The American Civil War

One hundred and fifty years after the first shots were fired on Fort Sumter, the Civil War still captures the American imagination, and its reverberations can still be felt throughout America's social and political landscape. Louis P. Masur's *The Civil War: A Concise History* offers a masterful and eminently readable overview of the war's multiple causes and catastrophic effects. Masur begins by examining the complex origins of the war, focusing on the pulsating tensions over states rights and slavery. The book then proceeds to cover, year by year, the major political, social, and military events, highlighting two important themes: how the war shifted from a limited conflict to restore the Union to an all-out war that would fundamentally transform Southern society, and the process by which the war ultimately became a battle to abolish slavery. Masur explains how the war turned what had been a loose collection of fiercely independent states into a nation, remaking its political, cultural, and social institutions. But he also focuses on the soldiers themselves, both Union and Confederate, whose stories constitute nothing less than America's Iliad. In the final chapter Masur considers the aftermath of the South's surrender at Appomattox and the clash over the policies of reconstruction that continued to divide President and Congress, conservatives and radicals, Southerners and Northerners for years to come. In 1873, Mark Twain and Charles Dudley wrote that the war had "wrought so profoundly upon the entire national character that the influence cannot be measured short of two or three generations." From the vantage of the war's sesquicentennial, this concise history of the entire Civil War era offers an invaluable introduction to the dramatic events whose effects are still felt today.

The Civil War

Excerpt from *The American Civil War: A Concise History of Its Causes, Progress, and Results* I could get no book Of convenient Size dealing with the whole War by land and sea, nor any work in which contemporary events were sufficiently kept together, so as to explain the varying phrases of the War, or had maps of satisfactory size, on standardized Scales. None set forth the real causes of the War, or a summary of its results, Or gave sufficient attention to the distracting effect of the operations of Napoleon III. In Mexico. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The American Civil War

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. A Concise History of the Civil War

More than 175 black-and-white illustrations from rare periodicals capture sweeping drama of the conflict, from opening shots fired upon Fort Sumter in 1861 to the Confederate surrender at Appomattox in 1865.

AMER CIVIL WAR A CONCISE HIST

Map best viewed on a tablet device. An account of the Spanish civil war which portrays the struggles of the war, as well as discussing the wider implications of the revolution in the Republican zone, the emergence of brutal dictatorship on the nationalist side and the extent to which the Spanish war prefigured World War II.

The American Civil War, a Concise History of Its Causes, Progress, and Results - Primary Source Edition

A lavishly presented atlas of the English Civil Wars, the conflicts that ravaged the countryside of England, Scotland, Wales, and Ireland from 1639 to 1651. The English Civil Wars (1638–51) comprised the deadliest conflict in history fought on British soil, in which brother took up arms against brother, father fought against son, and towns, cities, and villages fortified themselves in the cause of Royalists or Parliamentarians. Although much historical attention has focused on the events in England and the key battles of Edgehill, Marston Moor, and Naseby, this was a conflict that engulfed the entirety of the Three Kingdoms and led to a trial and execution that profoundly shaped the British monarchy and Parliament. This beautifully presented atlas tells the whole story of Britain's revolutionary civil war, from the earliest skirmishes of the Bishops Wars in 1639–40 through to 1651, when Charles II's defeat at Worcester crushed the Royalist cause, leading to two decades of Stuart exile. Each map is supported by a detailed text, providing a complete explanation of the complex and fluctuating conflict that ultimately meant that the Crown would always be answerable to Parliament.

The English Civil War

One of the most dramatic periods in English history was that of the civil wars fought throughout the country in the mid-17th century. The population was split down the middle. While many peers and gentry took the side of the King, others equally supported the leaders of Parliament, so families and friends were painfully divided in their loyalties. The final defeat, trial and execution of King Charles I shocked the monarchies throughout Europe but left them deeply impressed by the victories of Oliver Cromwell and by his seizure of power as Lord Protector.

A Concise History of the Civil War

Reconstruction: A Concise History' is a gracefully-written interpretation of Reconstruction as a spirited struggle to re-integrate the defeated Southern Confederacy into the American Union after the Civil War, to bring African Americans into the political mainstream of American life, and to recreate the Southern economy after a Northern, free-labor model.

The Civil War

"First published in hardback as The Civil War: a concise history"--Title page verso.

A Concise History of the Spanish Civil War

Photographs, posters, and drawings highlight an examination of the key events and immediate effects of the Spanish Civil War.

