Swear to God

The most solemn, majestic, and beautiful gifts that Jesus Christ gave to the world are His sacraments. He endowed them with unprecedented and unparalleled power—power to change lives, save souls, and share God's very life. The sacraments are the ordinary means by which God directs the course of each human life and all of world history. The Church celebrates seven sacraments: baptism, Eucharist, confirmation, matrimony, holy orders, confession, and anointing of the sick. Each was established by Jesus for the sake of salvation. When Jesus spoke of the sacraments, He made clear that they were essential: Unless one is born of water and the Spirit, he cannot enter the kingdom of God (Jn 3:5) . . . unless you eat of the flesh of the Son of man and drink His blood, you have no life in you (Jn 6: 53). In Swear to God, Dr. Scott Hahn explores the richness of Christ's sacraments—their doctrine, history, symbols, and rituals. Drawing upon the Bible and the Church's tradition, he shows how God's covenants—with Adam, Noah, Abraham, Moses, and David—became the driving forces in history. When Jesus came to fulfill all these covenants, He established a new covenant, with greater power than ever before. Christians are God's children now. Joined to Christ by baptism, we can already share in the eternal life of the Trinity, a life we hope to know fully in heaven. But heaven is with us, even now, in the sacraments.

The Sacraments

What are the sacraments, really? For centuries, the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects. What, precisely, are those effects, and how are they produced? Traditional theology used Greek philosophy to understand the sacraments and how they work. But is there no other way to understand them? In fact, there are a number of ways, and this book invites you to look at the sacraments through a variety of lenses: psychology, sociology, anthropology, history, theology, morality, and spirituality. As the introduction to this volume challenges, "If you read this book, and especially if you engage in the interactive study to which it invites you, your understanding of sacraments will be changed forever." To help personalize your investigation, the author has created a web site with thought-provoking questions that encourage you to interact with the ideas being proposed in this volume. To engage these topics more deeply, see www.TheSacraments.org.

Love Unveiled

Based on the acclaimed film series, *Symbolon: The Catholic Faith Explained*, this book leads readers through the "big picture" of the Catholic faith. Professor Sri helps you discover all the essential aspects of the Catholic faith - from creation, the cross and the Church, to the sacraments, social teaching, sexual ethics, purgatory, the papacy and prayer. The author shows how all the aspects of the faith fit together into the one overarching story of God's love for us and our participation in that love. He uses the Catechism of the Catholic Church for our itinerary, focusing on the four main pillars of the Catechism – Creed, Sacraments, Moral Life and Prayer. As we walk through core Catholic beliefs, he addresses common questions people have today, such as: • Why do I need the Church - can't I just be spiritual on my own? • Isn't one religion just as good as another? • How is the death of a man 2,000 years ago, in a city far away, relevant for my life today? • Why does the Church talk about morality so much? Can't I make up my own morality? • Is it really our responsibility to care for the poor— doesn't God help those who help themselves? • Addresses common questions Protestants have about Mary, the Bible, Confession, the Papacy, the Mass. Much more than an intellectual enterprise, this work is also a deep spiritual reflection that draws upon the beauty of the Catholic tradition and the insights of the saints. It offers many practical applications to our daily lives, considering how the various aspects of the faith invite us to a deeper conversion— to love God more and entrust ourselves to him. Thus, this book aims to form the head and the heart, helping us to not only understand Jesus and his plan of salvation, but inspires us to love him and our neighbor more. For this is what the faith is all about: "Being a Christian is not the result of an ethical choice or a lofty idea, but the encounter with an event, a person, which gives life a new horizon and a decisive direction." (Pope Benedict XVI)

Speaking the Love of God: An Introduction to the Sacraments

"Our words indicate our thoughts, but our thoughts don't make anything happen. . . . It's not the same with God." In *Speaking the Love of God: An Introduction to the Sacraments*, Dr. Jacob W. Wood shows how Christ gives his Church the power to speak with God's voice in the seven sacraments. In this foundational guide to the sacraments, discover the power of the signs and words that transform us by grace and prepare us for glory.

