The Good Mothers: The True Story of the Women Who Took on The World's Most Powerful Mafia

You are born into it or marry in. Loyalty is absolute, bloodshed revered and you kill or go to your grave before betraying The Family. This code of omertà is how the 'Ndrangheta became the world's most powerful mafia. The Good Mothers is the story of the women who broke the silence.

The Good Mothers

An Edgar Award nominee for Best Fact Crime The electrifying, untold story of the women born into the most deadly and obscenely wealthy of the Italian mafias – and how they risked everything to bring it down. The Calabrian Mafia—known as the 'Ndrangheta—is one of the richest and most ruthless crime syndicates in the world, with branches stretching from America to Australia. It controls seventy percent of the cocaine and heroin supply in Europe, manages billion-dollar extortion rackets, brokers illegal arms deals—supplying weapons to criminals and terrorists—and plunders the treasuries of both Italy and the European Union. The 'Ndrangheta's power derives from a macho mix of violence and silence—omertà. Yet it endures because of family ties: you are born into the syndicate, or you marry in. Loyalty is absolute. Bloodshed is revered. You go to prison or your grave and kill your own father, brother, sister, or mother in cold blood before you betray The Family. Accompanying the 'Ndrangheta's reverence for tradition and history is a violent misogyny among its men. Women are viewed as chattel, bargaining chips for building and maintaining clan alliances and beatings—and worse—are routine. In 2009, after one abused 'Ndrangheta wife was murdered for turning state's evidence, prosecutor Alessandra Cerreti considered a tantalizing possibility: that the 'Ndrangheta's sexism might be its greatest flaw—and her most effective weapon. Approaching two more mafia wives, Alessandra persuaded them to testify in return for a new future for themselves and their children. A feminist saga of true crime and justice, The Good Mothers is the riveting story of a high-stakes battle pitting a brilliant, driven woman fighting to save a nation against ruthless mafiosi fighting for their existence. Caught in the middle are three women fighting for their children and their lives. Not all will survive.

The School for Good Mothers

THE NEW YORK TIMES BESTSELLER AN OBAMA'S 2022 SUMMER READING PICK A BETWEEN THE COVERS NOVEMBER 2022 PICK 'Will resonate with fans of Celeste Ng's *Little Fires Everywhere*' ELLE 'Destined to be a feminist classic - kept me up at night' PANDORA SYKES 'The Handmaid's Tale for the Squid Game generation' TELEGRAPH Frida Liu had fed and changed her toddler Harriet. She had a work deadline - an article to finish, a job hanging by a thread, a file she'd left in the office. She would go get it. Harriet would be fine. But then the neighbours heard her crying. Soon, the state will decide that Frida is not fit to care for her daughter. That she must be re-trained. That bad mothers everywhere will be re-educated. Will their mistakes cost them everything? The School for Good Mothers is an explosive and thrilling novel about love, perfectionism and parenthood. A riveting, thought-provoking read' DAILY MAIL 'A remarkable, propulsive novel' VOGUE 'A portrait of our fanatical culture of judgement against women, and mothers in particular' METRO

Mad Mothers, Bad Mothers, and What a Good Mother Would Do

When a mother kills her child, we call her a bad mother, but, as this book shows, even mothers who intend to do their children harm are not easily categorized as *ÒmadÓ* or *Òbad.Ó* Maternal love is a complex emotion rich with contradictory impulses and desires, and motherhood is a conflicted state in which women constantly renegotiate the needs mother and child, the self and the other. Applying care ethics philosophy and the work of Emmanuel Levinas, Maurice Merleau-Ponty, and Simone de Beauvoir to real-world experiences of motherhood, Sarah LaChance Adams throws the inherent tensions of motherhood into sharp relief, drawing a more nuanced portrait of the mother and child relationship than previously conceived. The maternal example is particularly instructive for ethical theory, highlighting the dynamics of human interdependence while also affirming separate interests. LaChance Adams particularly focuses on maternal ambivalence and its morally productive role in reinforcing the divergence between oneself and others, helping to recognize the particularities of situation, and negotiating the difference between one's own needs and the desires of others. She ultimately argues maternal filicide is a social problem requiring a collective solution that ethical philosophy and philosophies of care can inform.

The Good Mother

The Good Mother brings together essays on the contemporary relevance of the 'good mother' in Australia. Although the ideals of the 'good mother' change with time, fashion and context, they persist in public policy, the media, popular culture and workplaces. They place pressure on women to conform to particular standards, against which they are judged and judge themselves. This book captures the diversity of contemporary women's experiences. Chapters address the experiences of executive mothers, mothers working in manual trades, 'yummy mummies' and 'slummy mummies', low income mothers, single mothers, Indigenous mothers, lesbian parents, adoptive mothers and mothers

negotiating schools and school choice. The essays demonstrate that while the 'good mother' is no longer exclusively white, heterosexual, economically dependent and child focused, prevailing ideas about mothers and motherhood continue to influence the way 'types' of women are represented and the way that all mothers think, act and present themselves.

Mafia Women

Women in the Mafia are taking a leading role. They kill for revenge, buy arms, run extortion rackets, recycle drug money. Some want to be bosses themselves. Claire Longrigg has tracked these women down and they have talked to her at length. In this brave and vivid book she describes the traditional - and changing - role of women in the Cosa Nostra, both in Italy and the USA. She writes too, of how women have used their knowledge of the Mafia to escape from it, by turning informer to win freedom from violent marriages and to give their children a future. This movement has started a social revolution. The Mafia can no longer depend on women to be silent martyrs- in the future they will either be partners - or they will bring the organisation down.

The Good Mother

'This story wouldn't let me go' Michael Robotham 'Fierce, action-packed ... A wild, original ride from start to finish' Sarah Bailey 'Taut, propulsive ... Brilliant' Anna Downes Shortlisted for the 2021 Ned Kelly Award for Best Debut Crime Fiction She's protected them from the truth. Can she save them from her past? Sarah Calhoun is a regular Sydney soccer mum, but she's keeping terrifying secrets from everyone she loves . . . and her past is about to catch up with her. When two men from Northern Ireland hunt her down, she's forced to return to Belfast to testify at a murder trial. Caught in the crossfire of an obsessive policeman driven by a disturbing past, and a brutal IRA executioner, Sarah faces an impossible choice: lie and allow a killer to walk free, or tell the truth and place her children in the line of fire. With her family and innocent people at risk, Sarah must find the courage to fight for the truth. But righting the wrongs of the past just might cost her everything . . . This fast-paced, explosive thriller will keep you on the edge of your seat to its gripping finale. 'Show me a soldier who would fight harder than a mother to save her son.' PRAISE 'Past and present collide on and off the page in this explosive debut' Sunday Telegraph 'The kind of book the phrase 'nail-biting' was made for ... Genuinely terrifying' Books and Publishing 'Fierce, action-packed ... A wild, original ride from start to finish' Sarah Bailey 'This taut, propulsive debut celebrates female strength and speaks to the extraordinary courage and resilience of mothers everywhere ... Brilliant' Anna Downes 'This page-turning thriller packs a powerful punch. A rock-solid five-star read' Sara Foster 'Fans of Dervla McTiernan will love this rollercoaster ride of a crime novel where a violent past returns to threaten an uneasy peace. I inhaled it.' Aoife Clifford 'Surprising, moving and utterly heart-stopping. A stunning, thought-provoking debut' Kathryn Heyman 'A gripping page-turner. I was hooked from the first page until the final twist' Tim Ayliffe

The Good Mother

Recently divorced, Anna Dunlap has two passionate attachments: her daughter, four-year-old Molly, and her lover, Leo, the man who makes her feel beautiful -- and sexual -- for the first time. Swept away by happiness and passion, Anna feels she has everything she's ever wanted. Then come the shocking charges that would threaten her new love, her new "family" ... that force her to prove she is a good mother.

The Good Mother Myth

In an era of mommy blogs, Pinterest, and Facebook, The Good Mother Myth dismantles the social media-fed notion of what it means to be a "good mother." This collection of essays takes a realistic look at motherhood and provides a platform for real voices and raw stories, each adding to the narrative of motherhood we don't tend to see in the headlines or on the news. From tales of mind-bending, panic-inducing overwhelm to a reflection on using weed instead of wine to deal with the terrible twos, the honesty of the essays creates a community of mothers who refuse to feel like they're in competition with others, or with the notion of the ideal mom—they're just trying to find a way to make it work. With a foreword by Christy Turlington Burns and a contributor list that includes Jessica Valenti, Sharon Lerner, Soraya Chemaly, Amber Dusick, and many more, this remarkable collection seeks to debunk the myth and offer honest perspectives on what it means to be a mother.

