James Baldwin Review

The James Baldwin Review (JBR) is an annual journal that brings together a wide array of peer-reviewed critical and creative work on the life, writings, and legacy of James Baldwin. In addition to these cutting-edge contributions, each issue contains a review of recent Baldwin scholarship and an award-winning graduate student essay. The James Baldwin Review publishes essays that invigorate scholarship on James Baldwin; catalyze explorations of the literary, political, and cultural influence of Baldwin's writing and political activism; and deepen our understanding and appreciation of this complex and luminary figure. It is the aim of the James Baldwin Review to provide a vibrant and multidisciplinary forum for the international community of Baldwin scholars, students, and enthusiasts.

Go Tell it on the Mountain

Go Tell It on the Mountain (fiction): James Baldwin's portrayal of black people in Harlem caught up in a dramatic struggle, and of a society confronting inevitable change. *The Fire Next Time* (non-fiction): The powerful evocation of a childhood in Harlem that helped to galvanize the early days of the civil rights movement examines the deep consequences of racial injustice to both the individual and the body politic. *If Beale Street Could Talk* (fiction): A love story about two badly frightened but intensely brave, black young people.

Begin Again

THE NEW YORK TIMES BESTSELLER 'A simply wonderful book' PHILIPPE SANDS 'Begin Again is that rare thing: an instant classic' PANKAJ MISHRA 'Incredibly moving and stirring' DIANA EVANS America is at a crossroads. Drawing insight and inspiration from Baldwin's writings, Glaude suggests we can find hope and guidance through an era of shattered promises and white retrenchment. Seamlessly combining biography with history, memoir and trenchant analysis of our moment, *Begin Again* bears witness to the difficult truth of race in America. It is at once a searing exploration that lays bare the

tangled web of race, trauma and memory, and a powerful interrogation of what we all must ask of ourselves in order to call forth a more just future. 'An essayistic marvel . . . deeply personal and yet immensely readable' SARA COLLINS, GUARDIAN 'An urgent, deeply interesting book' RACHEL COOKE, OBSERVER Winner of the Stowe Prize 2021 Shortlisted for the British Academy Book Prize for Global Cultural Understanding 2021

The Price of the Ticket

An essential compendium of James Baldwin's most powerful nonfiction work, calling on us "to end the racial nightmare, and achieve our country." Personal and prophetic, these essays uncover what it means to live in a racist American society with insights that feel as fresh today as they did over the 4 decades in which he composed them. Longtime Baldwin fans and especially those just discovering his genius will appreciate this essential collection of his great nonfiction writing, available for the first time in affordable paperback. Along with 46 additional pieces, it includes the full text of dozens of famous essays from such books as: • Notes of a Native Son • Nobody Knows My Name • The Fire Next Time • No Name in the Street • The Devil Finds Work This collection provides the perfect entrée into Baldwin's prescient commentary on race, sexuality, and identity in an unjust American society.

James Baldwin Review

The James Baldwin Review (JBR) is an annual journal that brings together a wide array of peer-reviewed critical and creative work on the life, writings, and legacy of James Baldwin. This edition brings together all of the articles published in this year's volume.

Another Country

Published in 1962, this is an emotionally intense novel of love, hatred, race and liberal America in the 1960s. Set in Greenwich Village, Harlem and France, ANOTHER COUNTRY tells the story of the suicide of jazz-musician Rufus Scott and the friends who search for an understanding of his life and death, discovering uncomfortable truths about themselves along the way.

Giovanni's Room

First published in 1957, this book attempts to tackle the conflict between homosexual and heterosexual love. It tells of David, a young man awakening to his true homosexual nature, through a relationship with a barman named Giovanni, as he awaits his fiancée's arrival from Spain.

