The Last Pharaoh

His father named him Farouk, which means "On Who Knows Right from Wrong." At sixteen he was the hope of an independent Egypt, a handsome, godlike young man who, the fellahin believed, would lead them into a time of peace and plenty. Ten years transformed him into an obese faun with a mania for women, gambling, and other people's possessions. Farouk of Egypt became an object of ridicule, the subject of bad jokes, an awful example of the consequences of unlimited power and wealth, a disaster for his people. In this deeply interesting and revealing biography, written by an author who spent two years in search of the person behind the legend, Farouk's obsession with sex is shown as a desperate attempt both to remedy and to conceal his inadequacy. Deprived of childhood companions, the boy became the prey to scheming politicians and syncophantic servants. He was poorly educated, immature, and totally unprepared for the arduous task of ruling his corrupt and feudal country. The more powerless his ineptitude made him, the more autocratic he grew; the more impotent as a lover, the more frenzied his pursuit of women. His patient subjects tolerated his mistakes and excesses until, finally, his private scandals, his divorce from his popular queen, Farida, and the Palestine debacle set the stage for the long-over-due and almost comic revolution that forced him into exile. The author interviewed Farouk's courtiers, his doctors, the men who made the revolution, and the women who knew him intimately. On the Continent he traced and talked with the king's companions in exile. In England he saw such statesmen as Lord Avon and Lord Chandos, as well as ambassadors, Arabists, and the general who planned the wartime coup de palais. Drawing on the recollections of more than a hundred and fifty observers and on unpublished British and Egyptian sources, he has written an oddly touching biography of a complex man. -- from dust jacket.

The Last Pharaohs

Presents a history of Ptolemaic Egypt as a state, covering such topics as economic conditions, order and law, and politics.

Erimem - The Last Pharaoh

After a freak electrical storm which seems to happen indoors, a young woman is found in the Egyptian exhibit of a London museum, and she appears to look exactly like the face on the death-mask of the uncrowned Pharaoh Erimem... What is she doing inside the exhibit? How did she get there? Is she really a Pharaoh from 1400BC? And just who is willing to search time and space to find and assassinate her? Erimem and a group of 21st century students are sent far into the past, to Actium in Greece where Erimem meets the famed Cleopatra VII on the eve of a vital battle which could end Egypt's existence as a free country and condemn it to life as a Roman province. Two great rulers of Egypt come into conflict over what Egypt needs to do in order to survive, and both Erimem and Cleopatra face their own personal battles for survival. The first new adventure for Erimem, former companion of the Fifth Doctor Who.

Cleopatra VII

The exciting true story of Egypt's most famous queen! Cleopatra Thea Philopator refused to do what she was told. In an age where patriarchy denied full citizenship to even the most elite of Roman women, Cleopatra ruled her Egypt determined to keep it independent and free from Roman control -- at any price necessary. Demonized as a simple seductress by Gaius Julius Caesar Octavianus (the future Caesar Augustus) and his political allies, Cleopatra VII proved herself the equal to three of the most powerful men of the Roman world: Gaius Julius Caesar, Marcus Antonius, and Octavian Caesar. Includes a detailed timeline, suggested reading list/bibliography, and a special Easter egg for science fiction fans.

King of Kings

This book is about the life and death of the Last Pharaoh of Egypt Ptolemy xv Caesar also known as Caesarion the son of Roman Emperor Julius Caesar and the Queen of Egypt Cleopatra VII Philopator and the theory that the biblical character Jesus was possible based on his life story. This book also explains the origins of religion and how the Roman Empire Fell and its impact on modern-day society.

Cleopatra

When Cleopatra took the throne of the kingdom of Egypt, the pyramids and Sphinx were already ancient wonders. As queen she faced conquest by a new, all-powerful empire. A Ptolemy, descended from a general of Alexander the Great who conquered the Nile as part of his Macedonian lands, her relationship with Mark Anthony has become one of the legendary love stories in history. Trow draws on recent archaeological finds and fresh interpretations of ancient texts to separate truth from myth and set this incomparably beautiful queen in context.

