Gipsy

Siberia had been promised a golden future, thanks to global warming, but instead it has plunged into a new ice age, facing a Mongol invasion and a nationalist revolution. With his truckload of weaponry, Gipsy is heading toward the fortress of Zigansk on the arctic circle, where thousands of desperate refugees await help which never comes. The only truck racing around the fires of Siberia, Gipsy has more than just weapons on board. He also carries a self-anointed sorceress with a mission, who just might also be the missing daughter of a billionaire, worth a rather obscene reward...

The Conquest of Mexico

Somewhere on the circumpolar tri-continental expressway, the highway covering Eurasia, Africa and America, you'll find Al Desir, the jewel of the socialist republic of Turdistan. And that's where Gypsy's heading. He's got a rendezvous with his little sister, Bibi, who is there for research purposes to write a book on The White Wing (a sect that's been forbidden since the revolution) and Sissiah the sorceress, who was recruited by the sect when she was just 10 years old because of her power to change faces...

Gypsy - Volume 5 - The White Wing

At the present time, malaria is responsible for a million deaths a year, with 500 million reported cases of the disease and 2.5 billion people at risk of contracting it. The distribution and severity of the disease vary with the causative agents, vectors and environment. Of the 4 possible parasites, only *P. falciparum* causes fatal forms; the three others have debilitating effects related to frequent disease recurrence and reviviscence. More than 50 species of anophelae are involved in the obligatory transmission of the parasite from man to man. Climate, environment and biogeography condition the distribution of anophelae species and modulate the intensity of transmission. This is what is known as the biodiversity of malaria. At the present time, more than 90% of *P. falciparum* malaria deaths occur in tropical Africa where only 10% of the world's population lives. A child dies of malaria every 30 seconds. This continent is home to the most effective vectors and the climate favours transmission. Severe cases also arise in the forested areas of South East Asia, New Guinea and the Amazon region. Throughout the rest of the tropical and subtropical world, the disease caused by *P. vivax* and/or *P. malariae* is less serious.

The Pygmies

The state of Veracruz, a lush strip of land running the length of Mexico's eastern coast, is home to some of the easiest, lightest, and most varied food in Mexico's repertoire. To enjoy dishes like Seafood Salad in Avocado Halves, Garlicky Stir-Fried Shrimp, Orange-Flavored Chicken, and Mushroom Empanadas, you won't need to hunt down obscure chiles or master complicated techniques. Spanish influences evident in accessible ingredients like olive oil, olives, capers, raisins, and almonds give the state's cuisine a familiar Mediterranean character. At the same time, Veracruz's Caribbean orientation and powerful Afro-Cuban legacy offer plenty of choices for cooks who want kitchen adventure. In all, Zarela provides more than 150 choices, perfect for festive parties or ordinary suppers. Much more than a cookbook, Zarela's Veracruz is a mesmerizing travelogue and an absorbing portrait of Mexico's most exuberant state."

'A COMPELLING, BEAUTIFULLY CRAFTED NOVEL FOR YOUNG READERS' -- Daily Telegraph This is the story of Johannes, and Frau Timmins, and the strange girl now known as 'Helga'. It is also the story of how they survived the death camps, the vast wilderness faced by refugees in World War II, and eventually found happiness in Australia. This moving and compelling book follows on the award-winning and bestselling *Hitler's Daughter* and *Pennies for Hitler*, and shows us that evil must be fought. But once you've won, the hardest and most necessary battle is to understand and forgive. And to learn how to live and love again. MORE PRAISE FOR GOODBYE, MR HITLER 'Reading about [the holocaust] can be depressing, but not in this compelling, beautifully crafted, novel for young readers. Here author Jackie French looks at what the Holocaust can teach us about hope. How people in internment camps survived, what motivated them to live in a world where people could be so terrible to each other.' -- Daily Telegraph

Bibliographie Geologique

Dans ce livre fascinant, Maxime du Camp décrit la ville de Paris au XIXe siècle. Il explore les différentes fonctions et organes de la ville, de la police et de la justice aux égouts et aux marchés. Du Camp étudie également la vie quotidienne des Parisiens, décrivant leurs habitudes, leur culture et leur linge. Ce livre est un portrait captivant de la ville de Paris au XIXe siècle et un incontournable pour tous ceux qui s'intéressent à l'histoire de la ville. Zarela's Veracruz

This strikingly original study of Cambodian nationalism brings to life eight turbulent decades of cultural change and sheds new light on the colonial ancestry of Pol Pot's murderous dystopia. Penny Edwards recreates the intellectual milieu and cultural traffic linking Europe and empire, interweaving analysis of key movements and ideas in the French Protectorate of Cambodia with contemporary developments in the Métropole. From the naturalist Henri Mouhot's expedition to Angkor in 1860 to the nationalist Son Ngoc Thanh's short-lived premiership in 1945, this history of ideas tracks the talented Cambodian and French men and women who shaped the contours of the modern Khmer nation. Their visions and ambitions played out within a shifting landscape of Angkorean temples, Parisian museums, Khmer printing presses, world's fairs, Buddhist monasteries, and Cambodian youth hostels. This is cross-cultural history at its best. With its fresh take on the dynamics of colonialism and nationalism, *Cambodge: The Cultivation of a Nation* will become essential reading for scholars of history, politics, and society in Southeast Asia. Edwards' nuanced analysis of Buddhism and her consideration of Angkor's emergence as a national monument will be of particular interest to students of Asian and European religion, museology, heritage studies, and art history. As a highly readable guide to Cambodia's recent past, it will also appeal to specialists in modern French history, cultural studies, and colonialism, as well as readers with a general interest in Cambodia.

