tomás Glanc/Klavdia Smola)

Applied Economics

This new edition Student Guide has been fully updated for 2019 and covers Theme 2 The UK economy - performance and policies A-level Paper 2 The national and global economy, and A-level Paper 3 Microeconomics and Macroeconomics will both draw on topics from Theme 2. With clear topic summaries of content needed for the exams, knowledge-check questions and samples of exam-style questions and answers throughout, this guide will help you prepare for exams with confidence. - Identify key content for the exams with our concise summary of topics - Find out what examiners are looking for with our Questions and Answers section - Test your knowledge with rapid-fire questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce learning with bullet-list summaries at the end of each section

Applied Economics

Comprehensively updated to match the 2020 syllabus and written by two experienced IB Economics teachers, this study tool presents all the content knowledge covered at Standard and Higher Level. With its focused approach, it distinctly strengthens comprehension of the subject, ensuring learners' confidence and achievement in the IB Diploma.

Pearson Edexcel A-level Economics A Student Guide: Theme 2 The UK economy – performance and policies

"It covers the three external Achievement Standards: Economics 3.1, demonstrate understanding of the efficiency of market equilibrium; 3.2 demonstrate understanding of the efficiency of different market structures using marginal analysis; 3.5, demonstrate understanding of macro-economic influences on the New Zealand economy. This workbook has very brief exam revision notes for end-of-year study, with examples and NCEA exam questions from 2018 and earlier years. Full answers with explanations and A, M and E grades are given"--Back cover.

IB Economics Study Guide

Exam Board: Edexcel Level: AS/A-level Subject: Economics Reinforce students' understanding throughout the course. Clear topic summaries with sample questions and answers will help to improve exam technique to achieve higher grades. Written by experienced author Quintin Brewer, this Student Guide for Economics focuses on international economics, giving a global perspective on the financial sector. The first section, Content Guidance, summarises content needed for the exams, with knowledge-check questions throughout. The second section, Questions and Answers, provides samples of different questions and student answers with examples of how many marks are available for each question. Students can:

- Identify key content for the exams with our concise summary of topics
- Find out what examiners are looking for with our Questions and Answers section
- Test their knowledge with rapid-fire questions and answers
- Avoid common pitfalls with clear definitions and exam tips throughout
- Reinforce their learning with bullet-list summaries at the end of each section

Level 3 Economics AME Workbook

One of the world's leading experts on economic education, William Walstad of the University of Nebraska-Lincoln, has prepared the seventeenth edition of the Study Guide. Many students find the Study Guide indispensable. Each chapter contains an introductory statement, a checklist of behavioral objectives, an outline, a list of important terms, fill-in questions, problems and projects, objective questions, and discussion questions. The answers to Economics' end-of-chapter Key Questions appear at the end of the Study Guide, along with the text's glossary. The Guide comprises a superb "portable tutor" for the principles student. Separate Study Guides are available for the macro and micro paperback editions of the text.

Edexcel Economics A Student Guide: Theme 4 A global perspective

The complete study guide to your A Level Economics Exam: This study guide is based on the latest H2 and H1 Economics syllabus of the Singapore-Cambridge General Certificate of Education Advanced Level (GCE A Level) examination. Economics students will find every chapter, complete with diagrams and topical discussions, useful for their learning. It draws extensively on real-world examples, especially those relating to Singapore. Also recommended for pre-tertiary economics assessment, including Cambridge International AS & A Level Economics.

Study Guide for Economics

Money. Debt. Interest rates. Bankruptcy. Billionaires. Students may understand that money makes the world go 'round, but most are a little shaky when it comes to explaining how and why. Using an A-Z format and containing over 400 entries, this reference book provides an essential foundation of business and economic knowledge for middle-school, high-school, and community college students. Short features scattered throughout the text add interest and fun, while helping students understand how economics affects their daily lives. Best, the entries are written in a style ideal for students just beginning to learn how economies work and function. Teenagers spend over \$100 billion annually in the U.S. and influence everything from clothing styles to music and movies to food and cell phones. Money for Minors will help them understand how their daily decisions have a huge impact on the economy. Special features will enable budding moguls to understand how they can become entrepreneurs and create economic value in various ways, evaluate offers from banks and credit card companies, read the business section of the newspaper, understand the importance of various government statistics, and more. And the book will not just prepare students for the higher-level economics courses they will take in high school and college—it will be a terrific guide for anyone doing research on everything from the Great Depression to credit card debt to real estate to inflation. Over 400 clearly written definitions will help students understand the essential concepts of economics and finance. In addition:

- Short sidebars scattered throughout the text help students understand how economics affects their daily lives. Topics include reading stock quotes, icon economists like Alan Greenspan, monetary trivia, cool econ and monetary Websites, and the basics of entrepreneurship.
- Six mini-lessons provide real-life applications of how the economy functions. Topics include The Federal Reserve System, Gross Domestic Product, Government Spending and Taxation, National Debt, Money, and The Business Cycle.