The Last Pharaoh - Book I

From the author of the Whispers of Atlantis series comes the gritty, intrigue-filled Book I of the Last Pharaoh trilogy, taking the reader on a tumultuous journey with one of the most remarkable women in antiquity. With her father sick and her sister dead by his hands, sixteen-year-old Cleopatra is poised to assume the heavy mantle of power and exercise the divine authority vested in her by the gods of Egypt. But the gilded arches and marble columns hide a grim reality and the gathering of storm clouds. A surly Rome is banging on her doors for debt repayments, the kingdom is on the verge of a civil war, and the dying king's powerful advisors seek to discard her like a rag and control the kingdom through her brother. Now, the young regent must confront her adversaries and walk the tightrope over an abyss of treachery and conflict, because one wrong move means ending three thousand years of Pharaonic rule and turning up as a corpse in the Alexandrian marshes. ---In this series: Book I: Regent Book II: Queen - coming, 11/2020 Book III: Empress - coming, 12/2020

Temples of the Last Pharaohs

"These reconstructions, along with superb photographs of extant temple buildings, are included in this book on the formal and stylistic development of Egyptian temple architecture."--BOOK JACKET.

Theodosia and the Last Pharaoh

An intrepid girl must return a magical artifact to its rightful home in this archeological fantasy adventure for young readers. Eleven-year-old Theodosia Throckmorton is once again setting off for Egypt—this time to return an Emerald Tablet that contains some of the ancient world's most guarded secrets. Accompanied by her cat, Isis (smuggled along in a basket), Theo plans to return the artifact, then explore the mysteries surrounding her own birth and oh, yes—help her mother dig up treasures on her archeological expedition. But nothing ever works out as planned, especially when a precious treasure suddenly appears, and then just as suddenly disappears . . . When the Serpents of Chaos get involved, Theo finds she's digging up more trouble than she expected!

The Last Pharaoh - Book III - Empress

War is here. Caesar Octavianus has declared war on Antony and Cleopatra. The gilded arches and silk cushions are a world away from Actium, where mosquito-infested, diseases-ridden camps are the way of life for two armies. Resented by Roman generals, abandoned by allies, and with her back against all the forces against her, Cleopatra must now do what she can to preserve her life, her kingdom, and the future of her children.----The exciting saga of Cleopatra concludes in this final book of the trilogy. Book I: Regent Book 2: Queen Book. 3: Empress

The Last Pharaoh

In *The Last Pharaoh* by Thomas P. Kelley, the disembodied heads of the illegitimate son of a concubine of Pharaoh Thothmes II and the favorite daughter of the great Queen Hatshepsut, fifth Pharaoh of the Eighteenth Dynasty, have survived to the present day. They need to take over the bodies of living people so that they can walk among the living again. She lusts for the sins of the flesh. He is driven to world conquest. One American traveler to Europe stands in their way. A strange weird story of a castle of doom on the West African coast—an unbelievably fascinating tale of an English girl and her American sweetheart, and the amazing fate that befell them. A serial novel from *Weird Tales* (1937).

Ancient Egypt

The Rise and Fall of Cleopatra's Egypt Nowadays, in the 21st Century everyone is busy with the future, and only very few take a moment to look back to the past and think about what really happened. Let me guide you and take your hand, together we will travel back in time. We will resurrect the dead and see how life really was hundreds and thousands of years ago. Cleopatra VII (69 BC - 30 BC), the last Pharaoh of Egypt, was a very educated, crafty, ambitious and clever woman. Her intellect and charisma - far greater than her beauty and sexuality - allowed her to keep the power for nearly twenty years by fighting against - and allying with - the greatest power at the time, Rome. Although her history was written by who defeated her and, therefore, modified according to conveniences of them, there have been found, in recent archaeology researches, evidences of her intellect and achievements that portrayed her beyond her beauty and sexual power. She captivated the two greatest Romans of her time, and destroyed herself. Cleopatra was representing everything that the Romans didn't like. Not only was she a woman, but she was a woman with power. Cleopatra, one of the most famous of all of Egypt's illustrious Pharaohs, has become an indelible part of our understanding of ancient Egypt. What is less well known is the context of her reign - the cultural and political climate at the time of her birth, rule, and death. As a leader, Cleopatra was much more than just a seductive, beautiful temptress. She was a young woman brought to power during a tumultuous time in the history of her country, as well as during the rise of what would become one of the biggest and most powerful Empires in the history of the world: Rome.