Will I Ever be Good Enough?

A resource for daughters of mothers with narcissistic personality disorder explains how to manage feelings of inadequacy and abandonment in the face of inappropriate maternal expectations and conditional love, in a step-by-step guide that shares recommendations for creating a personalized program for self-protection and recovery. 50,000 first printing.

The Mothers

NEW YORK TIMES BESTSELLER "Bittersweet, sexy, morally fraught." –The New York Times Book Review "Fantastic... a book that feels alive on the page." –The Washington Post From the New York-Times bestselling author of *The Vanishing Half*, the beloved novel about young love and a big secret in a small community. Set within a contemporary black community in Southern California, Brit Bennett's mesmerizing first novel is an emotionally perceptive story about community, love, and ambition. It begins with a secret. "All good secrets have a taste before you tell them, and if we'd taken a moment to swish this one around our mouths, we might have noticed the sourness of an unripe secret, plucked too soon, stolen and passed around before its season." It is the last season of high school life for Nadia Turner, a rebellious, grief-stricken, seventeen-year-old beauty. Mourning her own mother's recent suicide, she takes up with the local pastor's son. Luke Sheppard is twenty-one, a former football star whose injury has reduced him to waiting tables at a diner. They are young; it's not serious. But the pregnancy that results from this teen romance—and the subsequent cover-up—will have an impact that goes far beyond their youth. As Nadia hides her secret from everyone, including Aubrey, her God-fearing best friend, the years move quickly. Soon, Nadia, Luke, and Aubrey are full-fledged adults and still living in debt to the choices they made that one seaside summer, caught in a love triangle they must carefully maneuver, and dogged by the constant, nagging question: What if they had chosen differently? The possibilities of the road not taken are a relentless haunt. In entrancing, lyrical prose, *The Mothers* asks whether a "what if" can be more powerful than an experience itself. If, as time passes, we must always live in servitude to the decisions of our younger selves, to the communities that have parented us, and to the decisions we make that shape our lives forever.

The Good Mother

How far would you go to protect your children? Gripping psychological suspense, with a shocking twist.

Good Mothers Don't

"The story of a woman in crisis and her quest, fifteen years later, to apologize to her children and fill in the blanks of her mind." —The Globe and Mail It's 1960, and Elizabeth has a good life. A husband who takes care of her, two healthy children, a farm in Nova Scotia. But Elizabeth is slowly coming apart, her reality splintering. She knows she will harm her children, wants to harm her children, wants to be stopped from harming her children. She doesn't sleep, becomes incoherent. Elizabeth is taken away. We rejoin her in 1975, "well" once again, living in a group home and desperately trying to fill in the enormous gaps electric shock therapy has left in her memory. She remembers five words from her past and knows they are significant, but their meaning is slippery and she can't grasp more. She knows that Jewel and Jacob are her children, though she can't picture their faces, and more than anything, she longs to find them and explain that she never meant to leave for so long . . . Shifting through time and points of view, acclaimed author Laura Best's novel allows us to see the ripple effects of mental illness and its treatment in the mid-twentieth century. *Good Mothers Don't* is a moving exploration of illness, memory, and how we fight for who we love. "Hypnotically beautiful . . . An unlikely page turner replete with hushed surprises, unexpected crescendos, endless love and boundless vitality." —Christy Ann Conlin, bestselling author of *Watermark*

Maternal Bodies

In the second half of the eighteenth century, motherhood came to be viewed as women's most important social role, and the figure of the good mother was celebrated as a moral force in American society. Nora Doyle shows that depictions of motherhood in American culture began to define the ideal mother by her emotional and spiritual roles rather than by her physical work as a mother. As a result of this new vision, lower-class women and non-white women came to be excluded from the identity of the good mother because American culture defined them in terms of their physical labor. However, Doyle also shows that childbearing women contradicted the ideal of the disembodied mother in their personal accounts and instead perceived motherhood as fundamentally defined by the work of their bodies. Enslaved women

were keenly aware that their reproductive bodies carried a literal price, while middle-class and elite white women dwelled on the physical sensations of childbearing and childrearing. Thus motherhood in this period was marked by tension between the lived experience of the maternal body and the increasingly ethereal vision of the ideal mother that permeated American print culture.

Mother Hunger

An insatiable need for sex and love. Periods of overeating or starving. A pattern of unstable and painful relationships. Does this sound painfully familiar? Trauma counselor Kelly McDaniel has seen these traits over and over in clients who feel trapped in cycles of harmful behaviors—and are unable to stop. Many of us find ourselves stuck in unhealthy habits simply because we don't see a better way. With *Mother Hunger*, McDaniel helps women break the cycle of destructive behavior by taking a fresh look at childhood trauma and its lasting impact. In doing so, she destigmatizes the shame that comes with being under-mothered and misdiagnosed. McDaniel offers a healing path with powerful tools that include therapeutic interventions and lifestyle changes in service to healthy relationships. The constant search for mother love can be a lifelong emotional burden, but healing begins with knowing and naming what we are missing. McDaniel is the first clinician to identify Mother Hunger, which demystifies the search for love and provides the compass that each woman needs to end the struggle with achy, lonely emptiness, and come home to herself.

Unbecoming Mothers

Learn the “who,” “what,” and “why” of unbecoming a mother In a society where becoming a mother is naturalized, “unbecoming” a mother—the process of coming to live apart from biological children—is regarded as unnatural, improper, or even contemptible. Few mothers are more stigmatized than those who are perceived as having given up, surrendered, or abandoned their birth children. *Unbecoming Mothers: The Social Production of Maternal Absence* examines this phenomenon within the social and historical context of parenting in Canada, Australia, Britain, and the United States, with critical observations from social workers, policymakers, and historians. This unique book offers insights from the perspectives of children on the outside looking in and the lived experiences of women on the inside looking out. *Unbecoming Mothers: The Social Production of Maternal Absence* explores how gender, race, class, and other social agents affect the ways women negotiate their lives apart from their children and how they attempt to recreate their identities and family structures. An interdisciplinary, international collection of academics, community workers, and mothers draws upon sources as diverse as archival records, a therapist's interview, a dance script, and the class presentation of a student to offer refreshing insights on maternal absence that are innovative, accessible, and inspiring. *Unbecoming Mothers* examines five assumptions about maternal absence and the families that emerge from that absence: the focus on parenting as highly gendered caring work done by women the idea that women share the same experience of unbecoming mothers and share the same circumstances and background the perception of maternal absence as a recent phenomenon the notion that women who want to manage their mother-work will make choices to overcome life's obstacles the Western concept of womanhood being achieved through motherhood and the unrealistic ideal of the “good mother” *Unbecoming Mothers: The Social Production of Maternal Absence* is a rich, multidisciplinary resource for academics working in women's studies, psychology, sociology, history, and any health-related fields, and for policymakers, social workers, and other community workers.

Mothering Without a Map

Every woman longs to be a good mother. But what about those women who grew up “undermothered”—whose own mothers were well-meaning but unavailable, absent, distracted, or depressed? How are they to become the good mothers they aspire to be? In this beautifully articulate book, Kathryn Black, whose own mother's early death inspired her award-winning *In the Shadow of Polio*, offers affirming news: One doesn't have to have had a good mother to become one. Probing for answers from experts in psychiatry and psychoanalysis, social work, biology, and other disciplines, Black reveals that there are other paths to discovering the good mother within. This moving and powerful book shows how “wounded daughters” can become “healing mothers” who give their own children a legacy of security, happiness, and love. Schizophrenics Can be Good Mothers Too

Explores the impact of psychosis and alternative methods of treatment based on art and other integrative strategies.

Good Moms Have Scary Thoughts

Over 90 percent of new mothers will have scary, intrusive thoughts about their baby and themselves. What if I drop him? What if I snap and hurt my baby? Mothering is so hard—I don't know if I really want to do this anymore. Gosh, I'm so terrible for thinking that! Yet for too many mothers, those thoughts remain secret, hidden away in a place of shame that can quickly grow into anxiety, postpartum depression, and even self-harm. But here's the good news: you CAN feel better! Author Karen Kleiman—coauthor of the seminal book *This Isn't What I Expected* and founder of the acclaimed Postpartum Stress Center—comes to the aid of new mothers everywhere with a groundbreaking new source of hope, compassion, and expert help. *Good Moms Have Scary Thoughts* is packed with world-class guidance, simple exercises, and nearly 50 stigma-busting cartoons from the viral #speakthesecret campaign that help new moms validate their feelings, share their fears, and start feeling better. Lighthearted yet serious, warm yet not sugary, and perfectly portioned for busy moms with full plates, *Good Moms Have Scary Thoughts* is the go-to resource for moms, partners, and families everywhere who need help with this difficult period.