If Beale Street Could Talk

The inspiration for the film from Oscar award-winning director Barry Jenkins 'Achingly beautiful' Guardian Harlem in the 1970s: the black soul of New York City. Tish is nineteen and the man she loves - her lifelong friend and the father of her unborn child - has been jailed for a crime he did not commit. As their families come together to fight for his freedom, will their love be enough? 'Soulful . . . Racial injustice may flatten "the black experience" into one single, fearful, constantly undermined way of life - but black life, black love, is so much larger than that . . . It's one of the signature lessons of Baldwin's work that blackness contains multitudes' Vanity Fair 'If Beale Street Could Talk affirms not only love between a man and a woman, but love of a type that is dealt with only rarely in contemporary fiction - that between members of a family' Joyce Carol Oates

Dark Days

'So the club rose, the blood came down, and his bitterness and his anguish and his guilt were compounded.' Drawing on Baldwin's own experiences of prejudice in an America violently divided by race, these searing essays blend the intensely personal with the political to envisage a better world. Penguin Modern: fifty new books celebrating the pioneering spirit of the iconic Penguin Modern Classics series, with each one offering a concentrated hit of its contemporary, international flavour. Here are authors ranging from Kathy Acker to James Baldwin, Truman Capote to Stanislaw Lem and George Orwell to Shirley Jackson; essays radical and inspiring; poems moving and disturbing; stories surreal and fabulous; taking us from the deep South to modern Japan, New York's underground scene to the farthest reaches of outer space.

Conversations with James Baldwin

This book "collects interview and conversations which contribute substantially to an understanding and clarification of James Baldwin's personality and perspective, his interests and achievements. The collection also represents a kind of companion piece to the earlier dialogues, A Rap on Race with Margaret Mead and A Dialogue with Nikki Giovanni"--Introduction.

The Fire Next Time

At once a powerful evocation of his childhood in Harlem and a disturbing examination of the consequences of racial injustice, *The Fire Next Time*, which galvanized the nation in the early days of the Civil Rights movement, stands as one of the essential works of our literature. Native Sons

James Baldwin was beginning to be recognized as the most brilliant black writer of his generation when his first book of essays, *Notes of a Native Son*, established his reputation in 1955. No one was more pleased by the book's reception than Baldwin's high school friend Sol Stein. A rising New York editor, novelist, and playwright, Stein had suggested that Baldwin do the book and coaxed his old friend through the long and sometimes agonizing process of putting the volume together and seeing it into print. Now, in this fascinating new book, Sol Stein documents the story of his intense creative partnership with Baldwin through newly uncovered letters, photos, inscriptions, and an illuminating memoir of the friendship that resulted in one of the classics of American literature. Included in this book are the two works they created together—the story "Dark Runner" and the play *Equal in Paris*, both published here for the first time. Though a world of difference separated them—Baldwin was black and gay, living in self-imposed exile in Europe; Stein was Jewish and married, with a growing family to support—the two men shared the same fundamental passion. Nothing mattered more to either of them than telling and writing the truth, which was not always welcome. As Stein wrote Baldwin in a long, heartfelt letter, "You are the only friend with whom I feel comfortable about all three: heart, head, and writing." In this extraordinary book, Stein unfolds how that shared passion played out in the months surrounding the creation and publication of Baldwin's *Notes of a Native Son*, in which Baldwin's main themes are illuminated. A literary event published to honor the eightieth anniversary of James Baldwin's birth, *Native Sons* is a celebration of one of the most fruitful and influential friendships in American letters.

James Baldwin: Collected Essays (LOA #98)

"Chronology. Notes.