Cleopatra VII : The Last Pharaoh of Ancient Egypt - History Picture Books | Children's Ancient History

History knows Cleopatra as a beautiful and powerful ruler of Egypt. But if that's all that you know about her, then you're missing a lot! Cleopatra VII was an important figure during her time. Her words were laws. She ruled over her people so their future relied heavily on her actions and decisions. Learn about ancient Egypt through the eyes of their last pharaoh. Happy reading!

Erimem

The first in a series of new adventures for Erimem, companion of the Fifth Doctor Who. After a freak electrical storm which seems to happen indoors, a young woman is found in the Egyptian exhibit of a London museum, and she appears to look exactly like the face on the death-mask of the uncrowned Pharaoh Erimem... What is she doing inside the exhibit? How did she get there? Is she really a Pharaoh from 1400BC? And just who is willing to search time and space to find and assassinate her? Erimem and a group of 21st century students are sent far into the past, to Actium in Greece where Erimem meets the famed Cleopatra VII on the eve of a vital battle which could end Egypt's existence as a free country and condemn it to life as a Roman province. Two great rulers of Egypt come into conflict over what Egypt needs to do in order to survive, and both Erimem and Cleopatra face their own personal battles for survival.

The Last Pharaoh

This book covers Egypt's modern history since 1952 with chronology of Ancient Egyptian history to the present day. It focuses on the Mubarak regime and predicts its downfall and what can unfold in the near future and how it can impact American and Western interests in the Middle East. The book is a good primer and textbook for students of social studies, political science and history at school and college levels. It also explains modern Arab politics and the dynamics of authoritarian rule in the whole region. It is written in a very simple style and narrative which makes it an easy reader, but a valuable academic reference book, as it is very well researched and documented by award-winning and bestselling author of Silent Victims, Professor Aladdin Elaasar.

A Dangerous Daughter

A fast-paced prequel to the highly-rated Last Pharaoh series covering the tumultuous younger years of Cleopatra. 58 B.C., Alexandria, Egypt Furious with the king's extortionate attempts to repay his debts to Rome, the irate citizens have chased king Ptolemy from Alexandria and crowned his eldest daughter Berenice and wife Cleopatra Tryphaena as queens of Egypt. Now, the king, with his young daughter Cleopatra, is in Rome where he plots to return to Egypt and regain his throne. But Berenice has other plans, and when the prize is the throne of Egypt, blood relations that mattered less now matter nothing at all. Note: This is a novella ideally read after the Last Pharaoh trilogy. However, there are no spoilers and this work may be read first as well. The Last Pharaoh Series I - Regent II - Queen III - Empress

The Last Pharaoh - Book II - Queen

Rest is not for rulers. Finally crowned as the undisputed Queen of Egypt, Cleopatra hopes to recover from the harrowing experiences of the last few bloody years. But rest is not for rulers. A diabolic conspiracy to dethrone her is afoot, Rome is about descend into a hellish civil war, and a colorful Idumean Jew named Herod clings on to the land she wants. Now, she is about to find out that ascending to the throne was only a step into the dark worlds of imperial politics, personal desires, and unrelenting enemies.----The exciting saga of Cleopatra continues in Book II. Journey with Cleopatra Philopater in this thrilling series full of intrigue and twists-and-turns.