Used as a stand-alone reference or in conjunction with an economics textbook, the definitions in the book will help students learn the language of economics—and help them understand the ways in which individuals, businesses, and government work together to form our \$13 trillion economy.

Economics For Gce A Level: The Complete Guide (Second Edition)

Economics in Action combines 14 favorite NCEE simulations, roleplaying activities, group activities and classroom demonstrations in one volume.

Money for Minors

The Sixth Edition Study Guide by Melanie Powell, Derek Fry, Avi Cohen and Harvey King is carefully coordinated with the text, MyEconLab, and the Test Banks. Each chapter of the Study Guide contains: Key concepts Helpful hints True/false/uncertain questions that ask students to explain their answers Multiple-choice questions Short-answer questions Common questions or misconceptions that the student explains as if he or she were the lecturer. Each part allows students to test their cumulative understanding with sample midterm tests.

Economics in Action

One of the world's leading experts on economic education, William Walstad of the University of Nebraska-Lincoln, has prepared the seventeenth edition of the Study Guide. Many students find the Study Guide indispensable. Each chapter contains an introductory statement, a checklist of behavioral objectives, an outline, a list of important terms, fill-in questions, problems and projects, objective questions, and discussion questions. The answers to Economics' end-of-chapter Key Questions appear at the end of the Study Guide, along with the text's glossary. The Guide comprises a superb "portable tutor" for the principles student. Separate Study Guides are available for the macro and micro paperback editions of the text.

Economics

Each chapter of the study guide offers chapter objectives, a chapter outline, key terms to know, multiple-choice and true/false self test questions, and when appropriate additional graphing problems. The answers for each problem are located at the end of the study guide.

Study Guide to accompany Economics

Exam Board: Edexcel Level: AS/A-level Subject: Economics Reinforce students' understanding throughout the course. Clear topic summaries with sample questions and answers will help to improve exam technique to achieve higher grades. Written by experienced author Rachel Cole, this Student Guide for Economics focuses on the key topics of measures of economic performance, economic growth and macroeconomic objectives and politics. The first section, Content Guidance, summarises content needed for the exams, with knowledge-check questions throughout. The second section, Questions and Answers, provides samples of different questions and student answers with examples of how many marks are available for each question. Students can: - Identify key content for the exams with our concise summary of topics - Find out what examiners are looking for with our Questions and Answers section - Test their knowledge with rapid-fire questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce their learning with bullet-list summaries at the end of each section

Study Guide Economics

For each chapter, the Study Guide provides an introduction, fill-in-the-blank chapter review, learning tips with graphical analysis, 4-5 comprehensive problems and exercises, 20 multiple-choice questions. Also included are solutions to all fill-in-the-blank, problems, exercises, and quizzes in the Guide.

Edexcel Economics A Student Guide: Theme 2 The UK economy - performance and policies

"Covers all the three externally assessed and the three internally assessed NCEA level 1 Economics Achievement Standards (Economics 1.1 to 1.6) which are being implemented in 2011. These revised achievement standards are based on the New Zealand curriculum. This book covers a typical Year 11 economics course"--Back cover.

Study and Master Economic and Management Sciences Grade 8 Study Guide

Updated for 2018. It covers the three external Achievement Standards: Economics 2.1, analyse inflation, using economic concepts and models; 2.2, analyse international debt using economic concepts and models; 2.3, analyse economic growth using economic concepts and models. Features brief exam revision notes, examples and questions from 2017 and earlier years. Full answers with explanations and A, M and E grades are given.

NCEA Level 1 Economics Study Guide

Arranged in four sections, provides review exercises and past examination questions for topics in microeconomics, macroeconomics, international economics, and development economics.

As Economics

This volume explains economic theory, introducing differing approaches from Marxism to feminist, to environmental, supported by working examples, tables and graphs. It also offers advice on learning techniques, essay writing, revision and exams.

What Is Economics?

Teacher's version of student workbook with model answers, covering AS 91222 Analyse inflation using economic concepts and models (2.1).

