Tangled Bond (Holly Woods Files, #2)

One date with the sexier-than-sin Detective Drake Nash. Simple. Until you take into account that my brother finally proposed to his girlfriend, so Nonna is on a warpath-and the crazy old bat has Cupid by the balls. The upcoming mayoral elections has everyone running on full speed, and while I couldn't give any less craps about the corrupt Holly Woods mayor's office, a dead body in the middle of a campaign speech has me thrown right into the middle of it. The victim is close to the mayor, but all he cares about is minimizing the damage to his campaign, so he hires me to work alongside Drake to close the case as quickly as possible. Bad news for our tentative relationship. We disagree far more than we agree, but being at loggerheads won't get this murder solved... Or deal with the arrival of someone from his past. The mysteries behind the murder aren't the only things unraveling, and despite being knee-deep in lies and corruption and bonds so tangled they're almost indecipherable, I have to figure out if I'm willing to fight for Drake the way I do justice... Or if he'll be my one who gets away. (TANGLED BOND is the second book in the Holly Woods Files series. Although there isn't a cliffhanger, this book does not stand alone and TWISTED BOND must be read first.)

Sissy Dreams: From Boyfriend to Girlfriend

Receiving a text from Sasha, my girlfriend, at work was always risky. Especially when she wanted to know if her girlfriend was horny. A short and sweet (and filthy) story.

Play it Safe

No connections. Play it safe. These were the rules Ivey lived her life by. Until she hit Mustang, Colorado, a perfectly imperfect town where the citizens were welcoming and one of them included the tall, beautiful, macho man, rancher cowboy, Grayson Cody. On the run for a decade, Ivey knew she was supposed to play it safe. But she was tired of being on the run. She wanted normal. She wanted real. She wanted a home. And she wanted Grayson Cody. And Gray wanted Ivey. Everyone who saw them could see they belonged together. There was one man in this world for Ivey and one woman for Grayson Cody. So they fell in love. But just as quickly as they fell together, they were betrayed and torn apart. Separated for years, Ivey was certain her life would not include her rancher cowboy. Until the town of Mustang reached out when Gray was in trouble. Even though she thought he broke her heart, she charged in to help, only for Gray and Ivey to discover they were betrayed. And not only that, Gray had an enemy who would stop at nothing to defeat him.

SECOND SIGHT AND SEDUCTION... Daniel Mackenzie lives up to the reputation of the scandalous Mackenzie family—he has wealth, looks, and talent, and women love him. When he meets Violet Bastien—one of the most famous spiritual mediums in England—he immediately knows two things: that Miss Bastien is a fraud, and that he's wildly attracted to her. Violet knows she can't really contact the other side, but she's excellent at reading people. She discerns quickly that Daniel is intelligent and dangerous to her reputation, but she also finds him generous, handsome, and outrageously wicked. But spectres from Violet's past threaten to destroy her, and she flees England, adopting yet another identity. Daniel is determined to find the elusive Violet and pursue the passion he feels for her. And though Violet knows that her scandalous past will keep her from proper marriage, her attraction to Daniel is irresistible. The Wicked Deeds of Daniel Mackenzie

A year after her divorce from her manipulative, sweet-talking ex-husband, Yancy Stevens has settled into life as a single mother to her eighteen month old little girl. She enjoys her work, loves her daughter, and has wonderful girlfriends to lean on. While her life isn't perfect, she's finally back in control of it. There's just one problem: Charles Faulkner. Her new colleague in the office is arrogant and can't seem to remember her name. However, it's probably for the best that he's a jerk because he's also the most handsome man she's ever seen. If she didn't detest him, she would become a bumbling idiot every time they spoke. After a heated argument, his attitude toward her changes dramatically and sparks of a different sort begin to fly. Against her better judgment, Yancy takes the risk and gives Charles a chance. As she learns more about him, she truly wants to let go of her past, drop her defenses and try to trust him. It's a scary proposition for a woman who's learned the hard way, if something seems too good to be true, it probably is.