Dynasties of Egypt

In ancient Egyptian history, some dynasties prospered, and some faded out of existence. They are traditionally divided into thirty-two pharaonic dynasties; they are classified into "kingdoms" and "intermediate periods" from these dynasties. Manetho, the third-century Egyptian priest, gives us the first thirty dynasties, which he published in Aegytiaca, now lost to ravages of time. These likely stems from the Ptolemaic rule in Egypt. The Ptolemaic Dynasty and the 31st dynasty form the remaining two. While widely used and valuable, the system does have its weaknesses. Some dynasties only governed part of Egypt and endured concurrently with other dynasties based in other cities. The Seventh might not have been at all, the Tenth appears to be a succession of the Ninth, and there

may have been one or numerous Upper Egyptian Dynasties before the First Dynasty. The privilege of "Pharaoh" is utilized for those leaders of Ancient Egypt who governed after the alliance of Upper Egypt and Lower Egypt by Narmer throughout the Early Dynastic Period, circa 3100 BC. However, the specific title "Pharaoh" was not employed to direct Egypt's kings by their peers until the dominion of Merneptah in the 19th Dynasty, c. 1200 BC. Along with the name Pharaoh for later rulers, an Ancient Egyptian sovereign titulary was used by Egyptian kings, which prevailed relatively consistent during Ancient Egyptian history, originally featuring a Horus name. Egypt was steadily administered, at least in part, by domestic ruler-pharaohs for nearly 2500 years, until it was overcome by the Kingdom of Kush in the late 8th century BC, whose kings embraced the classical pharaonic titular for themselves. Following the Kushite victory, Egypt underwent another independent constitutional rule before being subdued by the Achaemenid Empire, whose governors also assumed the title of "Pharaoh." The last regional Pharaoh of Egypt was Nectanebo II, Pharaoh before the Achaemenids defeated Egypt for a second time. Achaemenid control over Egypt ended abruptly through Alexander the Great's triumphs in 332 BC, after which it was controlled by the Hellenic Pharaohs of the Ptolemaic Dynasty. Their government and Egypt's sovereignty came to an end when Egypt became a Rome province in 30 BC. Augustus and succeeding Roman dictators were styled as Pharaohs when in Egypt until Maximinus Data in 314 AD. The dates provided in this list of pharaohs are estimated. They are based fundamentally on Ancient Egypt's established chronology, often based on the Digital Egypt for Universities database generated by the Petrie Museum of Egyptian Archaeology, but other dates taken from other professionals may be designated separately.

The Last Pharaoh

While the travelers of antiquity recognized the interest of the sites, and medieval adventurers talked of the great mysteries, it was in the 17th and 18th centuries that Egyptomania began to take Europeans in its grasp. It was Napoleon who really lit the flames and started the love affair that continues to this day. In 1798 Napoleon's mission to Egypt took with it Baron Dominique Vivant Denon, a brilliant artist and draftsman who recorded the old ruins - from the Great Pyramid at Giza and the Sphinx's head to the now lost temple of Hermopolis. Within a few years Champollion deciphered the Egyptian hieroglyphs and suddenly the world became aware of a civilization that had its start over 5,000 years ago. Egyptian Pharaohs provides biographical information and illustrations of over 150 monarchs of Ancient Egypt, from the semi-mythical Narmer through to the final Hellenistic dynasty of Ptolemies. Although conquered by Assyrians, Persians, and Greeks, it was the Romans who finally brought the 33rd and last Dymnasty an end thus ending a kingdom whose rulers had included the great pyramid builders of the 4th Dynasty; Sneferu, Khufu, Khafra and Menkaura - the brilliant pharaohs of the 18th Dynasty - Thutmose III, Amenhotep III, Hatshepsut, and the best known of them all, the boy-king Tutankhamun and the apogee of Egyptian kingship Ramesses II the Great, the ruler associated with Moses and the Israelites; the victor over the Hittites at Kadesh; and the builder of the Ramasseum, the temple at Abu Simbel and the tomb of his consort Nefertari.

