begin in a nice comfortable seated posture
begin to deepen the breath
draw circles with the nose one way
bring the head back to center
ground down through the tops of the thighs
carve a line with your nose
carve a line with the nose
spiral your heart up towards the sky
reach all the palms together at the heart once again inhale
interlace the fingertips

draw your nose to your navel
breathing into the outer edge of that left hip
breathe nice long smooth deep breaths
draw the wrists underneath the shoulders
draw the navel up towards the spine
take a deep breath in here press into the tops of the feet
release the crown of the head to the earth
take five nice long deep breaths
walk with the fingertips to one side
clasp the elbows

begin to roll it up nice and slow
continue to deepen the breath
lift your sternum up to your thumbs
take it on down through the midline
inhale lift to a flat back position
slide the right toes back into a low lunge
plant the palms

press into all four corners of the feet
shift your weight forward hug your elbows in your side body and slowly lower
drawing the palms behind the knees
grow taller up through the sternum
take a full body stretch
inhale draw the knees up towards your heart
release the soles of the feet to the ground
roll a blanket or towel up behind the knees
get all little wiggly movements out of the body