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

The Enforcer

"Jacob (Yock) Bauman, a young member of an Amish community near Kitchener, Ontario, chafes at the strict (and, he believes, outmoded) beliefs of his elders, particularly those of his father, Christy. World War I is raging in Europe, and most of Canada's young men have gone off to fight with the British forces, but the Amish, because of their pacifist convictions, have refused to join the war effort. By deciding to enlist, Yock alienates himself not only from family and community, but also from the lovely Katie Brubacher, with whom he has fallen in love. When Yock returns from the war Katie has wed someone else and, ironically, the very acts of bravery which have made him a hero to the rest of Canada have made Yock a bloody-handed villain to his own people. Although the compassionate Katie offers to leave her husband and go off with him, Yock accepts his status as an outcast and departs alone, but not before admitting that, while standing over the body of a slain German soldier, the meaning of pacifism was, at last, powerfully revealed to him. In the end, Yock's stern father (now a bishop) is vindicated--but at the loss of the one he sought to save, his beloved and only son!"--Playdatabase.com

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of

xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of Comparative Education.

Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. Writing on the Wall

From discussions of Rosa Parks and Trayvon Martin to John Walker Lindh and Edward Snowden, Abu-Jamal articulates lucid, humorous, and often prescient insight into the past, present, and future of American politics and society. Written as radio commentaries from his prison cell in Death Row, where he was held in solitary confinement for close to thirty years, Mumia's revolutionary perspective brims with hope, encouragement, and profound faith in the possibility of social change and redemption. MUMIA ABU-JAMAL is an award-winning journalist and author of two best-selling books, *Live From Death Row* and *Death Blossoms*, which address prison life from a critical and spiritual perspective. In 1981 he was elected president of the Association of Black Journalists (Philadelphia chapter). That same year he was arrested for allegedly killing a white police officer in Philadelphia.

The Battle for Spain

'Fascination lies in the human drama, superbly captured by Beevor ... A vivid chronicle of a dreadful time and place' Max Hastings, *Sunday Times* 'A moving masterpiece' TLS The civil war that tore Spain apart between 1936 and 1939 and attracted liberals and socialists from across the world to support the cause against Franco was one of the most hard-fought and bitterest conflicts of the 20th century: a war of atrocities and political genocide and a military testing ground before WWII for the Russians, Italians and Germans, whose Condor Legion so notoriously destroyed Guernica. Antony Beevor's account narrates the origins of the Civil War and its violent and dramatic course from the coup d'etat in July 1936 through the savage fighting of the next three years which ended in catastrophic defeat for the Republicans in 1939. And he succeeds especially well in unravelling the complex political and regional forces that played such an important part in the origins and history of the war.

You're under the eye. The only defence is knowledge. You need to read this book, to the end. Even the part about the bratwurst. Why? You'll just have to trust me. Unfortunately for us, if you make the right choice, we'll have a much harder time explaining how to fight off the otherworldly invasion currently threatening to enslave humanity. I'm sorry to have involved you in this, I really am. But as you read about these terrible events and the very dark epoch the world is about to enter as a result, it is crucial you keep one thing in mind: NONE OF THIS IS MY FAULT...

Within this landmark collection, original voices from the field of drama provide rich analysis of a selection of the most exciting and remarkable plays and productions of the twenty-first century. But what makes the drama of the new millenium so distinctive? Which events, themes, shifts, and paradigms are marking its stages? Kaleidoscopic in scope, *Twenty-First Century Drama: What Happens Now* creates a broad, rigorously critical framework for approaching the drama of this period, including its forms, playwrights, companies, institutions, collaborative projects, and directors. The collection has a deliberately British bent, examining established playwrights – such as Churchill, Brenton, and Hare – alongside a new generation of writers – including Stephens, Prebble, Kirkwood, Bartlett, and Kelly. Simultaneously international in scope, it engages with significant new work from the US, Japan, India, Australia, and the Netherlands, to reflect a twenty-first century context that is fundamentally globalized. The volume's central themes – the financial crisis, austerity, climate change, new forms of human being, migration, class, race and gender, cultural politics and issues of nationhood – are mediated through fresh, cutting-edge perspectives.

