This is world's shortest CFA Level III core content summary. Despite its length of only 129 pages, the book covers all the core LOS's at CFA Level III, Study Session 3 through 17. (Not included: ethics, AMC, and GIPS). More important, the content has been benchmarked to ensure that its breadth and level of details are adequate for the exam. The following materials were used to benchmark the book's content: a) 2005-2008 actual CFA Level III exam morning session problems, b) CFAI mock afternoon exam, c) Boston mock exam, d) 6 full length Schweser practice exams, e) all problems (concept checkers and self-tests) in Schweser Notes, and f) all problems (concept checkers and case studies) of Schweser 16-week on-line sessions. In addition, to suit the unique essay question format, the book extensively uses phrases and short sentences that can be directly used in the exam. This means less writing during the exam. In short, it is the most efficient review book for the CFA Level III exam.
