The Star Trek Encyclopedia

From 'audet IX to Zytchin III, this book covers it all. This is the ultimate reference book for all Star Trek fans! Added to this edition are 128 new pages. This addendum highlights the latest episodes of Star Trek: Deep Space Nine®, Star Trek: Voyager® and the newest feature film, Star Trek: Insurrection™. The thousands of photos and hundreds of illustrations place the Star Trek universe at your fingertips. Planets and stars, weapons and ships, people and places are just part of the meticulous research and countless cross-reference that fill this book.

The Next Generation Companion

First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

Laser Video Guide

The complete laser disc catalog; movies, music and special interest including karaoke and animation.

A Critical History of Doctor Who on Television

Since its inception in November 1963, the British science fiction television series Doctor Who has exerted an enormous impact on the world of science fiction (over 1,500 books have been written about the show). The series follows the adventures of a mysterious "Time Lord" from the distant planet Gallifrey who travels through time and space to fight evil and injustice. Along the way, he has visited Rome under the rule of Nero, played backgammon with Kublai Khan, and participated in the mythic gunfight at the O.K. Corral. Predating the Star Trek phenomenon by three years, Doctor Who seriously dealt with continuing characters, adult genre principles and futuristic philosophies. Critical and historical examinations of the ideas, philosophies, conceits and morals put forth in the Doctor Who series, which ran for 26 seasons and 159 episodes, are provided here. Also analyzed are thematic concepts, genre antecedents, the overall cinematography and the special effects of the long-running cult favorite. The various incarnations of Doctor Who, including television, stage, film, radio, and spin-offs are discussed. In addition, the book provides an extensive listing of print, Internet, and fan club resources for Doctor Who.

The Star Trek: The Next Generation Companion: Revised Edition

With the release of the hit feature Star Trek: Nemesis this is the perfect opportunity to update this book with all of the Star movies featuring The Next Generation cast! Here is the complete official guide to every episode of the television adventures of the Starship Enterprise and all four of the major motion pictures from Star Trek Generations to latest Star Trek: Nemesis. This companion is a compendium of information including plot summaries and credits for each show and motion picture, as well as fascinating behind-the-scenes glimpses into creation of The Next Generation. Take a glimpse into the shows incredible seven-year run where it reigned at the very top of the syndicated television ratings. Illustrated with more than 150 black and white photographs, this is the official reference guide to Star Trek: The Next Generation.

The Star Trek, the Next Generation

Completely revised and updated, this guidebook takes readers all the way through the last two seasons of the series, including the Paramount Pictures release of the blockbuster film, *Star Trek: Generations*. The book includes fascinating behind-the-scenes information and specially selected photos (at least one from every episode).

Net Trek

Packed with concise high-interest descriptions, handy side-bars and eyecatching graphics, this is the first comprehensive listing of online Trekker interest groups, conferences, forums, games and trivia. It covers the Internet, the major commercial services, including CompuServe, America Online and Prodigy, and hundreds of bulletin boards.

Film Landscapes of Global Youth

This book explores the dynamic landscapes of global youth through spatially grounded chapters focused on film and media. It is a collection of incredible works concerning children and young people in, out, and through media as well as an examination of what is possible for the future of research within the intersections of geography, film theory, and children's studies. It contains contributions from leading academics from anthropology, sociology, philosophy, art, film and media studies, women and gender studies, Indigenous studies, education, and geography, with chapters focused on a spatial area and the representations and relationships of children in that area through film and media. The insights presented also provide a unique and eclectic perspective on the current state of children's research in relation to the ever-changing media landscape of the 21st century. *Film Landscapes of Global Youth* approaches the subjects of children and young people in film and media in a way that is not bound by genre, format, medium, or the on-/off-screen binary. Each chapter offers an insightful look at the relationships and portrayals of children and young people in relation to a specific country, culture, or geographic feature. This book is a must-read for anyone interested in the intersections between geography, young lives, and the power of film, television, social media, content creation, and more.

Internet Lesbian and Gay Television Series, 1996–2014

Created around the world and available only on the Web, internet “television” series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The third of five volumes on Internet TV series, this book covers 335 alphabetically arranged gay and lesbian programs, 1996–2014, giving casts, credits, story lines, episode descriptions, websites, dates and commentary. A complete index lists program titles and headings for gay, lesbian, bi-sexual, transgender and drag queen shows.

Warped

The official parody guide to the unaired eighth season of *Star Trek: The Next Generation*, based on the popular @TNG_S8 Twitter account from creator Mike McMahan! In the basement of the *Star Trek* archives, behind shelves of U.S.S. Enterprise NCC-1701-D models, bags of wigs, and bins of plastic phasers, sits a dusty cardboard box. Inside is a pile of VHS tapes that contain never-before-seen episodes and behind-the-scenes footage for something truly amazing. The world thinks there are only seven seasons of *Star Trek: The Next Generation*, but there's one more. A secret season. Actually, not really. But that didn't stop Mike McMahan, creator of the parody Twitter account @TNG_S8, from making a guide full of: REAL* TNG SEASON 8 FACTS AND STORIES! REAL* TNG SEASON 8 DIALOGUE AND IMAGES! (* Again, not really, of course. This is humor. Sorry.) So impress your friends and bewilder your enemies with your newfound knowledge of these very lost *Star Trek* episodes! Engage!™, ®, & © 2015 CBS Studios, Inc. STAR TREK and related marks and logos are trademarks of CBS Studios, Inc. All Rights Reserved.

Exploring *Star Trek: Voyager*

In 1995, *Star Trek: Voyager* brought a new dynamic to *Star Trek*'s familiar, starship oriented, show. Lost 70,000 light-years in space, *Voyager* and its crew faced an uncertain and changeable future, echoing anxieties felt in the United States at the time. These fifteen essays explore the context, characters, and themes of *Star Trek: Voyager*, as they relate to the culture and zeitgeist of the 1990s. Essays on gender show how the series both challenges and reinforces typical SF stereotypes through the characters of

Captain Janeway, Kes and Seven of Nine, while essays on identity examine the show's intersections with disability studies, race and multiracial identities, family dynamics, and emerging AI and humanity. Using the epic journey of Homer's Odyssey as a starting point for the series, and ending with an examination of the impacts of inception at the birth of the internet age, this book shows the many ways in which Voyager negotiated different perspectives for what the future of the galaxy and the USA could be.

Hauntings and Poltergeists

Few people can claim the distinction of experiencing first-hand such occurrences as hauntings and the presence of poltergeists, but countless numbers of people are fascinated by these unexplainable events. Written by the world's most knowledgeable authorities in this field, the essays in this work promote a better understanding of the manifestations of and various reasons for hauntings and poltergeist phenomena. The experts come from such backgrounds as anthropology, history, philosophy, psychiatry, and sociology, and provide sober yet highly readable in-depth discussions of numerous ideas and rationalizations for hauntings and poltergeists, from a critical and scientific perspective. Divided into three major sections--sociocultural, physical and physiological, and psychological perspectives--this work provides an overview of each perspective and also addresses the general psychology of belief in the paranormal and how that belief relates to experiences with ghosts and poltergeists.