Shelby spends a wicked, wild night with the three men. But the cold light of morning brings a startling discovery. Alex isn't a wolf anymore. He's an injured man who wants to claim her. Con, Ty, and Chuck are also werewolves who believe she is their mate! When she learns Alex's injury was a first strike in a looming war against a new breed of grotesque creatures, Shelby is faced with a choice. She can flee the danger or she can stand with her men and face the coming nightmare."--Publisher description.

Ali Zán and True Love

A scruffy Arabian colt of the mountainous Latin American outback is purchased by North American Tracer Montrose the morning his wife, Constance, angrily packs to leave him. The horse being a gift that Constance cannot check for her flight home, she delays her departure. She names him Ali Zn?and soon encounters a herd of his kin fleeing a highland inferno. Tracer unites equestrian club riders and dirt-roughened cowboys to save the animals. The mismatched bunch form a trail riding club. Meanwhile, the purchase of Napoleon and True Love causes a cramp in Ali Zns stable space. These older horses are bright and abrasive, strong and fearless, and champion the outback equine during nerve-wracking jumps, turns, and races. Tracer and Constance, rider novices, persist upon the backs of their steeds within the club arena and along the outback abyss, as well. But their horses poorly manage long-pent demands to achieve maddened equine goals. Their competitive spirits turn upon them. They find that neither rider nor trail obstruct them; that their devils must be accosted elsewhere. The youthful Ali Zn interprets this heart-rending tale by which horse and human are ridden, driven, and, sometimes, bound.

'Thought-provoking, highly original and beautifully nuanced. Jessie Stephens' journalistic skill shines as she weaves together true stories with a narrative as compelling as any novel.' Jane Harper 'Heartbreak does not seem to be a brand of grief we respect. And so we are left in the middle of the ocean, floating in a dinghy with no anchor, while the world waits for us to be okay again.' Claire has returned from London to the dust and familiarity of her childhood home, only to realise something is wrong with her partner Maggie. Patrick is a lonely uni student, until he meets Caitlin - but does she feel as connected as he does? Ana is happily married with three children. Then, one night, she falls in love with someone else. Based on three true stories, *Heartsick* is a compelling narrative nonfiction account of the many lows and occasional surprising highs of heartbreak. Bruising, beautiful, achingly specific but wholeheartedly universal, it reminds us that emotional pain can make us as it breaks us, and that storytelling has the ultimate healing power. SHORTLISTED FOR THE ABIA GENERAL NON-FICTION BOOK OF THE YEAR 2022 Praise for *Heartsick* 'A remarkable longform journalism exploration of the human heart and how it breaks. Original, meticulous, marvellous. Stephens has such a handle on heartbreak here that you'd be forgiven for thinking she's had hers broken hundreds of times. But, of course, just once is more than enough for anyone. Dive in, soak up every word, and remember what it felt like to ache with the glorious sick.' - Trent Dalton 'Full of empathy and grippingly told, this is a book for anyone who has suffered a broken heart. Jessie Stephens perfectly captures the thrill of love, as well as the agony that sometimes follows. You'll care desperately for all these people, in all their damage and hope.' - Richard Glover 'This book is a delight. Stephens has written a compulsive, utterly endearing thing about that most human of struggles: heartache. It is Sally Rooney's *Normal People* meets Louis Theroux. What *Heartsick* does for us all, because its core is universal, is reveal the true nature of love in astonishing detail. The precision will grip you. Stephens shows us, too, that we are not alone. And that is a gift.' - Rick Morton 'Unflinching, perceptive and inquisitive - all the things Jessie Stephens does best - *Heartsick* is a window into another person's soul, with permission to read the inside of their heart. In its pages, *Heartsick* delivers what every broken-hearted person needs, the ability to see themselves in others who have walked this path before them. With this book, Jessie Stephens has just established herself as a major player in the Australian literary scene. A stunning debut.' - Sally Hepworth 'Heartsick is heartbreak close up - a magnifying glass that shows us the beating muscle of heartache. It reminded me that the closer a writer gets, the more universal the story becomes. I just loved this book. I hope you will too.' - Sophie Hardcastle

