Intro

Thirdly, it is also independent in the sense that it does not form part of a larger enterprise and that the owner-managers should be free from outside control in taking their principle decisions.

Size of business is measured in terms of sales volume, profit, growth, number of employees, core competences, resources and capabilities.

One owner may not be skilled or experienced in every element of business, lacking in knowledge can have a negative effect on

Business owners may have deep knowledge within their field, however lack a broad, objective view of the business, hence more people are needed to bring in new experience and talent.

3. Formal procedures tend to come into place when the business makes rapid growth, this makes it difficult for employees and management to implement control as there is an informal culture.

3. Tends to be more focus on short term gains rather than long term strategy

The Biggest Myth About Innovation - The Biggest Myth About Innovation by Be Smart 250,953 views 6 months ago 18 minutes - The idea of the lone genius creating everything isn't just misleading. It's harmful and wrong. Innovation thrives when people work ...

I've got a gripe

How innovation stories usually go

The last time this happened, things got weird

Stabbing sick people in Olde London

A heroic cow named Blossom

Why Napoleon hated swamps

The preacher, sparks, and a fortuitous explosion

Who's "in charge" here?

Bubbles, for your health!

Putting the club in soda

Needles and drugs

A tower in Paris

Quantum bros

Very VERY tiny things

This physicist hates cats

Mr. Helix and the messengers

It's all coming together

The best part of the story

Extras
