"A Nativity Christmas" is the first book: Jenny's animal friends are waiting for her at Grandpa Bob's farm to read the annual Christmas story. On the way, a sudden snowstorm hits, causing the truck to lose control and collide with a pack of wolves! Stuck in a snow bank, and surrounded by wolves, Jenny and her family need help. Sensing danger, the farm animals sound the alarm and help rescue the family they've all grown to love. "The Easter Miracle" is the second book: Millie, the beloved family cow, is due to deliver her baby any day. Jenny and her new friend, Jonathan, are to sing in the church's Easter concert. That same night, Millie's labor begins and she's in trouble. The farm animals must somehow warn the family in time to save Millie's baby. "Hamilton Saves the 4th of July" is the third book: It's summertime. Jenny and her new friend, Jonathan, have been busy helping Dr. Ben with the neighborhood animals...including Sophia, the big pink pig that gets into lots of trouble. One day, an unexpected visitor shows up on the farm and is welcomed to make it his home. It is the love for his new family that enables him to face the danger that threatens Jenny and Jonathan and to save Eli Saunders' farm! "The Halloween Haunter" is the fourth book: Soon it will be Halloween and it's

a time for Fall Festivals in the country area where the children live. But bags full of horse feed are disappearing and the town is becoming uneasy because of the continued theft. Who is taking them? Why haven't the dogs warned the farms? During a walk in the woods to gather leaves and boughs for a fall cornucopia, Jenny and Jonathan are thrown into a new adventure as they discover the thief and the mystery of the hidden graveyard that has become his home. "The Thanksgiving Trackers" is the fifth book: In this sequel to "The Halloween hunter," Jenny and Jonathan are swept up into a new adventure. Then remembering that the Great Titanimus promised that he would always protect her, she called out to him for help. Once Jenny and King Farook were freed, she returned home to even more adventures, but not in Space-Time, this time it was in the Australian Outback. Jenny goes on a research trip with her Dad in the Northern Territory and they stay at the hotel she had always dreamed of, the world famous Mercure Kakadu Crocodile Hotel. On the Outback tours they experience an authentic Aboriginal Corroboree and the crazy world of jumping crocodiles! When a jumping croc accidentally lands on the boat and attacks her Dad, Andre and Jenny leap into action. Finally, Jenny's BGFF (Best Genie Friend Forever) Futuna shows up but they inadvertently end up in "Time Travel Trouble" and then the thrills really start; especially when the two beautiful Demigoddesses of Dimensions, Bhavishi and Niyati, arrive. But can they save the day?

Get Me Out of Here

This dark satire about an entitled young banker in a downward spiral is “a very modern and thoroughly haunting piece of work” (The Sunday Telegraph). It's 2008 and Matt Freeman is living in London, desperately trying to keep a toehold in the financial world by running a shadow banking business with contacts in North Korea and Iran. He is furious with the emptiness and impermanence of twenty-first century life—but addicted to the allure of luxury possessions: cars, watches, bespoke suits. And meanwhile, there is the question of why the women in Matt Freeman's life seem to disappear. Capturing one of the world's financial capitals at a crucial moment, poised between extravagant excess and a terrifying recession, *Get Me Out of Here* is a satirical psychological thriller about the rage and desperation that come with the expectation of money for nothing. By turns darkly comic and unnerving, Sutton's novel possesses a moral authority rare in contemporary fiction.

Jeff & Jenny and the Kidnapping

The Super Miraculous Journey of Freddie Yates

WINNER OF THE 2022 BEST LAUGH OUT LOUD BOOK FOR 9-13-YEAR-OLDS Freddie Yates likes facts. Just not the one staring him in the face – that his secret plan is not, in fact, secret. Because Freddie's journey wasn't meant to involve Big Trev and the onion-eating competition or the loo-exploding pear-and-potato turnovers. And Freddie definitely didn't expect to end up, with his two best friends, on national television in a supergirl costume. But journeys never take you where you think they will. And for Freddie, that fact might just have to be enough... The super funny, heart-warming adventure of three boys, one summer holiday, and a few miracles along the way.

