Sylvia Plath's „Lady Lazarus“. Cultural and social context

Seminar paper from the year 2008 in the subject American Studies - Literature, grade: keine, University of Hamburg, course: American Poetry & Poetics, language: English, abstract: The name of Sylvia Plath is intrinsically tied to the literary movement of Confessional Poetry. Her poem "Lady Lazarus" is often regarded as the prime example of this genre, as it is "an apparent forecast of Plath's suicide" (Middlebrook 644) only one year later. But the idea of a 'confessional' poetry that directly refers to the poet's personal experience has lead Plath-Criticism astray for many years. Critics "have discussed Plath's life and work as if they were exactly the same thing," and have drawn bizarre conclusions by assuming "that Plath's writing can be used as a reliable source for diagnosing her mental condition.". It is obvious that this kind of immediate understanding of Confessional Poetry leads nowhere. As Tracy Brain puts it, in her essay about the dangers of reading Sylvia Plath's work as an unfiltered outpour of personal experience ("Dangerous Concessions: Sylvia Plath"): How can we ever hope to distinguish the »extreme« »diction and address« that is prompted by lived events from a vividly imagined drama that is the result of an expertly assumed style? The answer is: We cannot. Still, one should not altogether ignore the context of the Confessional movement when interpreting Sylvia Plath. But how can Confessional Poetry be dealt with, without getting caught in the traps and pitfalls of a biographic reading? This essay will first try to detect the underlying principles of the so-called 'Confessional Poetry' and position it within literary history. By revealing some of the influences and conventions of Confessional Poetry it aims to uncover the deceiving strategies of this type of poetry. The subsequent interpretation of Sylvia Plath's "Lady Lazarus" will then try to concentrate on the cultural and social context the poem was produce in and examine in which ways Plath used these different contexts as well as the deceiving strategies of Confessional Poetry in general, to create the unique character of the poem.

Shakespearean Gothic

This book explores the paradox that the Gothic (today's werewolves, vampires, and horror movies) owe their origins (and their legitimacy) to eighteenth-century interpretations of Shakespeare. As Shakespeare was being established as the supreme British writer throughout the century, he was cited as justification for early Gothic writers' fascination with the supernatural, their abandoning of literary "decorum," and their fascination with otherness and extremes of every kind. This book addresses the gap for an up to date analysis of Shakespeare's relation to the Gothic. An authority on the Gothic, E.J. Clery, has stated that "It would be impossible to overestimate the importance of Shakespeare as touchstone and inspiration for the terror mode, even if we feel the offspring are unworthy of their parent. Scratch the surface of any Gothic fiction and the debt to Shakespeare will be there." This

book therefore addresses Shakespeare's importance to the Gothic tradition as a whole and also to particular, well-known and often studied Gothic works. It also considers the influence of the Gothic on Shakespeare, both in-print and on stage in eighteenth- and nineteenth-century Britain. The introductory chapter places the chapters within the historical development of both Shakespearean reception and Gothic Studies. The book is divided into three parts: 1) Gothic Appropriations of "Shakespeare"; 2) Rewriting Shakespearean Plays and Characters; 3) Shakespeare Before/After the Gothic.

Gothic Shakespeares

Readings of Shakespeare were both influenced by and influential in the rise of Gothic forms in literature and culture from the late eighteenth century onwards. Shakespeare's plays are full of ghosts, suspense, fear-inducing moments and cultural anxieties which many writers in the Gothic mode have since emulated, adapted and appropriated. The contributors to this volume consider: Shakespeare's relationship with popular Gothic fiction of the eighteenth century how, without Shakespeare as a point of reference, the Gothic mode in fiction and drama may not have developed and evolved in quite the way it did the ways in which the Gothic engages in a complex dialogue with Shakespeare, often through the use of quotation, citation and analogy the extent to which the relationship between Shakespeare and the Gothic requires a radical reappraisal in the light of contemporary literary theory, as well as the popular extensions of the Gothic into many modern modes of representation. In *Gothic Shakespeares*, Shakespeare is considered alongside major Gothic texts and writers – from Horace Walpole, Ann Radcliffe, Matthew Lewis and Mary Shelley, up to and including contemporary Gothic fiction and horror film. This volume offers a highly original and truly provocative account of Gothic reformulations of Shakespeare, and Shakespeare's significance to the Gothic. Contributors include: Fred Botting, Elizabeth Bronfen, Glennis Byron, Sue Chaplin, Steven Craig, John Drakakis, Michael Gamer, Jerrold Hogle, Peter Hutchings, Robert Miles, Dale Townshend, Scott Wilson and Angela Wright.