Good Enough Mothers

Motherhood in Mexico is profoundly shaped by the legacy of colonialism. This ethnography situates motherhood in a critical global health analysis of maternal health inequalities and interventions in the southeast state of Chiapas. Using a transitional life course framework, it demonstrates how the transition to motherhood is never complete. Once a good mother is defined, she becomes undefined, the goal posts moved, and the rules confronted.

Breaking the Good Mom Myth

As a psychotherapist, parent educator and parent coach, Alyson Schäfer has worked with a great many mothers who, in the quest to be a "good mother" have ended up on the door step of despair. Alyson is a forty-something, suburbanite, working-mother of two and can speak to these issues both personally and professionally. This book explains the psycho-social phenomena of how each person creates their own unique "good mother myth" and then examines why these myths are not only faulty, but could in fact lead to poor parenting, marital disaster and individual crisis. Her years of educating parents around these concepts afford Alyson the skill to take complex ideas and explain them to a lay audience in a compelling and easy to understand way. Capitalizing on the need to present parents with information in an easy to digest format, the book is presented as a series of personal stories, each highlighting a common parenting myth. This format will appeal to tired parents who have little time and energy for "academia". Instead, readers learn by taking a voyeuristic peek into the private family lives of the book's characters. Readers can identify with the fictitious parents and coaching clients in the stories and see first hand how the characters' life experiences shaped their unique "good mother myths" and how these myths create conflict in their lives. The author offers up ideas for how the character can reject her current thinking and adopt a more useful outlook to improve her situation. The story arc allows readers to identify and then project how their parenting may be unknowingly going off the rails. The goal of this book is to provide parents with some basic education and a means of self-discovery. Readers uncover their own good mother myths and are given an eye-opening glimpse into potential issues to challenge their thinking. A great sense of empowerment is restored as mothers become better able to resist the pulls of their personal and cultural myths, and instead begin parenting with greater intention and in ways that are more suitable to proper child guidance.

Making Modern Mothers

In Greece, women speak of mothering as "within the nature" of a woman. But this durable association of motherhood with femininity exists in tension with the highest incidence of abortion and one of the lowest fertility rates in Europe. In this setting, how do women think of themselves as proper individuals, mothers, and Greek citizens? In this anthropological study of reproductive politics and ethics in Athens, Greece, Heather Paxson tracks the effects of increasing consumerism and imported biomedical family planning methods, showing how women's "nature" is being transformed to meet crosscutting claims of the contemporary world. Locating profound ambivalence in people's ethical evaluations of gender and fertility control, Paxson offers a far-reaching analysis of conflicting assumptions about what it takes

to be a good mother and a good woman in modern Greece, where assertions of cultural tradition unfold against a backdrop of European Union integration, economic struggle, and national demographic anxiety over a falling birth rate.

The Good Mother

If Liane Moriarty had written *Friend Request* . . . 'It's Jenna,' Ark says. 'She's - ' His voice tears off. 'She's dead.' One ordinary afternoon, Fairlie Winter receives a devastating phone call - her best friend is dead. Jenna Rudolph was a devoted mother and wife and has left behind her young son, Henry, and her grief-stricken husband, Ark. The circumstances surrounding Jenna's death, while tragic, seem to be clear-cut yet Fairlie can't shake the feeling that Jenna was hiding something. And then Fairlie receives a letter. From Jenna. Posted before she died. The contents of that letter force Fairlie on a journey to discover the truth - a truth that she may not be ready for. Driven by her need for answers, she uncovers a horrifying past of two desperate mothers and the tragic choices they made for their children and she must ask herself, is there such a thing as loving your child too much? Heart-breaking, tense and dramatic, *The Good Mother* is about the price of motherhood and the unthinkable things we do in the name of love. Perfect for fans of Liane Moriarty, *B A Paris* and *Friend Request*. *** Praise for Kim Lock: 'Filled with twists and surprises - highly recommended' *Closer* 'Kim Lock knows how to build tension.' Amazon reviewer 'Goes straight in for the jugular' *Evening Standard* 'I cannot wait for her next book.' Amazon reviewer 'Reminded me of *The Husband's Secret* by Liane Moriarty' *The Book Bag* 'A thrilling exploration into family dynamics and the darkness of domestic violence.' Goodreads reviewer 'Gripping and poignant' Kylie Ladd 'Thrilling.' *Woman's Day*

Mediated Maternity

This book explores the cultural construction of the bad mother in books, movies, and TV shows, arguing that these portrayals typically have the effect of cementing dominant assumptions about motherhood in place—or, less often, of disrupting those assumptions, causing us to ask whether motherhood could be constructed differently.

Pregnant Girl

A NPR BOOKS WE LOVE 2021 Selection "[T]his book is so much more than a memoir . . . Her prose has the power to undo deep-set cultural biases about poverty and parenthood."—*New York Times Book Review* An activist calls for better support of young families so they can thrive and reflects on her experiences as a Black mother and college student fighting for opportunities for herself and her child. *Pregnant Girl* presents the possibility of a different future for young mothers—one of success and stability—in the midst of the dismal statistics that dominate the national conversation. Along with her own story as a young Black mother, Nicole Lynn Lewis weaves in those of the men and women she's worked with to share a new perspective on how poverty, classism, and systemic racism impact teen pregnancy and on how effective programs and equitable policies can help teen parents earn college degrees, have increased opportunity, and create a legacy of educational and career achievements in their families. After Nicole became pregnant during her senior year in high school, she was told that college was no longer a reality—a negative outlook often unfairly presented to teen mothers. Nicole left home and experienced periods of homelessness, hunger, and poverty. Despite these obstacles, she enrolled at the College of William & Mary and brought her 3-month-old daughter along. Through her experiences fighting for resources to put herself through college, she discovered her true calling and founded her organization, *Generation Hope*, to provide support for teen parents and their children so they can thrive in college and kindergarten—driving a 2-generation solution to poverty. *Pregnant Girl* will inspire young parents faced with similar choices and obstacles that they too can pursue their goals with the right support.

The 10 Habits of Happy Mothers

"Sekiranya kita sanggup bersusah payah menolak lapan kilogram tembikai melalui bukaan sebesar lapan inci, kita boleh melakukan apa sahaja yang kita mahukan. Apa sahaja." Kita akan belajar 10 tabiat baru yang membawa keseronokan, ketertiban, dan ketenangan dalam hidup kita semula.

The New Wilderness

'THE ENVIRONMENTAL NOVEL OF OUR TIMES.' Lemn Sissay, Booker Prize judge From an acclaimed Guardian First Book Award finalist comes a debut novel 'brutal and beautiful in equal measure' (Emily St. John Mandel) Longlisted for the DUBLIN Literary Award 2022 A Guardian Best Science Fiction Book of the Year A 'Best Book of the Year 2020' according to BBC Culture * An Irish Times Best Debut Fiction of 2020 Bea's daughter, Agnes, is slowly wasting away, her lungs ravaged by the smog and pollution of the overpopulated metropolis they call home. The only alternative is to build a life in the vast expanse of untamed land known as The Wilderness State. No one has been allowed to venture here before. That is all about to change. But as Bea soon discovers, saving her daughter's life might mean losing her in ways she hadn't foreseen. Passionate and exhilarating, The New Wilderness is the story of a mother's fight to save her daughter in a world she can no longer call her own.

The Mothers

'Original and stylish... will keep you guessing to the last page' - SHARON BOLTON 'A meticulously plotted exploration of friendship, foe-ship and the lies that bind, which builds to a gripping and powerful conclusion' - CARA HUNTER Five Women. They meet at their NCT Group. The only thing they have in common is they're all pregnant. Five Secrets. Three years later, they are all good friends. Aren't they? One Missing Husband. Now the police have come knocking. Someone knows something. And the trouble with secrets is that someone always tells. For fans of Big Little Lies, The Rumour and I Invited Her In, this is first class psychological suspense from the critically acclaimed Sarah J Naughton. 'Gripping, tense, taut and brilliant. You'll be begging your friends to read it so you can discuss it over and over again.' - Rebecca Reid, Grazia **** 'I love a book filled with secrets and Sarah J Naughton's awesome new book is crammed full of them!' - NetGalley reviewer, 5 stars 'Blimey, what a book! The Mothers front cover gives little away about the extraordinary journey readers are taken on over the course of this book. Part police investigation, part psychological mystery, part woman-affirming literature.' - NetGalley reviewer, 5 stars 'Wow! What an exhilarating read this turned out to be! Sizzling with tension, this had me on the edge of my seat and up until the wee hours as I couldn't put it down.' - NetGalley reviewer, 5 stars

Mother's Book

Don't let the opportunity pass to find out the story that matters most .