In this volume, a group of distinguished scholars reinterpret concepts and canons of Islamic thought in Arab, Persian, South Asian, and Turkish traditions. They demonstrate that there is no unitary "Islamic" position on important issues of statecraft and governance. They recognize that Islam is a discursive site marked by silences, agreements, and animated controversies. Rigorous debates and profound disagreements among Muslim theologians, philosophers, and literati have taken place over such questions as: What is an Islamic state? Was the state ever viewed as an independent political institution in the Islamic tradition of political thought? Is it possible that a religion that places an inordinate emphasis upon the importance of good deeds does not indeed have a vigorous notion of "public interest" or a systematic theory of government? Does Islam provide an edifice, a common idiom, and an ideological mooring for premodern and modern Muslim rulers alike? The nuanced reading of the Islamic traditions provided in this book will help future generations of Muslims contemplate a more humane style of statecraft.

Not long after her father died, Afsaneh Najmabadi discovered that her father had a secret second family and that she had a sister she never knew about. In *Familial Undercurrents*, Najmabadi uncovers her family's complex experiences of polygamous marriage to tell a larger story of the transformations of notions of love, marriage, and family life in mid-twentieth-century Iran. She traces how the idea of "marrying for love" and the desire for companionate, monogamous marriage acquired dominance in Tehran's emerging urban middle class. Considering the role played in that process by late nineteenth- and early twentieth-century romance novels, reformist newspapers, plays, and other literature, Najmabadi

outlines the rituals and objects---such as wedding outfits, letter writing, and family portraits---that came to characterize the ideal companionate marriage. She reveals how in the course of one generation men's polygamy had evolved from an acceptable open practice to a taboo best kept secret. At the same time, she chronicles the urban transformations of Tehran and how its architecture and neighborhood social networks both influenced and became emblematic of the myriad forms of modern Iranian family life.

This book is the first comprehensive analysis of Nez m+'s romance Layl+ and Majnkn (1188). It examines key themes such as chastity, constancy and suffering through an analysis of the main characters. Majnkn's asceticism, kingship, love-madness, poetic genius, ill-fate, and love-death are treated in separate chapters. The patriarchal society in which Layl+ lives, her anxieties and dilemmas, incarceration, secret love, imposed marriage and finally her death are discussed in detail. One chapter is devoted entirely to the different ways parents raise their children and the consequences. Finally, the book gives an analysis of Nez m+'s style, the narrative structure of the romance and the symbolism of time and setting.

Grammy Award winner Victor Wooten's inspiring parable of the importance of music and the threats that it faces in today's world. We may not realize it as we listen to the soundtrack of our lives through tiny earbuds, but music and all that it encompasses is disappearing all around us. In this fable-like story three musicians from around the world are mysteriously summoned to Nashville, the Music City, to join together with Victor to do battle against the "Phasers," whose blinking "music-cancelling" headphones silence and destroy all musical sound. Only by coming together, connecting, and making the joyful sounds of immediate, "live" music can the world be restored to the power and spirit of music. A VINTAGE ORIGINAL

Good Muslim Boy tells the story of Osamah Sami's journey from Iran during the Iraq war to the suburbs of Australia and his quest to fit into his new life whilst trying to stay a good Muslim boy. In turns comic and tragic, Osamah's story explores the universal truths of growing up, falling in love, marriage, family and following one's dream; whilst also telling the immigrant's story of straddling two cultures and the difficult expectations of family and faith versus fitting in. Osamah begins by recounting his youth under Islamic rule in Iran: the mischievous antics that he and his friends would get up to, and the lengths they would go to for a little contact with girls – resulting in hilarious reprimands from the 'Piety Police'. But the inescapable impacts of war are never far away and Osmah details the trauma his family suffered from the violence in Iran and their desperation to reach safer shores in Australia. Cut to Australia years later where Osamah is pretending to attend university after lying to his family about his final high school results, afraid of the shame it will cause to learn that their son didn't make it into medical school. While embroiled in his lie, Osamah meets the girl of his dreams – but as neither of their parents would approve of their relationship, they must carry out their affair in secret... What ensues must be read to be believed, an arranged marriage is escaped; true love is embraced; and an acting career evolves, as Osamah goes on the road staging a show entitled 'Saddam The Musical'. With a distinct authorial voice, Osamah Sami's A Good Muslim Boy unfolds and enchants us; both funny and entertaining, we are enlightened, shocked, saddened, made to laugh, and ultimately uplifted in a tale that couldn't come at a more prescient time.