Our Gothic Bard

In recent years, Gothic literary studies have increasingly acknowledged the role played by Shakespeare in authorial acts of appropriation. Such acknowledgement is most prominently stated in *Gothic Shakespeares* (eds. Drakakis and Townshend, 2008) and *Shakespearean Gothic* (eds. Desmet and Williams, 2009), both of which base their analyses of the Shakespeare-Gothic intersection on the premise that Shakespearean quotations, characters and events are valuable objects in their own right which mediate on behalf of the 'present' concerns of the agents of textual appropriation. In light of this scholarship, this thesis argues the case for the presence of 'Gothic Shakespeare' in Gothic writing during the latter half of the eighteenth century and, in doing so, it acknowledges the conceptual gap whereby literary borrowings were often denounced as acts of plagiarism. Despite this conceptual problem, it is possible to trace distinct 'Gothic' Shakespeares that dismantle the concept of Shakespeare as a singular ineffable genius by virtue of a textual practice that challenges the concept of the 'genius' Shakespeare as the figurehead of genuine emotion and textual authenticity. This thesis begins by acknowledging the eighteenth-century provenance of Shakespeare's 'Genius', thereby distinguishing between the malevolent barbarian Gothic of Shakespeare's own time and the eighteenth-century Gothic Shakespeares discussed under the term 'appropriation'. It proceeds to examine the Shakespeares of canonical Gothic writers (Horace Walpole, Ann Radcliffe and Matthew Lewis) as well as their lesser-known contemporaries (T.J. Horsley Curties and W.H. Ireland). For instance, Walpole conscripts Hamlet in order to mediate his experience of living in England after the death of his father, the first Prime Minister Robert Walpole. The thesis then argues for the centrality of Shakespeare in the Gothic romance's undercutting of the emergent discourses of emotion (or 'passion'), as represented by the fictions of Radcliffe and Lewis, before moving on to consider Curties's attempted recuperation - in *Ethelwina*; or, *the House of Fitz-Auburne* (1799) - of authentic passion, which is mediated through the authenticity apparatus of Edmond Malone's 1790 editions of Shakespeare's plays. It concludes with W.H. Ireland's dismantling of Malone's concept of the 'authentic' Shakespeare through the contemporary transgressions of literary forgery and the evocation of an illicit Shakespeare in his first Gothic romance, *The Abbess*, also published in 1799.

Servants and the Gothic, 1764-1831

- This book explores a complex historical background to fully contextualise the development of the early Gothic mode and the servant character's role as a speaking and performing figure in literature.
- This book includes a comprehensive engagement with a wide range of source texts, unpacking the theoretical elements of the Gothic mode through close-readings of individual works.
- This book brings together readings of novels, plays, and adaptations (both contemporary and modern) to construct a full picture of the literary and cultural forces that shaped the literary servant's role and the Gothic mode's identity.
- This book addresses a critically important yet much underrepresented area of Gothic studies by examining servant characters and their use of narrative.

A New Companion to The Gothic

The thoroughly expanded and updated *New Companion to the Gothic*, provides a series of stimulating insights into Gothic writing, its history and genealogy. The addition of 12 new essays and a section on 'Global Gothic' reflects the direction Gothic criticism has taken over the last decade. Many of the original essays have been revised to reflect current debates. Offers comprehensive coverage of criticism of the Gothic and of the various theoretical approaches it has inspired and spawned. Features important and original essays by leading scholars in the field. The editor is widely recognized as the founder of modern criticism of the Gothic.