Egyptian Pharaohs

At the close of ancient Egypt's ambitious Eighteenth Dynasty, power, art, and learning have reached a zenith. Due to the nation's yearly flooding, steady harvests, and plentiful gold, Egypt is the richest nation in the world. Ruling over this paradise is Pharaoh, considered a god-on-earth by his people. But on the death of Amunhotep III, his son, known to history as the Heretic King Akhenaten, enters into a war with the powerful priesthood of Amun and claims ownership of the souls of his people. He raises a new god for Egypt to worship, and banishes the ancient gods from the land. The consequences of this will lead to the downfall of the ruling dynasty, the very family that had made Egypt into a mighty empire. The delicate and beautiful third daughter of Akhenaten and Nefertiti, Princess Ankhesenamun knows nothing but power and luxury. Her mother Nefertiti rules Akhenaten's heart and other wives as her father rules the land. But when Nefertiti fails to give Akhenaten the son he desires, the princess's pampered world begins to fall apart. And at the height of Akhenaten's triumph over his people, an unexpected tragedy strikes the land, giving those oppressed a new reason to fight. Soon the chaos outside the King's House explodes within, tearing the royal family apart. Watching from the shadows is Prince Tutankhamun. His mother was a princess, but she died after his birth, and he has grown up on the edge of the king's favor because of Nefertiti's strong influence. The crown, which he feels is his by right, is expected to go Nefertiti's oldest daughter, but Akhenaten refuses to name an heir. Attended as the son of a god but isolated from his family, Tutankhamun spends his days surpassing his tutors, gaining his omnipotent father's attention only by extreme achievement or reckless courage. Though

dominated by her oldest sister, Tutankhamun's born rival, young princess Ankhesenamun is drawn to the proud and mysterious black-eyed boy. As events in her home become intolerable and terrifying, Ankhesenamun finds that the prince her mother and sister fear is the only one that she can trust. Broken by the burden of a war with his own people, Pharaoh begins to lose control. Paranoid and accustomed to utter indulgence, he wields his absolute authority with ever more brutal hands. He betrays his young daughter in the cruelest of ways before his sudden death leaves the royal family without a king, and beset on all sides by their own countrymen. Ankhesenamun wants nothing to do with the ensuing power struggle between the Great Royal Wife, Nefertiti, and the First Daughter and her lover. But as a beautiful young king's widow, her hands are bound to the throne. Horrified at the prospect of another unwanted marriage, Ankhesenamun turns to Prince Tutankhamun, and they flee the palace. But Tutankhamun is destined to be Pharaoh, as he has always known. Murder makes him a king at age ten, and he persuades a fragile Ankhesenamun to be his Great Royal Wife. Though Akhenaten has destroyed his family's hold on power, Tutankhamun fearlessly takes up the crown. He pledges to make everything right again, not only for his enraged and traumatized people, but for the princess he loves with a fierce, possessive loyalty. Encouraged by his counsellors, Tutankhamun breaks his father's laws and calls back the ancient gods to Egypt. In return, the gods bless the young king with the love of his people and a tranquil home. Ankhesenamun regains her strength, and sets out to command her palace and learn the ancient rites of Egypt's goddesses. Though challenged by a mysterious and painful affliction that threatens to cripple him in only a few years, Pharaoh is determined to become a warrior and resurrect the mighty imperial army of his ancestors. As the pair grows to maturity, they break free of the horrors of childhood and discover a love so powerful it's blinding. It seems that all is well in Egypt, but as Pharaoh and his wife enchant each other, new enemies rear up against them. Corrupt courtiers and a powerful empire growing out of the north, as well as snake in the very heart of the king's home all threaten the young king and queen of Egypt, and Tutankhamun must become increasingly ruthless to battle them all. When a horrible act of terror and defiance against the king brings Tutankhamun face to face with his father's ghost, he loses faith in himself and must decide what sort of man he will be. Ankhesenamun adores her young husband, and she is determined to be nothing like her mother. But though blessed with a child, she has fatal complications with her next pregnancy. She battles with love and fear daily, and after another tragic loss, she questions if she wants more children. Her marriage is strained by Tutankhamun's growing comfort with the darker sides of power, and she is determined to keep him from losing his soul like Akhenaten did. She wants nothing more than the life she has with Tutankhamun, without any interruption from the ghosts of the past. Just when Ankhesenamun and her husband learn to accept fate and enjoy their blessings, Tutankhamun dies a tragic death while fighting Egypt's fiercest enemies. The pampered and delicate young queen is left alone, and as she brings her husband to his final rest, she discovers the terrifying truth that her husband's death might have been set up by enemies in her very home. Caught in a viper's nest of greed and betrayal, Ankhesenamun must plunge into a world of intrigue and corruption if she means to avenge her family and save her people from a usurper. Hanging her own life in the balance, she must play a subtle and deadly game of power in order to destroy a killer.

