We Were Now Alone and on that Idea a Sudden Fit of Trembling Seized Me I Was So Afraid without a Precise Notion of Why and What I Had To Fear that I Sat on the Settee by the Fireside Motionless and Petrified without Life or Spirit Not Knowing How To Look or How To Stir but Long I Was Not Suffered To Remain in this State of Stupor the Monster Squatted Down by Me on the Settee and without Further Ceremony or Preamble Flings His Arms about My Neck and Drawing Me Pretty Forcibly towards Him Obligated Me To Receive in Spite of My Struggles To Disengage from Him His Pestilential Kisses Which Quite Overcame Me Finding Me Then Next to Senseless

And Laid all Open There to His Eyes and Hands Still I Endured All without Flinching till Emboldened by My Sufferance and Silence for I Had Not the Power To Speak or Cry Out He Attempted To Lay Me Down on the Settee and I Felt His Hand on the Lower Part of My Naked Thighs Which Were Crossed in Which He Endeavored To Unlock Oh Then I Was Roused out of My Passive Endurance and Springing from Him with an Activity He Was Not Prepared for Threw Myself at His Feet and Begged Him in the Most Moving Tone Not To Be Rude

He Was Unbuttoned both Waistcoat and Breeches Yet I Only Felt the Weight of His Body upon Me whilst I Lay Struggling with Indignation and Dying with Terror but He Stopped all of a Sudden and Got Off Panting Blowing Cursing and Rehearsing upon Me Old and Ugly for So I Had Very Naturally Called Him in the Heat of My Defense the Brute Had It Seems as I Afterwards Understood Brought On by His Eagerness and Struggle the Ultimate Period of His Hot Fit of Lust Which His Power Was Too Short-Lived To Carry Him through the Full Execution of of Which My Thighs and Linen Received the Effusion

Which I Listened to with More Pleasure than Ever Fond Woman Did to Protestations of Love from Her Darling Minion for Incapable as I Was of Receiving any Addition to My Perfect Hatred and Aversion to Him I Looked on this Railing as My Security against His Renewing His Most Odious Caresses Yet Plain as Mrs Brown's Views Were Now Come Out I Had Not the Heart or Spirit To Open My Eyes to Them Still I Could Not Part with My Dependence on that Beldam So Much Did I Think Myself Hers Soul and Body or Rather I Sought To Deceive Myself with a Continuation of My Good Opinion of Her and Chose To Wait the Worst at Her Hands Sooner than Being Turned Out To Starve in the Streets Without a Penny of Money or a Friend To Apply to these Fears Were My Folly whilst this Confusion of Ideas Was Passing in My Head and I Sat Pensive by the Fire with My Eyes Brimming with Tears My Neck Still Bare and My Cap Fallen Off in the Struggle so that My Hair Was in the Disorder You May Guess the Villain's Lust Began I Suppose To Be Again in Flow at the Sight of All that Bloom of Youth Which Presented Itself to His View a Bloom Yet Unenjoyed and in Course Not Yet Indifferent to Him You May Guess the Villain's Lust Began I Suppose To Be Again in Flow at the Sight of All that Bloom of Youth Which Presented Itself to His View a Bloom Yet Unenjoyed and in Course Not Yet Indifferent to Him after some Pause He Asked Me with a Tone of Voice Mightily Softened whether I Would Make It Up with Him before the Old Lady Returned and all Should Be Well He Would Restore Me to His Affections at the Same Time Offering To Kiss Me and Feel My Breasts but Now My Extreme Aversion My Fears My Indignation all Acting upon Me Gave Me a Spirit Not Natural to Me so that Breaking Loose from Him I Ran to the Bell and Rang It before He Was Aware with Such Violence and Defect Has Brought Up the Maid To Know What Was the Matter or whether the Gentleman

But Now My Extreme Aversion My Fears My Indignation all Acting upon Me Gave Me a Spirit Not Natural to Me so that Breaking Loose from Him I Ran to the Bell and Rang It before He Was Aware with Such Violence and Defect Has Brought Up the Maid To Know What Was the Matter or whether the Gentleman Wanted Anything and before He Could Proceed to Greater Extremities She Bounced into the Room and Seeing Me Stretched on the Floor My Hair all Disheveled My Nose Gushing Out Blood Which Did Not a Little tragedized the Scene and My Odious Persecutors Still Intent of Pushing His Brutal Point Unmoved by All My Cries in Distress She Was Herself Confounded and Did Not Know What To Do As Much However as Martha Might Be Prepared and Hardened Two Transactions of this Sort all Womanhood Must Have Been out of Her Heart Could She Have Seen this Unmoved besides that on the Face of Things She Imagined that Matters Had Gone Greater Lengths than They Really Had and that the Courtesy of the House Had Been Actually Consummated on Me and Flung Me into the Condition

