Love is the Drug

What if there were a pill for love? Or an anti-love drug, designed to help us break up? This controversial and timely new book argues that recent medical advances have brought chemical control of our romantic lives well within our grasp. Substances affecting love and relationships, whether prescribed by doctors or even illicitly administered, are not some far-off speculation – indeed our most intimate connections are already being influenced by pills we take for other purposes, such as antidepressants. Treatments involving certain psychoactive substances, including MDMA—the active ingredient in Ecstasy—might soon exist to encourage feelings of love and help ordinary couples work through relationship difficulties. Others may ease a breakup or soothe feelings of rejection. Such substances could have transformative implications for how we think about and experience love. This brilliant intervention into the debate builds a case for conducting further research into "love drugs" and "anti-love drugs" and explores their ethical implications for individuals and society. Rich in anecdotal evidence and case-studies, the book offers a highly readable insight into a cutting-edge field of medical research that could have profound effects on us all. Will relationships be the same in the future? Will we still marry? It may be up to you to decide whether you want a chemical romance.

Chica and Me, and a Girl Named Angel

"Humans say the eyes mirror the soul. I think most of my kind would agree. Our unique natural abilities enable us to sense what is true in humans when we look deep into their eyes. Almost instantly we see what lives in their souls. We smell it. Either fear and darkness, or courage and light. But humans also say, 'Never look a dog in the eye.' Do you know why? Because you will see yourself. What you feel. Your fears. And who you truly are. We saw darkness in T-Rex's eyes, and when he looked into our eyes, he saw his own reflection. Darkness and death. Because over the centuries- measured in human years, not our years- that was what his kind had bred in us. The dark seed of their own souls. And a willingness to kill... We heard his car and the three that followed, each bringing death. T-Rex was moving fast, anxious to return to Hell. And he had a new killer with him. One of our kind. But special. Very special. And as T-Rex arrived in Hell, followed by the three cars, the smell of dust, dirt, gasoline, and death filling our nostrils, I, for one, sensed his new killer was young. Very young. I smelled his innocence. His rotting, dying innocence. He was no trained killer...yet. But he soon would be. And with a soul nearly as dark as his master's. I had no choice. I had to escape..." Alejandro's journey to Paradise City - to both its darkest and most mystical places - will soon begin. And once there, he will encounter all that is good and all that is evil in his search for human love. But the beast, the man known as T-Rex, will also be searching for him.

A Year of Hitchcock

Alfred Hitchcock's career spanned more than five decades, during which he directed more than 50 films, many of them indisputable classics: *Notorious*, *Strangers on a Train*, *Rear Window*, *Vertigo*, *North by Northwest*, and *Psycho*, among others. In *A Year of Hitchcock: 52 Weeks with the Master of Suspense*, authors Jim McDevitt and Eric San Juan provide a comprehensive examination of Hitchcock's film-to-film development, spanning from the beginning of his career in silents to his final film in 1976, including his work on two French propaganda shorts he directed during World War II and segments he directed for Alfred Hitchcock Presents. Organized into 52 chapters and arranged in chronological order, the book invites readers to spend a year with the director's most notable works, all of which are available on DVD. Each film is examined in the context of Hitchcock's career, as the authors consider the themes central to his work; discuss each film's production; comment on the cast, script, and other aspects of the film; and assess the film's value to the Hitchcock viewer. From *The Lodger* to *Family Plot*, 68 works directed by Hitchcock are analyzed. Each analysis is supplemented by key film facts, trivia, awards, a guide to his cameos, a filmography, and a listing of available DVD releases. Whether readers decide to undertake the journey through his films one week at a time or pick and choose at their discretion, *A Year of Hitchcock* will open the eyes of any viewer who wants to better understand this director's evolution as an artist.

8 Ways to Say I Love My Life!

"If you don't do anything, nothing will happen." Nancy De Los Santos Reza learned this important lesson early in life. College wasn't an option, so she got a job as a secretary. A colleague, an older woman who had taken a liking to her, encouraged Nancy to ask her supervisor about attending a professional conference in California. "What's the worst that could happen?" the woman asked. "They say 'no' and you don't go? You're already not going." As a result, Nancy found herself in San Francisco on a life-changing trip. She would go on to earn two college degrees and become the producer of Roger Ebert and Gene Siskel's movie review program, *At the Movies*. De Los Santos Reza's is one of eight inspiring personal essays by Latinas included in this collection. Each contributor overcame obstacles to happiness and success, and here they share their life lessons in the hopes of motivating others. Whether overcoming fear, guilt or low self-esteem, these women seek to encourage others to discover their personal power. With a foreword by acclaimed musician Vikki Carr, *8 Ways to Say I Love My Life and Mean It!* contains chapters by women from a variety of professional backgrounds. Contributors include Latin Heat president Bel Hernandez Castillo and playwright and author of *Real Women Have Curves*, Josefina Lopez. Performed as monologues in 2009 in Los Angeles, the sold-out, ten-run show received a rave review in the *Los Angeles Times* and an Imagen Award, which recognizes positive portrayals of Latinos in the media. Designed to help women believe in the power of self-love and inner strength, this book will appeal to all women who seek a path to fulfillment.