The Last Heiress

Immerse yourself in the rich history and culture of ancient Egypt with our "Pharaohs of Egypt: 4 in 1" book bundle. Featuring four captivating books on the lives of Tutankhamun, Ramses II, Cleopatra, and Khufu, this bundle is a must-read for anyone interested in the ancient world. Whether you're a history buff, a lover of ancient civilizations, or simply someone who enjoys a good story, the "Pharaohs of Egypt: 4 in 1" book bundle is an essential addition to your library. Order your copy today

and join us on a journey through time as we explore the history and culture of ancient Egypt through the lives of Tutankhamun, Ramses II, Cleopatra, and Khufu - the pharaohs of Egypt.

Pharaohs Of Egypt: 4 In 1

History knows Cleopatra as a beautiful and powerful ruler of Egypt. But if that's all that you know about her, then you're missing a lot! Cleopatra VII was an important figure during her time. Her words were laws. She ruled over her people so their future relied heavily on her actions and decisions. Learn about ancient Egypt through the eyes of their last pharaoh. Happy reading!

Cleopatra VII

The ancient secrets of Egypt's Valley of the Kings are presented with fresh insight into the mystery and intrigue of the Egyptian civilization. Beginning with the discovery of King Tutankhamun's tomb, the authors explore the entire Valley--the final resting place of more than 50 pharaohs--and tell little-known stories about the tombs and their occupants. 60 photos and drawings. 2 maps.

Mummies of the Pharaohs

A highly illustrated look at what it was like to be the pharaoh of Egypt, revealed through the king's role as husband, lawmaker, judge, priest, builder, and warrior The pharaoh is the iconic ruler from the ancient world, immortalized in stone and gold and celebrated today in countless films and books. But how did these monarchs—mortals who lived and died like anyone else—spend their days? How did they become pharaoh? How did they govern and how were they entertained? In this vividly written and authoritative account, Garry Shaw conveys the full experience of what it was like to be pharaoh, from birth to death, in private and in public, at court and on campaign, and shows how a uniquely Egyptian vision of kingship, with its complex ideology and regalia, evolved. We follow daily events, from waking up in the palace to evenings spent banqueting; in between, the king acted as lawmaker, judge, and priest. The most important ceremonies are compellingly described, including accession, coronation, and the royal funeral, as well as the pomp and protocol of an audience before the monarch. Supplemented by numerous box features, from the internal decoration of pyramids and the women who became pharaoh to pharaonic pets, as well as quotations from contemporary sources and a king list with brief biographies of all the major pharaohs, this beautifully illustrated volume provides a comprehensive insight into the Egyptian pharaoh and his world.

The Pharaoh

This is a story studded with extraordinary achievements and historic moments, from the building of the pyramids and the conquest of Nubia, through Akhenaten's religious revolution, the power and beauty of Nefertiti, the glory of Tutankhamun's burial chamber, and the ruthlessness of Ramesses, to Alexander the Great's invasion, and Cleopatra's fatal entanglement with Rome. As the world's first nation-state, the history of Ancient Egypt is above all the story of the attempt to unite a disparate realm and defend it against hostile forces from within and without. Combining grand narrative sweep with detailed knowledge of hieroglyphs and the iconography of power, Toby Wilkinson reveals Ancient Egypt in all its complexity.