The Lure of Saints

Participant Workbook Revised and reformatted! Genesis to Jesus opens the door to deeper understanding of Scripture for all Catholics, especially those who find reading the Bible a daunting task. The book leads the reader on an overview of salvation history in order to give the "big picture," the single plot that runs through the books of the Bible. What is that overarching story? God's plan to bring all humanity into his covenant family. This overview of key covenants from creation to the New Covenant established by Jesus not only helps the reader see how various biblical stories fit together in God's plan, it also provides a foundation for ongoing Bible study. Genesis to Jesus is the first in a series of study guides produced by The St. Paul Center for Biblical Theology, based in Steubenville, Ohio. The Center, founded in 2000, develops materials to help Catholics deepen their faith through Scripture study. KIMBERLY HAHN is the author of Life-Giving Love: Embracing God's Beautiful Design for Marriage, the Life-Nurturing Love series published by Servant Books, and coauthor, with her husband Scott Hahn, of Rome, Sweet Rome: Our Journey to Catholicism. DR. SCOTT HAHN teaches theology at the Franciscan University of Steubenville, Ohio. He is the author of A Father Who Keeps His Promises: God's Covenant Love in Scripture and many other books. They are the parents of six children.

Genesis to Jesus

Drawing on a broad array of contributors, volume seven of the Scripture and Hermeneutics Series assesses the current state of canonical interpretation and uses that as a starting point for exploring ingredients in theological interpretation of the Bible today. Canon and Biblical Interpretation begins with a masterful examination of the canonical approach and the various criticisms that have been leveled against it. Additional chapters look at canonical interpretation in relation to different parts of the Bible, such as the Pentateuch, the Wisdom books, the Psalms, and the Gospels. Articles address such issues as canonical authority and the controversial relationship between canonical interpretation and general hermeneutics. A unique chapter explores the relationship between academic exegesis and lectio divina. Editors: • Craig Bartholomew • Robin Parry • Scott Hahn • Christopher Seitz • Al Wolters

This Modern English Version of the text of the Heideberg Catechism is based on a 1950 revision of the Tercentenary edition of 1863 by the Reformed Church in the U.S. (Eureka Classis). That revision was updated and presented in 1978 to the Synod and later reprinted in 1986. Minor changes were again made in 2011. The present 2013 version gives the full Scripture reference text updated to the New King James Version.

Roman Catholic Principles incompatible with Civil Power in a Protestant State. The first English translation of a classic text of pastoral theology. / John Calvin (1509 1564) originally wrote his famous Institutes of the Christian Religion in Latin. Beginning with the second edition of his work published in 1541, Calvin translated each new version into French, simultaneously adapting the text to suit lay audiences, shaping it subtly but clearly to teach, exhort, and encourage them. Besides reflecting a more pastoral bent on Calvin's part, this 1541 Institutes is also notable as one of the founding documents of the modern French language. / Elsie Anne McKee's masterful translation of the 1541 French Edition the first-ever English version offers full access to the brilliant mind of John Calvin as he considered what common Christian people should all know and practice. / This sparkling translation of John Calvin's 1541 French Institutes offers modern-day readers in the English-speaking world the opportunity to read Calvin's first version of his masterwork intended for a general audience. Elsie McKee is to be commended for her faithful yet accessible translation of this key text. Karin Maag / Henry Meeter Center for Calvin Studies, Calvin College and Seminary / major event for Calvin students!

English-language readers can, at last, access and use the 1541 version of the Institutes. Scholars of repute consider this version the most admirable of all: it combines freshness and maturity, it is not overloaded with polemical developments, and, as the first theological work in the vernacular, it made a decisive contribution toward shaping modern French. It is a landmark in Calvin's corpus. Elsie McKee's translation, checked against the original French, remains scrupulously accurate, while it reads with ease and harmonious fluidity. Henri Blocher / Facult Libre de Thologie Evanglique / Wheaton College Graduate School / I am impressed with what Elsie McKee has accomplished. It is amazing how she has managed to translate Calvin's smooth French into an English that is a pleasure to read. Even more important, however, is that she has made this important work of Calvin accessible for a wide audience, so all can experience the stimulus that reading Calvin can give to the church and theology today. Herman J. Selderhuis / Theologische Universiteit Apeldoorn / The 1541 edition of the Institutes has long been considered a gem among the various editions of Calvin's classic. Its special virtues are that it is more concise than the final 1559 edition and also more pastoral and practical, reflecting Calvin's years in the ministry. Finally we have a superb English translation of this edition by a premier Calvin scholar. Elsie McKee knows Calvin and knows French. The result is a wonderful contribution to Calvin studies in the English-speaking world. Readers of this version will gain fresh perspectives and new insights into the Reformer's theology. I. Power of the Sacraments

Being Salt addresses both ordination and leadership by taking as its point of departure the most distinctive yet often overlooked feature of ordination: indelibility--being ordained for life. Sumner

wholeheartedly agrees with the Reformation emphasis on the ministry of the whole people of God. Still, he argues that we can only understand priesthood if we understand what one is ordained for. Indelibility--lifetime ordination--provides an entree to the question of what sets the ordained apart. In sum, *Being Salt* offers an evangelical argument for a catholic practice and so goes to the heart of what Anglicanism understands itself to be.