AQA A-Level Economics Workbook 1

The Study Guide by Mark Rush of the University of Florida is carefully coordinated with the text, MyEconLab, and the Test Banks. Each chapter of the Study Guide contains: Key concepts Helpful hints True/false/uncertain questions Multiple-choice questions Short-answer questions Common questions or misconceptions that the student explains as if he or she were the teacher Each part allows students to test their cumulative understanding with questions that go across chapters and work a sample midterm examination. Students can purchase the Study Guide from our online catalog or from MyPearsonStore.

Level 2 Economics AME Workbook

Student workbooks will support your teaching and help your students skills and developments. The student workbooks each cover 7-8 key topics in core subject areas of AS or A2 economics, all relevant to the main specifications. The workbooks conclude with either one or two case studies or a 'test your knowledge section', drawing on students skills and understanding of the subject area. Each topic comprises: 1-2 pages of source material(short articles, data sets, diagrams etc.) and 4-5 pages of related exercises designed to develop and test student skills, with space provided for written answers. The exercises take various forms, including exam-style questions, although the workbooks are not intended as mock exams. They are designed for systematic classroom use to support your own scheme of work or as the basis of a revision programme. Answers to the exercises are provided in an accompanying set of Teachers Notes. Where there is no objectively 'right' answer, the notes identify the key points that should appear in the answer. Student workbooks are available only in class sets of 10, priced at £35 per set. Each set of workbooks includes one FREE copy of the teachers notes.

Economics for the IB Diploma with CD-ROM

Study guide / workbook to accompany Discovering Economics 6th ed and later

AME NCEA Level 3 Economics Workbook

This Study Guide covers all the NCEA Level 3 Economics Achievement Standards and the recent Achievement Standard review. It features revision notes, examples, diagrams and NCEA questions with answers detailing NCEA grades (A, M and E). Use throughout the year to help with homework, to support and understand classroom work and to revise for assessments and exams.

Principles of Economics

The book gives students an in depth preparation for covering all the topics for both the AP Macro & AP Micro Exams. It contains Practice drills and two full-length practice test; one in Macroeconomics

and one in Microeconomics. Detailed review of supply and demand for both the firm and the entire market (Aggregate), Federal Reserve, monetary policy and fiscal policy, Factor and product market, inflation and unemployment, economic growth, and theory of consumer choice, market structures, labor resources, game theory, national income and calculating gross domestic product, international trade and foreign exchange rates, interest rate.

Studying Economics

This new edition Student Guide has been fully updated for 2019 and covers Theme 3 Business behaviour and the labour market, A-level Paper 1 Markets and business behaviour, and A-level Paper 3 Microeconomics and Macroeconomics will both draw on topics from Theme 3. With clear topic summaries of content needed for the exams, knowledge-check questions and samples of exam-style questions and answers throughout, this guide will help you prepare for exams with confidence. - Identify key content for the exams with our concise summary of topics - Find out what examiners are looking for with our Questions and Answers section - Test your knowledge with rapid-fire questions and answers - Avoid common pitfalls with clear definitions and exam tips throughout - Reinforce learning with bullet-list summaries at the end of each section

Understanding Economic Issues

Exam Board: Edexcel Level: AS/A-level Subject: Economics First Teaching: September 2015 First Exam: June 2016 Develop your students' knowledge of themes 1 and 2 of the Edexcel specification and put theory into context with focused case studies and practice activities. Essential Foundations of Economics

Updated for 2012. For exam revision and practising exam questions. Covers the three Level 1 External Economics Achievement Standards 1.1, 1.3 and 1.4. Features brief revision notes, examples and questions from 2011 and previous years formatted for use in 2012. Answers have A, M and E grades.

As Economics

One of the world's leading experts on economic education, William Walstad of the University of Nebraska-Lincoln, prepared the 20th edition Study Guide. Each chapter contains an introductory statement, a checklist of behavioral objectives, an outline, a list of important terms, fill-in questions, problems and projects, objective questions, and discussion questions. The text's glossary appears at the end of the Study Guide.

Discovering Economics - Study Guide

The Study Guide to accompany Principles of Economic, 3e by Sloman, Norris and Garratt is intended to be both an independent study tool for students and a useful teaching aid for instructors. Each chapter of this Study Guide reviews the corresponding chapter in Principles of Economic, 3e. The Study Guide

provides students with a structured approach to understanding key economics principles and will assist with both coursework and exams.