Life in the Backwoods

Life in the Backwoods by Susanna Moodie is an engaging account of the author's experiences as a settler in the Canadian wilderness. The book offers vivid descriptions of the rugged landscape, the challenges faced by early settlers, and the indomitable spirit of those who chose to make a home in the backwoods.

Fairy Mom and Me #1

Fans of Sophie Kinsella's sparkling humor will love her first ever illustrated series for young readers about the charming adventures of a mother-daughter fairy duo! Ella Brook can't wait to grow up, because one day she will become a fairy and have her own sparkly wings and a teacher on Fairy Tube, just like her mom! Until then, Ella has to learn by watching her mom in action. But sometimes spells go wrong, and Ella's mom can never seem to remember the right magic codes on her Computawand. A lot of the time, it's up to Ella to come to the rescue. Does she have what it takes to be a fairy one day? Or will there be more glitches than glitter?

The Mothers' Group

All those things no one ever tells you about motherhood. It's like secret mothers' business. Lots of my friends had babies before me, but not one of them ever told me it would be this hard. It's like a code of silence. The Mothers' Group tells the story of six very different women who agree to regularly meet soon after the births of their babies. Set during the first crucial year of their babies' lives, The Mothers' Group tracks the women's individual journeys - and the group's collective one - as they navigate birth and motherhood as well as the shifting ground of their relationships with their partners. Each woman strives in her own way to become the mother she wants to be, and finds herself becoming increasingly reliant on the friendship and support of the members of the mothers' group. Until one day an unthinkable

shocking event changes everything, testing their bonds and revealing closely-held secrets that threaten to shatter their lives.

I'm Glad My Mom Died

*** #1 NEW YORK TIMES BESTSELLER * #1 INTERNATIONAL BESTSELLER * MORE THAN 2 MILLION COPIES SOLD!** A heartbreaking and hilarious memoir by iCarly and Sam & Cat star Jennette McCurdy about her struggles as a former child actor—including eating disorders, addiction, and a complicated relationship with her overbearing mother—and how she retook control of her life. Jennette McCurdy was six years old when she had her first acting audition. Her mother's dream was for her only daughter to become a star, and Jennette would do anything to make her mother happy. So she went along with what Mom called "calorie restriction," eating little and weighing herself five times a day. She endured extensive at-home makeovers while Mom chided, "Your eyelashes are invisible, okay? You think Dakota Fanning doesn't tint hers?" She was even showered by Mom until age sixteen while sharing her diaries, email, and all her income. In *I'm Glad My Mom Died*, Jennette recounts all this in unflinching detail—just as she chronicles what happens when the dream finally comes true. Cast in a new Nickelodeon series called *iCarly*, she is thrust into fame. Though Mom is ecstatic, emailing fan club moderators and getting on a first-name basis with the paparazzi ("Hi Gale!"), Jennette is riddled with anxiety, shame, and self-loathing, which manifest into eating disorders, addiction, and a series of unhealthy relationships. These issues only get worse when, soon after taking the lead in the *iCarly* spinoff *Sam & Cat* alongside Ariana Grande, her mother dies of cancer. Finally, after discovering therapy and quitting acting, Jennette embarks on recovery and decides for the first time in her life what she really wants. Told with refreshing candor and dark humor, *I'm Glad My Mom Died* is an inspiring story of resilience, independence, and the joy of shampooing your own hair.

Bad Mothers

While the image or construct of the "good mother" has been the focus of many research projects, the "bad mother," as a discursive construct, and also mothers who do "bad" things as complicated, agentic social actors, have been quite neglected, despite the prevalence of the image of the bad mother across late modern societies. The few researchers who address this powerful social image point out that bad mothers are culturally identified by what they do, yet they are also socially recognized by who they are. Mothers become potentially bad when they behave or express opinions that diverge from, or challenge, social or gender norms, or when they deviate from mainstream, white, middle class, heterosexual, nondisabled normativity. When suspected of being bad mothers, women are surveilled, and may be disciplined, punished or otherwise excluded, by various official agents (i.e. legal, medical and welfare institutions), as well as by their relatives, friends and communities. Too often, women are judged and punished without clear evidence that they are neglecting or abusing their children. Frequently they are blamed for the marginal sociocultural context in which they are mothering. This anthology presents empirical, theoretical and creative works that address the construct of the bad mother and the lived realities of mothers labeled as bad. Throughout the volume, the editors consider voices and acts of resistance to bad mother constructions, demonstrating that mothers, across time and across domains, have individually and collectively taken a stand against this destructive label.

The Truth About Her

How can you write other people's stories, when you won't admit the truth of your own? A critically acclaimed, absorbing, moving, ruefully tender, witty and wise novel of marriage, motherhood and the paths we navigate through both, for fans of Ann Patchett and Anne Tyler. 'I loved *The Truth About Her*. It's an intelligent, compelling, nuanced tale of guilt, culpability, pride, shame and atonement. But most of all, it's a love letter to daughters, from the mothers who raise them. An astoundingly good debut.' Annabel Crabb Journalist and single mother Suzy Hamilton gets a phone call one summer morning, and finds out that the subject of one of her investigative exposes, 25-year-old wellness blogger Tracey Doran, has killed herself overnight. Suzy is horrified by this news but copes in the only way she knows how - through work, mothering, and carrying on with her ill-advised, tandem affairs. The consequences of her actions catch up with Suzy over the course of a sticky Sydney summer. She starts receiving anonymous vindictive letters and is pursued by Tracey's mother wanting her, as a kind of rough justice, to tell Tracey's story, but this time, the right way. A tender, absorbing, intelligent and moving exploration of guilt, shame, female anger, and, in particular, mothering, with all its trouble and treasure, *The Truth About Her* is mostly though a story about the nature of stories - who owns them, who gets to tell them,

and why we need them. An entirely striking, stylish and contemporary novel, from a talented new writer. PRAISE FOR THE TRUTH ABOUT HER 'Heartfelt, funny and will resonate with many readers. This tender, witty and beautifully written novel is for fans of Georgia Blain, Charlotte Wood and Ann Patchett.' Books+Publishing 'An intimate world filled with characters I could have lived with a great deal longer... rewarding, enjoyable and utterly addictive.' Readings 'A stunning novel, sharply observed, beautifully written, enthralling.' Julia Baird 'Read the first sentence of Jacqueline Maley's debut novel, and you will be in it until the end. Electrifying, deeply unsettling and so, so satisfying. And, if you've ever tried to manage the sharp end of a career with the blunt demands of parenthood, fiercely recognisable.' Meg Mason, author of Sorrow and Bliss 'I loved The Truth About Her. I could not put it down - whip-smart, sexy and with so much heart - and god, that ending packed a punch. The sort of book that all mothers need to read.' Eliza Henry-Jones, author of In the Quiet and Ache

And Now We Have Everything

A raw, funny, and fiercely honest account of becoming a mother before feeling like a grown up. When Meaghan O'Connell got accidentally pregnant in her twenties and decided to keep the baby, she realized that the book she needed -- a brutally honest, agenda-free reckoning with the emotional and existential impact of motherhood -- didn't exist. So she decided to write it herself. And Now We Have Everything is O'Connell's exploration of the cataclysmic, impossible-to-prepare-for experience of becoming a mother. With her dark humor and hair-trigger B.S. detector, O'Connell addresses the pervasive imposter syndrome that comes with unplanned pregnancy, the fantasies of a "natural" birth experience that erode maternal self-esteem, post-partum body and sex issues, and the fascinating strangeness of stepping into a new, not-yet-comfortable identity. Channeling fears and anxieties that are still taboo and often unspoken, And Now We Have Everything is an unflinchingly frank, funny, and visceral motherhood story for our times, about having a baby and staying, for better or worse, exactly yourself. Smart, funny, and true in all the best ways, this book made me ache with recognition." -- Cheryl Strayed

The Rift

Taking the Great Rift Valley - the geological fault that will eventually tear Africa in two - as his central metaphor, Alex Perry explores the split between a resurgent Africa and a world at odds with its rise. Africa has long been misunderstood - and abused - by outsiders. Perry travelled the continent for most of a decade, meeting with entrepreneurs and warlords, professors and cocaine smugglers, presidents and jihadis, among many others. Opening with a devastating investigation into a largely unreported war crime in Somalia in 2011, he finds Africa at a moment of furious self-assertion. This is a remade continent, defiantly rising from centuries of oppression to become an economic and political titan: where cash is becoming a thing of the past, where astronomers are unlocking the origin of life and where, twenty-five years after Live Aid, Ethiopia's first yuppies are traders on an electronic food exchange. Yet, as Africa finally wins the substance of its freedom, it must confront the three last false prophets of Islamists, dictators and aid workers, who would keep it in its bonds.