The Rise and Fall of Ancient Egypt

The last ruler of the Ptolemaic Kingdom and the last Pharaoh of Egypt, Cleopatra reigned over the end of an era. Cleopatra has been defined by her relationships with powerful Roman statesmen Julius Caesar and Mark Antony, both of whom fathered her children, but there is much more to Cleopatra's story than romantic intrigue. Inside you will read about... The Ptolemaic Dynasty Cleopatra as Queen Cleopatra and Julius Caesar Mark Antony and Cleopatra Propaganda Wars The Last Pharaoh of Egypt: Cleopatra's Suicide And much more! One of the first independent female rulers of an ancient kingdom, Cleopatra was a gifted diplomat, efficient administrator, and accomplished linguist who ruled her kingdom with more courage than the majority of her male predecessors. Cleopatra's death ended an era, but her life promised the dawn of a new age, one where women might dare to rule the world.

Cleopatra

She was the last ruler of the Macedonian dynasty of Ptolemies who had ruled Egypt for three centuries. Highly educated (she was the only one of the Ptolemies to read and speak ancient Egyptian as well

as the court Greek) and very clever (her famous liaisons with Julius Caesar and Mark Antony were as much to do with politics as the heart), she steered her kingdom through impossibly taxing internal problems and railed against greedy Roman imperialism. Stripping away preconceptions as old as her Roman enemies, Joyce Tyldesley uses all her skills as an Egyptologist to give us this magnificent biography.

Cleopatra

Warrior, mighty builder, and statesman, over the course of his 67-year-long reign (1279-1212 BCE), Ramesses II achieved more than any other pharaoh in the three millennia of ancient Egyptian civilization. Drawing on the latest research, Peter Brand reveals Ramesses the Great as a gifted politician, canny elder statesman, and tenacious warrior. With restless energy, he fully restored the office of Pharaoh to unquestioned levels of prestige and authority, thereby bringing stability to Egypt. He ended almost seven decades of warfare between Egypt and the Hittite Empire by signing the earliest international peace treaty in recorded history. In his later years, even as he outlived many of his own children and grandchildren, Ramesses II became a living god and finally, an immortal legend. With authoritative knowledge and colorful details Brand paints a compelling portrait of this legendary Pharaoh who ruled over Imperial Egypt during its Golden Age.

Ramesses II, Egypt's Ultimate Pharaoh

A fascinating look at the artistically productive reign of Hatshepsut, a female pharaoh in ancient Egypt

Hatshepsut, from Queen to Pharaoh

A reinterpretation of Egyptian and biblical history that shows the Patriarch Joseph and Yuya, a vizier of the eighteenth dynasty king Tuthmosis IV, to be the same person • Uses detailed evidence from Egyptian, biblical, and Koranic sources to place Exodus in the time of Ramses I • Sheds new light on the mysterious and sudden rise of monotheism under Yuya's daughter, Queen Tiye, and her son Akhnaten When Joseph revealed his identity to his kinsmen who had sold him into slavery, he told them that God had made him "a father to Pharaoh." Throughout the long history of ancient Egypt, only one man is known to have been given the title "a father to Pharaoh"--Yuya, a vizier of the eighteenth dynasty king Tuthmosis IV. Yuya has long intrigued Egyptologists because he was buried in the Valley of Kings even though he was not a member of the Royal House. His extraordinarily well-preserved mummy has a strong Semitic appearance, which suggests he was not of Egyptian blood, and many aspects of his burial have been shown to be contrary to Egyptian custom. As *The Hebrew Pharaohs of Egypt* shows, the idea that Joseph and Yuya may be one and the same person sheds a whole new light on the sudden rise of monotheism in Egypt, spearheaded by Queen Tiye and her son Akhnaten. It would clearly explain the deliberate obliteration of references to the "heretic" king and his successors by the last eighteenth dynasty pharaoh, Horemheb, whom the author believes was the oppressor king in the Book of Exodus. The author also draws on a wealth of detailed evidence from Egyptian, biblical, and Koranic sources to place the time of the departure of the Hebrews from Egypt during the short reign of Ramses I, the first king of the nineteenth dynasty.