The Trekker's Guide to the Next Generation

1966--The first "Star Trek pilot, "The Cage," is aired. 1977--"Star Trek II, a new television show featuring the original cast, is proposed--and never made. 1979--"Star Trek: The Motion Picture, the first in what would become a long line of feature films, is released. 1987--A totally new "Star Trek television show premieres--a show that would become one of the most popular syndicated series of all time, spawn two more Trek-inspired shows, and start "another series of successful feature films. "Star Trek: The Next Generation is born--and science fiction television is changed forever. "The Trekker's Guide to the Next Generation reveals what went into--and was left out of--the seven television seasons and two feature films about the crew of the second "Enterprise. Hal Schuster, a long-time, prominent chronicler of the "Star Trek phenomenon, details just how the show was created, and how it changed following the death of "Star Trek originator Gene Roddenberry. He traces the history of "The Next Generation from the cancellation of a popular program to the beginnings of a box-office serial smash. Using information culled from interviews, the show's own bible, and other sources, "The Trekker's Guide to The Next Generation takes you inside the popular phenomenon. Read character profiles and biographies of the actors who brought them to life. Get plot summaries for each of the 177 television episodes, plus guest stars, innovations, and bloopers. Learn what happened between James T. Kirk's command and the debut of the new "Enterprise with Captain Jean-Luc Picard at the helm. Review "Star Trek science, comparing factual physics and the writers' flights of fancy. Totally unauthorized and uncensored "The Trekker's Guide to The Next Generation tells you what the producers at Paramount Pictures don't want you to know! About the Author Hal Schuster is the author of "The Trekker's Guide to Voyager (Prima) and "Trek: The Unauthorized A to Z. He is the former editor and publisher of "Enterprise Incidents and "Comics Features magazines. "This book was not approved, prepared, licensed, or endorsed by any entity involved in creating or producing the Star Trek television series or films.

Film and Television Analysis

Film and Television Analysis is especially designed to introduce undergraduate students to the most important qualitative methodologies used to study film and television. The methodologies covered include: ideological analysis auteur theory genre theory semiotics and structuralism psychoanalysis and apparatus theory feminism postmodernism cultural studies (including reception and audience studies) contemporary approaches to race, nation, gender, and sexuality. With each chapter focusing on a distinct methodology, students are introduced to the historical developments of each approach, along with its vocabulary, significant scholars, key concepts and case studies. Other features include: Over 120 color images throughout Questions for discussion at the end of each chapter Suggestions for further reading A glossary of key terms. Written in a reader-friendly manner Film and Television Analysis is a vital textbook for students encountering these concepts for the first time.

Set Phasers to Teach!

For 50 years, Star Trek has been an inspiration to its fans around the world, helping them to dream of a better future. This inspiration has entered our culture and helped to shape much of the technology of the early 21st Century. The contributors to this volume are researchers and teachers in a wide variety of disciplines; from Astrophysics to Ethnology, from English and History to Medicine and Video Games, and from American Studies to the study of Collective Computing Systems. What the authors have in common is that some version of Star Trek has inspired them, not only in their dreams of what may be, but in the ways in which they work - and teach others to work - here in the real world. Introduced with references to Star Trek films and television shows, and illustrated with original cartoons, each of the 15 chapters included in this volume provides insights into research and teaching in this range of academic fields.

The Continuing Mission

Featuring 750 never-before-seen illustrations and full-color photographs, this visually stunning book focuses on the creation of the hit series "Star Trek: The Next Generation". Its true, unique focus, however, is on the people who wrote the series, created the art, played the roles, and fashioned the special effects.

Hamlet on the Holodeck, updated edition

An updated edition of the classic book on digital storytelling, with a new introduction and expansive chapter commentaries. I want to say to all the hacker-bards from every field—gamers, researchers, journalists, artists, programmers, scriptwriters, creators of authoring systems... please know that I wrote this book for you." —Hamlet on the Holodeck, from the author's introduction to the updated edition Janet Murray's *Hamlet on the Holodeck* was instantly influential and controversial when it was first published in 1997. Ahead of its time, it accurately predicted the rise of new genres of storytelling from the convergence of traditional media forms and computing. Taking the long view of artistic innovation over decades and even centuries, it remains forward-looking in its description of the development of new artistic traditions of practice, the growth of participatory audiences, and the realization of still-emerging technologies as consumer products. This updated edition of a book the *New Yorker* calls a "cult classic" offers a new introduction by Murray and chapter-by-chapter commentary relating Murray's predictions and enduring design insights to the most significant storytelling innovations of the past twenty years, from long-form television to artificial intelligence to virtual reality. Murray identifies the powerful new set of expressive affordances that computing offers for the ancient human activity of storytelling and considers what would be necessary for interactive narrative to become a mature and compelling art form. Her argument met with some resistance from print loyalists and postmodern hypertext enthusiasts, and it provoked a foundational debate in the emerging field of game studies on the relationship between narrative and videogames. But since *Hamlet on the Holodeck*'s publication, a practice that was largely speculative has been validated by academia, artistic practice, and the marketplace. In this substantially updated edition, Murray provides fresh examples of expressive digital storytelling and identifies new directions for narrative innovation.

Fans, Bloggers, and Gamers

Henry Jenkins's pioneering work in the early 1990s promoted the idea that fans are among the most active and socially connected consumers of popular culture. This volume maps the core theoretical and methodological issues in Fan Studies, and also charts the growth of participatory culture on the web.

Fortune's Light

A missing jewel may bring war to an entire world, and death to commander Riker.

Science Fiction Television Series, 1990-2004

This is a detailed examination of 58 science fiction television series produced between 1990 and 2004, from the popular *The X-Files* to the many worlds of *Star Trek* (*The Next Generation* onward), as well as *Andromeda*, *Babylon 5*, *Firefly*, *Quantum Leap*, *Stargate Atlantis* and *SG-1*, among others. A chapter on each series includes essential production information; a history of the series; critical commentary; and amusing, often provocative interviews with overall more than 150 of the creators, actors, writers and directors. The book also offers updates on each series' regular cast members, along with several photographs and a bibliography. Fully indexed.

Exiles

For three centuries the people of Alaj and the people of Etolos have been bitter enemies. However, when crippling disasters strike both worlds, each planet becomes the other's hope for survival. With time running out, Captain Picard and his crew are called to negotiate a peaceful settlement and begin rescue efforts. But some factions would rather see both planets perish and will stop at nothing to prevent peace. Soon the U.S.S. "Enterprise(TM)" crew is caught up in a web of intrigue and terrorism that culminates with an act of ultimate revenge against both peoples -- revenge that will mean the destruction of two worlds and the U.S.S. "Enterprise."

Chains of Command

After discovering a group of human slaves on a forbidding planet, Captain Picard and his crew sympathize with the slaves' plight but cannot interfere in a brutal slave revolt. When the "owners" return to reclaim their property, Picard and Counsellor Troi are drawn into their deadly plan of vengeance.

Grounded

While answering a distress call from a scientific station in a remote part of the galaxy, the U.S.S. Enterprise™ becomes infected with a mysterious alien life form which feeds on and transforms inorganic materials. The Starship begins to gradually disintegrate, and Starfleet is forced to order its evacuation and destruction to prevent the dangerous infection from spreading throughout the galaxy. It's the end of an era for Captain Picard and his crew, who are scheduled for transfers that will split them up among different Starfleet vessels. But even as the end draws near for the Starship Enterprise™, Captain Picard begins to formulate a desperate plan to save his ship and preserve his crew -- a plan that will force him to defy Starfleet orders and lead him to a confrontation with a malevolent alien force -- which has the power to destroy the entire Federation.