Red Clocks

SHORTLISTED FOR THE INAUGURAL ORWELL PRIZE FOR POLITICAL FICTION 'Intense, beautifully crafted . . . Her talent is electric. Get ready for a shock' Guardian This is a work of fiction. Keep telling yourself that.

Double Lives

A groundbreaking history of mothers who worked for pay that will change the way we think about gender, work and equality in modern Britain. In Britain today, three-quarters of mothers are in employment and paid work is an unremarkable feature of women's lives after childbirth. Yet a century ago, working mothers were in the minority, excluded altogether from many occupations, whilst their wage-earning was widely perceived as a social ill. In Double Lives, Helen McCarthy accounts for this remarkable transformation, whose consequences have been momentous for Britain's society and economy. Drawing upon a wealth of sources, McCarthy ranges from the smoking chimney-stacks of nineteenth-century Manchester to the shimmering skyscrapers of present-day Canary Wharf. She recovers the everyday worlds of working mothers and traces how women's desires for financial independence and lives beyond home and family were slowly recognised. McCarthy reveals the deep and complicated past of a phenomenon so often assumed to be a product of contemporary lifestyles

and aspirations. This groundbreaking history forces us not only to re-evaluate the past, but to ask anew how current attitudes towards mothers in the workplace have developed and how far we have to go. Through vivid and powerful storytelling, *Double Lives* offers a social and cultural history for our times.

Brotherhood of the Gods

This book is a synopsis of three monotheistic faiths Judaism, Christianity, and Islam their common areas and their differences. The author's desire? To show why she believes and to also prove that, of the three main faith's existing in the world today, Christianity (a true and right personal relationship with Christ) is the only vehicle to God. It is only through Jesus Christ, God's Son, that we find our way to Him. (John 14:6).

Brotherhood of the Gods

Brotherhood of the Gods is a cutting edge novel. It takes American fiction into a new cultural arena and reveals lesser-known aspects of African American culture and history. While it is a suspenseful urban thriller, it should appeal especially to literary fiction readers interested in ethnic and multicultural issues. *Brotherhood* is the intriguing story of David Rasheed, an amateur private eye sent to investigate the murderous exploits of rival gangs. He uncovers an intricate web of deception and double-dealing both inside and outside of the mosque. David's hunt for the assassin of a prominent Muslim leader takes him on a harrowing journey through Newark's underbelly and into confrontations with several pseudo-Islamic groups that espouse Man-is-God theologies. The story takes place in 1977, shortly after the original Nation of Islam shed its raced-based dogma and reinvented itself as a mainstream Islamic organization. While not apparent to outsiders, that momentous change resulted in much dissension. In the midst of this dissension, our protagonist is sent to investigate the murder. Featuring strong female characters and a thorough examination of an overlooked era of American history, most readers of *Brotherhood* will emerge with a changed outlook on race, religion, and Islam in America.

Brotherhood

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Brotherhood

Neythan is one of five young warriors trained and raised together by a mysterious brotherhood of assassins known as the ShedaŌm. When Neythan is framed for the murder of his closest friend, he pursues his betrayer _ and in so doing learns there's far more to the Brotherhood, and the machinations of the rulers of the warring kingdoms, than he'd ever thought possible. His journey will lead him across the five realms, from the Forest of Silences to the Ash Plains of Calapaar, and reveal the breaches that lie beneath the world, and the hidden truths of his oath.

Lost Gods

Excerpt from *Brotherhood: The Fatherhood of God, the Brotherhood of Man* All foul disease to heal;
Men need no more cower In dread of coming harm;
This truth falls like a balm Upon all listening ears
And routs disturbing fears. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Brotherhood

Following on from "The Eighth Deity," the continuing tale of Malian, the altar tender takes you north to where Serdos, High Priest of the Brotherhood of Apep, is gathering his men at the High City. Here he awaits the last Icon Amaunet. Once in place, she unites the Eight Deities of the elemental waters, and Apep, the snake god, can be summoned to rise up and unleash the discord of past times, and once again, chaos shall reign. However, unknown to Serdos, the great gods have intervened in the fight against the coming disorder. Amaunet now sits protected, and Malian and his friends are free to journey northward and keep their pledges to each other unaware of the crisis that awaits them.

BROTHERHOOD THE FATHERHOOD OF

In nine thousand years of the Second Era, the high and wood elves were united by the high king and queen of the Sheokya Dynasty. Until a young innocence elf had been trapped and lied with encouragement by anger and greed that killed the family that was taken from her. After four months, a young half god, half high elf named Evmjir Dagaryen, had lost everything to an unknown darkness known as the Shadow Brotherhood. As Evmjir found himself and took his broken family to gain what his people had lost, now it was time to begin his training to become the god-king. The gods were watching and the angels had helped the young elf to fulfilled his family legacy as the ruler of the Sheokya Empire and become the dragon-snake emperor. However, the young man had begun to find and help those he had fought to become his most loyal companions to take down the one they whispered about, known as the false emperor.

Phantom of the Gods

Called an 'occult religion' for adepts, a 'creed of iron' for warriors, and a 'secret society' for higher men and women who value 'knowledge, freedom and power', the Odin Brotherhood honours the gods and goddesses of the Norse pantheon.

The Odin Brotherhood

A study of the lives of cathedral clergy in the middle ages.

A Brotherhood of Canons Serving God

Who deserves your devotion-the brother you betrayed, or the god who betrayed you? Orphaned in the slums of Tuilar at age six, Dirge has no one but Jacob, his best friend and adopted brother. That is, until he's recruited by the Brotherhood of Assassins, the right hand of the God of Death. With the land in the grips of the God of Chaos, Dirge's fearlessness and tenacity is rivaled only by his skill with a sword. But when Chaos orders the slaughter of every infant, the prophet of the God of Order appears, compelling Dirge to join them in their righteous crusade against Chaos. However, doing so means turning his back on the Brotherhood. Not only that, but he's faced with another impossible choice: obey the unthinkable demand of Death and betray Jacob or accept Chaos as his master. A man of honor in a world ruled by the whims of the gods, Dirge is caught in the middle as the gods vie for control of the world ? and Dirge's loyalty. No matter what choice Dirge makes, there will be consequences, ones that may damn him forever.

The Brotherhood of Fools & Simpletons

Brotherhood of Osiris is a fantasy novel. A worldwide organisation known by its members as the Brotherhood of Osiris covertly run world affairs, with most normal people of the world unaware of its existence. Endowed with extraordinary mental abilities beyond the conception of the unsuspecting world population, these individuals manipulate the masses just as the fabled gods of old in ancient times. Although not of Osiris, a young girl named Victoria is born with these self-same mental abilities. Blaming Osiris for the death of loved ones she vows to reap havoc onto those responsible. Knowing her special gift of making fire by the power of thought will aid her in achieving this; first she must unravel the secrets of the mysterious teachings of Zhen, which the Brotherhood of Osiris is based upon.

Cleansed

ENTER A CITY OF DRAGONS AND DARKNESS The Godswar has come to Guerdon, dividing the city between three occupying powers. A fragile armistice holds back the gods, but other dangerous forces seek to exert their influence. Spar Idgeson, once heir to the brotherhood of thieves has been transformed into the living stone of the new city. But his powers are failing and the criminal dragons of the Ghierdana are circling. Meanwhile, far across the sea, Carillon Thay - once a thief, a saint, a god killer; now alone and powerless - seeks the mysterious land of Khebesh, desperate to find a cure for Spar. But what hope does she have when even the gods seek vengeance against her? Praise for the Black Iron Legacy: 'Hanrahan is now one of my favourite authors. I flat out adore this series' Booknest 'I will buy any novel that Gareth Hanrahan ever writes . . . I want [this series] to go on forever' The Fantasy Inn 'Hanrahan has an astonishing imagination' Peter McLean, author of Priest of Bones 'Mind-blowingly stellar in every respect . . . Fantasy readers, be wise and buy this book, because there's simply nothing like it' Novel Notions on The Gutter Prayer The Black Iron Legacy The Gutter Prayer The Shadow Saint The Broken God

Brotherhood of Osiris

A fresh look at the perennial reality of the gods and how they help humanity-through the planet's sacred sites The "gods" live! Though seemingly relegated to the archives of myth, the "gods" of antiquity are still with us in the form of the Great White Brotherhood. In fact, what the ancients described as their pantheon are members of this is an august assembly of spiritually advanced beings, based on the constellation of the Great Bear. The Gods in Their Cities, based on original clairvoyant research, reveals that the Great White Brotherhood has numerous meeting places for humans throughout the planet's array of holy sites. Seven different Great White Brotherhood types of geomantic locales are documented, and all of them exist in multiple copies on Earth. The Gods in Their Cities shows how myths of many cultures, from the Irish to Sumerians, are actually psychic maps to the planet's secret visionary terrain, to the geomantic locales of the Brotherhood, and how to successfully interact with them. And it probes behind the mythic guises of the Ray Masters, 14 select great Adepts involved with many aspects of Earth life and geomancy since the beginning-including the true identity of Jesus, Mary Magdalene, the Virgin Mary, and Merlin. Merely our knowing that this esoteric Brotherhood and their interactive locales across the Earth exist can inspire confidence, even certainty, that reality, and thus our planet, culture, and individual human lives, have meaning and are purposeful.