Talking at the Gates

An intimate portrait of Baldwin's mythic life. James Baldwin was one of the most incisive and influential American writers of the twentieth century. Active in the civil rights movement and open about his homosexuality, Baldwin was celebrated for eloquent analyses of social unrest in his essays and for daring portrayals of sexuality and interracial relationships in his fiction. By the time of his death in 1987, both his fiction and nonfiction works had achieved the status of modern classics. James Campbell knew James Baldwin for the last ten years of Baldwin's life. For *Talking at the Gates*, Campbell interviewed many of Baldwin's friends and professional associates and examined several hundred pages of correspondence. Campbell was the first biographer to obtain access to the large file that the FBI and other agencies had compiled on the writer. Examining Baldwin's turbulent relationships with Norman Mailer, Richard Wright, Marlon Brando, Martin Luther King Jr., and others, this candid and original account portrays the life and work of a writer who held to the principle that "the unexamined life is not worth living." This new edition features a fresh introduction addressing recent developments in Baldwin's reputation and his return to a position he occupied in the early 1960s, when *Life* magazine called him "the monarch of the current literary jungle." It also contains a previously unpublished interview with Norman Mailer about Baldwin, which Campbell conducted in 1987.

Another Country

Set in Greenwich Village, Harlem, and France, among other locales, *Another Country* is a novel of passions—sexual, racial, political, artistic. Stunning for its emotional intensity and haunting sensuality, this "brilliantly and fiercely told" book (*The New York Times*) depicts men and women, blacks and whites, stripped of their masks of gender and race by love and hatred at the most elemental and sublime. Nominated as one of America's best-loved novels by PBS's *The Great American Read*

Tell Me How Long the Train's Been Gone

'Everyone wishes to be loved, but in the event, nearly no one can bear it' At the height of his theatrical career, the actor Leo Proudhammer is nearly felled by a heart attack. As he hovers between life and death, we see the choices that have made him enviably famous and terrifyingly vulnerable. For between Leo's childhood on the streets of Harlem and his arrival into the world of the theatre lies a wilderness of desire and loss, shame and rage. And everywhere there is the anguish of being black in a society that seems poised on the brink of racial war. In this tender, angry 1968 novel, James Baldwin created one of his most striking characters: a man struggling to become himself.

Nobody Knows My Name

'These essays ... live and grow in the mind' James Campbell, *Independent* Being a writer, says James Baldwin in this searing collection of essays, requires 'every ounce of stamina he can summon to attempt to look on himself and the world as they are'. His seminal 1961 follow-up to *Notes on a Native Son* shows him responding to his times and exploring his role as an artist with biting precision and emotional power: from polemical pieces on racial segregation and a journey to 'the Old Country' of the Southern states, to reflections on figures such as Ingmar Bergman and André Gide, and on the first great conference of African writers and artists in Paris. 'Brilliant...accomplished...strong...vivid...honest...masterly' *The New York Times* 'A bright and alive book, full of grief, love and anger' *Chicago Tribune*

No Name in the Street

From one of the most important American writers of the twentieth century—an extraordinary history of the turbulent sixties and early seventies that powerfully speaks to contemporary conversations around racism. "It contains truth that cannot be denied." —*The Atlantic Monthly* In this stunningly personal document, James Baldwin remembers in vivid details the Harlem childhood that shaped his early consciousness and the later events that scored his heart with pain—the murders of Martin Luther King and Malcolm X, his sojourns in Europe and in Hollywood, and his return to the American South to confront a violent America face-to-face.

Jimmy's Blues and Other Poems

All of the published poetry of James Baldwin, including six significant poems previously only available in a limited edition During his lifetime (1924–1987), James Baldwin authored seven novels, as well as

several plays and essay collections, which were published to wide-spread praise. These books, among them *Notes of a Native Son*, *The Fire Next Time*, *Giovanni's Room*, and *Go Tell It on the Mountain*, brought him well-deserved acclaim as a public intellectual and admiration as a writer. However, Baldwin's earliest writing was in poetic form, and Baldwin considered himself a poet throughout his lifetime. Nonetheless, his single book of poetry, *Jimmy's Blues*, never achieved the popularity of his novels and nonfiction, and is the one and only book to fall out of print. This new collection presents James Baldwin the poet, including all nineteen poems from *Jimmy's Blues*, as well as all the poems from a limited-edition volume called *Gypsy*, of which only 325 copies were ever printed and which was in production at the time of his death. Known for his relentless honesty and startlingly prophetic insights on issues of race, gender, class, and poverty, Baldwin is just as enlightening and bold in his poetry as in his famous novels and essays. The poems range from the extended dramatic narratives of "Staggerlee wonders" and "Gypsy" to the lyrical beauty of "Some days," which has been set to music and interpreted by such acclaimed artists as Audra McDonald. Nikky Finney's introductory essay reveals the importance, relevance, and rich rewards of these little-known works. Baldwin's many devotees will find much to celebrate in these pages.