Star Trek: The Next Generation - Hive

In the distant future the entire galaxy has been completely assimilated by Borg and it's kingŠ—_ Locutus! The only hope for the future lies in the past, in the hands of Captain Jean-Luc Picard and the crew of the Starship EnterpriseŠ—”as Picard faces off against the Borg collective in one final, terrifying, and definitive encounter!

Famous African-American Actresses Paper Dolls

From Dorothy Dandridge's pioneering role in *Carmen Jones* to Queen Latifah's show-stopping performance in *Chicago*, this collection pays tribute to the beauty and talent of African-American actresses. Sixteen film favorites, each with two costumes, include Halle Berry, Alfre Woodard, Angela Bassett, Ruby Dee, Cicely Tyson, Beyoncé, and others.

Star Trek - The Next Generation Q Who?

"Q Who" is the 16th episode of the second season of the American science fiction television series *Star Trek: The Next Generation*. ... In this episode, the omnipotent entity known as "Q" (John de Lancie) arrives on the Enterprise and decides that Captain Jean-Luc Picard (Patrick Stewart) is ignorant and overconfident.

Star Trek: The Next Generation Nerd Search

Do you possess Data-like recall of everything *Star Trek: The Next Generation*? Put that knowledge to the test with Hero Collector's TNG Nerd Search Book. The next generation of Hero Collector's *Star Trek Nerd Search* book is here, literally. *Star Trek Nerd Search: The Next Generation* follows the TOS-centric "Quibbles with Tribbles" and it challenges TNG fans to find the made-on-purpose mistakes across its 44 pages. Think of it as a next-level "Where's Waldo" for all the diehard *Star Trek* fans throughout the galaxy. Glenn Dakin, the madman behind Hero Collector's previous Nerd Search search-and-find titles, *Ghostbusters: Eerie Errors & Suspect Ghosts* and *Star Trek: Quibbles with Tribbles*, returns to playfully torment fans who boldly think they know it all. His fully illustrated book beams up the villainous Borg, who've created time-traveling Chaos Cubes that break down reality as we know it. The reader's task is to spot the Cubes and save Picard's mission. Making it so, however, will be tough. The reader must spot five continuity errors caused by the Chaos Cubes, such as TNG characters in the wrong costume, or scene or... even the wrong series! Complicating the crises, Dakin has hidden 10 random items for every season of TNG... in each scene. Can you find the rogue elements and name the episode?

And, upping the ante even further, next-level Next Gen fans should be on the lookout for five Super Quibbles, behind-the-scenes bits of business that only hardcore fans will uncover. Sounds exciting and challenging, right? Say it with us: Resistance will be futile. It's all in here: Quirky "Q" madness, those hirsute, cranky Klingons, and the ever-avaricious Ferengi. And, among the TNG episodes revisited are 'The Best of Both Worlds,' 'The Big Goodbye,' and 'Encounter at Farpoint.' Oh, and the goal is to achieve the top score of, appropriately, 11001001.

The Meaning of Video Games

The Meaning of Video Games takes a textual studies approach to an increasingly important form of expression in today's culture. It begins by assuming that video games are meaningful—not just as sociological or economic or cultural evidence, but in their own right, as cultural expressions worthy of scholarly attention. In this way, this book makes a contribution to the study of video games, but it also aims to enrich textual studies. Early video game studies scholars were quick to point out that a game should never be reduced to merely its "story" or narrative content and they rightly insist on the importance of studying games as games. But here Steven E. Jones demonstrates that textual studies—which grows historically out of ancient questions of textual recension, multiple versions, production, reproduction, and reception—can fruitfully be applied to the study of video games. Citing specific examples such as *Myst* and *Lost*, *Katamari Damacy*, *Halo*, *Façade*, Nintendo's *Wii*, and *Will Wright's Spore*, the book explores the ways in which textual studies concepts—authorial intention, textual variability and performance, the paratext, publishing history and the social text—can shed light on video games as more than formal systems. It treats video games as cultural forms of expression that are received as they are played, out in the world, where their meanings get made.

Star Trek FAQ 2.0 (Unofficial and Unauthorized)

(FAQ). This book is not endorsed, sponsored, or affiliated with CBS Studios Inc., Paramount Pictures, or the "Star Trek" franchise. In the 1980s and '90s, Star Trek rose from the ash heap of network cancellation and soared to the peak of its popularity with a series of blockbuster feature films and the smash sequel series *Star Trek: The Next Generation*. *Star Trek FAQ 2.0* picks up where the original *Star Trek FAQ* left off, chronicling the historic comeback of the "failed" series and its emergence as a pop culture touchstone. The book provides accounts of the production of every *Star Trek* movie (including creator Gene Roddenberry's struggle to retain control of the franchise) and every episode of *The Next Generation* (and the conflicts that roiled its writing staff). It also offers profiles of the actors, directors, writers, producers, and technicians whose excellence fueled the franchise's success, and explores often overlooked aspects of the *Star Trek* phenomenon, including unofficial, fan-made productions. *Star Trek FAQ 2.0* represents the final frontier of *Trek* scholarship.

Star Trek - The Next Generation The Royale

"The Royale" is the twelfth episode of the second season of the American science fiction television series *Star Trek: The Next Generation*, the 38th episode overall. ... In this episode, Riker, Data, and Worf become trapped in a strange hotel on a planet otherwise incapable of supporting human life.

Star Trek: Essays Exploring the Final Frontier

After more than 55 years of transmedia storytelling, 'Star Trek' is a global phenomenon that has never been more successful than it is today. 'Star Trek' fandom is worldwide, time tested, and growing, and academic interest in the franchise, both inside and outside of the classroom, is high; at the moment, more 'Star Trek' works are underway or in development simultaneously than at any other moment in history. Unlike works that focus on a limited number of stories/media in this franchise or only offer one expert's or discipline's insights, this accessible and multidisciplinary anthology includes analyses from a wide range of scholars and explores 'Star Trek' from its debut in 1966 to its current incarnations, considers its implications for and collaborations with fandom, and trace its ideas and meanings across series, media, and time. 'Star Trek: Essays Exploring the Final Frontier' will undoubtedly speak to academics in the field, students in the classroom, and informed lay readers and fans.

Terror Television

Although horror shows on television are popular in the 1990s thanks to the success of Chris Carter's *The X-Files*, such has not always been the case. Creators Rod Serling, Dan Curtis, William Castle,

Quinn Martin, John Newland, George Romero, Stephen King, David Lynch, Wes Craven, Sam Raimi, Aaron Spelling and others have toiled to bring the horror genre to American living rooms for years. This large-scale reference book documents an entire genre, from the dawn of modern horror television with the watershed Serling anthology, *Night Gallery* (1970), a show lensed in color and featuring more graphic makeup and violence than ever before seen on the tube, through more than 30 programs, including those of the 1998-1999 season. Complete histories, critical reception, episode guides, cast, crew and guest star information, as well as series reviews are included, along with footnotes, a lengthy bibliography and an in-depth index. From *Kolchak: The Night Stalker* to *Millennium*, from *The Evil Touch* to *Buffy the Vampire Slayer* and *Twin Peaks*, *Terror Television* is a detailed reference guide to three decades of frightening television programs, both memorable and obscure.

Relics

The U.S.S. Enterprise discovers the wreckage of a starship upon the monstrous surface of a Dyson sphere, an artificially-constructed habitat built around a star; and preserved in a weak transporter pattern is Starfleet engineering legend Montgomery "Scotty" Scott. Mr. Scott boards the Enterprise to find himself lost in a world that he barely recognizes, a world that has passed him by. But soon the Enterprise finds itself trapped within the Dyson sphere and pulled into the star, and Scotty must work with Lt. Geordi La Forge to rescue the Enterprise.

