## The House that Jesus Built

It is said that the Bible is not a science book. That is true. Science books were written by men attempting to describe the things of God, while at the same time, removing God from the equation. The Bible does not function on such illogic. It has never issued a second, third or fourth edition. The Bible does not waiver or change based on scientific trends or theories of the day, for the Bible is ultimate truth and ultimate truth cannot change. According to John 1, Hebrews 1 and Colossians 1, Jesus is the maker of all things and Romans 1 says that we can get to know the Creator through the things that were made. If Jesus is the Creator and we can get to know the Creator through creation, should we not study

what that creation is according to scripture? After all, Jesus himself disagreed with modern scientific claims. The fact that Jesus disagreed with modern science should not scare us as modern Christians. It should empower us to investigate the claims of modern science, knowing that if the two disagree, there is likely an evil cultural agenda at play, through the devil's use of our traditional media, social media and established scientific community. Years of research across many different biblical topics has yielded me two undeniable facts. One, the experts are not any closer to the available evidence than we are, and two, the Bible is never wrong. In addition, if we can use this available evidence to disprove modern science's claims through simple experimentation, does this not give us the right to speculate on other theories? We should all be more apt to lend credence to ancient accounts written by eyewitnesses over creating entire belief systems based on bias interpretations of numbers, readings and measurements, especially when those interpretations go against the scriptures and are in direct opposition to the experiences of our daily lives. Ultimately, we must choose whether theories backed by scripture, logic and experimentation are sufficient enough to trust our senses over culturally inspired artwork we see on screens or in textbooks.

### The House That Jesus Built

"Unless the Lord builds the house, the builders labor in vain." Psalm 127:1 This verse was written many years ago to point out the reality that our work for God is meaningless if it is not birthed from God, and it is just as relevant to the Church today. As Ken was pondering these things, he sensed the Lord speaking to him: Men get a glimpse of what I want to do in the earth, then they try and build it with their hands. Ken knew this word from the Lord meant that people attempt to build that which can only be built by the Spirit by relying on their own reasoning and skills, by their own power and might. Scripture makes it clear this is not what God has called us to! The House that Jesus Built makes a clear distinction of what it means to allow the Lord to build His house through you and what it means to labor in vain. This book offers revelatory insights and prophetic words that Ken believes came straight from the Lord to lay out the keys necessary to sustain and expand the emerging revival, reformation, and restoration that is currently taking place in certain streams of the Body of Christ. This book is designed to awaken and encourage those who are called for this moment. The house that Jesus is building is a house not built with the hands of men or their ideologies, but by the Lord Himself, through His Spirit, and by those who live by every word that comes from His mouth (Matthew 4:4).

### The House that Jesus Built

After twelve years of missionary work in the northeast province of what was the Belgian Congo building up a simple medical service civil war erupted with horrific effects. During the war Helen was brutally beaten and raped and left with no choice but to return to Britain this story is told in Give me this Mountain. She quickly returned to the Congo in 1966 to assist in the rebuilding of the nation. She helped establish a new medical school and hospital for the other hospitals that she built were destroyed and served there until 1973. In the eight years following the war despite endless frustrations again and again God showed his unfailing guidance and unstinted provision for her needs. This book is the story of the joys and adventures of reestablishing the medical work the church building programme and the work of forgiveness necessary after the destruction of the civil war.

### The House That Jesus Built

Introduces people to Church Removes the mystery to people with a non church background

### The House That Jesus Built

In Matthew 16:18, before Jesus ascended to Heaven, He made an emphatic statement to His apostles that would set the tone for how His kingdom would be advanced. "Upon this rock, I will build my church and the gates of hell shall not prevail against it." Jesus, the Apostle of our profession, saw fit for there to be a model of the church built for His apostolic leaders to establish after He would leave them. In this book An Apostolic House: The House That Jesus Built, Ricky Holloway brings about a fresh revelatory lens to the subject of the Apostolic. He begins by clarifying what it biblically means to be Apostolic and what the ministry of an Apostolic House is comprised of. Ricky shows how to distinguish between the office and function of an Apostle and different forms of Apostolic gifts expressed in the world of the Apostolic-- which includes you! And he reveals the importance of every believer being apostolic to impact the culture and bring about kingdom dominance. The harvest is plenty, but the laborers are few.

And the Apostle of our profession is calling you forth to be trained, developed, and apostolized (sent) to advance the Kingdom of our God.

### An Apostolic House: the House That Jesus Built

Christ is the cornerstone of our salvation. He is the cornerstone of Messiah's Community. We are His bride, we are His earthly temple for Him to dwell in on Earth, we are the scripture that many will read, we are kings and priests being prepared for the New Jerusalem, we are His children, we are His family. We are the house that Christ built. "Slowly, through all the universe the temple of God is being built. And whenever, in any place, a soul by free-willed obedience, catches the fire of God's likeness, it is set into the growing walls, a living stone" (Phillips Brooks).