No Name in the Street

This stunningly personal document and extraordinary history of the turbulent sixties and early seventies displays James Baldwin's fury and despair more deeply than any of his other works. In vivid detail he remembers the Harlem childhood that shaped his early consciousness, the later events that scored his heart with pain--the murders of Martin Luther King and Malcolm X, his sojourns in Europe and in Hollywood, and his return to the American South to confront a violent America face-to-face.

James Baldwin

James Baldwin was one of the great writers of the last century. In works that have become part of the American canon—*Go Tell It on a Mountain*, *Giovanni's Room*, *Another Country*, *The Fire Next Time*, and *The Evidence of Things Not Seen*—he explored issues of race and racism in America, class distinction, and sexual difference. A gay, African American writer who was born in Harlem, he found the freedom to express himself living in exile in Paris. When he returned to America to cover the Civil Rights movement, he became an activist and controversial spokesman for the movement, writing books that became bestsellers and made him a celebrity, landing him on the cover of *Time*. In this biography, which *Library Journal* called "indispensable," David Leeming creates an intimate portrait of a complex, troubled, driven, and brilliant man. He plumbs every aspect of Baldwin's life: his relationships with the unknown and the famous, including painter Beauford Delaney, Richard Wright, Lorraine Hansberry, Marlon Brando, Harry Belafonte, Lena Horne, and childhood friend Richard Avedon; his expatriate years in France and Turkey; his gift for compassion and love; the public pressures that overwhelmed his quest for happiness, and his passionate battle for black identity, racial justice, and to "end the racial nightmare and achieve our country." Skyhorse Publishing, along with our Arcade, Good Books, Sports Publishing, and Yucca imprints, is proud to publish a broad range of biographies, autobiographies, and memoirs. Our list includes biographies on well-known historical figures like Benjamin Franklin, Nelson Mandela, and Alexander Graham Bell, as well as villains from history, such as Heinrich Himmler, John Wayne Gacy, and O. J. Simpson. We have also published survivor stories of World War II, memoirs about overcoming adversity, first-hand tales of adventure, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Little Man, Little Man

Now available for the first time in nearly 40 years. Baldwin's only children's book follows the day-to-day life of four-year-old TJ and his friends in their Harlem neighborhood as they encounter the social realities of being black in America in the 1970s. Full color.

All Those Strangers

Adored by many, appalling to some, baffling still to others, few authors defy any single critical narrative to the confounding extent that James Baldwin manages. Was he a black or queer writer? Was he a religious or secular writer? Was he a spokesman for the civil rights movement or a champion of the individual? His critics, as disparate as his readership, endlessly wrestle with paradoxes, not just in his work but also in the life of a man who described himself as "all those strangers called Jimmy Baldwin" and who declared that "all theories are suspect." Viewing Baldwin through a cultural-historical lens alongside a more traditional literary critical approach, *All Those Strangers* examines how his fiction and nonfiction shaped and responded to key political and cultural developments in the United States from the 1940s to the 1980s. Showing how external forces molded Baldwin's personal, political, and psychological development, Douglas Field breaks through the established critical difficulties caused by Baldwin's geographical, ideological, and artistic multiplicity by analyzing his life and work against the radically transformative politics of his time. The book explores under-researched areas in Baldwin's life and work, including his relationship to the Left, his FBI files, and the significance of Africa in his writing, while also contributing to wider discussions about postwar US culture. Field deftly navigates key twentieth-century themes—the Cold War, African American literary history, conflicts between spirituality and organized religion, and transnationalism—to bring a number of isolated subjects into dialogue with each other. By exploring the paradoxes in Baldwin's development as a writer, rather than trying to fix his life and work into a single framework, *All Those Strangers* contradicts the accepted critical paradigm that Baldwin's life and work are too ambiguous to make sense of. By studying him as an individual and an artist in flux, Field reveals the manifold ways in which Baldwin's work develops and coheres.

