Secrets to Divine Manifestations

'There is a dreamer in every soul. He knows the mind of God concerning our lives. He is the hand of God that writes our lives stories. What is your life story? Do you know the script you ought to play? There is a story teller in your heart. He whispers at night in your deep sleep. He will tell you the secret to the dream of your life. Can you see him while you are awake? Can you hear him in your intuition? He walks in your soul day and night. He never ceases to ask you the same question: 'Where is the Soul I have been sent to help'? In Secrets to Divine Manifestations, Alain Yaovi M. Dagba guides the reader in a spiritual adventure that leads to self-awareness. He emphasized that to be aware of our 'self' is to be aware of the presence of God in us, and fully accept our true divine identity. He shows in his writing that, by simply uncovering what we really are, we are able to overcome anything, any form of 'evil, ' even the most predicted threatening events of our time. His teachings are centered on the belief that, by learning to easily tap into the life of our divine nature, we can change our consciousness, thus positively affect the vibration of our planet, while reaching perfect peace and happiness. In this noble adventure of discovering the divinity in the core of our being, we come to know our individual life purpose and are healed from our past wounds. In a word, we are born anew to become a fragrance of hope for our loved ones and those around us

Finding the Authentic You

This book is about the self-discovery of YOU. My journey starts with the story of my parents and their life-lessons, which were obviously the building blocks in my own personal development. Over the past six years in experiencing my own awakening, I began to understand that those building blocks were only just a part of the foundation of who I actually am. Yet, it continually raised the questions: "Why am I here?" "What is my true soul's purpose?" "What is my destiny?" From early childhood into adulthood, and where you are right now, we all experience moments of victory and moments of defeats. Each hold secrets and life lessons for our personal development and soul journey. It's the blessings within the lessons that make reaching our destination rewarding and fulfilling. We are more than just our 3D bodies, we have a spirit, our soul. What makes up the physical and spiritual essence of who you are? This book dives deep into what it takes to discover your life's purpose while living in the human avatar experience. It's about finding your authentic self through gaining a greater understanding of the physical and metaphysical components of your existence. These realms include the spiritual, mental, physical, and emotional parts of our being. When you start to understand the truths about yourself within each of these elements, it inspires a deeper look and greater awareness of where you were, THE PAST; where you are now, THE PRESENT; and the enlightenment of understanding of what areas in your life need to be adjusted in order to align to your true destination in living an authentic life, THE FUTURE. You will naturally begin to look beyond the lenses of the third dimensional world and experience life from a higher and broader perspective. Within this book, you will discover different techniques and tools which can assist you in tapping into your higher zero-point self, which is explained further within the book. You will learn about your spiritual team, your soul-tribe, your angels, guardian angels and the archangels who are here with you on this amazing adventure. It is my hope that my own personal stories, truths, and life-lessons give you hope, understanding, encouragement and support as you prepare for your own great adventure of finding your true self. Soul Windows....Secrets from the Divine

Description: "Why is this happening to me in my life now?" As an intuitive counselor, holistic therapist, motivational speaker and author, Susan Z Rich was asked this universal question many times. One day she had to ask herself the same question after diagnosed with stage four-breast cancer. She made the life changing decision to heal her self naturally without any chemotherapy or surgery. From her own personal healing experience and years of counseling others, Susan Z Rich identified a pattern of divine

communication between the dreaming soul experiencing a life and the Divine coach within. Life cycle signals that opened an anomaly called Soul Windows. Through the author's own life experiences and her clients, it gave her the insight to write *Soul Windows -Secrets From The Divine*, a poetic narrative book on common sense spirituality and how to own your life choices. Being happy in life, spiritual or feeling connected to the Divine is not only about prayer, angels, mystical beings, a punishing or rewarding God, a heaven to ascend to or hell to be afraid of. It should not depend on something outside of yourself to feel whole, safe, loved or valued by a goal that always seems to be just out of your reach. God is not out there, life is not out there and we should not be looking out there for it: God and everything else is within us. Our life journey was not designed to be experienced with a beginning or an ending of a promised goal or reward. It is completely about experiencing the emotions of everything until the feeling of being separate from Oneness is no longer a reality the soul believes in. Susan Z Rich inspires the reader through humor and a "get over yourself" narrative to help you understand how to embrace the power of your free will choices. She introduces many successfully proven life-changing tools to help you stay in control of that relentless Inner Child's (emotional needs) desperate demands at all cost. Showing you how our Divine self uses Soul Windows to help the dreaming soul unfold its written life script. The inner Divine self guides the soul as a spiritual Life Coach through all the aging life cycles. Susan Z Rich writes: It is my hope Soul Windows will help you to understand you are in charge of your own life script and this book will give you some useful information with a few powerful learning tools to use. You write your own life script, live it, get assistance along the way and hopefully accomplish your journey the way you planned it. With a little luck, some new beliefs and a healthy dose of divine inspiration, my book just may assist you in experiencing this life journey with more joy and enlighten you with a few "Aha, that makes so much sense" moments. Helping you to find your "Muchness" and to let your "God Sparkle" shine within!

