She's a free-spirited dreamer. He's a brilliant painter. But now their shared passion for art has turned into something deeper... For as long as she can remember, Kugy has loved to write. Whimsical stories are her passion, along with letters full of secret longings that she folds into paper boats and sets out to sea. Now that she's older, she dreams of following her heart and becoming a true teller of tales, but she decides to get a "real job" instead and forget all about Keenan, the guy who makes her feel as if she's living in one of her own fairy tales. Sensitive and introverted, Keenan is an aspiring artist, but he feels pressured to pursue a more practical path. He's drawn to Kugy from first sight: she's unconventional, and the light radiating from her eyes and the warmth of her presence pull him in. They seem like a perfect match--both on and off the page--but revealing their secret feelings means risking their friendship and betraying the people they love most. Can they find the courage to admit their love for each other and chase their long-held dreams?

Pada musim panas tahun 1862, sekelompok seniman muda yang dipimpin oleh Edward Radcliffe yang berbakat dan penuh semangat tiba di Birchwood Manor, rumah indah di tepi Sungai Thames. Rencana mereka: Menghabiskan satu bulan musim panas di tempat terpencil dalam suasana penuh inspirasi dan kreativitas. Namun pada akhir liburan mereka, seorang wanita mati tertembak sedangkan seorang wanita lain menghilang, warisan berharga raib, dan kehidupan Edward Radcliffe hancur. Setelah 150 tahun berlalu, Elodie Winslow, pengarsip muda dari London, menemukan sebuah tas selempang dari kulit yang berisi dua barang yang tampaknya tidak berhubungan: Foto usang seorang wanita menawan berpakaian gaun era Victoria dan buku sketsa berisi gambar rumah beratap pelana kembar di tepi sungai bernama Birchwood Manor. Diri pribadiku ini tak lebih tak kurang seekor kucing kebanyakan, berumur menurut taksiran 19 bulan. Buluku kuning bagai sebonggol jagung muda. Bahkan misaiku pun berwarna kuning, suatu kejadian yang kurang begitu lazim, karena hal itu sudah termasuk urusan kekuasaan Tuhan. Inilah kisah sejumlah hewan yang berada dalam sebuah penjara manusia. Mereka di sana bukan karena menjalani hukuman, namun mereka ikut berbaur dengan para tahanan yang datang dari berbagai kalangan dan berbagai alasan dijebloskan ke sana. Hewan-hewan itu antara lain beberapa kucing kampung (salah satunya menjadi pengantar cerita), ada pula tikus, ayam, dan rusa. Seekor kucing mengalami perubahan nasib, dari hewan peliharaan seorang wedana yang kemudian luntang-lantung dari satu pasar ke pasar lainnya demi mencari makanan dan belas kasihan manusia, sampai akhirnya ia berada di balik sel tahanan. Selamat menikmati kisah yang penuh dengan ironi namun juga menggelitik ini.

Dr. Muchtarudin Siregar Saya senang kawan saya Sdr. M Harjono Kartohadiprodjo bersedia menuliskan buku otobiografinya, karena banyak pengalaman yang diceritakan pada saya yang perlu diketahui masyarakat. Kawan saya ini orangnya konsekuen dalam hidupnya, jujur dalam perilakunya, dan tidak mengejar karir jabatan di Pemerintah, apalagi penghargaan maupun mengejar materi. Buku ini pantas dan enak dibaca. Terutama pengalamannya sangat baik disimak generasi muda. Nurrachman Oerip (Dubes RI untuk Kerajaan Kamboja 2004 – 2007) Buku otobiografi ini, Melangkah di Tiga Zaman menarik dan patut dibaca, karena isinya mengungkapkan pula dinamika perjalanan sejarah bangsa dan negeri ini yang ditulis secara singkat, dari sudut pandang pengalaman seorang warganya dari semenjak masa kecil, menjadi dewasa dan kini sebagai seorang senior citizen Indonesia. Bung Harjono menuliskan pencermatannya pada berbagai peristiwa yang dialami sesuai dengan kata hatinya secara lugas namun humanis dalam berbagi pengalaman dan pengetahuannya. Kesimpulannya, terserah pada pembaca buku. Ia tidak memaksakan pandangannya. Banyak peristiwa yang ditulis merupakan pengalaman pribadi yang terkait dengan kondisi sosial, ekonomi, dan politik pada masyarakat, saat terjadi pergeseran kekuasaan eksekutif dari orde lama ke orde baru, maupun dari orde baru ke era reformasi dengan segala imbasnya hingga sekarang. Pengungkapan berbagai untold story pada masa itu --yang disampaikan apa adanya-- sedikit banyak dapat membantu untuk memahami konfigurasi permasalahan bangsa dan negara Indonesia. Ini semua seharusnya dimaknai sebagai pembelajaran sejarah yang amat berharga agar tidak berulang kembali di masa mendatang. Buku Melangkah di Tiga Zaman merupakan refleksi perjalanan hidup seorang anak bangsa, yang mendambakan agar perjalanan bangsa Indonesia sesuai dengan cita-cita para pendiri bangsa, maupun semua pejuang kemerdekaan yang rela mengorbankan jiwa dan raga mereka. Pintu Dua Dunia