Gothic Renaissance

This collection of essays by experts in Renaissance and Gothic studies tracks the lines of connection between Gothic sensibilities and the discursive network of the Renaissance. The texts covered encompass poetry, epic narratives, ghost stories, prose dialogues, political pamphlets and Shakespeare's texts, read alongside those of other playwrights. The authors show that the Gothic sensibility addresses subversive fantasies of transgression, be this in regard to gender (troubling stable notions of masculinity and femininity), in regard to social orders (challenging hegemonic, patriarchal or sovereign power),

or in regard to disciplinary discourses (dictating what is deemed licit and what illicit or deviant). They relate these issues back to the early modern period as a moment of transition, in which categories of individual, gendered, racial and national identity began to emerge, and connect the religious and the pictorial turn within early modern textual production to a reassessment of Gothic culture.

Shakespeare Studies

SHAKESPEARE STUDIES is an international volume published every year in hard cover that contains essays and studies by critics and cultural historians from both hemispheres. Although the journal maintains a focus on the theatrical milieu of Shakespeare and his contemporaries, it is also concerned with Britain's intellectual and cultural connections to the continent, its socio-political history, and its place in the emerging globalism of the period. In addition to articles, the journal includes substantial reviews of significant publications dealing with these issues, as well as theoretical studies relevant to scholars of early modern literature. Volume XXXVIII features another in the journal's ongoing series of Forums on an issue of importance to Renaissance studies. Organised and introduced by Greg Colon Semenza, this Forum, 'After Shakespeare and Film', includes the interdisciplinary perspectives of nine contributors on the positioning of Shakespeare studies in digital and other contemporary technologies. The volume also features an article on representing 'blackness' in Shakespearean productions from 1821 to 1844, and another on the influence of 19th-century melodrama on the Shakespeare critical tradition, as well as a review article on 'Shakespeare and the Gothic Strain'. Reviews in this issue address such disparate topics as Shakespeare and the problem of adaptation, Renaissance culture and the rise of the machine, and locating privacy in Tudor England.

Gothic Transgressions

The articles in this volume discuss specific ways in which the Gothic transgresses boundaries, be they historical, spatial, national, aesthetic, generic, modal, medial, or sexual. Offering a wide range in every respect - from 'Proto' to 'Post-Gothic', 'from mythical to digital, from national to 'Globalgothic', 'from metropolitan to 'EcoGothic', 'from traditional to 'Candygothic', 'from novel to film and from Shakespeare to Steampunk - this collection aims to enrich as well as extend the scholarly debate on the Gothic as a multi-faceted mode of expression that goes beyond limits and, much like a vampire, constantly refreshes itself by feeding on the lifeblood of topical issues. (Series: Culture: Research and Science / Kultur: Forschung und Wissenschaft - Vol. 19) [Subject: Popular Culture, Literary Critic

History of the Gothic: Gothic Literature 1764-1824

This title offers a detailed yet accessible introduction to classic British Gothic literature and the popular sub-category of the Female Gothic designed for the student reader. Works by such classic Gothic authors as Horace Walpole, Matthew Lewis, Ann Radcliffe, William Godwin, and Mary Shelley are examined against the backdrop of eighteenth- and nineteenth-century British social and political history and significant intellectual/cultural developments. Identification and interpretation of the Gothic's variously reconfigured major motifs and conventions is provided alongside suggestions for further critical reading, a timeline of notable Gothic-related publications, and consideration of various theoretical approaches.

History of the Gothic: Gothic Literature 1825-1914

Examines how themes and trends associated with the early Gothic novels were diffused in many genres in the Victorian period, including the ghost story, the detective story and the adventure story.

The History of Gothic Fiction

"Written with an undergraduate audience in mind, this text offers a synthesis of the main topics of Gothic interest and clearly argued summaries of critical debate. It signals its difference from recent psychoanalytic readings of Gothic and argues instead for a more complex, multilayered approach via an historicist reading of gothic fiction. Illustrated with ten black and white plates and including an up-to-date bibliography, this will be an ideal text for all those with an interest in the Gothic."--BOOK JACKET.