The Evidence of Things Not Seen

Over twenty-two months in 1979 and 1981 nearly two dozen children were unspeakably murdered in Atlanta despite national attention and outcry; they were all Black. James Baldwin investigated these murders, the Black administration in Atlanta, and Wayne Williams, the Black man tried for the crimes. Because there was only evidence to convict Williams for the murders of two men, the children's cases were closed, offering no justice to the families or the country. Baldwin's incisive analysis implicates the failures of integration as the guilt party, arguing, "There could be no more devastating proof of this assault than the slaughter of the children." As Stacey Abrams writes in her foreword, "The humanity of black children, of black men and women, of black lives, has ever been a conundrum for America. Forty years on, Baldwin's writing reminds us that we have never resolved the core query: Do black lives matter? Unequivocally, the moral answer is yes, but James Baldwin refuses such rhetorical comfort." In this, his last book, by excavating American race relations Baldwin exposes the hard-to-face ingrained issues and demands that we all reckon with them.

How to Grow a Novel

Each year thousands of fiction writers, from beginners to bestselling author, benefit from Sol Stein's sold-out workshops, featured appearances at writers' conferences, software for writers, on-line columns, and his popular first book for writers, *Stein on Writing*. Stein practices what he teaches: He is the author of nine novels, including the million-copy bestseller *The Magician*, as well as editor of such major writers as James Baldwin, Jack Higgins, Elia Kazan, Budd Schulberg, W. H. Auden, and Jacques Barzun, and the teacher and editor of several current bestselling authors. What sets Stein apart is his practical approach. He provides specific techniques that speed writers to successful publication. *How to Grow a Novel* is not just a book, but an invaluable workshop in print. It includes details and examples from Stein's editorial work with a #1 bestselling novelist as well as talented newcomers. Stein takes the reader backstage in the development of memorable characters and fascinating plots. The chapter on dialogue overflows with solutions for short-story writers, novelists, screenwriters, and playwrights. Stein shows what readers are looking for-- and what they avoid-- in the experience of reading fiction. The book offers guidelines-- and warnings-- of special value for nonfiction writers who want to move into fiction. Stein points to the little, often overlooked things that damage the writer's authority without the writer knowing it. And this book, like no other writing book, takes the reader behind the scenes of

the publishing business as it affects writers of every level of experience, revealing the hard truths that are kept behind shut doors.

James Baldwin: The Last Interview

Never before available, the unexpurgated last interview with James Baldwin "I was not born to be what someone said I was. I was not born to be defined by someone else, but by myself, and myself only." When, in the fall of 1987, the poet Quincy Troupe traveled to the south of France to interview James Baldwin, Baldwin's brother David told him to ask Baldwin about everything—Baldwin was critically ill and David knew that this might be the writer's last chance to speak at length about his life and work. The result is one of the most eloquent and revelatory interviews of Baldwin's career, a conversation that ranges widely over such topics as his childhood in Harlem, his close friendship with Miles Davis, his relationship with writers like Toni Morrison and Richard Wright, his years in France, and his ever-incisive thoughts on the history of race relations and the African-American experience. Also collected here are significant interviews from other moments in Baldwin's life, including an in-depth interview conducted by Studs Terkel shortly after the publication of *Nobody Knows My Name*. These interviews showcase, above all, Baldwin's fearlessness and integrity as a writer, thinker, and individual, as well as the profound struggles he faced along the way.