The Hebrew Pharaohs of Egypt

This volume contains biographical accounts of all the 170 or more known pharaohs, including hieroglyphs for each king or queen. It features timelines with at-a-glance guides to the length of each reign, diagrams and plans of royal tombs and monuments, and much more.

Chronicle of the Pharaohs

"Egypt is the next domino to fall and, as they say, so goes Egypt so goes the Middle East." - Robert Baer, former Middle East-based CIA operative, author of *See No Evil* and *Sleeping with the Devil*

The Last Pharaoh

This book is a collection of essays discussing the reign and influence of Tausret, the last pharaoh of the 19th dynasty (c. twelfth century BCE), and one of only a few women who ruled ancient Egypt as a king during its history.

Tausret

Theodosia Throckmorton has her hands full at the Museum of Legends and Antiquities in London. Her father may be head curator, but it is Theo--and only Theo--who is able to see all the black magic and ancient curses that still cling to the artifacts in the museum. When Theo's mother returns from her latest archaeological dig bearing the Heart of Egypt--a legendary amulet belonging to an ancient tomb--Theo learns that it comes inscribed with a curse so black and vile that it threatens to crumble the British Empire from within and start a war too terrible to imagine. Intent on returning the malevolent artifact to its rightful place, Theo devises a daring plan to put things right. But even with the help of her younger brother, a wily street urchin, and the secret society known as the Brotherhood of the Chosen Keepers, it won't be easy . . . she quickly finds herself pursued down dark alleys, across an ocean, through the bustling crowds of Cairo, and straight into the heart of an ancient mystery. Theo will have to call upon everything she's ever learned in order to prevent the rising chaos from destroying her country--and herself!

Theodosia and the Serpents of Chaos

Cleopatra 69 BC-30 BC, the last Pharaoh of Egypt and the third daughter Ptolemy XII Auletes, is one of the most mysterious people in ancient history. So compelling and mysterious that myths and legends abound about her to this day. Not much is known about her early life but her later conquests became the fodder for countless movies and books. Some portray her as this majestic seductress and others portray her as a bloodthirsty killer; oftentimes both. There is truth to these renditions of her. She knew what she wanted and worked tirelessly to get it. She was bred to be the ruler of Egypt and she would achieve this goal by any means necessary, even if it meant killing her own family members ... Even if it meant sleeping with the enemy. She would get what she desired. In the end, she only partially succeeded, she never lived to see her grander vision come to fruition. In this volume of Interviews with History, we will cover, ever so briefly, the life of this Great Queen. Queen Cleopatra, the last Pharaoh of Egypt. About The Interviews with History Series The goal of the Interviews with History series is to provide concise biographical information for people who want to read biographies, but do not have the time to read hundreds of pages or purchase expensive study courses. What you read in an Interviews with History Titles are the pertinent facts; no filler. Written in an easy to understand and conversational fashion.

Interviews with History

A series of photographs and text about the discovery of the tomb of Tutankhamun, King of ancient Egypt.

Tutankhamun

Imagine peeking into the notebooks of some of the world's finest minds . . . taking a glimpse at their genius. This new series of historical notebooks allows you to do just that, examining the ephemera and correspondence, the thoughts and ideas of the people who have shaped today's world. The next in the acclaimed Notebooks series invites you to meet Egypt's last pharaoh and an icon of beauty and power. The remarkable events of Cleopatra's life are examined, explained and dramatised with glimpses of what she might have written in her memoirs. From her royal childhood to her relationships with Caesar and Mark Antony, through Roman civil war to the mysterious events of her death and the legend that lives on today, this is the complete Cleopatra.

Cleopatra

The Worldwide Number One Bestseller Wilbur Smith returns to Ancient Egypt in a captivating new novel that will transport you to extraordinary times.