Love, and all that jazz

A memoir of Canadian publisher Laurie Lewis's life after her marriage in 1952.

Purpose and Power of Love and Marriage

Probably no other dimension of human experience has been pondered, discussed, debated, analyzed, and dreamed about more than the nature of true love. Love is everywhere -- in songs and in books, on televisions and on movie screens. Yet, for all of our thinking and talking, how many of us truly understand love and where can we turn for genuine insight in matters of true love?

Guilt with a Twist

"Our hunger for the forbidden fruit grows as we get older and our need for it increases. By midlife, we often sense that something important is missing. Then the "unacceptable," "sinful" parts of ourselves that have been rejected begin to clamor with ever greater insistence to participate in our lives."-Larry Staples, Ph.D., Jungian Analyst and author of *The Promethean Way* Promethean guilt is the guilt we incur for the sins that we need to commit if we are to achieve, both for our selves and for our society, some of the social, political, economic, scientific, psycho-logical, and other changes and developments that we most deeply need to sustain and nourish us. Myth tells us that Prometheus stole fire from the gods and made it available for human use. He suffered for this sin, but human society would have suffered if he had not committed it. There indeed are sins that are destructive to society, but the paradox is that there are also sins that inure ultimately to society's benefit. Those sins that benefit us could not be committed without a creative, Promethean spirit that is supported, when necessary, by an obstinate and irreverent insolence toward authority (political, theological, pedagogical, and parental) and that is informed by a love for freedom. Life inevitably confronts us with the Promethean dilemma: Do we live our lives without fire and the heat and light it provides or do we sin, and subsequently incur guilt, in order to obtain for ourselves and for society those important changes and developments that we need.

Popular China

Using ingenious research methods, the contributors to this book explore the search for meaning among ordinary people in China today. The subjects of these vivid essays span the social spectrum from hip young entrepreneurs to sweatshop workers and homeless beggars. The issues are equally diverse,

ranging from domestic violence to homosexuality to political corruption. The culture of popular China emerges as a mixture of exhilarating new aspirations—as seen in the basketball fans who dream of "flying" like Michael Jordan or Kobe Bryant; rueful cynicism—as bitingly conveyed in the many satirical jingles that circulate by word of mouth; and painful ambivalence. The people depicted here have built their popular culture out of ideas and symbolic practices drawn from old cultural traditions, from concepts about modernity debated during the early twentieth-century republican era, from the legacies of Maoist socialism, and from contemporary global culture. Throughout, the book shows how economic and social changes caused by globalization, in combination with the continuing Party dictatorship, have presented ordinary Chinese with a new array of moral and cultural challenges that they have met in ways that have changed the face of China. Contributions by: Julia F. Andrews, Anita Chan, Deborah S. Davis, Leila Fernández-Stembridge, Robert Geyer, Amy Hanser, Richard Levy, Perry Link, Richard P. Madsen, Andrew Morris, Paul G. Pickowicz, Kuiyi Shen, Liping Wang, Li Zhang, Yuezhi Zhao, and Kate Zhou.

In contrast, Chuck offers a strategy for survival and healing that recognizes a new sense of normal and renewed purpose in life. A special chapter educates relatives and friends how to reach out to a grief-stricken family, what not to say or do, and includes a checklist of helpful suggestions. Holding Onto Love tackles difficult topics including spousal and sibling grief, returning to work, handling holidays, grieving through investigations, civil or criminal litigation, and shares the authors attempts for after-death communication. This candid, but gentle account finds hope through the tears and is a must read for grieving families and their loved ones.

Sex Is Love?

I found myself in the heart of addiction as I tried to escape the pain of rape and molestations. The emotional pain became the motivating factor to search for God. The physical pleasure became the motivating factor to search for love. Torn between the two I found something that eased the emotional pain and helped with physical pleasure that gave me temporary relief from myself. Heroin became my lover. The distortion that sex is love can only come from someone who has had the seed of lust planted

in her by people who were responsible for giving and nurturing her towards love. Sex Is Love? is about a little girl who searched for love in all the wrong places. Sex and drugs played a major role in her destructive life. Coming to the realization that sex was not love became extremely painful.

Tough Love

Tough Love will equip you and your family to successfully handle a person on drugs. While primarily focused on meth, the principles in Tough Love apply to all addictions.