TLA Film and Video Guide, 1996-1997

In this episode, Lieutenant Commander Data (Brent Spiner) is kidnapped by an obsessive collector, who leads the Enterprise crew to believe that Data was destroyed in a shuttlecraft accident. The episode's title references a quote popular in the 1980s, "Whoever dies with the most toys wins".

Star Trek - The Next Generation The Most Toys

The Enterprise is traveling to the Farpoint station to open relations with the Bandi people.

Encounter at Farpoint

Your complete guide to STAR TREK's most popular progeny – both spectacular series guidebooks complete in one volume! Originally published in 1997, this edition covers all seven seasons of *The Next Generation* and seasons one and two of *Deep Space Nine*.

The Unauthorized Trekkers' Guide to the Next Generation and Deep Space Nine

The author of *The Trek Crew Book* offers a complete chronicle of the new crew of the starship Enterprise and the actors and actresses who bring them to life in the hit TV series *Star Trek: The Next Generation*. 40 black-and-white photographs.

The Laser Disc Newsletter

"In *Star Trek*, crew members travel to unusual planets, meet diverse beings, and encounter unique civilizations. In these remarkable space adventures, does *Star Trek* reflect biology and evolution as we know it? What can the science in the science fiction of *Star Trek* teach us?"--Back cover

Star Trek - The Next Generation The Offspring

Set in the 24th century, the series follows the adventures of the Starfleet crew of the Federation starship Enterprise-D. In this episode the android Data creates a "child" of his own named Lal and tries to raise her, while Picard takes on Starfleet Research to keep them from taking her away.

The Star Trek Encyclopedia

From 'audet IX to Zytchin III, this book covers it all. This is the ultimate reference book for all Star Trek fans! Added to this edition are 128 new pages. This addendum highlights the latest episodes of Star Trek: Deep Space Nine®, Star Trek: Voyager® and the newest feature film, Star Trek: Insurrection™. The thousands of photos and hundreds of illustrations place the Star Trek universe at your fingertips. Planets and stars, weapons and ships, people and places are just part of the meticulous research and countless cross-reference that fill this book.

Star Trek: Discovering the TV Series

How well do you know Star Trek? Lifelong science fiction fan, podcaster and author Tom Salinsky decided that the answer was "not well enough", and so at the beginning of 2022, he embarked on a two-year mission to watch everything from the start of The Original Series to the end of Enterprise, at the rate of one episode per day. This book is the first part of that odyssey, covering the 79 television episodes which started it all, the animated series which briefly brought it back in the 1970s, the first six original movies and the full run of The Next Generation. As well as having fun saluting the show's

triumphs, cringing at its lapses in taste, and admiring its willingness to swing for the fences, there's lots of fascinating behind-the-scenes information here. Why were salt-cellars unchanged in the 23rd century? Was Gene Roddenberry really not allowed to show a woman's belly button? How many characters get killed during the run of The Animated Series? Who actually wrote the script for Wrath of Khan? How did Paramount get Next Generation on the air when no network would touch it? But you'll also get the benefit of a complete overview of this landmark series, watching it unfold and familiar elements appear – often much later than you think. When's the first mention of the Federation? Of Kirk's time being the 23rd century? Of there being no money in the future? And some elements appear rather earlier than you might think – which episode is the first to feature a Holodeck? Whether you're a die-hard fan, a casual viewer, or just someone interested in the history of television, you'll adore coming on this daily journey through the highs and lows of one of the most significant and much-loved media properties in the world.

The Hamlin Massacre -- every Starfleet officer knows the tale. The tiny Federation outpost of Hamlin was destroyed. its entire adult population ruthlessly slaughtered, before the first defense shields could be raised. Even worse, the colony's children disappeared without a trace, abducted by the aliens who attacked with a ferocity and speed that outmatched their Starfleet pursuers. Now, fifty years later, the Choraii ships have appeared again. But this time the Federation is ready; this time, the Choraii must pay for what they need. the precious metal can only be bought with the Hamlin children still living with their captors. This time, the Choraii must face Captain Jean-Luc Picard -- and the crew of the "Starship Enterprise(TM) ."

The Children of Hamlin

The Star Trek Quiz Book is a fun selection of original questions (and answers!), comprehensively covering all facets of the classic original series! As a fun family game it will separate the Picard's from the Q, the Riker's from the Borg, and is a fantastic way to enjoy Trek even more.

Star Trek: The Next Generation – Ultimate Quiz Book

Star Trek Crosswords

Packed with concise high-interest descriptions, handy side-bars and eye-catching graphics, this is the first comprehensive listing of online Trekker interest groups, conferences, forums, games and trivia. It covers the Internet, the major commercial services, including CompuServe, America Online and Prodigy, and hundreds of bulletin boards.

Net Trek

On January 16, 1995, Star Trek: Voyager made its television debut. The fourth Star Trek series had a very different premise to its predecessors: flung 70,000 light years to the unexplored Delta Quadrant, far from the familiar Federation, the U.S.S. Voyager faced a long and perilous journey home. Across seven seasons, Captain Kathryn Janeway and her crew encountered new species, new wonders, new threats... and some very familiar adversaries for good measure. Celebrating a quarter century since the series first began, the Star Trek: Voyager 25th Anniversary Special is an essential guide to the U.S.S. Voyager's exploration of the Delta Quadrant. Featuring an exclusive new interview with Kate Mulgrew, plus a season-by-season guide, on-set reports, and spotlights on production design and visual effects,

the Star Trek: Voyager 25th Anniversary Special is the ultimate companion to the show that took the Star Trek franchise further than it had ever been before...

Star Trek: Voyager 25th Anniversary Special

1966--The first "Star Trek pilot, "The Cage," is aired. 1977--"Star Trek II, a new television show featuring the original cast, is proposed--and never made. 1979--"Star Trek: The Motion Picture, the first in what would become a long line of feature films, is released. 1987--A totally new "Star Trek television show premieres--a show that would become one of the most popular syndicated series of all time, spawn two more Trek-inspired shows, and start "another series of successful feature films. The Trekker's Guide to the Next Generation

The Complete Star Trek Quiz Book contains 800 entries and is a fun selection of questions (and answers!), comprehensively covering the original series, The Next Generation, Deep Space 9, Voyager, Enterprise, and all the films from the Classic era, the Next Generation and the J .J. Abrams reboot! As a fun family game it will separate the Kirk's from the Khan's, the Picard's from the Borg, and is a fantastic way to enjoy Trek even more.

The Complete Star Trek Quiz Book

Whether rocketing to other worlds or galloping through time, science fiction television has often featured the best of the medium. The genre's broad appeal allows youngsters to enjoy fantastic premises and far out stories, while offering adults a sublime way to view the human experience in a dramatic perspective. From Alien Nation to World of Giants, this reference work provides comprehensive episode guides and cast and production credits for 62 science fiction series that were aired from 1959 through 1989. For each episode, a brief synopsis is given, along with the writer and director of the show and the guest cast. Using extensive research and interviews with writers, directors, actors, stuntmen and many of the show's creators, an essay about each of the shows is also provided, covering such issues as its genesis and its network and syndication histories.