The Excerpt of Secrets to Divine Manifestations

Why is everyone talking about this book? First, it's easy to read and understand. Second, the book answers three important questions: Who am I, what is my purpose and how do I go about fulfilling this purpose? The answers to these questions are clearly and practically exposed using common sense as well as scriptures from the Bible. The first layer of the book explains that most people are searching for happiness, yet happiness is who they truly are in their essence. When we come to know who we truly are—which is the true meaning of being born again or the rebirth of our soul, we begin to flow through our body as happiness. The second layer of the book expose the reader to the fact that we flow through our body toward the rest of the world with the thoughts we think, the feelings we have, the words we speak, and the actions we take. When we allow personalities built out of painful life experiences to flow through the body, we bring unhappiness to ourselves and others. The third layer of the book reveals that God being Love, and man being created in the image and the likeness of God, he can't be anything else but love. The crucifixion of accumulated false images and personalities from life experiences, which leads to the resurrection of our Christ-self or Love-self, is our salvation. Keeping the consciousness that we are love, provokes the ignition of a divine life purpose through which we channel ourselves as happiness to the rest of the world.

Entering the Castle

Internationally renowned motivational teacher, spiritual instructor, and popular theologian Caroline Myss has created a transcendent work of unique insight and revelation in *Entering the Castle*. This exciting new teaching of contemporary mysticism is also a brilliant synthesis of the psychology of consciousness and of Eastern and Western mystical traditions. Myss provides a highly original inner path to self-knowledge -- which is also the road into a spiritual knowledge of God and your own soul -- as she reveals a necessary external path, one that takes you out into the world to serve God and others as a mystic without a monastery -- without having to retreat into total silence, self-denial, or isolation. As her main template for this extraordinary, modern spiritual journey, Myss uses the beloved, revered writings of *The Interior Castle* by Teresa of Avila. Adapting Teresa's vision of the soul as a beautiful crystal castle with many floors, or mansions, and many rooms within those mansions, Myss guides us from room to room, helping us meet different aspects of our self, our soul, and our spirit -- preparing us for the ultimate encounter with God and our own divinity. Through intense practices and methods of spiritual inquiry adapted for contemporary life, she helps us to develop our personal powers of prayer, contemplation, and intuition and to ascend the seven levels of soul knowledge that build an ever stronger interior castle of our own -- a soul of strength and stamina. As in all her books, Myss also recounts stories of profoundly moving real-life experiences -- of her own, as well as of her students and of renowned spiritual figures

-- that bring home the universal truth of her insights. Presiding over the entire book and journey are the great mystics, ancient and contemporary, of Christianity, Judaism, Islam, and Hinduism with their inspiring lives and discerning spirits. And over all, the benevolence, truth, and gentle and tough love of Teresa of Ávila shine through. Doubtless Myss's most deeply personal, revealing, compassionate, and transforming book yet, *Entering the Castle* is a comprehensive guidebook for the journey of your life -- a journey into the center of your soul. There, peace, God, and a fearless bliss wait for you to discover them...and claim them for your own.

The Secret Science of the Soul

In this generation-defining good and bad, many authors and speakers, disguised as role-models and superstar pioneers of the new world, come forth to supposedly enlighten crowds and attract followers, while promising that they can lead everyone to the much sought answers. Such seductive approach has been very appealing to the masses, that now live in a complete darkness about their fate and purpose as human beings. And yet, simultaneously, many also eventually realize that something is wrong with the help being offered and the many gurus that appear enlightened. And so, they continue on this search, unsatisfied with the wisdom received. This, until they find someone that has been in many religious groups, has a scientific approach to all, is experienced in explaining the a complex approach to live in simple terms, and is not afraid to talk about the truth, while also exposing it from his own viewpoint and with plenty of life experience supporting such insights. He does not talk about being positive or happy without showing exactly what these terms mean and how they can be seen. And this honest truth is what truly enlightens a civilization. The world needs leaders more than it needs saviors. And this book will show you exactly how to become the leader you wish you had in your life. The book also shows a new but complete approach to life, including the wisdom of the oldest generations on earth, while also unveiling the path of the future towards which the most enlightened among us are already heading. Wisdom of Soul