Truth About William Shakespeare

A polemical attack on the ways recent Shakespeare biographers have disguised their lack of information

The Palgrave Handbook of Gothic Origins

This handbook provides a comprehensive overview of research on the Gothic Revival. The Gothic Revival was based on emotion rather than reason and when Horace Walpole created Strawberry Hill House, a gleaming white castle on the banks of the Thames, he had to create new words to describe the experience of gothic lifestyle. Nevertheless, Walpole's house produced nightmares and his book *The Castle of Otranto* was the first truly gothic novel, with supernatural, sensational and Shakespearean elements challenging the emergent fiction of social relationships. The novel's themes of violence, tragedy, death, imprisonment, castle battlements, dungeons, fair maidens, secrets, ghosts and prophecies led to a new genre encompassing prose, theatre, poetry and painting, whilst opening up a whole world of imagination for entrepreneurial female writers such as Mary Shelley, Joanna Baillie and Ann Radcliffe, whose immensely popular books led to the intense inner landscapes of the Bronte sisters. Matthew Lewis's *The Monk* created a new gothic: atheistic, decadent, perverse, necrophilic and hellish. The social upheaval of the French Revolution and the emergence of the Romantic movement with its more intense (and often) atheistic self-absorption led the gothic into darker corners of human experience with a greater emphasis on the inner life, hallucination, delusion, drug addiction, mental instability, perversion and death and the emerging science of psychology. The intensity of the German experience led to an emphasis on doubles and schizophrenic behaviour, ghosts, spirits, mesmerism, the occult and hell. This volume charts the origins of this major shift in social perceptions and completes a trilogy of Palgrave Handbooks on the Gothic—combined they provide an exhaustive survey of current research in Gothic studies, a go-to for students and researchers alike.

Renaissance Literature and Culture

The guide to Renaissance Literature and Culture provides students with the ideal introduction to literature and its context from 1533-1642, including: - the historical, cultural and intellectual background including religion, politics, exploration and visual culture - major writers and genres including Spenser, Sidney, Marlowe, Shakespeare and Jonson - concise explanations of key terms needed to understand the literature and criticism - key critical approaches to modernism from contemporary critics to the present - a chronology mapping historical events and literary works and further reading including websites and electronic resources.

Teaching the Gothic

Teaching the Gothic provides a clear and accessible account of how scholarship on the Gothic has influenced the way in which the Gothic is taught. The book examines a range of topics including Gothic criticism, Theory, Romantic Gothic, Victorian Gothic, Female Gothic, Gothic Sexualities, Gothic Film and Postgraduate developments.

Gothic Documents

In the 1790s, while across the Channel a political revolution raged, Britain was struck by a reading revolution, a taste for terror fiction that seemed to know no bounds. Ann Radcliffe and "Monk" Lewis were only the most celebrated of a host of writers purveying a new brand of "Gothic" literature. How is it that the age of Enlightenment gave rise to the genre of the literary ghost story? This is a landmark in the study of Gothic writing: nowhere else is the historical location of Gothic more richly or vividly illustrated.

Shakespeare and Authority

This book examines conceptions of authority for and in Shakespeare, and the construction of Shakespeare as literary and cultural authority. The first section, *Defining and Redefining Authority*, begins by re-defining the concept of Shakespeare's sources, suggesting that 'authorities' and 'resources' are more appropriate terms. Building on this conceptual framework, the remainder of this section explores linguistic and discursive authority more broadly. The second section, *Shakespearean Authority*, considers the construction, performance and questioning of authority in Shakespeare's plays. Essays here range from examinations of monarchical authority to discussions of household authority, literary authority and linguistic ownership. The final part, *Shakespeare as Authority*, then traces the increasing establishment of Shakespeare as an authority from the eighteenth to the twenty-first century in a series of essays that explore Shakespearean authority for editors, actors, critics, authors, readers and audiences. The

volume concludes with two essays that reassess Shakespeare as an authority for visual culture – in the cinema and in contemporary art.

The Gothic: A Very Short Introduction

The Gothic is wildly diverse. It can refer to ecclesiastical architecture, supernatural fiction, cult horror films, and a distinctive style of rock music. It has influenced political theorists and social reformers, as well as Victorian home décor and contemporary fashion. Nick Groom shows how the Gothic has come to encompass so many meanings by telling the story of the Gothic from the ancient tribe who sacked Rome to the alternative subculture of the present day. This unique Very Short Introduction reveals that the Gothic has predominantly been a way of understanding and responding to the past. Time after time, the Gothic has been invoked in order to reveal what lies behind conventional history. It is a way of disclosing secrets, whether in the constitutional politics of seventeenth-century England or the racial politics of the United States. While contexts change, the Gothic perpetually regards the past with fascination, both yearning and horrified. It reminds us that neither societies nor individuals can escape the consequences of their actions. The anatomy of the Gothic is richly complex and perversely contradictory, and so the thirteen chapters here range deliberately widely. This is the first time that the entire story of the Gothic has been written as a continuous history: from the historians of late antiquity to the gardens of Georgian England, from the mediaeval cult of the macabre to German Expressionist cinema, from Elizabethan Revenge Tragedy to American consumer society, from folk ballads to vampires, from the past to the present. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Gothic Britain