The definitive translation by Dick Davis of the great national epic of Iran—now newly revised and expanded to be the most complete English-language edition A Penguin Classic Dick Davis—“our pre-eminent translator from the Persian” (The Washington Post)—has revised and expanded his acclaimed translation of Ferdowsi’s masterpiece, adding more than 100 pages of newly translated text. Davis’s elegant combination of prose and verse allows the poetry of the Shahnameh to sing its own tales directly, interspersed sparingly with clearly marked explanations to ease along modern readers. Originally composed for the Samanid princes of Khorasan in the tenth century, the Shahnameh is among the greatest works of world literature. This prodigious narrative tells the story of pre-Islamic Persia, from the mythical creation of the world and the dawn of Persian civilization through the seventh-century Arab conquest. The stories of the Shahnameh are deeply embedded in Persian culture and beyond, as attested by their appearance in such works as *The Kite Runner* and the love poems of Rumi and Hafez. Mohammad Ali Jinnah and communal leadership

A groundbreaking look at marriage, one of the most basic and universal of all human institutions, which reveals the emotional, physical, economic, and sexual benefits that marriage brings to individuals and society as a whole. *The Case for Marriage* is a critically important intervention in the national debate about the future of family. Based on the authoritative research of family sociologist Linda J. Waite, journalist Maggie Gallagher, and a number of other scholars, this book’s findings dramatically contradict the anti-marriage myths that have become the common sense of most Americans. Today a broad consensus holds that marriage is a bad deal for women, that divorce is better for children when parents are unhappy, and that marriage is essentially a private choice, not a public institution. Waite and Gallagher flatly contradict these assumptions, arguing instead that by a broad range of indices, marriage is actually better for you than being single or divorced—physically, materially, and spiritually. They contend that married people live longer, have better health, earn more money, accumulate more wealth, feel more fulfillment in their lives, enjoy more satisfying sexual relationships, and have happier and more successful children than those who remain single, cohabit, or get divorced. *The Case for Marriage* combines clearheaded analysis, penetrating cultural criticism, and practical advice for strengthening the institution of marriage, and provides clear, essential guidelines for reestablishing marriage as the foundation for a healthy and happy society. “A compelling defense of a sacred union. *The Case for Marriage* is well written and well argued, empirically rigorous and learned, practical and commonsensical.” -- William J. Bennett, author of *The Book of Virtues* “Makes the absolutely

critical point that marriage has been misrepresented and misunderstood.” -- The Wall Street Journal

Familial Undercurrents

This report considers the biological and behavioral mechanisms that may underlie the pathogenicity of tobacco smoke. Many Surgeon General's reports have considered research findings on mechanisms in assessing the biological plausibility of associations observed in epidemiologic studies. Mechanisms of disease are important because they may provide plausibility, which is one of the guideline criteria for assessing evidence on causation. This report specifically reviews the evidence on the potential mechanisms by which smoking causes diseases and considers whether a mechanism is likely to be operative in the production of human disease by tobacco smoke. This evidence is relevant to understanding how smoking causes disease, to identifying those who may be particularly susceptible, and to assessing the potential risks of tobacco products.

The twelfth-century French poet Chrétien de Troyes is a major figure in European literature. His courtly romances fathered the Arthurian tradition and influenced countless other poets in England as well as on the continent. Yet because of the difficulty of capturing his swift-moving style in translation, English-speaking audiences are largely unfamiliar with the pleasures of reading his poems. Now, for the first time, an experienced translator of medieval verse who is himself a poet provides a translation of Chrétien's major poem, *Yvain*, in verse that fully and satisfyingly captures the movement, the sense, and the spirit of the Old French original. *Yvain* is a courtly romance with a moral tenor; it is ironic and sometimes bawdy; the poetry is crisp and vivid. In addition, the psychological and the socio-historical perceptions of the poem are of profound literary and historical importance, for it evokes the emotions and the values of a flourishing, vibrant medieval past.