In Welcome to Earth School, author, Catherine Adams reveals how the Earth is dedicated to the education of your soul. The moment you were born here, you began your Earth School curriculum. Every day of your life is a gift of time and opportunity to attend Classes such as Courage, Love or Patience, and gather wisdom for the growth of your soul. The actual purpose of life is to create with your thoughts, words and actions. Everything we encounter throughout the day is a spiritual opportunity. Every moment challenges us to rise to our highest, to choose strength over weakness, wisdom over ignorance, and love over fear. This book examines the source of life itself, how you came into Being and the purpose of your creation. This fresh perspective of your unique soul journey encourages you to live a life of greater meaning. It reveals what gifts and tools of Spirit are available to assist you in every moment and will open your mind to the reality that your life has a greater purpose. With the knowledge of who you are, why you are in School and what your soul hopes to attain, the reality of an eternity of purpose becomes part of your everyday life. Attending Earth School holds the promise of possibility. No one can take the journey to enlightenment for anyone else. It must be discovered and experienced individually. The path to Light and beauty is as important as the destination. As you pursue knowledge and wisdom, your education on the Earth Campus offers you the opportunity to add enlightenment to your spirit and illumination to your soul. This is why we go to Earth School-to create with your life, face your fears and perfect your soul. That is why your life is a journey. You start at the beginning and create your life, one-step at a time. You decide which paths take you forward, backward, sideways, or you can choose to remain stationary. Although we get many chances in one lifetime to learn, the Creator does not limit our possibilities to one life. We are loved too much to be told, "You are done, and you have no more chances." We also have the gift of Angelic support. Our Guardian Angel is a beam of Light, fully connected to the Creator, yet responding to us. Angels are not separate from the Creator, but are an extension of God. They are like a hand reaching down from the source of Light from which souls are created. These Beings of Grace are an expression of The Creator's energy. They stretch from Him to wherever they are needed. This is how God is in every place, in every moment, with every soul. Light Beings of Grace are present, yet non-intrusive, to allow our free will. They are always standing by us in Earth School as we discover our true self and explore our opportunities In discovering her gifts of spirit, Catherine began to embrace her Earth School education with her entire Being. It brought to her life limitless wealth in the experience of the Unity of Souls. In seeing the path of more than 5,000 souls that came to her for encouragement, she witnessed their personal stories and gained a deeper understanding of the Universe. In following her soul path, she became a strong Advocate for souls. To be a Soul Advocate is to choose to embrace the highest good for all souls. This book stems from her desire to help all of us live as fully as possible, to encourage the world to be a better, more compassionate place and to help each other live mindfully. This is the spiritual calling of her soul. Welcome to Earth School will help you to: * Become what you wish to be - one thought, one intent, one act at a time. * Aspire to become enlightened - one class, one lesson, one journey at a time. * Better yourself - one action, one moment, one hour, one day at a time. As the days add up, your thoughts will take root and grow. Your intentions will come to fruition, and your moments will be profound and filled with purpose.

Well, your answer is here—this book "The Oracle of God" has the answers that you have been seeking, as well as the ones that you may have been avoiding. I have found that The Secrets to Taking our Life Back are located right under our nose, hidden in The Book of Proverbs. The greatest wisdom known to man has always been hidden in plain sight; and, now it's up to you to pay attention to what's designed to build Godly character that will supersede any knowledge gained from any other Book of the Bible or on a bookshelf. However, in partaking from The Secret Tree of Wisdom, there is one thing you must understand is that there will be a sacrifice to receive the entitlement to the riddles that have been plaguing your life. In so many words, you will have to give up someone, do something, or play your role in a situation, circumstance or event that's out of your comfort zone to experience a deeper dimension of God, and the true wisdom that has been buried within The Book of Proverbs. This book, "The Oracle of God" is going to reveal some of the Hidden Secrets of the Bible that are designed to help you trust God for Divine Provision. Of course, you may very well be able to provide for your own daily needs physically; but, what about your spiritual needs, emotional needs, mental needs, or spiritual guidance? One is just as important as the other, so why are we neglecting them? Is God not able to provide for them on a daily basis? Of course, He is able is indeed able to provide for those needs, but is it possible that He is withholding provision in those areas of dire need? I believe that the provisions that you are waiting for is wrapped up in the people, places and things that you are running from mentally, physically, emotionally, and spiritually. If you are reading this book, it's time for you to forgive and move on. It is time for you to trust God to open up your destiny enriched provisions to allow your gift to make room for you, enabling you to find the wisdom to bring forth the Oracle that's inside of you. Now, as the wailing of your soul calleth the deep unto deep, let the greatness from within take its rightful place in your life. And, no matter how it seems—it's your moment in time to take your Ram out of the thickets to embrace your Year of Rambunctious Greatness!

Many of us yearn to live out our highest potential but can't seem to make it happen. External circumstances such as money, the right job, or family demands seem to get in the way. But what if our greatest challenge to fulfillment wasn't an external obstacle but rather an internal one? And what if it didn't have anything to do with this lifetime, but a previous incarnation? This is the radical message Ainslie MacLeod shares in *The Transformation*. In this empowering new approach to healing, Ainslie teaches us how to identify our past-life fears and then transform them into opportunities for growth and spiritual development. Join this renowned psychic to explore: The ten most common past-life fears—and how each one contains the seed of its own healing More than a dozen spiritual acts and exercises to help you move toward fulfillment and joy in this lifetime Reaching “Stage-Four Consciousness”—the next evolutionary step our souls are striving to take How the human species is “clearing out” our collective past-life traumas to make way for a global transformation Ainslie's spirit guides suggest that we are standing on the brink of the greatest leap in human consciousness in 55,000 years. For each of us to take an active part in this shift, we must learn how to release the fears our souls have accumulated over many lifetimes, while retaining the essential wisdom that each incarnation has given us.