Context and Thought

The unleashing of an ancient evil and the anti-hero prophesized to stop it.

Goodbye, Mr Hitler

More than thirty-two centuries ago, the glory of Ramses II shone over Egypt like the sun; he was considered to be a living god. His extraordinary sixty-seven year reign is extensively documented: no other Pharaoh left so many records of what he had hoped to achieve, nor constructed as many monuments, offering us a unique insight into his goals and motivations. In this scholarly yet accessible work, Christiane Desroches Noblecourt sheds new light on this fascinating figure. After years of research and visits to Ramses' temples, she is able to demystify the great ruler and unlock the reality of his life and times--fact proves to be even more enthralling than fiction. From battles to temples, this is a comprehensive study of one of the most intriguing personalities of Antiquity. This book--a critically acclaimed best-seller in its original French edition--is now updated and illustrated with stunning color images, bringing the world of Ramses II back to life.

The Orbis Pictus of John Amos Comenius

The comedic and ironic misadventures of a confused Philosophy professor on the path to spiritual awakening. PUBLICATION IN 3 VOLUMES - COMPLETED SERIES Alan Mangel has it all. As a popular Philosophy Professor at the world famous Université de La Sorbonne, he is wealthy, married and academically acclaimed. On his sixtieth birthday, however, Alan's life will crumble as Elisabeth, a

beautiful young student, claims she received a vision from God that he is to impregnate her with the second-coming of John the Baptist. As Alan gives himself up to the wild forces bullying him through life, he engages on a spiritual journey that challenges his very "reality." Everything once true is proven to be false. Everything once false is proven to be true. One of the most compelling and personal works by legendary international comics superstars Moebius and Alexandro Jodorowsky ("The Incal").

Paris, Ses Organes, Ses Fonctions Et Sa Vie Dans la Seconde Moitie Du XIXe Siècle

Flip Lochner is a weary and disillusioned newspaper crime reporter. Curious to find out more about the origins of a casual acquaintance, he descends into Devil's Valley where, like Dante's Virgil, he encounters a bewildering array of mysterious characters and events that lead him to reevaluate the world in which he lives and which he thought he knew. Fusing invention and reality, magic realism and earthy humour, Lochner's adventures in the valley centre around the journey he undertakes to discover the truth about the elusive and erotic figure of Emma, one of Brink's most remarkable creations.

Ramses II

Rain Wolf, a young native American, is in trouble. He just killed a white man in an act of self-defense. Justifiable in the eyes of the law... when it's a white man who does it. Bruce, the son of influential railway magnate Vincent McDell, springs his friend Rain Wolf from jail and vows to protect him. Rain Wolf has no choice but to go into hiding. Sent along to accompany him by the tribe sages is Little Moon, the woman Bruce's brother Jack is in love with. Little Moon is at the age to marry, but she doesn't yet know who her husband will be. Her mystical grandfather gives her a monocle with strange powers that seems to be guiding her. Meanwhile, the Cody brothers are called upon by the dead man's mother to bring down the man who killed her son. They're hot on the trail of the two runaways, having first kidnapped Blanche McDell. But they're not the only ones...

Undertaker - Volume 2 - The Dance of the Vultures

When three friends play a new video war game, they soon realize that it is taking over their lives.

Madwoman of the Sacred Heart #1

Blending elements of psychology, philosophy, and sociology with economics, Etzioni presents a bold new vision of the social sciences - one which proposes that broader moral, social and political concerns modify economic behaviour and shape individual decision-making. In establishing the necessity of moral and social considerations in economic behaviour, he provides a provocative new framework for a more comprehensive, ethical and realistic approach to the social sciences today.

Devil's Valley

As the most influential and powerful country on the entire continent of Africa, an understanding of South Africa's past and its present trends is crucial in appreciating where South Africans are going to, and from where they have come. South Africa changed dramatically in 1994 when apartheid was dismantled, and it became a democratic state. Since 2000, when the previous edition appeared, further big changes occurred, with the rise of new political leaders and of a new black middle class. There were also serious problems in governance, in public health, and the economy, but with a remarkable popular resilience too. This third edition of Historical Dictionary of South Africa contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 600 cross-referenced entries on important personalities as well as aspects of the country's politics, economy, foreign relations, religion,

and culture. This book is an excellent resource for students, researchers, and anyone wanting to know more about South Africa.