My Health Returned to Me though I Still Retained an Air of Grief Dejection and Languor Which Taking Off the Ruddiness of My Country Complexion Rendered It Rather More Delicate and Affecting the Landlady Had All this While Officiously Provided and Taken Care That I Wanted for Nothing and As Soon as She Saw Me Retrieved into a Condition of Answering Her Purpose One Day after We Had Dined Together She Congratulated Me on My Recovery the Merit of Which She Took Entirely to Herself and All this by Way of Introduction to a Most Terrible

But She Believed There Was a Friend To Be Found in the World Who Would Make Up Matters to both Our Satisfactions and that She Would Bring Him To Drink Tea with Us that Very Afternoon When She Hoped We Would Come to a Right Understanding in Our Affairs to All this Not a Word of Answer I Sat Mute Confounded Terrified Mrs Jones However Judging Rightly that It Was Time To Strike while the Impressions Were So Strong upon Me Left Me to Myself and to All the Terrors of Imagination Wounded to Death by the Idea of Going to a Prison and from a Principle of Self-Preservation Still I Continued in a State of Stupidity or Melancholy Despair as My Spirits Could Not Yet Recover from the Violent Shocks They Had Received and the Commode Landlady Had Actually Left the Room and Me Alone with this Strange Gentleman before I Observed It and Then I Observed It without Alarm for I Was Now Lifeless and Indifferent to Everything the Gentleman However no Novice in Affairs of this Sort Drew near Me and under the Pretence of Comforting Me First with His Handkerchief Dried My Tears as They Ran Down My Cheeks Presently He Ventured To Kiss Me on My Part neither Resistance nor Compliance I Sat Stockstill

And Bore Me without Life or Motioned to the Bed on Which Laying Me Gently Down and Having Me at What Advantage He Pleased I Did Not So Much As Know What He Was about till Recovering from a Trance of Lifeless Insensibility I Found Him Buried in Me whilst I Lay Passive and Innocent of the Least Sensation of Pleasure a Death Cold Corpse Could Scarce Have Less Life or Sense in It As Soon as He Had Thus Pacified a Passion Which Had Two Little Respected the I Was in He Got Off and after Recomposing

I Lay Passive and Innocent of the Least Sensation of Pleasure a Death Cold Corpse Could Scarce Have Less Life or Sense in It As Soon as He Had Thus Pacified a Passion Which Had Two Little Respected the I Was in He Got Off and after Recomposing the Disorder of My Clothes Employed Himself with the Utmost Tenderness To Calm the Transports of Remorse and Madness at Myself with Which I Was Seized Too Late I Confess for Having Suffered on that Bed The Embraces of an Utter Stranger I Tore My Hair Wrung My Hands and Beat My Breasts like a Madwoman but When My New Master for in that Light I Then Viewed Him Applied Himself To Appease Me as My Whole Rage Was Levelled at Myself

No Part of Which I Thought Myself Permitted To Aim at Him I Begged of Him with More Submission than Anger To Leave Me Alone that I Might At Least Enjoy My Affliction in Quiet this He Positively Refused for Fear as He Pretended I Should Do Myself a Mischief Violent Passions Seldom Last Long and those of Women Lease of any a Dead Still Calm Succeeded this Storm Which Ended in a Profuse Shower of Tears Had any One but a Few Instants Before Told Me that I Should Have Ever Known

any Man but Charles I Would Have Spit in His Face or Had I Been Offered Infinitely a Greater Sum of Money than that I Saw Paid for Me I Had Spurned the Proposal in Cold Blood And He Was Now over the Bar I Thought I Had No Longer a Right To Refuse the Caresses of One That Had Got that Advantage over Me No Matter How Obtained Conforming Myself Then to this Maxim I Considered Myself as So Much in His Power That I Injured His Kisses and Embraces without Affecting Struggles or Anger Now that They as Gave Me any Pleasure or Prevailed over the Aversion of My Soul To Give Myself Up to any Sensation of that Sort What I Suffered I Suffered out of a Kind of Gratitude and as a Matter of Course after What Had Passed He Was However So Regardful Is Not To Attempt the Renewal of those Extremities