Coverage of canonical and less-explored texts in fiction, film and museology. Innovative vision of how Gothic evokes the regions of Great Britain. The first work to consider Gothic and the regional experience at length.

Welsh Gothic

Welsh Gothic, the first study of its kind, introduces readers to the array of Welsh Gothic literature published from 1780 to the present day. Informed by postcolonial and psychoanalytic theory, it argues that many of the fears encoded in Welsh Gothic writing are specific to the history of Welsh people, telling us much about the changing ways in which Welsh people have historically seen themselves and been perceived by others. The first part of the book explores Welsh Gothic writing from its beginnings in the last decades of the eighteenth century to 1997. The second part focuses on figures specific to the Welsh Gothic genre who enter literature from folk lore and local superstition, such as the sin-eater, cun Annwn (hellhounds), dark druids and Welsh witches. Contents Prologue: 'A Long Terror' PART I: HAUNTED BY HISTORY 1. Cambria Gothica (1780s–1820s) 2. An Underworld of One's Own (1830s–1900s). 3. Haunted Communities (1900s–1940s). 4. Land of the Living Dead (1940s–1997). PART II: 'THINGS THAT GO BUMP IN THE CELTIC TWILIGHT' 5. Witches, Druids and the Hounds of Annwn. 6. The Sin-eater Epilogue: Post-devolution Gothic Notes Select Bibliography Index

Taboo and Transgression in British Literature from the Renaissance to the Present

Taboo and Transgression in British Literature from the Renaissance to the Present develops an innovative overview of the interdisciplinary theoretical approaches to the topic that have emerged in recent years. Alongside exemplary model analyses of key periods and representative primary texts, this exciting new anthology of critical essays has been specifically designed to fill a major gap in the field of literary and cultural studies. This book traces the complex dynamic and ongoing negotiation of notions of transgression and taboo as an essential, though often neglected, facet to understanding the development, production, and conception of literature from the early modern Elizabethan period through postmodern debates. The combination of a broad theoretical and historical framework covering almost fifty representative authors and uvres makes this essential reading for students and specialists alike in the fields of literary studies and cultural studies.

Young Adult Gothic Fiction

Focus on young adult literature - This focus on young adult literature means that this book expands scholarship specifically in this area. Focus on the Gothic for young people – Gothic texts are very popular in children's and young adult literature, but there hasn't been a lot of scholarship on the Gothic for adolescents. This book expands our knowledge of how the Gothic intersects with young adult literature. Includes coverage of YA fiction from the UK, US, Canada, Australia and New Zealand, a range of genres that intersect with the Gothic (including historical fiction and fairy tale), as well as forms such as the short story and graphic novel.

Extensions

Extensions is a refreshing and stimulating collection of essays that illustrates the diversity of subject matter and the variety of critical approaches now used in English Studies. Covering traditional and contemporary works, this book encourages readers to rethink and rediscover aspects of familiar texts.

The Encyclopedia of the Gothic

THE ENCYCLOPEDIA OF THE GOTHIC "Well written and interesting [it is] a testament to the breadth and depth of knowledge about its central subject among the more than 130 contributing writers, and also among the three editors, each of whom is a significant figure in the field of gothic studies ... A reference work that's firmly rooted in and actively devoted to expressing the current state of academic scholarship about its area." New York Journal of Books "A substantial achievement." Reference Reviews Comprehensive and wide-ranging, The Encyclopedia of the Gothic brings together over 200 newly-commissioned essays by leading scholars writing on all aspects of the Gothic as it is currently taught and researched, along with challenging insights into the development of the genre and its impact on contemporary culture. The A-Z entries provide comprehensive coverage of relevant authors, national traditions, critical developments, and notable texts that continue to define, shape, and inform the genre. The volume's approach is truly interdisciplinary, with essays by specialist international contributors whose expertise extends beyond Gothic literature to film, music, drama, art, and architecture. From Angels and American Gothic to Wilde and Witchcraft, The Encyclopedia of the Gothic is the definitive reference guide to all aspects of this strange and wondrous genre. The Wiley-Blackwell Encyclopedia of Literature is a comprehensive, scholarly, authoritative, and critical overview of literature and theory comprising individual titles covering key literary genres, periods, and sub-disciplines. Available both in print and online, this groundbreaking resource provides students, teachers, and researchers with cutting-edge scholarship in literature and literary studies.