Caught Between Two Spiritual Worlds

This is a true story, a series of events that transpired in my life which I deemed necessary to expose and by so doing alert others to vigilance. Naturally, the subject matter is sensitive both for me and all parties involved. I can never discount the relevance of demons, deny their reality and their harassing ways. If and when I was to do so, I would magnify the role of human agents. Frequently, even mature Christians underestimate the magnitude of the spiritual warfare enlisted in from the time of the new birth. We are in a severe struggle, persistently and subtly driven by powerful, spiritual opposing forces beyond our comprehension. Often we rely on human resources and fail to use the spiritual source available to us through the power of the Holy Spirit. I fell in the fourth generation of my maternal fore-parents lineage to suffer unnecessary heartbreaking consequences because of spiritual ignorance. Since I came to see the light of Jesus Christ, I made up my mind to loose all yokes of bondage over my generation and the ones to come after me should Christ tarry. I now know demonic spirits are to be kept afar and never be trusted. Even though at times through subtlety we may be deceived to think that certain spirits work for the good and well-being of a person, such deception should be seen as a trap, a means of securing the individual into a mesh. Sooner or later, such individual will be caught unaware and conquered. It should never be a surprise how the Devil, the starch enemy of the saints, will use anyone, foe and often those who would be considered ally, to win a person over to cause him to fall. Read on and enjoy this treat to your spiritual health!

Love of the Land

I am who I am because of what I've done, where I've been, and who I've loved and lost along the way. I am a thinker. I get lost in my mind and find it a great release to write it down, let it go, walk away, and never look back. I do not live within the conventional. I do not care for rules and guidelines. I rarely follow the traditional poetic outline. Some find it appalling, others love the freedom my writing style gives them when reading. One of my favorite books, Writing Down the Bones has helped shaped me from the writer the teachers all wanted me to be, to the writer I always longed to be, and have finally become. Sweet, Wild, Woman, Child Within this book of poetry you will find it all, sex, love, hate, pain, revenge, trust, fear, lies, truths, any number of feelings spelled out as provocatively as words allow.

Remember

Ethics and love are examined in different situations: the contradictions of feminism in Imperial Japan, the role of women in miners' struggles in the UK; and the contemporary politics of abortion in Ireland.

I Want a Love I Can Feel By: Dr. Joyce Crider-Anderson A self-improvement book mixed with spirituality explains true love. What is love? What does love look like? What does love feel like? All of these questions are answered by delivering a different approach to looking at how to love God, love yourself, and love others. This book examines the physical and chemical interactions that take place in the body when associated with love.

Rodney is a teenager who got caught up in drugs and was helped by God-loving people. When he thought he could not be forgiven for his sin and no one could ever love him, he found God's love by reading the Bible. Now he was torn between his love for baseball and God. He was invited to spring training with the New York Yankees, but he also wanted to preach. After each game, he walked the streets of New York, preaching on every corner. He drew huge crowds and converted so many people that pimps and drug dealers threatened his life and beat him in their attempt to get him off the streets. But Rodney would not stop preaching and was willing to die, if that was God's will. The Yankees won the pennant, and Rodney was their starting pitcher in games one, four, and seven in the World Series. The death threats never stopped, and Rodney could have been killed at any time, but he was sure God would protect him. His courage and faith led thousands to Christ as a result. When the rapture came at the end of game seven, Rodney was the first to meet Jesus in the air, followed by thousands of others who were believers.

Torn Between Two

In this world, we learn much about love, but it is only in relationship with God that we truly learn what love is and what it is not. On this side of eternity, we will not fully know all there is to know about the love of God. In fact, it is the things we experience in this world that reveal what we have believed about love and how we have allowed our experiences, culture, and relationships to shape our lives and define love for us. We then take that definition of love and write it upon the hearts and lives of others. How important it is then that we know the true definition of love and that we know the Author, God. Jesus summed up all the commandments in this: love God and love one another. It sounds so easy, but most times, we find that true love is in fact quite the contrary. It is a hard love. This may not sound like what we would expect to hear, though let us pause but for a moment and consider what we have learned about love. Consider our relationships in this world, and if we are Christians, then let us consider our relationships with those in the body of Christ. Now let us consider how well we have done in loving God and loving one another. Would we still say that it is always easy? Likely, we could each think of times when we have endured suffering, hurt, loss, brokenness, rejection, abandonment, false accusations, and so much more or perhaps how we have not only been on the receiving end of these, but also we have caused others pain in our own pursuit of love. It is my hope that throughout these pages we will examine the truth of each our own hearts and rather than redefining love or passing down a definition of love that we have been taught that is not the love of God that we discover or rediscover the true love of God. It is my hope that these words will reach many hearts that are longing for what our hearts were created for, fellowship with God, to know His love personally and share it with all. In order that we have this love, it begins first with the examination of our hearts with the truth and the truth of our own condition. A heart-seeking love must seek truth for we cannot have one without the other.