Any Other Man Would Have Been Just the Same to Me as Mr Age That Stood in the Same Circumstances and Had Done for Me and with Me What He Had Done There Are Not on Earth At Least Eternal Grievs Mine Were if Not at an End At Least Suspended My Heart Which Had Been So Long Overloaded with Anguish and Vexation Began To Dilate and Open to the Least Gleam of Diversion or Amusement I Worked a Little and My Tears Relieved Me I Sighed

My Heart Which Had Been So Long Overloaded with Anguish and Vexation Began To Dilate and Open to the Least Gleam of Diversion or Amusement I Worked a Little and My Tears Relieved Me I Sighed and My Sighs Seemed To Lighten Me Up a Load That Oppressed Me My Countenance Grew if Not Cheerful At Least More Composed and Free Mr H Who Had Watched Perhaps Brought on this Change Knew Too Well Not To Seize It He Thrust the Table Imperceptibly from between Us and Bringing His Chair To Face Me He Soon Began after Preparing Me by All the Endearments of Assurances and Protestations To Lay Hold of My Hands To Kiss Me and Once More To Make Free with My Bosom

I Gently Complained and Begged Him To Let Me Alone Told Him I Was Not Well However as He Saw There Was More Form and Ceremony in My Resistance than Good Earnest He Made His Conditions for Desisting from Pursuing His Point that I Should Be Put Instantly to Bed whilst He Gave Certain Orders to the Landlady and that He Would Return in an Hour When He Hoped To Find Me More Reconciled to His Passion for Me than I Seemed at Present I neither Assented nor Denied but My Air and Manner of Receiving this Proposal

And that He Would Return in an Hour When He Hoped To Find Me More Reconciled to His Passion for Me than I Seemed at Present I neither Assented nor Denied but My Air and Manner of Receiving this Proposal Gave Him To See that I Did Not Think Myself Enough My Own Mistress To Refuse It Accordingly He Went Out and Left Me When a Minute or Two after Before I Could Recover Myself into any Composure for Thinking the Maid Came In with Her Mistress Service and a Small Silver Porringer of What She Called a Bridal Posit and Desired Me To Eat It as I Went to Bed Which Consequently I Did and Felt Immediately a Heat a Fire Run like a Hue and Cry through every Part of My Body I Burnt My Glowed and Wanted Even Little of Wishing for any Man the Maid As Soon as I Was Laying Down Took the Candle Away and Wishing Me a Good Night

I Could Recover Myself into any Composure for Thinking the Maid Came In with Her Mistress Service and a Small Silver Porringer of What She Called a Bridal Posit and Desired Me To Eat It as I Went to Bed Which Consequently I Did and Felt Immediately a Heat a Fire Run like a Hue and Cry through every Part of My Body I Burnt My Glowed and Wanted Even Little of Wishing for any Man the Maid As Soon as I Was Laying Down Took the Candle Away and Wishing Me a Good Night Went out of the Room and Shut the Door after Her She Had Hardly Time To Get Downstairs before Mr H Opened My Room Door Softly and Came in Now Undressed in His Nightgown and Cap with Two Lighted Wax Candles and Bolting the Door Gave Me though I Expected Him some Sort of Alarm He Came a Tiptoe to the Bedside and Said with a Gentle Whisper Pray My Dear Do Not Be Startled I Will Be Very Tender

He Came a Tiptoe to the Bedside and Said with a Gentle Whisper Pray My Dear Do Not Be Startled I Will Be Very Tender and Kind to You He Then Hurried Off His Clothes and Leaped into Bed Having Given Me Openings Enough whilst He Was Stripping To Observe His Brawny Structure Strong Made Limbs and Rough Shaggy Breasts the Bell Shook Again When It Received this New Load He Lay on the Outside Where He Kept the Candles Burning no Doubt for the Satisfaction of every Sense for As Soon as He Had Kissed Me He Rolled Down the Bedclothes

The Tudors

The Tudors were an unforgettable dynasty who wielded absolute power during a remarkably turbulent time in English history. Each ruler's survival required a fierce struggle to maintain control - often against incredible odds. From Henry VII, England's last king to win the crown in battle, and the tyrannical Henry VIII with his succession of wives, to the fiercely Catholic 'Bloody Mary', and her sister, Elizabeth, the 'Virgin queen', Jane Bingham examines just how fairly history has treated these Tudor rulers. Both as politicians and as individuals, it is no wonder these larger-than-life monarchs still capture our imaginations today.