The Cross of Redemption

"Baldwin on race is Baldwin on the white American psyche.... The Cross of Redemption becomes an absorbing portrait of Baldwin's time—and of him." —New York Review of Books A revelation by an American literary master: a gathering of essays, articles, polemics, reviews, and interviews that have never before appeared in book form. James Baldwin was one of the most brilliant and provocative literary figures of the past century, renowned for his fierce engagement with issues haunting our common history. In *The Cross of Redemption* we have Baldwin discoursing on, among other subjects, the possibility of an African-American president and what it might mean; the hypocrisy of American religious fundamentalism; the black church in America; the trials and tribulations of black nationalism; anti-Semitism; the blues and boxing; Russian literary masters; and the role of the writer in our society. Prophetic and bracing, *The Cross of Redemption* is a welcome and important addition to the works of a cosmopolitan and canonical American writer who still has much to teach us about race, democracy, and personal and national identity. As Michael Ondaatje has remarked, "If van Gogh was our nineteenth-century artist-saint, Baldwin [was] our twentieth-century one."

Just Above My Head

This is the fictional story of the great gospel singer Arthur Montana. Arthur was found dead in the basement of a London pub at the age of thirty-nine, yet he lives on in this memoir. Written by Hall, his brother and manager, it is in part a subtle and moving study of the treacherous ebb and flow of memory. Set against a vividly drawn background of the civil rights movement of the sixties, *Just Above My Head* explores how Arthur discovers his love for Jimmy - 'with his smile like a lantern and a voice like Saturday nights' - and portrays how profoundly racial politics can shape the private business of love.

A Political Companion to James Baldwin

In seminal works such as *Go Tell It on the Mountain*, *Notes of a Native Son*, and *The Fire Next Time*, acclaimed author and social critic James Baldwin (1924--1987) expresses his profound belief that writers have the power to transform society, to engage the public, and to inspire and channel conversation to achieve lasting change. While Baldwin is best known for his writings on racial consciousness and injustice, he is also one of the country's most eloquent theorists of democratic life and the national psyche. In *A Political Companion to James Baldwin*, a group of prominent scholars assess the prolific author's relevance to present-day political challenges. Together, they address Baldwin as a democratic theorist, activist, and citizen, examining his writings on the civil rights movement, religion, homosexuality, and women's rights. They investigate the ways in which his work speaks to and

galvanizes a collective American polity, and explore his views on the political implications of individual experience in relation to race and gender. This volume not only considers Baldwin's works within their own historical context, but also applies the author's insights to recent events such as the Obama presidency and the Black Lives Matter movement, emphasizing his faith in the connections between the past and present. These incisive essays will encourage a new reading of Baldwin that celebrates his significant contributions to political and democratic theory.

You Mean It Or You Don't

It is not enough to hold progressive views on racial justice, LGBTQ+ identity, and economic inequality. Through a rich examination of James Baldwin's writing and interviews, *You Mean It or You Don't* spurs today's progressives from conviction to action, from dreaming of justice to living it out in our communities, churches, and neighborhoods.

Just Above My Head

Unpublished printer's proof of the title: Just above my head.

The Eclectic review. vol. 1-New [8th]

One of the most brilliant and provocative American writers of the twentieth century chronicles a fourteen-year-old boy's spiritual, sexual, and moral struggle of self-invention in this "truly extraordinary" novel (Chicago Sun-Times). Baldwin's classic novel opened new possibilities in the American language and in the way Americans understand themselves. With lyrical precision, psychological directness, resonating symbolic power, and a rage that is at once unrelenting and compassionate, Baldwin tells the story of the stepson of the minister of a storefront Pentecostal church in Harlem one Saturday in March of 1935. Originally published in 1953, Baldwin said of his first novel, "Mountain is the book I had to write if I was ever going to write anything else."