### The House That Christ Built

Jesus Christ said that He would build His Church and that it would never die out. Is today's Christianity, with its hundreds of denominations with widely differing beliefs and practices, the Church Jesus promised that He would build? -- Inside this Bible study aid booklet: -- A People Special to God -- The Historical Background of the Term Church -- 'Church' and 'Congregation' in the Scriptures -- A Spiritually Transformed People -- The Apostles: A Case Study in Conversion -- The Responsibility and Mission of the Church -- What is the True Gospel? -- Is Today the Only Day of Salvation? -- The Rise of a Counterfeit Christianity -- Changes in Christian Scholars' Perspective on God's Law -- Early Trends That Affected the Future of the Church -- The Church of God Today -- What Did the Early Church Believe and Practice? -- The Church as the Bride of Christ

### The Church Jesus Built

Originally published as "Houses That Change the World," this updated work offers a comprehensive understanding of the past, present, and future of the house church movement--and the vital role of "ordinary" people in saturating the world with God's truth.

### The House Church Book

This book retells the famous bible story of the two men who each built a house. 'Whenever wind whistled through the windows, the house built on rock stood firm, but the house built on sand shook and shifted ... The walls wobbled and lifted ... until with a CRASH and a splash the house built on sand fell down flat!' The story conveys how Jesus instructed his disciples to build their faith on the solid foundations of his words. Beautifully illustrated, the picture book approach means the story can be read to the child but can also be enjoyed by children on their own as their reading skills develop. Next steps at the back of the book encourage further discussion and there's a rhyme for children to join in with and lots to spot.

### Is the Church Jesus Built on the Earth Today?

At the turn of this century, Tim Lahaye and Jerry Jenkins published their famous Left Behind series, with the underlying plot that Jesus would abruptly appear in the sky and "rapture" (catch away) His church just prior to the worldwide "Tribulation." Throughout this seven-year period of Tribulation, the main characters who are "left behind" find themselves in a survival struggle under the hideous rule of the Antichrist, as they earnestly await another appearance of Jesus at the end of the Tribulation – clinging to the hope that they will get another chance to be saved. This fictitious story is based on the predominant prophetic teachings that have been widely accepted as orthodoxy among many non-Catholic denominations. But just how accurate are these conclusions when measured up to the Word of God? What does the Bible really say about the Rapture and the return of our Lord and Savior Jesus Christ? In Except the Lord Build the House, author Norm Eberly constructs a doctrinal house from the ground up, using the literal renderings of various passages from the Bible as a foundation. Throughout its pages, the reader is urged not to apply "mystical interpretations" to Biblical prophecies, but rather to simply read the Word of God at face value in order to arrive at sound, logical conclusions. Later in the book, numerous prophetic interpretations are introduced for the reader to ponder – but only after a firm foundation that is based on the literal wordings of the Holy Scriptures has been established. Written for scholars, students, and novice Bible readers alike, and with over 100 colorful charts and illustrations, this book offers a fresh approach to the study of Biblical prophecies for the endtime and

presents a bold challenge to the status-quo of popular Evangelical teachings concerning the Rapture and the Lord's imminent return.

#### The House That Richard Built

What is the most important thing on Jesus' agenda today? Quite simply, it is Building HIS Church! Often times, men are preoccupied with budgets and buildings; but, God's desire is to reconcile people to Him through the shed blood of Jesus and for the people to be built up together in love and unity. God established, in the Old Testament, that his desire was never to dwell in buildings. After all, God said that no one could make one big enough for him anyway (Isa. 66:1). The New Testament explains that when you and I come together in the perfect bond of love, as lively stones, we form a glorious spiritual habitation for God to dwell.

#### The Church That Jesus Built

Many believers understand that we received the divine life when we believed in the Lord Jesus. However, few may realize what the goal of the life that we have received is. In this booklet compiled from the Life-study of John, Witness Lee shows that the cases recorded in John 2 concerning the changing of water into wine and the cleansing of the temple reveal that the divine life is for the building of God's house, which is just the believers as the enlargement of the Body of Christ in resurrection.

