My Valley

In My Valley, Claude Ponti leads us on a journey through an enchanted world inhabited by "Touims" (tiny, adorable, monkey-like creatures), secret tree dwellings, flying buildings, and sad giants. Clever language and beautifully detailed maps of imaginary landscapes will delight children and adults alike. Ponti himself has said, "My stories are like fairytales, always situated in the marvelous, speaking to the interior life and emotions of children. That way each child can get what they want out of the images: the characters and dreams are their own."

The Valley

*Named one of Wall Street Journal's Best Books of 2015 *Selected as a Military Times's Best Book of the Year "You're going up the Valley." Black didn't know its name, but he knew it lay deeper and higher than any other place Americans had ventured. You had to travel through a network of interlinked valleys, past all the other remote American outposts, just to get to its mouth. Everything about the place was myth and rumor, but one fact was clear: There were many valleys in the mountains of Afghanistan, and most were hard places where people died hard deaths. But there was only one Valley. It was the farthest, and the hardest, and the worst. When Black, a deskbound admin officer, is sent up the Valley to investigate a warning shot fired by a near-forgotten platoon, he can only see it as the final

bureaucratic insult in a short and unhappy Army career. What he doesn't know is that his investigation puts at risk the centuries-old arrangements that keep this violent land in fragile balance, and will launch a shattering personal odyssey of obsession and discovery as Black reckons with the platoon's dark secrets, accumulated over endless hours fighting and dying in defense of an indefensible piece of land. The Valley is a riveting tour de force that changes our understanding of the men who fight our wars and announces John Renehan as one of the great American storytellers of our time.

How Green Was My Valley

"How Green Was My Valley" is Richard Llewellyn's bestselling -- and timeless -- classic and the basis of a beloved film. As Huw Morgan is about to leave home forever, he reminisces about the golden days of his youth when South Wales still prospered, when coal dust had not yet blackened the valley. Drawn simply and lovingly, with a crisp Welsh humor, Llewellyn's characters fight, love, laugh and cry, creating an indelible portrait of a people.

Leaving Richard's Valley

When a group of outcasts have to leave the valley, how will they survive the toxicity of the big city? Richard is a benevolent but tough leader. He oversees everything that happens in the valley, and everyone loves him for it. When Lyle the Raccoon becomes sick, his friends—Omar the Spider, Neville the Dog, and Ellie Squirrel—take matters into their own hands, breaking Richard's strict rules. Caroline Frog rats them out to Richard and they are immediately exiled from the only world they've ever known. Michael DeForge's *Leaving Richard's Valley* expands from a bizarre hero's quest into something more. As this ragtag group makes their way out of the valley, and then out of the park and into the big city, we see them coming to terms with different kinds of community: noise-rockers, gentrification protesters, squatters, and more. DeForge is idiosyncratically funny but also deeply insightful about community, cults of personality, and the condo-ization of cities. These eye-catching and sometimes absurd comics coalesce into a book that questions who our cities are for and how we make community in a capitalist society.

Battle for the Valley

What if fear is the new brave? That's the question that you need answered if you are living afraid. Finding courage begins with fear itself--fear of the Lord. *I Choose Brave* reveals a countercultural plan to help you where you are--knee-deep in fears of parenting, the future, your marriage, and a world that feels unstable. When you're feeling fearful, the last thing you need is a social-media meme telling you to simply "power through" your fears. In *I Choose Brave*, Katie Westenberg digs deep into Scripture and shows that finding the courage to overcome our fears must start with fear of the Lord. Hundreds of passages speak to this foundational truth, yet we have somehow relegated them to antiquity. In sharing her own compelling story of facing her worst fear, Katie serves up theological truth with relatable application. In this book, you will · discover a fresh take on an old truth that displaces fear once and for all · understand why the culture's idea of "fearlessness" is a farce · access the holy courage you were made for With this new knowledge comes tremendous freedom. Hidden in the cleft of the Rock, the One truly worthy of our fear, you will begin to understand the only path to real courage.

I Choose Brave

When Jacob Wheeler arrives on a relative's goat farm in southern Alberta, he bemoans the thought of spending his summer vacation stuck in the middle of nowhere with nothing to do except avoid Granny's temper and his cousin Millie's sarcasm. But when Granny accuses Jacob of somehow turning the neighbour's honey blue, Jacob realizes something mysterious is happening to local beehives. Farmers all over Diamond Valley are reporting honey in brilliant shades of blue, green, red, and yellow. Determined to prove his innocence, Jacob enlists Millie's help as they search for clues. But local bullies, the Kreft twins, aren't going to make it easy for them—maybe they have something to hide. As Jacob's case builds, he realizes the mystery of the beehives might reach far beyond coloured honey. As he learns about pollination and colony collapse disorder, he realizes some local hives might just be connected to the international crime ring that his grandpa, a world-renowned detective, is investigating in California. Will Jacob solve the mystery of the tampered hives and clear his name before he has to leave the farm?

Leave Well Alone!