The Tudors

'The Tudors' reveals the complex personalities behind the most powerful dynasty in English history, including Henry VIII, Bloody Mary and Elizabeth I. It is an account of an era that witnessed barbaric public executions and courtly conspiracies, the Great Fire of London and the plague, as well as being the age of Shakespeare.

The Tudors

Under Queen Elizabeth's rule, literature, fashion, and education came to the forefront.

The Tudor age was a brilliant time for trade, exploration, and the theater. Find out about the reigns of the five Tudor monarchs, how England changed under their rule, and how ordinary people lived in Tudor times.

Tudors

This volume addresses the current boom in biographical fictions across the globe, examining the ways in which gendered lives of the past become re-imagined as gendered narratives in fiction. Building on this research, this book is the first to address questions of gender in a sustained and systematic manner that is also sensitive to cultural and historical differences in both raw material and fictional reworking. It develops a critical lens through which to approach biofictions as 'fictions of gender', drawing on theories

of biofiction and historical fiction, life-writing studies, feminist criticism, queer feminist readings, post-colonial studies, feminist art history, and trans studies. Attentive to various approaches to fictionalisation that reclaim, appropriate or re-invent their 'raw material', the volume assesses the critical, revisionist and deconstructive potential of biographical fictions while acknowledging the effects of cliché, gender norms and established narratives in many of the texts under investigation. The introduction of this book is available open access under a CC BY 4.0 license at link.springer.com Chapter 1 is available open access under a Creative Commons Attribution 4.0 International License via link.springer.com.

Imagining Gender in Biographical Fiction

Presents the life and accomplishments of the last of the Tudors who ruled for forty-four years and never married or had any children.

Elizabeth I

Describes the 118-year rule of England by the Tudor monarchs: Henry VII, Henry VIII, Edward VI, Jane Grey, Mary I, and Elizabeth I.

The Golden Century

Kings & Queens of England is an entertaining account of the larger-than-life characters that have ruled England through the ages. Divided into easy-reference chapters based on the ruling dynasties of England, it follows the fascinating history of monarchs from the first Saxon kings to the Windsors of the present day. Author Nigel Cawthorne paints vivid portraits of a mixed bunch of rulers ranging from the drunken and debauched merry monarch Charles II to the idealized domesticity and colonial ambition of Queen Victoria and Prince Albert.

Kings & Queens of England

A biography dealing with the reign of Elizabeth I, perhaps England's greatest monarch

Elizabeth I

During her reign, Elizabeth I survived the plots of her enemies, led her armies to victory, and made England wealthy. Read about her exciting life.

Elizabeth I

The first ever biography of Jane Seymour, Henry VIII's third wife, who died in childbirth giving the king what he craved most - a son and heir.

Jane Seymour

'Borman approaches her topic with huge enthusiasm and a keen eye for entertaining...this is a very human story of a remarkable family, full of vignettes that sit long in the mind.' Dan Jones, The Sunday Times 'Tracy Borman's eye for detail is impressive; the book is packed with fascinating courtly minutiae... this is a wonderful book.' The Times 'Borman is an authoritative and engaging writer, good at prising out those humanising details that make the past alive to us.' The Observer 'Fascinating, detailed account of the everyday reality of the royals... This is a book of rich scholarship.' Daily Mail 'Tracy Borman's passion for the Tudor period shines forth from the pages of this fascinatingly detailed book, which vividly illuminates what went on behind the scenes at the Tudor court.' Alison Weir 'I do not live in a corner. A thousand eyes see all I do.' Elizabeth I The Tudor monarchs were constantly surrounded by an army of attendants, courtiers and ministers. Even in their most private moments, they were accompanied by a servant specifically appointed for the task. A groom of the stool would stand patiently by as Henry VIII performed his daily purges, and when Elizabeth I retired for the evening, one of her female servants would sleep at the end of her bed. These attendants knew the truth behind the glamorous exterior. They saw the tears shed by Henry VII upon the death of his son Arthur. They knew the tragic secret behind 'Bloody' Mary's phantom pregnancies. And they saw the 'crooked carcass' beneath Elizabeth I's carefully applied makeup, gowns and accessories. It is the accounts of these eyewitnesses, as well as a rich array of other contemporary sources that historian Tracy Borman has examined more closely than ever before. With new insights and discoveries, and in the same way that she brilliantly illuminated

the real Thomas Cromwell - The Private Life of the Tudors will reveal previously unexamined details about the characters we think we know so well.

