It's okay to feel confused and lost

It's okay to not know where you belong

Life's a journey

You're creating yourself every day

Take a moment to breathe

You'll be okay

Take time to understand and accept yourself

Feel your emotions

The universe is supporting you

Let go of the millions of things your worry about

Life's tough sometimes

You're capable of doing anything

Sometimes you don't feel strong

Challenge yourself and find yourself out of your comfort zone

Take small steady steps to get to your goals

Bring along your humor

those little moments make up your life.

Be thankful for all that you have

Appreciate yourself

because you're perfectly imperfect

We all have flaws, and that's what makes us perfect.

So have the courage to accept yourself

Be kind

Intro

What can you see?

Recognise that individuals, families and communities have many strengths and the capacity to learn, grow and change

Focus on strengths and aspirations

Look for, and build on, the many resources that can be found in a wide range of social environments

Take care with the language you use because it changes how we see people, situations and possibilities

Collaborate and support self-determination

Work in ways that promote empowerment

See problems and challenges as the result of interactions between people rather than within people

Keep a commitment to social justice