Science Fiction Television Series

First published in 1992 and last revised in 1995, this is a fitting record of a show that changed the rules by which television was made. The first adventure drama series ever to run to seven seasons and more than 170 episodes, Star Trek: The Next Generation broke audience records wherever it was shown and remains the most widely viewed and consistently popular of all the Star Trek series. This new edition of the series companion has been brought bang up to date to include not only all seven years of the TV series but also all four films which have featured the Next Generation crew. In addition to Generations (1994), we now have full details of First Contact (1997), Insurrection (1998) and the very latest incarnation, Nemesis (2002). A positive feast of information, the Companion includes complete plot summaries and credits for each individual episode and film. There are fascinating behind-the-scenes glimpses into how each one was made, and in-depth analysis really brings The Next Generation

universe to life. Illustrated throughout with more than 150 black and white photographs, this is a truly invaluable reference guide.

The Next Generation Companion

A missing jewel may bring war to an entire world, and death to commander Riker.

Fortune's Light

Blake's 7, Terry Nation's science fiction tale of cosmic freedom fighters, became a hit series in Great Britain when it premiered in 1978. Eight years later, the show quickly became a cult program in America. A dramatization of futuristic outlaw heroes who defend the innocent from both alien and human conquering forces, the series might better be said to be equal parts Robin Hood and The Magnificent Seven. The series defied traditional genre elements of science fiction television, and developed the concept of the continual "story arc" years before such shows as Babylon 5 and Deep Space Nine. This book provides a critical history and episode guide for Blake's 7, including commentaries for all 52 episodes. Also included are analytical essays on the show, dealing with such topics as themes, imagery and story arc; a consideration of the series as a futuristic Robin Hood myth; cinematography and visual effects; and an overview of Blake's 7 in books, comics and videos. A detailed appendix lists the genre conventions found in the series. The author also includes information about Blake's 7 fan clubs and Internet sites.

A History and Critical Analysis of Blake's 7, the 1978–1981 British Television Space Adventure

In 1995, Star Trek: Voyager brought a new dynamic to Star Trek's familiar, starship oriented, show. Lost 70,000 light-years in space, Voyager and its crew faced an uncertain and changeable future, echoing anxieties felt in the United States at the time. These fifteen essays explore the context, characters, and themes of Star Trek: Voyager, as they relate to the culture and zeitgeist of the 1990s. Essays on gender show how the series both challenges and reinforces typical SF stereotypes through the characters of Captain Janeway, Kes and Seven of Nine, while essays on identity examine the show's intersections with disability studies, race and multiracial identities, family dynamics, and emerging AI and humanity. Using the epic journey of Homer's Odyssey as a starting point for the series, and ending with an examination of the impacts of inception at the birth of the internet age, this book shows the many ways in which Voyager negotiated different perspectives for what the future of the galaxy and the USA could be.

Exploring Star Trek: Voyager

A lifeless Federation research vessel orbiting a hidden planet draws the interest of Captain Picard, who beams over with several crewmembers and promptly vanishes

A Call to Darkness

Based on the epic two-part television episode, here now is the story STAR TREK™ fans have awaited for five long years, the story that bring together Spock -- the enigmatic Vulcan who personified the original, classic STAR TREK -- with the crew of the Next Generation. Screenwriter Teri Taylor brings all the excitement and wonder that have captivated fans of the smash television series STAR TREK: THE NEXT GENERATION™ to this story of Spock's forbidden journey into the heart of the Romulan Empire -- and the U.S.S. Enterprise's desperate attempts to discover the reasons for his mission there. Join now with Captain Picard, Lieutenant Commander Data, and the rest of the Next Generation crew on a voyage of unsurpassed adventure, a voyage that brings them to the edge of history -- and forces them to confront a shattering betrayal!

St Ng Unification

Like HOMECOMING (074346754X) did for Star Trek Voyager and AVATAR (074340050X) did for Star Trek: Deep Space Nine, DEATH IN WINTER picks up the Star Trek: The Next Generation story after the TV/movies are complete and tells all-new stories about favourite Next Generation characters and their subsequent lives. After the fall of Shinzon (as seen in the feature film, STAR TREK: NEMESIS) the elite of the Romulan Empire are battling over who will seize control. Caught up in this struggle are the Kevrata, a once proud people, now strangled under Romulan domination. When a biogenetic disease threatens to wipe out their race, Starfleet assigns its new Chief Medical Officer, Dr Beverly Crusher, to

aid the populace. But when she suddenly goes missing and is presumed dead, Jean-Luc Picard must race to try and locate Crusher and help find a cure for the disease that could kill millions.

Death in Winter

Young Jean-Luc Picard faces his most difficult test ...

Starfall

While answering a distress call from a scientific station in a remote part of the galaxy, the U.S.S. Enterprise™ becomes infected with a mysterious alien life form which feeds on and transforms inorganic materials. The Starship begins to gradually disintegrate, and Starfleet is forced to order its evacuation and destruction to prevent the dangerous infection from spreading throughout the galaxy. It's the end of an era for Captain Picard and his crew, who are scheduled for transfers that will split them up among different Starfleet vessels. But even as the end draws near for the Starship Enterprise™, Captain Picard begins to formulate a desperate plan to save his ship and preserve his crew -- a plan that will force him to defy Starfleet orders and lead him to a confrontation with a malevolent alien force -- which has the power to destroy the entire Federation.

Grounded

Rod Serling's anthology series *The Twilight Zone* is recognized as one of the greatest television shows of all time. Always intelligent and thought-provoking, the show used the conventions of several genres to explore such universal qualities as violence, fear, prejudice, love, death, and individual identity. This comprehensive reference work gives a complete history of the show, from its beginning in 1959 to its final 1964 season, with critical commentaries, incisive analyses, and the most complete listing of casts and credits ever published. Biographical profiles of writers and contributors are included, followed by detailed appendices, bibliography and index.

A Critical History of Television's *The Twilight Zone*, 1959-1964

Without warning, a Starfleet ship is overwhelmed by a mysterious, alien aggressor—one who appears to possess an intimate knowledge of the vessel's tactical technology. Then a second Starfleet ship is attacked. And a third. Twenty-eight-year-old Jean-Luc Picard, captain of the U.S.S. *Stargazer*—a Constellation-class starship—is ordered to help form a desperate line of defense against the aggressor. But it seems nothing can stop the aliens' headlong plunge into the heart of the Federation. Or rather, nothing in front of them can. Trailing one of the alien attack formations is a tiny Starfleet shuttle with a half dozen crewmembers aboard. One of them is Picard's first officer and best friend, Gilaad Ben Zoma. Another is Arlen McAteer, the ambitious admiral who has made it his business to relieve Picard of his command. Can Ben Zoma and McAteer work together to unlock the secret of the alien assault? Or will their differences sabotage their effort—and deprive the Federation of its last hope for survival?

Star Trek: The Next Generation: *Stargazer*: Enigma

The USS *Stargazer*, a long-range exploration ship commanded by Captain Ruhalter, is assigned to pick up descendents of the survivors of the USS *Valiant*, a ship that was lost at the far edge of the galaxy in the very first Star Trek Original Series episode. The evacuees claim that a deadly invasion force from outside the galaxy is nearing the United Federation of Planets. When they are ambushed by the invaders, Captain Ruhalter is killed, leaving a young Lieutenant, Jean-Luc Picard, in charge of the ship in the midst of a deadly confrontation. Picard must swiftly learn to be an effective Captain; while dealing both with a crew that has not yet come to trust his judgement and with hostile aliens more powerful than anything the Federation has encountered before.