A Concise History of the Civil War, 1861-1865

This is a curated and comprehensive collection of the most important works covering matters related to national security, diplomacy, defense, war, strategy, and tactics. The collection spans centuries of thought and experience, and includes the latest analysis of international threats, both conventional and asymmetric. It also includes riveting first person accounts of historic battles and wars. Some of the books in this Series are reproductions of historical works preserved by some of the leading libraries in the world. As with any reproduction of a historical artifact, some of these books contain missing or blurred pages, poor pictures, errant marks, etc. We believe these books are essential to this collection and the study of war, and have therefore brought them back into print, despite these imperfections. We hope you enjoy the unmatched breadth and depth of this collection, from the historical to the just-published works.

The English Civil War

"This volume delivers a concise, clear round-up of American history starting from America's colonial era to current days of political disagreements and social uncertainty. Covering central themes and events of American history, Masur evaluates the contested meanings of the American dream and questions its viability"--

The English Civil War

A year-by-year and region-by-region account of the battles and campaigns of the Civil War.

Reconstruction

Kentucky is most commonly associated with horses, tobacco fields, bourbon, and coal mines. There is much more to the state, though, than stories of feuding families and Colonel Sanders' famous fried chicken. Kentucky has a rich and often compelling history, and James C. Klotter and Freda C. Klotter introduce readers to an exciting story that spans 12,000 years, looking at the lives of Kentuckians from Native Americans to astronauts. The Klotters examine all aspects of the state's history -- its geography, government, social life, cultural achievements, education, and economy. A Concise History of Kentucky recounts the events of the deadly frontier wars of the state's early history, the divisive Civil War, and the shocking assassination of a governor in 1900. The book tells of Kentucky's leaders from Daniel Boone and Henry Clay to Abraham Lincoln, Mary Breckinridge, and Muhammad Ali. The authors also highlight the lives of Kentuckians, both famous and ordinary, to give a voice to history. The Klotters explore Kentuckians' accomplishments in government, medicine, politics, and the arts. They describe the writing and music that flowered across the state, and they profile the individuals who worked to secure equal rights for women and African Americans. The book explains what it was like to work in the coal mines and explains the daily routine on a nineteenth-century farm. The authors bring Kentucky's story to the twenty-first century and talk about the state's modern economy, where auto manufacturing jobs are replacing traditional agricultural work. A collaboration of the state historian and an experienced educator, A Concise History of Kentucky is the best single resource for Kentuckians new and old who want to learn more about the past, present, and future of the Bluegrass State.

The U. S. Civil War: a Very Short Introduction

Miller provides a clear and comprehensible narrative, a coherent and accurate synthesis, intended as a guide for students and the general reader to an extremely complex period in British history. His aim is to help readers avoid getting lost in a maze of detail and rather to maintain a grasp of the big picture. Although the English Civil War is usually seen, in England at least, as a conflict between two sides, it involved the Scots, the Irish and the army and the people of England, especially London. At some points, events occurred and perspectives changed with such disorienting rapidity that even those who lived through these events were confused as to where they stood in relation to one another. As the 1640s wore on, events unfolded in ways which the participants had not expected and in many cases did not want. Hindsight might suggest that everything led logically to the trial and execution of the king, but these were in fact highly improbable outcomes. Since the 1980s, a 'three kingdoms' approach has become almost compulsory, but Miller's focus is unashamedly on England. Events in Scotland and Ireland are covered only insofar as they had an impact on events in England.

A Concise History of the Spanish Civil War

Although the New Mexico Territory was far distant from the main theaters of war, it was engulfed in the same violence and bloodshed as the rest of the nation. The Civil War in New Mexico was fought in the deserts and mountains of the huge territory, which was mostly wilderness, amid the continuing ancient wars against the wild Indian tribes waged by both sides. The armies were small, but the stakes were high: control of the Southwest. Retired lieutenant colonel and Civil War historian Dr. Walter Earl Pittman presents this concise history of New Mexico during the Civil War years from the Confederate invasion of 1861 to the Battles of Valverde and Glorieta to the end of the war.

The Concise Illustrated History of the Civil War

Based upon years of teaching, the authors have produced an accessible, compelling and concise account of the five short years from 1861 to 1865 when the fledgling United States tore itself apart in a savage and unforgettable civil conflict.'