Ordinary Enchantments investigates magical realism as the most important trend in contemporary international fiction, defines its characteristics and narrative techniques, and proposes a new theory to explain its significance. In the most comprehensive critical treatment of this literary mode to date, Wendy B. Faris discusses a rich array of examples from magical realist novels around the world, including the work not only of Latin American writers like Gabriel Garcia Marquez, but also of authors like Salman Rushdie, Gunter Grass, Toni Morrison, and Ben Okri. Faris argues that by combining realistic representation with fantastic elements so that the marvelous seems to grow organically out of the ordinary, magical realism destabilizes the dominant form of realism based on empirical definitions of reality, gives it visionary power, and thus constitutes what might be called a "remystification" of narrative in the West. Noting the radical narrative heterogeneity of magical realism, the author compares its cultural role to that of traditional shamanic performance, which joins the worlds of daily life and that of the spirits. Because of that capacity to bridge different worlds, magical realism has served as

an effective decolonizing agent, providing the ground for marginal voices, submerged traditions, and emergent literatures to develop and create masterpieces. At the same time, this process is not limited to postcolonial situations but constitutes a global trend that replenishes realism from within. In addition to describing what many consider to be the progressive cultural work of magical realism, Faris also confronts the recent accusation that magical realism and its study as a global phenomenon can be seen as a form of commodification and an imposition of cultural homogeneity. And finally, drawing on the narrative innovations and cultural scenarios that magical realism enacts, she extends those principles toward issues of gender and the possibility of a female element within magical realism.

Creativity and the Arts with Young Children

Bestselling novels by Angela Carter, Salman Rushdie, Gabriel Garcia Marquez and a multitude of others have enchanted us by blurring the lines between reality and fantasy. Their genre of writing has been variously defined as 'magic', 'magical' or 'marvellous' realism and is quickly becoming a core area of literary studies. This guide offers a first step for those wishing to consider this area in greater depth, by:

- * exploring the many definitions and terms used in relation to the genre
- * tracing the origins of the movement in painting and fiction
- * offering an historical overview of the contexts for magic(al) realism
- * providing analysis of key works of magic(al) realist fiction, film and art.

This is an essential guide for those interested in or studying one of today's most popular genres.

Magic(al) Realism

This book presents a technical review of ecological and life history information on a range of Bornean wildlife species, aimed at identifying what makes these species sensitive to timber harvesting practices and associated impacts. It addresses three audiences: 1) those involved in assessing and regulating timber harvesting activities in Southeast Asia, 2) those involved in trying to achieve conservation goals in the region, and 3) those undertaking research to improve multipurpose forest management. This book shows that forest management can be improved in many simple ways to allow timber extraction and wildlife conservation to be more compatible than under current practices. The recommendations can also be valuable to the many governmental and non-governmental organisations promoting sustainable forest management and eco-labelling. Finally, it identifies a number of shortcomings and gaps in knowledge, which the hope can interest the scientific community and promote further research. This review is, an important scientific step toward understanding and improving sustainable forestry practices for long-term biodiversity conservation. Even in the short term, however, significant improvements can be made to improve both conservation and the efficiency of forest management, and there is no need to delay action due to a perceived lack of information. In the longer term it is expected that the recommendations from this review will be implemented, and that further research will continue to help foster an acceptable balance among the choices needed to maintain healthy wildlife populations and biodiversity in a productive forest estate.

Travelog Kehidupan Abadi; Perjalanan Menuju Dewasa

Raden Saleh masih terlalu muda ketika dipisahkan dari keluarganya di Terbaya, Semarang, menjelang berakhirnya Perang Jawa. Kegeniusan dan tangan dinginnya dalam mengayunkan kuas tercium oleh para pejabat kolonial sehingga dia dikirim ribuan mil jauhnya menuju Belanda, sebuah negeri yang selama ini hanya didengarnya lewat cerita para kaum terpelajar Jawa. Terbukti dia mampu melukis bukan hanya sejarah dirinya yang gemerlap, melainkan juga wajah dan peristiwa zaman Romantis di Eropa. Bertahun hidup di tanah seberang, sang Pangeran justru merasa asing di tanah kelahirannya. Namun, tetap saja panggilan darah sebagai bangsa Jawa tidak dapat disembunyikannya di atas kanvas. Ditambah kegetiran yang menghiasi masa tua, karya dan hidup Raden Saleh berhasil menciptakan perdebatan sengit di kalangan kaum pemaham seni di masa pergerakan menuju kemerdekaan Indonesia, satu abad berikutnya. Syamsudin, seorang arsitek awal abad ke-20, menguasai pengetahuan seni yang berkembang pada masanya. Dia berhasil menularkan minatnya terhadap lukisan Raden Saleh kepada Ratna Juwita, gadis pujaannya. Di sisi yang berbeda, Syafei, dengan gairah pemberontaknya, menempuh jalan keras menuju cita-cita sebagai bangsa merdeka. Mereka melengkapi sejarah berdirinya sebuah negeri, dengan hasrat, ambisi, dan gelora masing-masing. Dan, di tengah kekalutan panjang sosial politik sebuah bangsa yang sedang memperjuangkan nasibnya, kisah cinta selalu memberikan nyala api, hangat dan berbahaya.