The Valiant

Nearly a century after the destruction of Project Genesis, which resulted in the creation of a weapon of annihilation, Genesis is reborn, and Captain Picard and the Enterprise crew discover that the fate of the galaxy lies in their hands.

Star Trek, the Next Generation

The U.S.S. Enterprise discovers the wreckage of a starship upon the monstrous surface of a Dyson sphere, an artificially-constructed habitat built around a star; and preserved in a weak transporter pattern is Starfleet engineering legend Montgomery "Scotty" Scott. Mr. Scott boards the Enterprise to find himself lost in a world that he barely recognizes, a world that has passed him by. But soon the Enterprise finds itself trapped within the Dyson sphere and pulled into the star, and Scotty must work with Lt. Geordi La Forge to rescue the Enterprise.

Relics

Science fiction roman.

Star Trek: The Next Generation: Crossover

He is perhaps the ultimate human achievement: a sentient artificial life-form -- self-aware, self-determining, possessing a mind and body far surpassing that of his makers, and imbued with the potential to evolve beyond the scope of his programming. Created by one of the most brilliant and eccentric intellects the Federation has ever known, the android Data has always believed he was unique, the one true fulfillment of a dream to create children of the mind. But is he? Investigating the mysterious destruction of a new android created by Starfleet, Data and the crew of the U.S.S. Enterprise™ uncover startling secrets stretching back to the galaxy's dim past. That knowledge is coveted by beings who will stop at nothing to control it, and will force Data to redefine himself as he learns the hidden history of artificial intelligence.

Immortal Coil

Cult Collectors examines cultures of consumption and the fans who collect cult film and TV merchandise. Author Lincoln Geraghty argues that there has been a change in the fan convention space, where collectible merchandise and toys, rather than just the fictional text, have become objects for trade, nostalgia, and a focal point for fans' personal narratives. New technologies also add to this changing identity of cult fandom whereby popular websites such as eBay and ThinkGeek become cyber sites of memory and profit for cult fan communities. The book opens with an analysis of the problematic representations of fans and fandom in film and television. Stereotypes of the fan and collector as portrayed in series such as The Big Bang Theory and films like The 40 Year Old Virgin are discussed alongside changes in consumption practices and the mainstreaming of cult media. Following this, theoretical chapters consider issues of gender, representation, nostalgia and the influence of social media. Finally, extended case study chapters examine in detail the connections between the fan community and the commodities bought and sold. Topics discussed include: The San Diego Comic-Con and the cult geographies of the fan convention Hollywood memorabilia and collecting cinema history The Star Wars franchise, merchandising and the adult collector Online stores and the commercialisation of cult fandom Mattel, Hasbro and nostalgia for animated eighties children's television

Cult Collectors

With their sun about to go nova, the people of Epictetus III face annihilation. Although the U.S.S. Enterprise™ has come to lead the rescue operation, there is no way to evacuate a population of over twenty million, leaving Captain Picard to make an agonizing decision. Should he try to salvage the planet's children, its greatest leaders and thinkers, or its irreplaceable archeological treasures? No matter what he decides, millions must be sacrificed -- unless another solution can be found. With time running out, Data proposes a revolutionary scientific experiment that could save all of Epictetus III, or doom both the planet and the Enterprise as well.

Star Trek: The Next Generation: A Fury Scorned

On the cusp of their epic battle with Shinzon, many of Captain Jean-Luc Picard's long-time crew were heading for new assignments and new challenges. Among the changes were William Riker's promotion to captain and his new command, Riker's marriage to Counselor Deanna Troi, and Dr. Beverly Crusher's new career at Starfleet Medical. But the story of what set them on a path away from the Starship Enterprise™ has never been told. UNTIL NOW. A cataclysmic war between the Federation and the Klingon Empire has been miraculously averted, and a new government is finally in place on the planet Tezwa. But deadly secrets still threaten the fragile peace accord. Rebels still loyal to the

old Tezwa regime have captured Commander Riker and are willing to kill to achieve their goals...the Orion Syndicate is interfering in the rebuilding -- and may also be involved in much more than that. But the most devastating revelation of all threatens the very foundations of the Federation itself -- leaving Captain Picard to possibly face the very conflict that he labored so hard to prevent....

A Star Trek: The Next Generation: Time #8: A Time to Heal

The past collides with the present as the true story of the historical Kahless sparks a battle for control of the entire Klingon Empire. Yet even if Worf and Picard can prevent a civil war, the revelations contained in a scroll still jeopardize the very foundation of what it means to be Klingon.

Thirty years before the days of Star Trek: The Next Generation®, Captain Jean-Luc Picard was thrust unexpectedly into command of another proud vessel: the U.S.S. Stargazer. Surrounded by a crew he doesn't entirely know or trust, the young Picard must answer the challenges of leadership. While Picard and his senior staff accompany Chief Engineer Simenon to his homeworld of Gnala to undergo a ritual, his second officer, Victoria Wu, is left in command of the Stargazer. Responding to a distress call from a nearby star system, Wu finds herself in the middle of a mystery involving a damaged ship and a peculiar interstellar phenomenon—one that threatens to destroy the Stargazer if she can't learn its secret. Meanwhile, on Gnala, Picard must help his friend undergo the ritual—and find out who is trying to sabotage their chances of completing it before they're all killed!

Star Trek: The Next Generation: Stargazer: Progenitor

Created around the world and available only on the Web, internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The third of five volumes on Internet TV series, this book covers 335 alphabetically arranged gay and lesbian programs, 1996–2014, giving casts, credits, story lines, episode descriptions, websites, dates and commentary. A complete index lists program titles and headings for gay, lesbian, bi-sexual, transgender and drag queen shows.

Internet Lesbian and Gay Television Series, 1996–2014

Includes fictitious biographies of the characters, real life biographies of the actors who play them, and plot summaries of individual episodes.

Trek

Discover Captain Jean Luc Picard's first command aboard the Stargazer in this Star Trek: The Next Generation novel. Ensign Andreas Nikolas, heartsick over the loss of his Mirror Universe lover, has resigned his post on Jean-Luc Picard's starship, the Stargazer, to seek a home on the freighter Iktoj'ni. All he wants of his new life is a chance to forget his troubles. And that's what he gets—until the Iktoj'ni is taken over by a monstrous alien with unbelievable powers and a disdain for all forms of life. Without saying why, the alien sends the freighter hurtling toward a part of space inhabited by the Ubarrak, the Federation's deadliest and most xenophobic enemy. And Nikolas, who fears that the incident will start a war, can't convince his captor to turn back. Picard's only hope of stopping the alien menace is Serenity Santana—a woman who once abused his trust in the name of her people's survival. Now she's back, asking for the captain's trust a second time. Picard desperately needs Santana's help in his struggle to save his galaxy. But will she justify his faith in her—or once again twist it to serve her own shadowy ends?

Star Trek: The Next Generation: Stargazer: Maker

"The Royale" is the twelfth episode of the second season of the American science fiction television series *Star Trek: The Next Generation*, the 38th episode overall. ... In this episode, Riker, Data, and Worf become trapped in a strange hotel on a planet otherwise incapable of supporting human life.

Star Trek - The Next Generation The Royale

Completely revised and updated, this guidebook takes readers all the way through the last two seasons of the series, including the Paramount Pictures release of the blockbuster film, *Star Trek: Generations*. The book includes fascinating behind-the-scenes information and specially selected photos (at least one from every episode).