The American Civil War, a Concise History of Its Causes, Progress, and Results - War College Series

The Civil War was America's trial by fire; its battles forged the nation we know today. We're still fascinated with it – the national reckoning with slavery, the legendary generals and leaders, the epic and bloody clashes of armies, the impact on the daily lives of ordinary people. We visit its battlefields – mostly idyllic patches of countryside near small towns and creeks – where more Americans died in combat than in all other wars combined, except for World War Two. And we tell its stories – of last charges, brother fighting brother, imprisonment and emancipation, and tragedy and rebirth. It is our country's epic; the story of how we became who we are, and what price we paid. The Civil War For Dummies is your complete introduction to this seminal conflict. Eschewing tedious historical pondering and military micro-analysis, this fun and information-rich guide gives an accurate overview of the event, from the war's causes through the fighting to the aftermath. Inside you'll discover: 1850-1860: what led to war First Bull Run: illusions lost Antietam: the bloodiest day The Emancipation Proclamation Heroes and goats of each major battle Jackson's Valley Campaign Sherman's March to the Sea Surrender at Appomattox And much more Full of sidebars and illustrations, The Civil War For Dummies brings history to life with personalities, factoids, battle reports, strategic maps, and "what ifs." In addition to the military and political history, you'll also find out about: The African American experience in the war Women and the Civil War Native Americans and the war The life of the common soldier Banking and finance systems and the war "Firsts" that make the Civil War history's first modern war Civil War food Civil War tourism: the best battlefields to visit, and how to get the most out of your trip Written in an accessible style so you can start reading at any point in the story, The Civil War For Dummies makes a great cornerstone for learning about this violent and compelling chapter of American history.

America a Concise History 2e Volume 1 + Abraham Lincoln, Slavery + Civil War

Excerpt from Political History of Secession: To the Beginning of the American Civil War Greeley gives to the preface of The Great American Conflict. Few authors can afford to be as frank in their prefaces as Horace Greeley was in his, for he had the advantage of knowing that many would be interested in hearing whatever he might have to say and that there was some foundation for any seeming egotism. The preface to a volume like this is usually the last and the hardest thing to write. I have repeatedly rewritten this, in a vain effort to make it satisfactory to myself. I do not propose to expand it by telling what the book is about, or to apologize for writing it. The title and table of contents sufficiently indicate its general character. I have endeavored in a volume of moderate size to give a concise history of the development of the causes, of which slavery was the chief, but not the only one, that culminated in the Civil War. Although it is difficult to find new facts, it is still possible to array old facts in such a way as to give them a new interest, and to develop new theories more or less interesting and instructive. But to avoid writing too much or too little; to escape the criticism that what is good is not new and what is new is not good; above all to make what is written as accurate as possible, - to do all this is not an easy task. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works."

The American Civil War

Born out of violence and the aspirations of its early settlers, the United States of America has become one of the world's most powerful nations. The book begins in colonial America as the first Europeans arrived, lured by the promise of financial profit, driven by religious piety and accompanied by diseases which would ravage the native populations. It explores the tensions inherent in a country built on slave labour in the name of liberty, one forced to assert its unity and reassess its ideals in the face of secession and civil war, and one that struggled to establish moral supremacy, military security and economic stability during the financial crises and global conflicts of the twentieth century. Woven through this richly crafted study of America's shifting social and political landscapes are the multiple voices of the nation's history: slaves and slave owners, revolutionaries and reformers, soldiers and statesmen, immigrants and refugees. These voices help define the United States at the dawn of a new century.

The Sum of Our Dreams

This book provides a concise, illustrated introduction to the history of modern Greece, with a new final chapter about Greek history and politics to the present day. 56 illustrations. 10 maps.

The Concise Illustrated History of the Civil War

The American Civil War (1861-65) remains a searing event in the collective consciousness of the United States. It was one of the bloodiest conflicts in modern history, claiming the lives of at least 600,000 soldiers and an unknown number of civilians and slaves. The Civil War was also one of the world's first truly industrial conflicts, involving railroads, the telegraph, steamships and mass-manufactured weaponry. The eventual victory of the Union over the Confederacy rang the death-knell for American slavery, and set the USA on the path to becoming a truly world power. Paul Christopher Anderson shows how and why the conflict remains the nation's defining moment, arguing that it was above all a struggle for power and political supremacy but was also a struggle for the idea of America. Melding social, cultural and military history, the author explores iconic battles like Shiloh, Chickamauga, Antietam and Gettysburg, as well as the bitterly contesting forces underlying them and the myth-making that came to define them in aftermath. He shows that while both sides began the war in order to preserve - the integrity of the American state in the case of the Union, the integrity of a culture, a value system, and as slave society in the case of the Confederacy - it allowed the American South to define a regional identity that has survived into modern times.

A Concise History of Kentucky

This eBook has been formatted to the highest digital standards and adjusted for readability on all devices. This Pulitzer Prize winning book remains one of the best histories on the topic of American Civil War to this day. For the purpose of writing this comprehensive work, the author used the most authoritative documents and sources including Personal Traits of Lincoln, Life and Letters of General Meade, Diary of Gideon Welles, The Reminiscences of Carl Schurz and Official Records of the Union and Confederate Navies.