A long, long time from now, in the valleys of what will no longer be called Northern California, might be going to have lived a people called the Kesh. But Always Coming Home is not the story of the Kesh. Rather it is the stories of the Kesh - stories, poems, songs, recipes - Always Coming Home is no less than an anthropological account of a community that does not yet exist, a tour de force of imaginative fiction by one of modern literature's great voices.

Ask a Manager

This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel *The Unlit Lamp* (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy *The Forge* (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel *The Well of Loneliness* (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Always Coming Home

All civilizations have a story or myth of an Armageddon, a great war where good and evil will clash, fighting for the fate of the Universe. Some say good will triumph, others say not. In the time of Troy, three god-forged items were crafted. None of the gods who made these artifacts knew of the vital role each will play in that battle until history has molded them to its own needs. From Troy through Moses and to the Emperors of Rome, these items have been influenced by the sins and virtues of those who held them, and in return they have influenced their holders. From one hand to another they have been passed, through the generations. Only centuries after their making will their final purpose be known. No one truly knows when Armageddon is supposed to begin, but many believe it is right around the corner. They may very well be right. A time approaches where these artifacts will be sought; whether for good or evil remains to be seen. But to understand what these items are, it must be told how they came to be. Brought from Jerusalem to Samaria, the Cup is guarded by the last Daughter of Arnavon. But she has troubles of her own to worry about.

How to Fix Your Academic Writing Trouble: A Practical Guide

Tarzan ("...the Apeman") is a fictional character, an archetypal feral child raised in the African jungles by the Mangani "great apes"; he later experiences civilization only to largely reject it and return to the wild as a heroic adventurer. Created by Edgar Rice Burroughs, Tarzan first appeared in the novel *Tarzan of the Apes* (magazine publication 1912, book publication 1914), and then in twenty-five sequels, three authorized books by other authors, and innumerable works in other media, authorized and not. Edgar Rice Burroughs (September 1, 1875 – March 19, 1950) was an American writer, best known for his creations of the jungle hero Tarzan and the heroic Mars adventurer John Carter, although he produced works in many genres.

The Well of Loneliness

Wasn't That a Mighty Day: African American Blues and Gospel Songs on Disaster takes a comprehensive look at sacred and secular disaster songs, shining a spotlight on their historical and cultural importance. Featuring newly transcribed lyrics, the book offers sustained attention to how both Black and white communities responded to many of the tragic events that occurred before the mid-1950s. Through detailed textual analysis, Luigi Monge explores songs on natural disasters (hurricanes, floods, tornadoes, and earthquakes); accidental disasters (sinkings, fires, train wrecks, explosions, and air disasters); and infestations, epidemics, and diseases (the boll weevil, the jake leg, and influenza). Analyzed songs cover some of the most well-known disasters of the time period from the sinking of the Titanic and the 1930 drought to the Hindenburg accident, and more. Thirty previously unreleased African American disaster songs appear in this volume for the first time, revealing their pertinence to the relevant disasters. By comparing the song lyrics to critical moments in history, Monge is able to explore how deeply and directly these catastrophes affected Black communities; how African Americans in general, and blues and gospel singers in particular, faced and reacted to disaster; whether these collective tragedies prompted different reactions among white people and, if so, why; and more broadly, how the role of memory in recounting and commenting on historical and cultural facts shaped African American society from 1879 to 1955.

Well of Sins

A finalist for the 2017 Bram Stoker Award for Superior Achievement in a First Novel. Deftly written and utterly addictive, this Western literary horror debut will find a home with fans of authors like Joe Hill, Cormac McCarthy, and Anne Rice. One night in 1980, a man becomes a monster. Haunted by his past, Travis Stillwell spends his nights searching out women in West Texas honky-tonks. What he does with them doesn't make him proud, just quiets the demons for a little while. But after Travis crosses paths one night with a mysterious pale-skinned girl, he wakes weak and bloodied in his cabover camper the next morning—with no sign of a girl, no memory of the night before. Annabelle Gaskin spies the camper parked behind her motel and offers the cowboy a few odd jobs to pay his board. Travis takes her up on the offer, if only to buy time, to lay low and heal. By day, he mends the old motel, insinuating himself into the lives of Annabelle and her ten-year-old son. By night, in the cave of his camper, he fights an unspeakable hunger. Before long, Annabelle and her boy come to realize that this strange cowboy is not what he seems. Half a state away, a grizzled Texas Ranger is hunting Travis for his past misdeeds, but what he finds will lead him to a revelation far more monstrous. A man of the law, he'll have to decide how far into the darkness he'll go for the sake of justice. When these lives converge on a dusty autumn night, an old evil will find new life—and new blood.

Anthropologists, historians, and sociologists will find here a striking challenge to accepted explanations of the northward movement of migrants from Mexico into the United States. Alvarez investigates the life histories of pioneer migrants and their offspring, finding a human dimension to migration which centers on the family. Spanish, American, and English exploits paved the way for exchange between Baja and Alta California.