JACK LONDON (1876-1916), American novelist, born in San Francisco, the son of an itinerant astrologer and a spiritualist mother. He grew up in poverty, scratching a living in various legal and illegal ways -robbing the oyster beds, working in a canning factory and a jute mill, serving aged 17 as a common sailor, and taking part in the Klondike gold rush of 1897. This various experience provided the material for his works, and made him a socialist. "The son of the Wolf" (1900), the first of his collections of tales, is based upon life in the Far North, as is the book that brought him recognition, "The Call of the Wild" (1903), which tells the story of the dog Buck, who, after his master's death, is lured back to the primitive world to lead a wolf pack. Many other tales of struggle, travel, and adventure followed, including "The Sea-Wolf" (1904), "White Fang" (1906), "South Sea Tales" (1911), and "Jerry of the South Seas" (1917). One of London's most interesting novels is the semi-autobiographical "Martin Eden" (1909). He also wrote socialist treatises, autobiographical essays, and a good deal of journalism.

'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Lacey Benoit is in need of a fresh start. Her best friend, Dr. Zoe Millis, has been begging her to make the move from Maine to California. Taking a leap of faith, Lacey does just that. Living in San Diego definitely has its perks, such as, sunshine and beaches. The best part of moving to the west coast, however, is that Steven is still on the east coast. Catching your almost husband having sex with one of your bridesmaids on your wedding day would make even the strongest woman jaded. Therefore, Lacey has sworn off men for a while, especially men who travel a lot that have easy access to loose women. When Lacey meets the new enforcer for the San Diego Scorpions, she thinks she might be in trouble. But she is determined to fight her attraction to the sexy NHL hunk. And she is successful...for about a day.

The Enforcer

"Jacob (Yock) Bauman, a young member of an Amish community near Kitchener, Ontario, chafes at the strict (and, he believes, outmoded) beliefs of his elders, particularly those of his father, Christy. World War I is raging in Europe, and most of Canada's young men have gone off to fight with the British forces, but the Amish, because of their pacifist convictions, have refused to join the war effort. By deciding to enlist, Yock alienates himself not only from family and community, but also from the lovely Katie Brubacher, with whom he has fallen in love. When Yock returns from the war Katie has wed someone else and, ironically, the very acts of bravery which have made him a hero to the rest of Canada have made Yock a bloody-handed villain to his own people. Although the compassionate Katie offers to leave her husband and go off with him, Yock accepts his status as an outcast and departs alone, but not before admitting that, while standing over the body of a slain German soldier, the meaning of pacifism was, at last, powerfully revealed to him. In the end, Yock's stern father (now a bishop) is vindicated--but at the loss of the one he sought to save, his beloved and only son!"--Playdatabase.com