Drawing on a variety of source material such as official records, private correspondence, diaries, minutes of debates and petitions, this text provides: * contextual introductions to documents * a comprehensive glossary of seventeenth century terms * a chronology of events for reference * illustrations, including contemporary woodcuts. While familiarising students with some of the main sources drawn upon by historians working in the field, *The English Civil War and Revolution* contains many extracts from unpublished, manuscript sources. By taking sources from all levels of society and grouping them thematically, this book offers a number of viewpoints on the civil war and revolution, thus aiding understanding of this complex period.

Compendium of the Catechism of the Catholic Church

Adherents of theosophy, the esoteric philosophy popular at the turn of the 20th century, believed that science and religion could be reconciled, and here, in this 1920 book, the renowned spiritualist Charles W. Leadbeater, a leader of theosophical thought, examines the Catholic Mass from a theosophical perspective, demonstrating how the rites and rituals of the Eucharist, Baptism, Holy Orders, and the other sacraments harness a mystical magic that unites worshippers in one divine spirit. Drawing on both traditional spiritual belief about the power at work during the Mass and modern concepts of a paranormal connection between the corporeal and the otherworldly, this is a work that will intrigue those of great faith as well as students of comparative mythology. British author CHARLES WEBSTER LEADBEATER (1854-1934) was ordained as an Anglican priest, but later joined the prominent Theosophical Society and traveled to India to study alternative spiritual and occult practices, eventually settling into his life as a clairvoyant and author. His other works include *Man Visible and Invisible* and *The Science of the Sacrament*.

Institutes of the Christian Religion

Thomas Aquinas was an Italian Dominican friar and Catholic priest who was an immensely influential philosopher, theologian and jurist in the tradition of scholasticism, within which he is also known as the "Doctor Angelicus" and "Doctor Communis." He is heralded as the most influential Western medieval legal scholar and theologian. "Aquinas" is from the county of Aquino, an area where his family held land until 1137. He was the foremost classical proponent of natural theology and the father of Thomism. His influence on Western thought is considerable, and much of modern philosophy was conceived in development or opposition of his ideas, particularly in the areas of ethics, natural law, metaphysics, and political theory. Unlike many currents in the Church of the time, Thomas embraced several ideas put forward by Aristotle - whom he referred to as "the Philosopher" - and attempted to synthesize Aristotelian philosophy with the principles of Christianity. The works for which he is best known are the *Summa Theologica* and the *Summa contra Gentiles*. His commentaries on Sacred Scripture and on Aristotle are an important part of his body of work. Furthermore, Thomas is distinguished for his eucharistic hymns, which form a part of the Church's liturgy. Thomas is honored as a saint by the Catholic Church and is held to be the model teacher for those studying for the priesthood, and indeed the highest expression of both natural reason and speculative theology. In modern times, under papal directives, the study of his works was long used as a core of the required program of study for those seeking ordination as priests or deacons, as well as for those in religious formation and for other students of the sacred disciplines (philosophy, Catholic theology, church history, liturgy, canon law).

Formularies of faith put forth by authority during the reign of Henry VIII

In this book the author turns to the Catholic Church's teaching on confession and forgiveness. He argues that the sacrament of confession is the key to spiritual growth, more relevant than ever in these times of anxiety and uncertainty. He reveals the scriptural heart of a traditional teaching, in a way that is both wholly original and wholly orthodox.

Formularies of Faith Put Forth by Authority During the Reign of Henry VIII.

The Catechism of the Council of Trent was directed to all priests. The recently released Catechism of the Catholic Church was directed to all bishops. The Catechism of Pope St. Pius X is that pope's partial realization of a simple, plain, brief, popular Catechism for uniform use throughout the whole world. In other words it is directed to the layman . It was used in the ecclesiastical province of Rome and for some years in other parts of Italy. It was not, however, prescribed for use throughout the universal church. Aeterna Press

Being Salt

This Letter from the Congregation for the Doctrine of the Faith deals with the thorny issues surrounding care for the critically ill and those approaching the end of their life. In all too many nations the proposed solution has been to legislate in favour of euthanasia and assisted suicide. Taking the Good Samaritan as an example of care for the sick and dying this document restates the Church's unequivocal position that "abortion, euthanasia and wilful self-destruction poison human society" and "are a supreme dishonour to the Creator" (no. 27). In addition, the spiritual accompaniment of a person who chooses to be euthanized must be that of "an invitation to conversion\