The Private Lives of the Tudors

This photographic book gives you an overview of the reign of the Tudors. From how their reign began to the famous monarchs that continued it, Henry VIII, Mary I and Elizabeth I. You can find out about the many wives of Henry VIII, the power of Elizabeth I, what the Tudors did for entertainment, what their houses were like and the advancements they made in exploration, art and science. You can read about the daily life of a Tudor kitchen maid, and even make your own Tudor gingerbread.

Tudors

An intimate and revealing look at the daily lives and responsibilities of the Tudor Queens of England. From Elizabeth of York, wife of Henry VII, the first Tudor monarch, to Elizabeth I, her grand-daughter and the last, The Tudor Queens of England delves into the secret lives of some of the most colorful and dramatic women in British history. The majority of the fourteen queens considered here, from Catherine de Valois and Elizabeth Woodville to Elizabeth of York, Jane Seymour and Catherine Parr, were consorts, the wives of kings. Although less frequently examined than ruling queens, queen consorts played a crucial and central role within the Royal Court. Their first duty was to bear children and their chastity within marriage had to be above reproach. Any suspicion of sexual misconduct would cast doubt on the legitimacy of their offspring. Three of these women - Margaret of Anjou, Anne Boleyn and Catherine Howard - were accused of such conduct, and two were tried and executed. A queen also had to contribute to her husband's royal image. This could be through works of piety or through humble intercession. It could also be through her fecundity because the fathering of many children was a sign of virility and of divine blessing. A queen might also make a tangible contribution to her husband's power with her marriage as the symbol of an international diplomatic agreement. A ruling queen was very different, especially if she was married, insofar as she had to fill the roles of both king and queen. No woman could be both martial and virile, and at the same time submissive and supportive. Mary I solved this problem in a constitutional sense but never at the personal level. Elizabeth I sacrificed motherhood by not marrying. She chose to be mysterious and unattainable - *la belle dame sans merci*. In later life she used her virginity to symbolize the integrity of her realm and her subjects remained fascinated by her unorthodoxy. How did they behave (in and out of the bedchamber)? How powerful were they as patrons of learning and the arts? What religious views did they espouse and why? How successful and influential were they? From convenient accessory to sovereign lady the role of queen was critical, colorful, and often dramatic. The Tudor Queens of England is the first book of its kind to intimately examine these questions and more.

The Kings & Queens of Britain

Lady Jane Grey, is one of the most elusive and tragic characters in English history. In July 1553 the death of the childless Edward VI threw the Tudor dynasty into crisis. On Edward's instructions his cousin Jane Grey was proclaimed queen, only to be ousted 13 days later by his illegitimate half sister Mary and later beheaded. In this radical reassessment, Eric Ives rejects traditional portraits of Jane both as hapless victim of political intrigue or Protestant martyr. Instead he presents her as an accomplished young woman with a fierce personal integrity. The result is a compelling dissection by a master historian and storyteller of one of history's most shocking injustices.

The Tudor Queens of England

The power of monarchs has traditionally been as much symbolic as actual, rooted in popular imagery of sovereignty, divinity, and authority. In *Mystifying the Monarch*, a distinguished group of contributors explores the changing nature of that imagery—and its political and social effects—in Europe from the Middle Ages to the present day. They demonstrate that, rather than a linear progression where perceptions of rulers moved inexorably from the sacred to the banal, in reality the history of monarchy has been one of constant tension between mystification and demystification.

Lady Jane Grey

Mystifying the Monarch

Knowing she was seen as a threat to the queen she served, Lady Katherine Grey, legitimate heir to the throne, longs only for the comfort of a loving marriage and a quiet life far from the intrigue of the Tudor court. After seeing her sister become the pawn of their parents and others seeking royal power and then lose their lives for it, she is determined to avoid the vicious struggles over power and religion that dominate Queen Elizabeth's court. Until she finds love-then Kat is willing to risk it all, even life in prison.