The Star Trek, the Next Generation

The Star Trek Encyclopedia

From 'audet IX to Zytchin III, this book covers it all. This is the ultimate reference book for all Star Trek fans! Added to this edition are 128 new pages. This addendum highlights the latest episodes of *Star Trek: Deep Space Nine*®, *Star Trek: Voyager*® and the newest feature film, *Star Trek: Insurrection*™. The thousands of photos and hundreds of illustrations place the Star Trek universe at your fingertips. Planets and stars, weapons and ships, people and places are just part of the meticulous research and countless cross-reference that fill this book.

The Oxford Handbook of Organizational Decision Making

The Oxford Handbook of Decision-Making comprehensively surveys theory and research on organizational decision-making, broadly conceived. Emphasizing psychological perspectives, while encompassing the insights of economics, political science, and sociology, it provides coverage at the individual, group, organizational, and inter-organizational levels of analysis. In-depth case studies illustrate the practical implications of the work surveyed. Each chapter is authored by one or more leading scholars, thus ensuring that this Handbook is an authoritative reference work for academics, researchers, advanced students, and reflective practitioners concerned with decision-making in the areas of Management, Psychology, and HRM. Contributors: Eric Abrahamson, Julia Balogun, Michael L Barnett, Philippe Baumard, Nicole Bourque, Laure Cabantous, Prithviraj Chattopadhyay, Kevin Daniels, Jerker Denrell, Vinit M Desai, Giovanni Dosi, Roger L M Dunbar, Stephen M Fiore, Mark A Fuller, Michael Shayne Gary, Elizabeth George, Jean-Pascal Gond, Paul Goodwin, Terri L Griffith, Mark P Healey, Gerard P Hodgkinson, Gerry Johnson, Michael E Johnson-Cramer, Alfred Kieser, Ann Langley, Eleanor T Lewis, Dan Lovallo, Rebecca Lyons, Peter M Madsen, A. "In *Star Trek*, crew members travel to unusual planets, meet diverse beings, and encounter unique civilizations. In these remarkable space adventures, does *Star Trek* reflect biology and evolution as we know it? What can the science in the science fiction of *Star Trek* teach us?"--Back cover

Live Long and Evolve

The complete laser disc catalog; movies, music and special interest including karaoke and animation.

Laser Video Guide

This book examines politics in terms of space fiction, international relations and theory, using the *Star Wars* and *Star Trek* television and movie franchises to illustrate these dimensions.

The Final Frontier

"A rich exploration of sci-fi universes we know and love, merged flawlessly with discussions on leadership, national security . . . diplomacy, and more." —*Diplomatic Courier* As a literature of ideas, science fiction has proven to be a powerful metaphor for the world around us, offering a rich tapestry of imagination through which to explore how we lead, how we think, and how we interact. To *Boldly Go* assembles more than thirty writers from around the world—experts in leadership and strategy, senior policy advisors and analysts, professional educators and innovators, experienced storytellers, and ground-level military leaders—to help us better understand ourselves through the lens of science fiction. Each chapter of *To Boldly Go* draws out the lessons that we can learn from science fiction, drawing on classic examples of the genre in ways that are equally relatable and entertaining. A chapter on the burdens of leadership by *Ghost Fleet* author August Cole launches readers into the cosmos with Captain Avatar aboard the space battleship *Yamato*. In another chapter, the climactic Battle of the Mutara Nebula from *The Wrath of Khan* weighs the advantages of experience over intelligence in the pursuit of strategy. What does inter-species conflict in science fiction tell us about our perspectives on social Darwinism? Whether using *Star Trek: Deep Space Nine* to explore the nuances of maritime strategy or *The Expanse* to better understand the threat posed by depleted natural resources, *To Boldly Go* provides thoughtful essays on relevant subjects that will appeal to business leaders, military professionals, and fans of science fiction alike.

To Boldly Go

American Science Fiction Film and Television presents a critical history of late 20th Century SF together with an analysis of the cultural and thematic concerns of this popular genre. Science fiction film and television were initially inspired by the classic literature of HG Wells and Jules Verne. The potential and fears born with the Atomic age fuelled the popularity of the genre, upping the stakes for both technology and apocalypse. From the Cold War through to America's current War on Terror, science fiction has proved a subtle vehicle for the hopes, fears and preoccupations of a nation at war. The definitive introduction to American science fiction, this is also the first study to analyse SF across both film and TV. Throughout, the discussion is illustrated with critical case studies of key films and television series, including *The Day the Earth Stood Still*, *Planet of the Apes*, *Star Trek: The Next Generation*, *The X-Files*, and *Battlestar Galactica*.

The Trekker's Guide to the Next Generation

The Star Trek: The Next Generation® Technical Manual, written by Rick Sternbach and Michael Okuda, the technical advisors to Star Trek: The Next Generation, provides a comprehensive schematization of a Galaxy-class starship. From the bridge to the shuttlebays, from the transporter room to crews' quarters, this book provides a never-before-seen glimpse at the inner, intricate workings of the most incredible starship ever conceived. Full of diagrams, technical schematics, and ship's plans, the Star Trek: The Next Generation Technical Manual also takes a detailed look at the principles behind Star Trek®'s awesome technology -- from phasers to warp drive to the incredible holodeck.

Technical Manual

Star Trek: The Next Generation blended speculative science fiction and space opera in its portrayal of communication. Multiple modes of communication used between characters are presented and the multilevel tapestry of communication in the series is critical in its appeal. This book proposes that these patterns of communication reveal a foundational philosophy of Star Trek (while enticing millions of viewers). These patterns serve both to cause strong empathetic connections with characters and to impel viewers to form relationships with the show, explaining their extreme devotion.

Social and Intellectual Networking in the Early Middle Ages seeks to expand our understanding of early medieval connectivity by interrogating social and intellectual collaborations, competitions, and communications among persons, places, things, and ideas in the European and Mediterranean West during the second half of the first millennium CE. In so doing, its contributors explore the existence, performance, and sustainability of diverse political, scholarly, ecclesiastical, and material networks via manuscripts, artifacts, and theories framed by two broad interpretive categories. The first examines networks of scholars, writers, and the social and political histories related to their productions. The second imagines the transmission of "knowledge" as information, rhetoric, object, and epistemic grounding. In addition, the book rigorously investigates the theoretical possibilities and problems of researching early medieval networks, attempts to re-construct historical networks, and critically analyzes the concept of "information."

Social and Intellectual Networking in the Early Middle Ages

The Routledge Companion to Science Fiction is a comprehensive overview of the history and study of science fiction. It outlines major writers, movements, and texts in the genre, established critical approaches and areas for future study. Fifty-six entries by a team of renowned international contributors are divided into four parts which look, in turn, at: history – an integrated chronological narrative of the genre's development theory – detailed accounts of major theoretical approaches including feminism, Marxism, psychoanalysis, cultural studies, postcolonialism, posthumanism and utopian studies issues and challenges – anticipates future directions for study in areas as diverse as science studies, music, design, environmentalism, ethics and alterity subgenres – a prismatic view of the genre, tracing themes and developments within specific subgenres. Bringing into dialogue the many perspectives on the genre The Routledge Companion to Science Fiction is essential reading for anyone interested in the history and the future of science fiction and the way it is taught and studied.

The Routledge Companion to Science Fiction

Ethnicity & cultural attitudes both as part of the series, in the contemporary world, & in the larger vision of the future that the series portrays.