## Wisdom Hidden in a Mystery a Love Story

**The Church in the House a Return to Simplicity** The most rapid expansion of Christianity in history took place in the first two hundred fifty years of the Church's history until recently. Something has been happening for the past twenty-five years in China that is growing even faster. What is remarkable is that both of these explosive Church growth movements have something in common besides a multitude of on fire Christians led by the Holy Spirit. Both are house-church movements. The most dramatic Church growth in history in ancient and in modern times has occurred where there were no church buildings just believers multiplying from house to house. This book looks at the philosophy and practicality of home church for today. It is must reading for any believer interested in seeing the Great Commission fulfilled in our time. Here is a fine tool for those concerned about planting churches as the basic building block in reaching the worlds remaining unreached peoples. Dr. Ralph Winter, Founder and President of the U.S. Center for World Mission Robert Fitts, Sr., is a man with a passion to saturate the world with local churches. This zeal comes through clearly as a mandate in his book *The Church in the House*. This is truly a strategy to fast-track discipleship that is desperately needed right now as millions have been turning to Christ in Asia, Africa, Latin America, and Eastern Europe. Loren Cunningham, Founder and President, Youth With A Mission Robert Fitts is one of God's growing number of voices today on the subject of House Church. He has been a man in preparation for many years. *The Church in the House* gives a compelling presentation for the very simple, biblical approach to church life. We can see the Great Commission fulfilled quickly if we will follow this approach to church planting and church life. May God use this book around the world to awaken His people to His plan for His church. Nate Krupp, home church author and publisher

## Life's Purpose—to Build the House of God

Jesus' Sermon on the Mount ends with the parable of the builders on rock or sand. Doing what Jesus asks results in building a life that endures; not doing it results in disaster. The choice is ours, and it's a scary one. How can we read these words so that we can know what Jesus meant and do it? In this book, Scripture scholar Dennis Hamm takes an in-depth look at the Sermon on the Mount in the Gospel of Matthew and the Sermon on the Plain in the Gospel of Luke, paying special attention to the distinctive ways these two evangelists present and interpret Jesus' teachings. Hamm helps us to hear Jesus' words in their original cultural setting as well as in the context of the Old Testament and the Gospels. In doing so, he throws new light on these teachings and suggests what they mean for us today. This book is both informative and pastoral, helping us to realize that the "you" addressed by Jesus in the Sermon is not a lonely individual but a healed and praying community, and that the one we pray to is not a long-ago and faraway Jesus of Nazareth but our living Lord and Friend.

## The House that God Built

God's greatest desire is to be your dwelling place -- The home for your heart. He doesn't want to be merely a weekend getaway. He has no interest in being a Sunday bungalow or even a summer cottage. He wants to be your mailing address, your point of reference, your home ... always. He wants you to live in the Great House of God. Using the Lord's Prayer as a floor plan, Max Lucado takes you on a tour of the home God intended for you. Warm your heart by the fire in the living room. Nourish your

spirit in the kitchen. Seek fellowship in the family room. Step into the hallway and find forgiveness. It's the perfect home for you. After all, it was created with you in mind. There's only one home built just for your heart. No house more complete, no structure more solid: The roof never leaks. The walls never crack. The foundation never trembles. In God's house, you're home. So come into the house built just for you. Your Father is waiting.

### The Church in the House

In this devoutly Christian book, Bertha L. Hicks-Drake tells the story of a woman who has been overlooked in the Bible. Described in Revelation 12 as appearing in heaven with a male child, this woman is no longer the enigma that has endured for hundreds of years. The woman's identity and standing in the Bible completes the story of Jesus Christ. Through the woman's narrative, highlighted in *Wisdom Hidden in a Mystery*, we learn how and why Jesus was chosen as the one to be the Son of God. The book reveals Jesus' identity before He was given this assignment and describes the beginning of the relationship that Jesus had with God. Deeply spiritual and powerfully moving, *Wisdom Hidden in a Mystery* will inform and strengthen the reader's faith.

### The New Testament Church

Many Bible students are aware that Jesus Christ referenced the event of an important Queen who traveled a great distance to hear the wisdom of King Solomon (Matthew 12:42). Just prior to being stoned to death, the faith-filled and courageous young man, Stephen, included Solomon in his inspired reminder of Hebrew history when he stated, "But Solomon built him an house" (Acts 7:47). The question concerning the typology of the temple is not left unanswered. What did the temple foreshadow? As Jesus added to his comment about the wisdom of Solomon, saying, "behold, a greater than Solomon is here" (Luke 11:31). What is the temple of God today? Who is spiritual Israel today? None should doubt that our morally corrupt society is in dire need of the lessons given in the Scriptures, in particular the principles revealed as a result of the discussion of this King who built a house for God.

## The House That Love Built

The practice of "church" is witnessing a radical paradigm shift from mass gatherings, aka megachurches, to discipleship-making organs. In this book, *The House Church in God's Eternal Purposes*, Theodore Andoseh, describes in a practical way what a house church is and all that goes into her form and expression. House churches are the inns, the inns of God. They are the tabernacles of God. The house church is a place to welcome people from the street; wounded people; people who have received only the first aid ministry. House churches are there to care for, heal, nourish, keep and watch over the people so that What was brought from the street does not go back there, What was taken from the hand of the thief does not fall back into their hands. If you are a house church leader or a leader of any organic community of believers at whatever stage and size, then this book provides valuable material to help disciple them in an organic house setting. It is both realigning and enlightening, with a strong voice of Scripture. It is a must-read!