Conversation

Over the past one hundred years, a body of historical knowledge and writing has been built up which has sought to explain and describe the unique configuration of South African Society. In the historical evolution of this society prominence and sometimes primacy have been variously accorded to the concepts of race and class. This survey of the lives and works of the major historians of South Africa G. M. Theal, W. M. Macmillan, C. W. de Kiewiet, Leonard Thompson, Shula Marks and others examines the ways in which the South African past has been recreated and interpreted anew. Contents: Introduction 1; PART I: 3 G.M. The Master Thinkers

Stephen Greenblatt is one of the most influential practitioners of new historicism. This Reader makes available in one volume Greenblatt's most important writings on culture, Renaissance studies, and Shakespeare. It also features occasional pieces on subjects as diverse as story-telling and miracles, demonstrating the range of his cultural interests. Taken together, the texts collected here dispel the idea that new historicism is antithetical to literary and aesthetic value.

The Trap of the Irrational

WINNER OF SWEDEN'S BEST CRIME NOVEL AWARD On the idyllic island of Öland, off the coast of northern Sweden, a young couple from Stockholm tries to start life afresh. For Joakim and Katrine Westin, reclaiming a long-neglected family manor will be a labor of love, as they slowly bring the sprawling home back to life and introduce their two children to the island's woodlands, glens, and beaches. But in the Westins' new home, there are things that cannot be repaired, lives that have gone wrong, and secrets that have followed them. When the family is struck by tragedy, it's up to grief-stricken Joakim to put together a puzzle of inexplicable loss, unbearable suspicion, and tangled lives. In this powerhouse of suspense—at once a crime novel and a searing family drama—a home built as a shelter from the sea becomes a human storm of murder.

Ultimate Game

You Are There is an unexpected collaboration between the darkly cynical Jacques Tardi and the playful fantasist Jean-Claude Forest (of Barbarella fame). It is set on a small island off the coast of France, where unscrupulous landowners have succeeded in overtaking the land from the last heir of a previously wealthy family. His domain now reduced to the walls that border the patches of land he used to own, the half-mad fellow prowls the walls all day, eking out a living by collecting tolls at each gate. His seemingly hopeless struggle to recover his birthright becomes complicated as the government sees a way of using his plight for the sake of political expediency, and the romantic intervention of the daughter of one of the landowners (who has her own sordid history with the politician) engenders further difficulties. Set in Tardi's preferred early 20th century milieu, You Are There is drawn in his crisp 1980s neo-"clear line" style, gorgeously detailed, with impossibly deep slabs of black.

The undead can really screw up your senior year . . . Marrying a vampire definitely doesn't fit into Jessica Packwood's senior year "get-a-life" plan. But then a bizarre (and incredibly hot) new exchange student named Lucius Vladescu shows up, claiming that Jessica is a Romanian vampire princess by birth--and he's her long-lost fiancé. Armed with newfound confidence and a copy of Growing Up Undead: A Teen Vampire's Guide to Dating, Health, and Emotions, Jessica makes a dramatic transition from average American teenager to glam European vampire princess. But when a devious cheerleader sets her sights on Lucius, Jess finds herself fighting to win back her wayward prince, stop a global vampire war--and save Lucius's soul from eternal destruction

The Making of the South African Past

It is 1825 and high in the mountains of South Africa a group of slaves stand accused of the murder of their owner, Nicolass van der Merwe, a wealthy Afrikaner farmer. Galant, the van der Merwe family's chief hand, is held leader of the murderous band. Raised with the two sons of the house, it was not until adulthood and rivalry over Hester, orphaned daughter of a tenant farmer, that he realised their different roles, their unequal futures and opposed stations in life. A CHAIN OF VOICES stands as a prophetic lesson - when hopes of freedom from slavery are dashed, and when promises of equal treatment are broken, an escalating spiral of bitterness, resentment, and finally, explosive violence is inevitable.

Fuck America

In such modern classics as Chesapeake, Centennial, Hawaii, Alaska, and Texas, James A. Michener proved time and again that his understanding of and love for his country was unparalleled. This Noble Land is Michener's most personal statement about America, an examination of the issues that threaten to fragment and undermine the nation—racial conflict, the widening gulf between rich and poor, the decline of education, the inadequacies of our health care system—as well as a thought-provoking prescription for sustaining our “outstanding success.” Infused with the wisdom and passion of a lifetime, This Noble Land stands as a wake-up call for a troubled era. BONUS: This edition includes an excerpt from James A. Michener's Hawaii. Praise for This Noble Land “A book-length essay on the often

worrying, often inspiring course of America in the nine decades of Michener's life."—The Washington Post "Michener is more interested in fixing the problems than in fixing the blame."—The Dallas Morning News "Michener's are the beach books that, unlike most other beach books, leave you smarter than you were when you started reading. Each delivers the product of all that research, doled out to the reader at just the right rate. You know right away who the bad guys are—the petty ones, the stingy ones. The heroes are generous and energetic and smart and, above all, unprejudiced. The real-life villains in This Noble Land are the people Michener perceives as 'petty, mean and vengeful.'"—St. Louis Post-Dispatch "Stirring . . . an admirable effort to define what has made our country great and how to preserve what is best about it."—Kirkus Reviews