The Life of Lady Jane Grey

Ivan was also the first Russian ruler to invade Europe, and his Campaigns against the Livonian Confederation were initially very successful. In 1558, Russian soldiers occupied Dorpat and Narva, and laid siege to Reval, creating vital trade routes over the Baltic Sea. At the Battle of Ergema the Russians defeated the knights of the Livonian Order, fuelling Ivan's dreams of a Russian Empire. However, as Erik XIV of Sweden recaptured Reval, and the Poles joined forces with the Lithuanians, the war began to turn against Ivan. In 1571, an army of 120,000 Crimean Tatars crossed the River Ugra, crushed the Russian defences, and burned Moscow to the ground. As Ivan became increasingly paranoid and violent, he carried out a number of terrible massacres. It is thought that more than forty thousand were killed when the Russians sacked the town of Novgorod in 1570, and many were tortured and murdered in front of Ivan and his son. Ivan the Terrible describes the organisation and equipment of the tsar's army and the forces of his enemies, the Poles, Lithuanians, Tatars and Livonian Knights. The narrative examines all of Russia's military campaigns in Eastern Europe and Western Siberia during the period of 1533 to 1584. This is the first specialist study of Ivan the Terrible's military strategy to be published in English.

Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer, Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Prisoner of the Queen

The turbulent Tudor age never fails to capture the imagination. But what was it actually like to be a woman during this period? This was a time when death in infancy or during childbirth was rife; when marriage was usually a legal contract, not a matter for love, and the education of women was minimal at best. Yet the Tudor century was also dominated by powerful and characterful women in a way that no era had been before. Elizabeth Norton explores the seven ages of the Tudor woman, from childhood to old age, through the diverging examples of women such as Elizabeth Tudor, Henry VIII's sister who died in infancy; Cecily Burbage, Elizabeth's wet nurse; Mary Howard, widowed but influential at court; Elizabeth Boleyn, mother of a controversial queen; and Elizabeth Barton, a peasant girl who would

be lauded as a prophetess. Their stories are interwoven with studies of topics ranging from Tudor toys to contraception to witchcraft, painting a portrait of the lives of queens and serving maids, nuns and harlots, widows and chaperones.

Ivan the Terrible

The six monarchs of the Tudor dynasty are phenomenally well known. Henry VII succeeded in ending the Wars of the Roses, Henry VIII formed the Church of England and famously married six times: Katherine of Aragon, Anne Boleyn, Jane Seymour, Anne of Cleves, Catherine Howard and Katherine Parr. His three children, Edward VI, Mary I and Elizabeth I, would all ascend to the throne, as would his great-niece Lady Jane Grey. Between them they ruled for an eventful 118 years. This easy-to-follow introduction to the Tudors follows the major events and personalities of the age.

The British country house has long been regarded as the jewel in the nation's heritage crown. But the country house is also an expression of wealth and power, and as scholars reconsider the nation's colonial past, new questions are being posed about these great houses and their links to Atlantic slavery. This book, authored by a range of academics and heritage professionals, grew out of a 2009 conference on 'Slavery and the British Country house: mapping the current research' organised by English Heritage in partnership with the University of the West of England, the National Trust and the Economic History Society. It asks what links might be established between the wealth derived from slavery and the British country house and what implications such links should have for the way such properties are represented to the public today. Lavishly illustrated and based on the latest scholarship, this wide-ranging and innovative volume provides in-depth examinations of individual houses, regional studies and critical reconsiderations of existing heritage sites, including two studies specially commissioned by English Heritage and one sponsored by the National Trust.

The Kings and Queens of England

THE SUNDAY TIMES BESTSELLER Tudor tells a family story like no other. The Tudors are a national obsession, undoubtedly British history's most notorious family. But beyond the well-worn headlines is a family still more extraordinary than the one we thought we knew. The Tudor canon typically starts with the Battle of Bosworth in 1485, before speeding on to Henry VIII and the Reformation. But this leaves out the family's obscure Welsh origins; it passes by the courage of the pregnant thirteen-year-old girl who would help found the Tudor dynasty; and the childhood and painful exile of her son, the future Henry VII. It ignores the fact that the Tudors were shaped by their past - those parts they wished to remember and those they wished to forget. With this background, Leanda de Lisle enables us to see the Tudors in their own terms and presents new perspectives and revelations on key figures and events, from the princes in the Tower to the Tudor Queens. 'A lively history of the ambitious Tudor family... It casts plenty of light on the strong women in the dynasty' The Times ****A Telegraph, History Today and BBC History Magazine Book of the Year****