The Gothic Novel

A volume in the Writers and Their Work series, which draws upon recent thinking in English studies to introduce writers and their contexts. Each volume includes biographical material, an examination of recent criticism, a bibliography and a reappraisal of a major work by the writer.

Gothic Readings

This is an anthology of Gothic Literature, set within the context of contemporary criticism and readers' responses. It includes selections from the major practitioners and many of their followers, as well as contemporary reviews, private letters and diaries, chapbooks, and contemporary anecdotes about dramatic performances and the design of theatre sets. The selections provide representative samples of the major genres - historical gothic, the Radcliffe school of terror, the Lewis school of horror, tragic melodrama, comic parody, supernatural poetry and ballads, book reviews and literary criticism and anti-Gothic polemic.

The Fairy Way of Writing

A history of popular superstitions, tales, and magic in British literature. In The Fairy Way of Writing, Kevin Pask seeks to explain the origins and popularity of enchantment in Shakespeare's plays. Writers John Dryden and Joseph Addison originated the phrase "fairy way of writing" to define the concept of an English creative imagination founded on a synthesis of high literary culture and the popular culture of tales and superstitions. Beginning with Chaucer, Johnson, Dryden, and Milton, Pask argues that the fairy way of writing not only sets the stage for the fairy tale, the Gothic novel, and children's literature but also informs genres beyond the English canon, including painting, twentieth-century fantasy fiction, and French fairy tales. In addition to English writers and visual artists such as Pope, Blake, and Keats,

who were directly engaged with Shakespearean fantasy, Pask also examines fairy tales, letters, and paintings by the French writers Madame d'Aulnoy, Charles Perrault, Madame de Sévigné, and the Swiss-born artist Johann Heinrich Füssli (Fuseli). The *Fairy Way of Writing* alters the traditional sense of English literary history and of Shakespeare's singular place in it, insisting on the importance of often-overlooked literary and visual works. It recovers a distinctive aspect of English literary culture from across the entire early modern era and beyond, one that has been studied in the context of individual periods and writers but is only now explored in relation to the history of European nationalism and the creation of the modern literary system.

9/11 Gothic

This book explores ghostly presences in terrorism novels from New Yorkers Don DeLillo, Jonathan Safran Foer, Lynne Sharon Schwartz, Griffin Hansbury, & Patrick McGrath. Arguing how theories on trauma and gothic combine to interpret ghosts, Olson discusses what supernatural meetings express about grief, guilt, mental instability, & suicidal urges.

History of the Gothic: Gothic Literature 1764-1824

Offers an introduction to British Gothic literature. This book examines works by Gothic authors such as Horace Walpole, Matthew Lewis, Ann Radcliffe, William Godwin and Mary Shelley against the backdrop of eighteenth-and-nineteenth-century British social and political history.

Spectres of Antiquity

Spectres of Antiquity is the first full-length study of the relationship between Greco-Roman culture and the eighteenth-century Gothic. In fascinating and compelling detail, James Uden's book rewrites the history of the Gothic genre, demonstrating that the genre was haunted by a deeper sense of history than has previously been assumed.

Macbeth: A Critical Reader

ARDEN RENAISSANCE DRAMA GUIDES offer students and academics practical and accessible introductions to the critical and performance contexts of key Elizabethan and Jacobean plays. Essays from leading international scholars provide invaluable insights into the text by presenting a range of critical perspectives, making the books ideal companions for study and research. Key features include: Essays on the play's critical and performance history A keynote essay on current research and thinking about the play A selection of new essays by leading scholars A survey of resources to direct students' further reading about the play in print and online Regularly performed and studied, *Macbeth* is not only one of Shakespeare's most popular plays but also provides us with one of the literary canon's most compellingly conflicted tragic figures. This guide offers fresh new ways into the play.