Imagine that you are living in a country that does not recognize you as a citizen in spite of the fact that your people have maintained a continuous existence there for several centuries. If that was not enough of a traumatic experience, consider that because of your racial, ethnic and religious identity other ethnic groups that are fighting the brutal military regime in your country for their self-determination and human rights consider you as "settlers" from a neighboring country. It must be your worst nightmare when you realize that half of your people (almost 2 million) have been forced to take asylum or refuge outside, and you may be the next in line to seek a way out of this living hell of xenophobia, discrimination, intolerance, racism and bigotry. The victims are the Rohingya people of Burma (Myanmar). Because of their religion, race, ethnicity, color and language they are the most discriminated and persecuted people in our planet. Some argue that they are also one of the most forgotten. The Myanmar military regime has denied their citizenship rights, claiming that they are illegal settlers from nearby Bangladesh who have moved into Arakan during the British occupation of Burma in the 19th century. Is there any truth to such allegations? Does the military junta apply the same litmus test against all ethnic and religious groups in matters of citizenship? What is the basis for a nation's claim to self-determination? Must a people wander in the wilderness for two millennia and suffer repeated persecution, humiliation and genocide to qualify? How about the rights of a minority community to survive with their culture and traditions intact? Do they need to be 'children' of a 'higher' God to qualify? What makes the children of a 'lesser' God to be forgotten and denied the same treatment and privilege that was granted hitherto to other nations? For much of its history, Burma has been ruled by military. As has once again been demonstrated recently they are brutal, savage and tyrannical. They have ignored people's verdict in the election and imprisoned leaders and workers of the democracy movement. They cannot be guarantors or protectors of human rights of anyone, let alone religious and ethnic minorities. Do you know that the Rohingyas - face cruel restriction on marriage and those married without government authorization are paraded naked on the streets? - Are restricted from traveling outside their villages? - Have no legal right to own land or property? - Are restricted from getting education, finding work, getting medical and health care? - Are subjected to land confiscation, forced eviction and destruction of homes, offices, schools, mosques, shops, etc., and face religious persecution on a daily basis? - Are victims of staged riots, forced starvation, arbitrary taxation, extortion, arrest, torture and extra-judicial killings? - Are forced to do slave labor for establishment of government infrastructure, new Buddhist settlements, pagodas and monasteries on evicted lands with the government intent of changing the landscape and demography of Arakan? - Are forced to convert to Buddhism &/or worship Buddha? Do you know that when it comes to the Rohingya people, the Burmese government doesn't uphold any of the Articles of the Universal Declaration of Human Rights? Nothing can excuse us from the criminal silence that we practice in not voicing our concern about the plight of the Rohingya people. "The Forgotten Rohingya" makes a strong case for mobilizing concerned citizens of our globe to ease their sufferings. The author analyzes origin of the Rohingya people and offers ideas to solve their problem. The author also discusses problems of xenophobia and racism, which are so rampant in this country of many races, ethnicities and religions. He also analyzes the role of Daw Suu Kyi and failure of Burma's orange revolution.

Almost all low- and middle-income postcolonial countries now use English or another dominant language as the medium of instruction for some, if not all, of the basic education cycle. Much of the literature about language-in-education in such countries has focused on the instrumentalist value of English, on one side, and the rights of learners to high quality mother tongue-based education, on the other. The polarised nature of the debate has tended to leave issues related to the processes of learning in English as a Medium Instruction (EMI) classrooms under-researched. This book aims to provide a greater understanding of the existing challenges for learners and educators and potential strategies that can support more effective teaching and learning in EMI classrooms. Contributions illustrate the impact that learning in English has on learners in a range of regional, national and local contexts and put forward theoretical and empirical analyses to support more relevant and inclusive educational policies. This volume was originally published as a special issue of Comparative Education.

Warning: This erotica contains scenes and elements that may be disturbing to some readers. Please review the full content warning below. Jessica Martin is not a nice girl. As Prom Queen and Captain of the cheer squad, she'd ruled her school mercilessly, looking down her nose at everyone she deemed unworthy. The most unworthy of them all? The "freak," Manson Reed: her favorite victim. But a lot changes after high school. A freak like him never should have ended up at the same Halloween party as her. He never should have been able to beat her at a game of Drink or Dare. He never should have been able to humiliate her in front of everyone. Losing the game means taking the dare: a dare to serve Manson for the entire night as his slave. It's a dare that Jessica's pride - and curiosity - won't allow her to refuse. What ensues is a dark game of pleasure and pain, fear and desire. Is it only a game? Only revenge? Only a dare? Or is it something more? This book contains intense fantasy scenes of hard kinks/edgeplay, graphic sex, and harsh language. It is intended only for an adult audience. Beware: this is a dark, weird, kinky read. The activities depicted therein are dangerous and are not meant to be an example of realistic BDSM. Reader discretion is advised. Kinks/Fetishes within: erotic humiliation, fearplay, painplay, knifeplay, consensual non-consent (CNC), orgasm denial, boot worship, spanking, crying, blowjobs, clowns, group sexual activities, spit, bondage, public play, bloodplay.