The Secret Kingdom

From a New York Times–bestselling author, an adventure featuring the ancestor of Charlie Bone, a prince with magical powers, on a quest to find a new home. Timoken is a prince born in a secret kingdom. At his birth, a forest jinni bestows magical gifts upon him: a cloak made by the last moon spider and a youth potion called Alixir. When the peaceful land is attacked, Timoken and his sister, Zobayda, must find a new kingdom to call home. Together, with only the magical gifts and a talking camel, the siblings set off. In this brand-new series, New York Times and USA Today–bestselling author Jenny Nimmo takes readers on an extraordinary quest with one of her most powerful and mysterious characters, the one who started it all for Charlie Bone and the children of the Red King. “Timoken is a highly appealing young hero.” —Publishers Weekly “Jenny Nimmo has created an original and compelling novel with fascinating details, unique mythology, and an exciting continent-spanning journey.

Fans of the popular Children of the Red King series . . . will delight in these new adventures; however, this prequel series stands on its own.” —School Library Journal

Midnight Lady

Thirteen-year-old Kirstie gets into trouble when she tries to help a mistreated horse escape from a neighboring ranch.

Kitty and the Moonlight Rescue

Girl by day. Cat by night. Ready for an adventure. Kitty and the Moonlight Rescue is the first book in a chapter book series about Kitty and her superhero adventures. Meet Kitty, a charming chapter book character with catlike superpowers. With dramatic two-color art on every page and an emphasis on friendship, family, bravery, and building self-confidence, Kitty and the Moonlight Rescue is a perfect choice for independent readers and fans of Rebecca Elliott's Owl Diaries. Kitty is special. Her mother is a superhero with catlike powers that Kitty and her little brother Max will someday inherit. But being a superhero involves going on daring adventures at night, and Kitty doesn't know if she'll ever be brave enough for that! One night though, Kitty finds a sleek black cat with white paws waiting at her window. When he introduces himself, Kitty is shocked to realize she can understand him—her powers have arrived! The cat, Figaro, has a problem. There's a terrible meowing sound coming from the clock tower, and the other cats don't know what to do. The night outside looks cold and uninviting, and Kitty is afraid of the dark. But she musters up her courage and sets out to find the source of the mysterious sound. Along the way, she makes new friends, uncovers her confidence, and learns what it means to be brave. With an aspirational main character, a kindle of cats, striking two-color art on every page, and fun facts included at the end of each story, these chapter books are just right for newly independent readers.

Superheroes Dance Too

Follow Boom and Snare, the coolest, dancing superheroes, as they face their biggest challenge yet! Perfect for showing children, even in difficult times when we're stuck indoors, how acts of kindness can make them superheroes too!

Survival

A family marooned on an island finds loveable dolphins to help them survive: classic adventure from million-copy-selling Jenny Oldfield. Shipwrecked near a tiny island in a vast ocean, the Fisher family are guided to safety by a small pod of dolphins. Fleur, Alfie, Mia and their parents must learn to build shelter, find fresh water and hunt for food. Each of the children forms a special bond with one of the family of dolphins. Fleur adores the fun-loving, tail-walking Jazz. Mia names her dark-grey dolphin friend Stormy. And Alfie is saved from the shipwreck by Pearl, who always looks out for him. Alfie and Mia don't realise how much they rely on their older sister until she is taken ill with a mysterious sickness. They'll do anything to save her - and perhaps the dolphins, too, can help Fleur pull through. Jenny Oldfield strikes gold in this beautifully illustrated, exciting adventure story, the third in the Dolphin Island series. The full series: Shipwreck, Lost at Sea, Survival, Fire!, Missing, Storm Clouds.

Jenny Goes to Sea

In Jenny Goes to Sea, our heroine makes her passage on the good ship Sea Queen with her master, Captain Tinker, and her adopted brothers, tiger cat Edward, and black-and-white cat Checkers. Once on board, they meet the adventurous ship's cat, Jack Tar. Leaving New York's harbor, the friends travel to Africa and Asia, and return through the Panama Canal. At each port they meet a colorful local cat who shows them around. Jenny and her pals have their fortunes told by an Abyssinian cat in Zanzibar; dance the sailor's hornpipe with Bobo the Burmese, another ship's cat who was left behind, in Singapore; and float with Siamese cat Dara in a sampan boat on a Bangkok river—a truly exotic adventure.