Engaging history of the rich cultural, social and political life of Spain from prehistoric times to the present.

New Mexico and the Civil War

Despite its position at the heart of Europe and its quintessentially European nature, Switzerland's history is often overlooked within the English-speaking world. This comprehensive and engaging history of Switzerland traces the historical and cultural development of this fascinating but neglected European country from the end of the Dark Ages up to the present. The authors focus on the initial Confederacy of the Middle Ages; the religious divisions which threatened it after 1500 and its surprising survival amongst Europe's monarchies; the turmoil following the French Revolution and conquest, which continued until the Federal Constitution of 1848; the testing of the Swiss nation through the late nineteenth century and then two World Wars and the Depression of the 1930s; and the unparalleled economic and social growth and political success of the post-war era. The book concludes with a discussion of the contemporary challenges, often shared with neighbours, that shape the country today.

The Divided Union

American Civil War Beginning with the birth of the nation, slavery divided and caused conflict for the United States of America, worsening during the country's early decades as the practice became more economically vital. Finally, in 1861, the American Civil War erupted after the election of President Abraham Lincoln. Never acknowledging the South's right to secede, Lincoln and the North fought the South through four long, bloody, destructive years; much longer than anyone thought the war would last. Inside you will read about... - America in the Antebellum Era- Secession and the First Shots- Early Battles and the Turning Point: April 1861-July 1863- The United States and the Confederacy- Women and Blacks in the War- Military Events, 1863-1865: The War Ends- Reconstruction- The Legacy of the Civil War By 1865, more than 700,000 American soldiers and civilians were dead (including Lincoln himself), a race of people had been freed from bondage, and an entire country needed to rebuild. The Civil War is of such crucial importance to the history of the United States not just because of these factors, but also because its legacy still lives on.

The Civil War For Dummies®

Beginning with the birth of the nation, slavery divided and caused conflict for the United States of America, worsening during the country's early decades as the practice became more economically vital. Finally, in 1861, the American Civil War erupted after the election of President Abraham Lincoln. Never acknowledging the South's right to secede, Lincoln and the North fought the South through four long, bloody, destructive years; much longer than anyone thought the war would last. Inside you will read about... America in the Antebellum Era Secession and the First Shots Early Battles and the Turning Point: April 1861-July 1863 The United States and the Confederacy Women and Blacks in the War Military Events, 1863-1865: The War Ends Reconstruction The Legacy of the Civil War By 1865, more than 700,000 American soldiers and civilians were dead (including Lincoln himself), a race of people had been freed from bondage, and an entire country needed to rebuild. The Civil War is of such crucial importance to the history of the United States not just because of these factors, but also because its legacy still lives on.

Political History of Secession

"Prepared by the Office of the Chief of Military History under the general editorship of Maurice Matloff, the Civil War is a factual, balanced account of five years of fratricide. The text is illustrated with battle maps and contemporary photographs, plus line drawings of uniforms, equipment, insignia, and weapons"--Jacket.

A Concise History of the United States of America

Distilled from Arkansas: A Narrative History, the definitive work on the subject since its original publication in 2002, Arkansas: A Concise History is a succinct one-volume history of the state from the prehistory period to the present. Featuring four historians, each bringing his or her expertise to a range of topics, this volume introduces readers to the major issues that have confronted the state and traces the evolution of those issues across time. After a brief review of Arkansas's natural history, readers will learn about the state's native populations before exploring the colonial and plantation eras, early statehood, Arkansas's entry into and role in the Civil War, and significant moments in national and global history, including Reconstruction, the Gilded Age, the Progressive Era, the Elaine race massacre, the Great Depression, both world wars, and the Civil Rights Movement. Linking these events together, Arkansas: A Concise History offers both an understanding of the state's history and a perspective on that history's implications for the political, economic, and social realities of today.

Isaiah Old and New

Reading the Book of Isaiah in its original context is the crucial prerequisite for reading its citation and use in later interpretation, including the New Testament writings, argues Ben Witherington III. Here he offers pastors, teachers, and students an accessible commentary to Isaiah, as well as a reasoned consideration of how Isaiah was heard and read in early Christianity. By reading "forward and backward" Witherington advances the scholarly discussion of intertextuality and opens a new avenue for biblical theology.