Fascinating Rhythms

As one of the most adventurous literary and cultural critics of his generation, Terence Hawkes' contributions to the study of Shakespeare and the development of literary and cultural theory have been immense. His work has been instrumental in effecting a radical shift in the study of Shakespeare and of literary studies. This collection of essays by some of his closest colleagues, friends, peers, and mentees begins with an introduction by John Drakakis, outlining the profound impact that Hawkes' work had on various areas of literary studies. It also includes a poem by Christopher Norris, who worked with Hawkes for many years at the University of Cardiff, as well as work on translation, social class, the historicist and presentist exploration of Shakespearean texts, and teaching Shakespeare in prisons. The volume features essays by former students who have gone on to establish reputations in areas beyond the study of literature, and who have contributed ground-breaking volumes to the pioneering *New Accents* series. It concludes with Malcolm Evans' innovative account of the migration of semiotics into the area of business. This book is a vibrant and informative read for anyone interested in Hawkes' unique blend of literary and cultural theory, criticism, Shakespeare studies, and presentism.

Gothic Literature

New edition of bestselling introductory text outlining the history and ways of reading Gothic literature This revised edition includes: * A new chapter on Contemporary Gothic which explores the Gothic of the early twenty first century and looks at new critical developments * An updated Bibliography of

critical sources and a revised Chronology The book opens with a Chronology and an Introduction to the principal texts and key critical terms, followed by five chapters: The Gothic Heyday 1760-1820; Gothic 1820-1865; Gothic Proximities 1865-1900; Twentieth Century; and Contemporary Gothic. The discussion examines how the Gothic has developed in different national contexts and in different forms, including novels, novellas, poems, films, radio and television. Each chapter concludes with a close reading of a specific text - Frankenstein, Jane Eyre, Dracula, The Silence of the Lambs and The Historian - to illustrate ways in which contextual discussion informs critical analysis. The book ends with a Conclusion outlining possible future developments within scholarship on the Gothic.

Gothic and Theory

This collection provides a thorough representation of the early and ongoing conversation between Gothic and theory - philosophical, aesthetic, psychological and cultural.

Gothic: Eighteenth-century Gothic : Radcliffe, reader, writer, romancer

This collection brings together key writings which convey the breadth of what is understood to be Gothic, and the ways in which it has produced, reinforced, and undermined received ideas about literature and culture. In addition to its interests in the late eighteenth-century origins of the form, this collection anthologizes path-breaking essays on most aspects of gothic production, including some of its nineteenth, twentieth and twenty-first century manifestations across a broad range of cultural media.

Shakespeare in the Eighteenth Century

This book examines Shakespeare's influence and popularity in all aspects of eighteenth-century literature, culture and society.

Shakespeare in French Theory

At a time when the relevance of literary theory itself is frequently being questioned, Richard Wilson makes a compelling case for French Theory in Shakespeare Studies. Written in two parts, the first half looks at how French theorists such as Bourdieu, Cixous, Deleuze, Derrida and Foucault were themselves shaped by reading Shakespeare; while the second part applies their theories to the plays, highlighting the importance of both for current debates about borders, terrorism, toleration and a multi-cultural Europe. Contrasting French and Anglo-Saxon attitudes, Wilson shows how in France, Shakespeare has been seen not as a man for the monarchy, but a man of the mob. French Theory thus helps us understand why Shakespeare's plays swing between violence and hope. Highlighting the recent religious turn in theory, Wilson encourages a reading of plays like Hamlet, Julius Caesar, A Midsummer Night's Dream and Twelfth Night as models for a future peace. Examining both the violent history and promising future of the plays, Shakespeare in French Theory is a timely reminder of the relevance of Shakespeare and the lasting value of French thinking for the democracy to come.

Gothic Chapbooks, Bluebooks and Shilling Shockers, 1797-1830

This study is the first full-length study of the Gothic chapbook. It contains a list of 400 Gothic chapbooks. The list provides bibliographical information as well as the location of the text. It provides biographical information on the publishers and booksellers involved in the development, production and dissemination of the Gothic chapbook.