The Broken God

A spiritual guide for those who intend to survive & lead others in the new age, THE DIVINE PARTNERSHIP concludes a six book assignment by Jean K. Foster that began with "The God-Mind Connection,"

"The Truth That Goes Unclaimed" & "Eternal Gold." It is a guide to using the creative potential that exists within the partnership of the individual, the Holy Spirit (Brotherhood of God) & the totality of the God of the Universe.

The Gods in Their Cities

This book presents a lost tradition of inner work, the way of the householder, which was believed by the Brotherhood of Common Life to have been the teaching of the Apostles. It focuses on the emergence, amidst the decay of medieval culture, of "the mixed life," this reconciliation of action and contemplation, as the essential link between Catholic spirituality and Protestantism. The transmission of this work to lay persons seeking the interior dimensions of their lives without withdrawing from the world is presented. The hitherto monastic spiritual exercises for strengthening attention are discussed in depth. The traditional and vital Christian knowledge of the human condition, which the Brothers and Sisters verified for themselves, is emphasized, especially the crucial significance of the force of attention in the recollection of oneself and God. The importance of strengthening attentive awareness is everywhere alluded to in the sources, but virtually ignored in current accounts of the Christian heritage. The book traces a transmission of spiritual exercises supported by a strong psychological base that is strangely familiar to the climate of today's search for meaning.

Divine Partnership

It is a fact that there is an estimated 7,000,000,000,000 people in the world today of various ethnicities and cultures. Biblically all of these ethnic entities are the descendents of Adam and Eve. [Romans 5:19] Furthermore the origins of the multiethnic races biblically began in Genesis 11:1-9 known as the Table of Nations. [Genesis 10:1-32] It is therefore by the Will of God that we were made such a diverse race of people, and it is my intention to prove by the preponderance of the evidence (biblically, historically, and scientifically,) that all human beings regardless of ethnicity are brothers and sisters in the Eyes of God. Biblically the sons of Noah were commanded to replenish the entire earth. [Genesis 10:32] Historically many archaeologists believe that the earliest migration of mankind began on the continent of Africa. Scientifically the difference among all ethnicities is only 0.1%. Moreover biochemists have studied the mitochondria genes of all the major ethnicities of the world and have determined that all ethnicities of mankind come from one principle genetic ethnicity. There are three basic truths acceptable in our social society: biblical truth, historical evidence, and scientific data. In this book each of these truths shall agree as one truth, thus clarifying the sum of all truth: that all mankind were created by God, and all mankind are brothers and sisters of the flesh. This lead us to the question in Malachi 2:10 "Have we not all one father? has not one God created us? why do we deal treacherously every man against his brother, by profaning the covenant of our fathers?"

For the Brotherhood of Man Under the Fatherhood of God

Includes: Dark Enemy Taken Dark Enemy Captive Dark Enemy Redeemed Bonus short story: The Fates' Post-Wedding Celebration. "I could not stop reading! This read is brilliant. If you are a current fan of J. R. Ward and have read The Brotherhood Series, then these books are for you. Great Suspense, Drama and sex all rolled into a package that I T Lucas writes seamlessly... I am waiting for the next installment impatiently just as I do for the Brotherhood Series." "I still can't get over just how absolutely amazing this series is!! To intertwine Greek Mythology and history in all aspects as well as current events is absolutely mind blowing! So much so that when you really look at it can certainly seem plausible..." Dark Enemy Taken Since the dawn of human civilization, two warring factions of immortals, the descendants of the gods of old, have been secretly shaping its destiny. Amanda's small clan champions progress and peace, while their powerful enemy, the Doomers, propagates ignorance and war. Descending from a single goddess, the only one to survive the ancient cataclysm that wiped out her kind, Amanda's clan members are forbidden to each other. And as the only other known immortals are their hated enemies, they've been long resigned to a lonely existence of fleeting trysts with human partners. That is, until Amanda, the goddess's youngest daughter and a researcher of paranormal abilities, makes a game-changing discovery; two of her test subjects might be dormant carriers of the immortal gene. But before she can prove it, she gets snatched off a Beverly Hills street by a huge Doomer. Dalhu can't believe his luck when he stumbles upon the beautiful immortal professor. Presented with a once in a lifetime opportunity to grab an immortal female for himself, he kidnaps her and runs. If he ever gets caught, either by her people or his, his life is forfeit. But for a chance of a loving mate and a family of his own, Dalhu is prepared to do everything in his power to win Amanda's heart,

and that includes leaving the Doom brotherhood and his old life behind. Amanda soon discovers that there is more to the handsome Doomer than his dark past and a hulking, sexy body. But succumbing to her enemy's seduction, or worse, developing feelings for a ruthless killer is out of the question. No man is worth life on the run, not even the one and only immortal male she could claim as her own. Her clan and her research must come first. **Dark Enemy Captive** When the rescue team returns with Amanda and the chained Dalhu to the keep, Amanda is not as thrilled to be back as she thought she'd be. Between Kian's contempt for her and Dalhu's imprisonment, Amanda's budding relationship with Dalhu seems doomed. Things start to look up when Annani offers her help, and together with Syssi they resolve to find a way for Amanda to be with Dalhu. But will she still want him when she realizes that he is responsible for her nephew's murder? Could she? Will she take the easy way out and choose Andrew instead? **Dark Enemy Redeemed** On board the Anna, Amanda suspects that something fishy is going on. But when her investigation of the peculiar all-female Russian crew fails to uncover anything other than more speculation, she decides it's time to stop playing detective and face her real problem—a man she shouldn't want but can't live without. Will Amanda find a way to reconcile her feelings for Dalhu? Will Dalhu find a way to redeem himself in Amanda's eyes? Will Andrew find Bhathian's long-lost lover and child? **Bonus Short Story: The Fates' Post-Wedding Celebration**

The New Name of God

War! Called to the desolate Great Beach, disparate players join forces to battle the wicked mage Hope Shoemaker. An alliance of convenience is made, even if factions stand at odds concerning multiple issues. Mistrust runs high amongst those that aim to destroy the evil in the land. Past actions cloud a war of clarity, few have pure hearts, and a clean past. Will the forces of light be able to overcome their differences to defeat the common evil? Will the alliance fail before it even begins? All these questions - and more - will answer themselves as we conclude the dark fantasy world of *The Fractured Lands*, and as we're drawn towards the thrilling conclusion of this stunning work of immersive fiction. Can old sins ever be forgiven? See if the alliance can survive the differences. In *Fractured Gods*, author Greg Alldredge takes us into a bold new heart of dark fantasy and leaves us shaken, thrilled, and eager for more. For fans of *Game of Thrones*, this seventh book in an epic fantasy series is guaranteed to get the mind racing and the heart pumping and is sure to grip readers from the first fantastical page to the last.

From Babel to Brotherhood

In this book we record the five mystery gospels preached by Leader Olumba Olumba Obu, namely: *Mystery of God*, *Mystery of Time*, *Mystery of Propagation*, *Mystery of Death* and *Mystery of Marriage*. Several Gospels on Christ's Universal Spiritual School of Practical Christianity, otherwise known as *Brotherhood of the Cross and Star*, are also recorded. The Addendum contains *Order of Services in Brotherhood of the Cross and Star*.

