

Federal Human Resources Data Opm Should Improve The Availability And Reliability Of Payroll Data To Support Accountability And Workforce Analytics

[#OPM payroll data](#) [#federal HR data reliability](#) [#workforce analytics](#) [#payroll data accountability](#) [#improve government HR data](#)

The Office of Personnel Management (OPM) needs to significantly improve the availability and reliability of federal human resources payroll data. This crucial enhancement is vital for strengthening government accountability and enabling more effective, data-driven workforce analytics across federal agencies, ensuring better operational insights and strategic planning.

Each syllabus includes objectives, reading lists, and course assessments.