Race in Space

Movies mirror our desires and dreams, but they also shape them, as we struggle to understand ourselves and our world in relation to God. Finding Meaning at the Movies is a guide for groups and individuals who wish to explore - through movies - major themes, issues, and questions that we all have in common. Sara Ansen Vaux takes the reader on a cinematic journey, showing how to look for messages of value and meaning by examining not only the content of a film, but also the ways (cinematography, color, sound) that a movie tells a story.

Finding Meaning at the Movies

The tensions between utopian dreams and dystopian anxieties permeate science fiction as a genre, and nowhere is this tension more evident than in Star Trek. This book breaks new ground by exploring music and sound within the Star Trek franchise across decades and media, offering the first sustained look at the role of music in shaping this influential series. The chapters in this edited collection consider how the aural, visual, and narrative components of Star Trek combine as it constructs and deconstructs the utopian and dystopian, shedding new light on the series' political, cultural, and aesthetic impact. Considering how the music of Star Trek defines and interprets religion, ideology, artificial intelligence, and more, while also considering fan interactions with the show's audio, this book will be of interest to students and scholars of music, media studies, science fiction, and popular culture.

Heroines and Heroes: Symbolism, Embodiment, Narratives & Identity

A guide to programs currently available on video in the areas of movies/entertainment, general interest/education, sports/recreation, fine arts, health/science, business/industry, children/juvenile, how-to/instruction.

Film Review

This collection of essays looks at the spinoffs of Star Trek and examines themes found in and among those various manifestations.

Music in Star Trek

For three centuries the people of Alaj and the people of Etolos have been bitter enemies. However, when crippling disasters strike both worlds, each planet becomes the other's hope for survival. With time running out, Captain Picard and his crew are called to negotiate a peaceful settlement and begin rescue efforts. But some factions would rather see both planets perish and will stop at nothing to prevent peace. Soon the U.S.S. "Enterprise(TM)" crew is caught up in a web of intrigue and terrorism that culminates with an act of ultimate revenge against both peoples -- revenge that will mean the destruction of two worlds and the U.S.S. "Enterprise."

Video Source Book

Entertainment Weekly: 100 Greatest Entertainers

Continuing the events detailed in *Star Trek: Destiny*: With the displacement and devastation wrought by the Borg, can the Federation survive? Fortune has smiled on Lieutenant Jasminder Choudhury, chief of security on the U.S.S Enterprise.™ She has survived. But her homeworld, Deneva, one of the planets targeted in the massive Borg invasion, has not. The entire surface has been wiped clean of everything, killing anyone who did not evacuate and rendering the planet uninhabitable. Choudhury is left to wonder whether her family was one of the displaced. Or are they all gone forever? The Enterprise is just one ship, and Jasminder Choudhury is just one officer, yet her story is being repeated over and over across the galaxy. Hundreds of thousands of displaced persons haunt the space ways, seeking comfort, looking for someplace safe, somewhere, anywhere to find solace. Captain Jean-Luc Picard is ordered to do everything he can to rescue and if need be to recover the lost souls from the Borg invasion. For the first time in generations, citizens of the Federation know want, uncertainty, and fear. Bloodied yet unbowed, the Federation now stands on the edge of a precipice. The captain of the Enterprise finds himself in the unenviable position of wondering whether it is true that those who can win a war well can rarely make a good peace.

Science Fiction and Fantasy Reference Index, 1985-1991

Best Life magazine empowers men to continually improve their physical, emotional and financial well-being to better enjoy the most rewarding years of their life.

2008 Comic Book Checklist & Price Guide

This comprehensive book, written and updated over a period of 43 years with hundreds of references, will appeal to both beginners and experts, skeptics and believers, as well as to fans of Science-Fiction, aviation, students of Psychology, Sociology, Psychiatry plus those interested in psychic experiences and those interested in NASA, CIA and US military coverups of UFO evidence. Foreword by Nick Pope, of Britain's "X files". Topics include: summary of findings and evidence from 75 years of UFOlogy; dozens of classic and recent cases which still defy skeptical explanations; 13 famous cases that have been explained or exposed as hoaxes; many government coverups; possible Nazi-Roswell-Avro-CIA connections; psychic aspects, Carl Jung etc.; Hysterical Contagion (Mass Hysteria); the Rendlesham Forest case (triangular craft seen, touched and sketched by a US Air Force security sergeant, and witnessed taking off from the forest by him and another); the famous Roswell case; Shag Harbour USO case and other USO (Unidentified Submerged Object) cases; Belgium case; the recent shoot down of a UFO in Pentrych England – beginning of a human-alien war? the huge subliminal influence

science-fiction movies, TV shows, books, and comics have had on UFO sightings and encounters; origin of the Men in Black; missing time; the technology of flying saucers, including possible propulsion systems; airships of 1890-1912: mass hysteria, UFOs or actual early dirigibles (Zeppellins)? The religion aspect (aliens function as a new mythology / belief system for many); witches (yesteryear's aliens?) Angels v. Aliens; recent US Navy sightings and disclosure in the US and other nations; the Advanced Aerospace Threat Identification Program and Luis Elizondo, the Unidentified Aerial Phenomena Task Force (2020) Airborne Object Identification and Management Synchronization Group (2021). ABDUCTIONS (a) UFO Neurosis - a new psychiatric diagnosis for some people who believe that they have been kidnapped by space aliens; (b) Some "alien abductions" are actually "screen memories" of sexual assaults, usually committed by family members or trusted friends; (c) Above applied to the famous Barney and Betty Hill case and to a few others; (d) A different hypothesis applying psychologist Julian Jaynes' 1976 theory about the bicameral mind to "experiencers" to suggest that some have bicameral brains like everyone did 4000 years, according to Jaynes; (e) One case that would stand up if it were tried at court (Pascagoula Mississippi).

The Best of Star Trek, the Next Generation

In the future, a heroic captain and his crew explore the Galaxy in a really fast spacecraft. The crew's standing orders are: "...to explore strange new worlds, to seek out new life and new civilizations, to boldly go where no man has gone before."™ Simple, straightforward -- that's Star Trek.® So what's all the fuss? Why do news crews always seem to find someone, somewhere dressed up in a Star Trek costume? What could be so interesting to so many people? Star Trek 101 is the answer. You'll learn just a little about the heroes (Captain Kirk believes that man wasn't meant to live in paradise), the villains (Klingons have a thirst for conquest), and the important aliens (Vulcans live their lives by logic). In the handy recaps for all things Star Trek, you'll discover that the television shows and movies run the gamut from action-adventure to comedy. Just want to sample? The ten essential episodes are offered for your consideration. Star Trek 101 is a quick primer of the television shows and movies that carry the Star Trek name.

Star Trek: Epic Episodes

He is perhaps the ultimate human achievement: a sentient artificial life-form -- self-aware, self-determining, possessing a mind and body far surpassing that of his makers, and imbued with the potential to evolve beyond the scope of his programming. Created by one of the most brilliant and eccentric intellects the Federation has ever known, the android Data has always believed he was unique, the one true fulfillment of a dream to create children of the mind. But is he? Investigating the mysterious destruction of a new android created by Starfleet, Data and the crew of the U.S.S. Enterprise™ uncover startling secrets stretching back to the galaxy's dim past. That knowledge is coveted by beings who will stop at nothing to control it, and will force Data to redefine himself as he learns the hidden history of artificial intelligence.

Losing the Peace

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.