The Brotherhood of the Common Life and Its Influence

Three months have passed since the Fraser brothers defeated the demons who caused the death of their uncle. United by the struggle they formed the Brotherhood of Olympus. Now a war of mythological proportions looms on the horizon... And the original Brotherhood is beginning to unravel before they even face the new dangers that await them. As the leader, Drake must recruit a ragtag ensemble of social misfits to form the core of his new Brotherhood. The dark gods are poised to strike, and a legendary tower that travels across different realities holds the key to their victory over humanity. Only one thing stands in the way of their plan to unleash Hell on Earth... "*The Brotherhood of Olympus*"--if they can survive high school, learn to trust each other, and become the heroes they were meant to be. **Bonus Materials Included:** A full page illustration for each chapter, two detailed Maps of the book settings, complete Glossary of terms, four Family Trees, Chapter Discussion Guide ("CCSS Aligned"), and the first chapter of "*The Brotherhood of Olympus and the Dream Stones*."

The Brotherhood of Men: Its Laws and Lessons

Adventure. Trust. Brotherhood. When you measure your day by tanks instead of miles as an alpha in a pack of alphas, sometimes tempers can get as hot as a Badlands highway, but it is the words left unspoken that end up leaving scars. This is the story of brothers on a pilgrimage to Sturgis, site of the annual Bike Week gathering. Part memoir, part New Journalism story of how the Harley Davidson

ethos created bonds stronger than steel among the men and women who tour this country atop their iconic motors and keep the dream of personal freedom healthy.

The Fatherhood of God and the Brotherhood of Man

Never underestimate the power of a stubborn witch. Bianca Monroe wants one thing: to create a Sisterhood of Protectors. She might be the only one that thinks it's a good idea. With demigods in Alkarra, and a frustrated Council attempting to usurp her father, Bianca is faced with opposition on every side. When her desire to defend the Central Network with a Sisterhood is rebuffed by everyone whose support she thought she'd have, she's forced to find a new path. Meanwhile, the influence of god magic grows in Alkarra. Wonky magic, strangers in the land, and crumbling Network ties abound. Will Bianca assemble the support she needs to defend the Network from this unknown enemy? Or will she find the strength to forge her own path? THE RISE OF THE DEMIGODS is the second book in THE NETWORK SAGA. Fans of beloved, award-winning NETWORK SERIES will be swept back into the world of Alkarra, where magic abounds and enemies are now fast at hand.

The Brotherhood of All Mankind

This book, The Stairway To Freedom, was dictated from the spirit world by The Great White Brotherhood and is a complete primer of esoteric knowledge covering virtually every aspect of a human being's development whilst here in incarnation and also will see ones life into in the spiritual realms as one progresses towards God. It covers a large gamut of seemingly unrelated topics covering: • Sexuality, • The birth process, • How life develops and is controlled by archangels, • What is God and what God's Power is, • What our auras are, • How we can develop spirituality, • Diet, • Organising one's daily routine and a host of other topics. The book cleverly weaves all these, apparently, disparate elements into a cohesive whole so that the student can have a firm grasp on the way that life operates whilst incarnate here on Earth and will help guide one through that life, and also what awaits someone when this incarnation is finished and they return to their true home, the spirit realms. There are also a couple of prayers that were dictated from the spirit world, some guided meditations and, lastly, a number of questions and answers that were asked of the Great White Brotherhood on a variety of topics. Although it is a book on spirituality, it offers a lot of practical information relevant to the problems that people face in their daily lives. The Brotherhood all had incarnations here on Earth at some stage and so have first hand knowledge of the difficulties that we face. It is not a remote, academic book just dealing with what is God. It is written in simple, if precise, language and all people will find that they can connect to the information presented in the various chapters. As a last point, a great deal of love was put in by the Great White Brotherhood to give us this book and a great deal of hard work was put in by various people to present this to you. It is hoped that the information will change your life.

The Children of the Gods Series

The shadowy chambers of the Knights Templar hold a devastating secret... Having barely escaped the crosshairs of a deadly cult, Robin Jessop and David Mallory are determined to unlock the truth behind a conspiracy unresolved for seven hundred years – the mystery of what gives the enigmatic Templars their unwavering power. Infiltrating the group's archives, they make a startling discovery. An ancient Templar passport hinting at a sacred mission: the transportation of an artefact of incomprehensible value. Delving through centuries of deception, the two come face-to-face with a secret that could shake Christendom to its core. The awe-inspiring finale to the Hounds of God trilogy, perfect for fans of Dan Brown, Scott Mariani and Chris Kuzneski.

Quartermaster Professional Bulletin

Previous studies have indicated that finance, marketing, and problems of production management are three of the major constraints facing small and medium sized businesses (SMBs) in the ASEAN region. These three concerns are addressed in successive phases of the ASEAN Small and Medium Businesses Improvement Project coordinated by the Institute of Southeast Asian Studies. The present paper draws on the findings of the second phase, which focused on marketing issues.

Small and Medium Business Improvement in the Asean Region

Most movies include a love story, whether it is the central story or a subplot, and knowing how to write a believable relationship is essential to any writer's skill set. Discover the rules and laws of nature at play in a compelling love story and learn and master them. Broken into four sections, *The Heart of the Film* identifies the critical features of love story development, and explores every variation of this structure as well as a diverse array of relationships and types of love. Author Cynthia Whitcomb has sold over 70 feature-length screenplays and shares the keys to her success in *The Heart of the Film*, drawing on classic and modern films as well as her own extensive experience.

The Heart of the Film

The Godfather

This book constitutes the refereed proceedings of the 7th International Conference on Social Computing, Behavioral-Cultural Modeling, and Prediction, SBP 2014, held in Washington, DC, USA, in April 2014. The 51 full papers presented were carefully reviewed and selected from 101 submissions. The SBP conference provides a forum for researchers and practitioners from academia, industry, and government agencies to exchange ideas on current challenges in social computing, behavioral-cultural modeling and prediction, and on state-of-the-art methods and best practices being adopted to tackle these challenges. The topical areas addressed by the papers are social and behavioral sciences, health sciences, military science, and information science.

Social Computing, Behavioral-Cultural Modeling and Prediction

Francis Ford Coppola's career has spanned five decades, from low budget films he produced in the early 1960s to more personal films of recent years. Because of the tremendous popular success of *The Godfather* and the tremendous critical success of its sequel, Coppola is considered to be one of the best directors of all time. The entries in this encyclopedia focus on all aspects of Coppola's work—from his early days with producer Roger Corman to his films as the director of the 1970s. This extensive reference contains material on all of the films Coppola has played a role in, from screenwriter to producer to director, including such classics as *Patton*, *The Godfather*, *The Conversation*, *The Godfather Part II*, and *Apocalypse Now*. Each entry is followed by a bibliography of published sources, both in print and online, making *The Francis Ford Coppola Encyclopedia* the most comprehensive reference on this director's body of work.

The Francis Ford Coppola Encyclopedia

The Moral Case for Profit Maximization argues that profit maximization is moral when businessmen seek to maximize profit by creating goods or services that are of objective value. Traditionally, profit maximization has been defended on economic grounds. Profit, economists argue, incentivizes businessmen to produce goods and services. In this view, businessmen do not need to be virtuous as long

as they deliver the goods. It challenges the traditional defense of profit maximization, arguing that profit maximization is morally ambitious because it requires businessmen to form normative abstractions and to cultivate a virtuous character. In so doing, the author also challenges the moral basis of corporate social responsibility. Proponents of CSR argue that businessmen can do good while doing well. This book argues that businessmen already do good by maximizing profit, drawing upon the histories of the wheel, the refrigerator, and the shipping container, as well as the biographies of J. P. Morgan, John D. Rockefeller, and Thomas Edison to demonstrate the role of values in the creation of material goods and the role of the virtues in value creation. The author challenges readers to rethink the relationship between profit, value, and virtue.

The Moral Case for Profit Maximization

Hey White Boy, Conversations of Redemption is a profoundly authentic and moving memoir that delves into the transformative journey of Sonny Von Cleveland. Raised in a small town in Michigan, Sonny's childhood was marred by unimaginable sexual molestation, which shattered his innocence and left him grappling with profound emotional scars. Unable to cope with the devastating abuse, Sonny's once gregarious and outgoing nature gave way to anger and rebellion. By the age of seven, he faced his first felony charge, and the downward spiral continued, leading him to prison at sixteen and again at twenty-one, resulting in eighteen years behind bars. However, Sonny's path took an unexpected turn amidst the darkness of his incarceration. During 19 months in solitary confinement, he encountered a fellow inmate—a wise Muslim man—who would become his mentor. Through their profound conversations and teachings, Sonny embarked on a journey of self-examination, forgiveness, and personal accountability. Sonny shares his remarkable transformation from victimhood to self-actualization and redemption in Hey White Boy. This memoir is a testament to the power of resilience, the importance of letting go, and the capacity for personal growth.