The Works of Beaumont and Fletcher

The Bulletin of the Atomic Scientists is the premier public resource on scientific and technological developments that impact global security. Founded by Manhattan Project Scientists, the Bulletin's iconic "Doomsday Clock" stimulates solutions for a safer world.

The Works of Beaumont and Fletcher (Volume 4) ~ Paperbound

Utopia is a work of fiction and socio-political satire by Thomas More published in 1516 in Latin. The book is a frame narrative primarily depicting a fictional island society and its religious, social and political customs. Many aspects of More's description of Utopia are reminiscent of life in monasteries.

The Works of Beaumont and Fletcher; with Notes and a Biographical Memoir by Alexander Dyce

vols. for 1945- include: Shows of tomorrow annual ed.

The Works of Beaumont&Fletcher ... from a New Collation of the Early Editions. With Notes and a Biographical Memoir by the Rev. Alexander Dyce

Six-hundred-year-old tales with modern relevance. This stunning full-colour edition from the bestselling Cambridge School Chaucer series explores the complete text of The Merchant's Prologue and Tale through a wide range of classroom-tested activities and illustrated information, including a map of the Canterbury pilgrimage, a running synopsis of the action, an explanation of unfamiliar words and suggestions for study. Cambridge School Chaucer makes medieval life and language more accessible, helping students appreciate Chaucer's brilliant characters, his wit, sense of irony and love of controversy.

The Works of Beaumont & Fletcher: Wit at several weapons. Wit without money. The faithful friends. The widow. The custom of the country

Invisible Man is a milestone in American literature, a book that has continued to engage readers since its appearance in 1952. A first novel by an unknown writer, it remained on the bestseller list for sixteen weeks, won the National Book Award for fiction, and established Ralph Ellison as one of the key writers of the century. The nameless narrator of the novel describes growing up in a black community in the South, attending a Negro college from which he is expelled, moving to New York and becoming the chief spokesman of the Harlem branch of "the Brotherhood"

Sermons from the Latins

Excerpt from Sermons From the Latins: Adapted From Bellarmin, Segneri, and Other Sources Sunday, and for a few of the principal festivals of the year has been evolved. Some extraneous thoughts, encountered in a course of desultory reading and drawn chiefly from Fr. Segneri, S.J., and Padre Agostino da Montefeltro, have been pressed into service to supplement the Cardinal's homilies. These latter have helped the present writer so often and so much in the routine of parish work that it is most earnestly hoped they may prove of assistance to others, and that this or any similar attempt, however humble, to bring out into the light these and the many other gems of Catholic thought and sentiment may meet with popular approval. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Sermons from the Latins

IN perusing these pages, it will be well to make and to bear in mind a distinction between the manner and the matter of the work. The manner, such as it is, belongs to the author, but, on the other hand, little or no attempt has been made at originality in doctrine or thought. In the seminary it was much insisted on that every priest, and more especially every young priest, should have continually beside him some suitable means wherewith to occupy his spare time. Accordingly, the study and the adaptation of that most excellent work the "Conciones Sacrae" of Cardinal Bellarmin, S.J., have been found in this instance a very pleasant and a very profitable employment. The first design was to translate the sermons verbatim, but, both on account of their extreme diffuseness and because, as originally written, they do not constitute a complete course for the year, that idea proved impracticable. From a study of the work as a whole, therefore, and out of the resulting mass of matter, a sermon for each Sunday, and for a few of the principal festivals of the year has been evolved. Some extraneous thoughts, encountered in a course of desultory reading and drawn chiefly from Fr. Segneri, S.J., and Padre Agostino da Montefeltro, have been pressed into service to supplement the Cardinal's homilies. These latter have helped the present writer so often and so much in the routine of parish work that it is most earnestly hoped they may prove of assistance to others, and that this or any similar attempt, however humble, to bring out into the light these and the many other gems of Catholic thought and sentiment may meet with popular approval.

Sermons from the Latins

Drawing on his deep knowledge of Latin literature, James Joseph Baxter offers a rich and varied collection of sermons that will appeal to readers of all backgrounds. Whether you are a student of theology, a member of the clergy, or simply a curious reader seeking to deepen your understanding of the Christian faith, these sermons offer insights and perspectives that are both thought-provoking and inspiring. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. A History of the Protestant Reformation in England and Ireland... by William Cobbett...

This book offers a detailed and engaging account of the Protestant Reformation in England and Ireland, told through a series of letters from a fictional character to his friend. The author, whose identity is unknown, provides an insider's view of the religious and political upheavals of the period, as well as the key figures and events that shaped the Reformation. With vivid descriptions and thoughtful analysis, this book is an essential read for anyone interested in the history of Christianity in England and Ireland. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations.