Hey White Boy, Conversations of Redemption

Explains the rapid rise of China's innovation system and provides a roadmap for the prospects of China's AI development.

Getting Reel: A Social Science Perspective on Film

This memorial volume is dedicated to physicist Gerald E Brown (1926–2013) or 'Gerry' as he was known to his many students, postdocs, colleagues and friends. As written by one of the contributors to this book, "Gerry was an inspiring father figure for generations of theoretical nuclear physicists and a great human being". This book covers a wide range of topics in nuclear physics, including nuclear structure, two- and three-body nuclear forces, strangeness nuclear physics, chiral symmetry, hadrons in dense medium, hidden local symmetry, heavy quark symmetry, cosmic neutrinos, nuclear double-beta decay, neutron stars, gravitational waves, renormalization group methods, exotic nuclei, electron ion collider (EIC), and much more. Most of the authors are Gerry's former students and collaborators. We hope readers will find this book very interesting not only for its physics content but also for the window it gives into Gerry's personal legacy and humanity. This book has vivid recollections of Gerry at Stony Brook, Princeton and Copenhagen, together with his humor and his very special intuitive way of thinking.

AI Development and the 'Fuzzy Logic' of Chinese Cyber Security and Data Laws

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music, video, gaming, media, digital and mobile entertainment issues and trends.

Capture the value of cutting-edge AI while mitigating its most salient risks AI For Humanity: Building a Sustainable AI for the Future delivers an incisive and timely discussion of how to design, build, and implement cutting-edge AI in for-profit firms and other organizations in a responsible, sustainable, and ethical way. The book walks you through the three pillars of human-focused AI development—governance, technology, and commercialization—and dives deep into each one, showing you how to create AI products and services that better humanity and advance universally held values. You'll

find methodologies and frameworks that mitigate against some of the most profound and unsettling risks of unchecked artificial intelligence development, and roadmaps to help you avoid the numerous pitfalls and traps awaiting unsuspecting companies, managers, and executives. You'll also discover: Real-world case studies, from companies including SAP, Huawei, and Tencent, demonstrating the actual dilemmas and questions firms face when developing and implementing this extraordinary tech Actionable commitments you can make to help ensure you and your company avoid the ethical and reputational risks associated with AI Strategies for AI product and service development consistent with sustainable growth Perfect for managers, executives, directors, and other business leaders with a stake in responsible artificial intelligence design, development, and implementation, AI For Humanity will also interest regulators, academics, thought leaders, and policy makers doing their best to capture AI's substantial potential value while mitigating its most serious risks.

RELC Journal

Bill Lajoie just had it. When it came to drafting ballplayers and building a World Series club, few in baseball history can match his extraordinary success. The lessons of Lajoie's illustrious career and the brilliance of his philosophy are put to print in *Character is Not a Statistic*. After a playing career that fell achingly short of the major leagues, Lajoie returned to Detroit to become a teacher in the mid-1960s. But his unyielding passion for baseball and desire to atone for a broken dream pulled him back to the game as a scout. From there, he went on to build World Series Championships from scratch by finding players who possessed the very character he lacked as a young athlete. Starting as an area scout for the Cincinnati Reds in 1965, Lajoie later moved up the ladder with the Detroit Tigers and was the architect and general manager of their 1984 World Series crowning. Lajoie would then be instrumental as an assistant GM for two more franchises who dominated their decades with championships and titles; the 1990s Atlanta Braves and the 2000s Boston Red Sox. Perhaps no one alive has scouted more baseball over the last 50 years or has better stories to tell about finding the greats. Though the modern era has seen the depersonalization of scouting via statistics and radar gun readings, Lajoie

was immensely successful through five decades by emphasizing what a player had inside him. His belief in a player's humanity and character persists to this day. This book is not only a biography, but a collection of great baseball stories and a manual for the next generation of fans and scouts alike. Lajoie tackles such controversial issues as the Moneyball movement, the importance of a strong manager, scouting for makeup, making trades, preventing pitching injuries, running a farm system, and ranking both the best general managers and scouting directors of the modern era.

Garner's Modern English Usage

See this famously dark, staggeringly beautiful trilogy of films presented by the filmmaker as originally envisioned for the cinema. Fully Restored for the first time with all-new 5.1 Digital Surround Sound. Five discs including all three films and over 4 hours of supplemental materials, a true cultural phenomenon, The Godfather Trilogy is the benchmark for all cinematic storytelling. Francis Ford Coppola's masterful adaptation of Mario Puzo's novel chronicles the rise and fall of the Corleone family in this celebrated epic. Collectively nominated for a staggering twenty-eight Academy Awards, the films are the winner of nine, including two for Best Picture for The Godfather and The Godfather Part II. An enduring cinematic legacy...with all-new DVD supplements!

Bestseller

Francis Ford Coppola's *The Godfather, Part II* (1974) is a magisterial cinematic work, a gorgeous, stylized, auteur epic, and one of the few sequels judged by many to be greater than its predecessor. This despite the fact that it consists largely of meetings between aspiring 'Godfather' Michael Corleone and fellow gangsters, politicians and family members. The meetings remind us that the modern gangster's success is built upon inside information and on strategic planning. Michael and his father Vito's days resemble those of the legitimate businessmen they aspire or pretend to be. Jon Lewis's study of Coppola's masterpiece provides a close analysis of the film and a discussion of its cinematic and political contexts. It is structured in three sections: "The Sequel," "The Dissolve," and "The Sicilian Thing" – accommodating three avenues of inquiry, respectively: the film's importance in and to Hollywood history, its unique, auteur style and form; and its cultural significance. Of interest, then, is New Hollywood history, mise-en-scene, and a view of the Corleone saga as a cautionary capitalist parable, as a metaphor of the corruption of American power, post-Vietnam, post-Watergate.

A guide for women football fans explains each component of the game of football, describes the role of each position player, outlines common plays, and provides descriptions of some of the most memorable moments in NFL history.

Character Is Not a Statistic: the Legacy and Wisdom of Baseball's Godfather Scout Bill Lajoie

Originally the preserve of Afro-Brazilian slaves, the marginalized and the underclasses in Brazilian society, capoeira is now a mainstream sport, taught in Brazilian schools and practised by a range of social classes around the world. Some advocates now seek Olympic recognition for Capoeira. This apparent change in the meaning and purpose of Capoeira has led to conflicts between traditionalists, who view capoeira as their heritage descended from the maroons, a weapon to be used against the injustice and repression; and reformers, who wish to see Capoeira develop as an international sport. *Capoeira: The History of Afro-Brazilian Martial Art* explores Capoeira as a field of confrontation where the different struggles that divide Brazilian society are played out. It contains both the first comprehensive English language review of archive and contemporary literature relating to Capoeira, as well as the first scholarly account of Capoeira's history and development.

The godfather

A new model for contemporary economic behavior

Clavier

Revised 3rd edition. An annotated list of solos, graded method materials, reference reading, flute ensembles, music for alto flute, piccolo and bass flute. Over 3,500 entries, representing more than

1,700 composers and authors. Used throughout the world by flutists, artists, teachers, libraries and music dealers.

The Godfather, Part II

In its 114th year, Billboard remains the world's premier weekly music publication and a diverse digital, events, brand, content and data licensing platform. Get Your Own Damn Beer, I'm Watching the Game!

Collected here are 112 papers concerned with all manner of new directions in manufacturing systems given at the 41st CIRP Conference on Manufacturing Systems. The high-quality material presented in this volume includes reports of work from both scientific and engineering standpoints and several invited and keynote papers addressing the current cutting edge and likely future trends in manufacturing systems. The book's subjects include: (1) new trends in manufacturing systems design: sustainable design, ubiquitous manufacturing, emergent synthesis, service engineering, value creation, cost engineering, human and social aspects of manufacturing, etc.; (2) new applications for manufacturing systems – medical, life-science, optics, NEMS, etc.; (3) intelligent use of advanced methods and new materials – new manufacturing process technologies, high-hardness materials, bio-medical materials, etc.; (4) integration and control for new machines – compound machine tools, rapid prototyping, printing process integration, etc.

Capoeira

ÔLots has changed in Eastern Europe in the past quarter-century and the new edition of this major study of the region sets out these changes in directions for the better and for the worse.Õ Ð Richard Rose, University of Strathclyde, UK ÔThis Handbook offers a historically informed, systematic account of the political development in Central and Eastern Europe. Two chapters lay out a framework for comparison. 26 specialists provide analyses for 19 countries. In an appendix, each of these country chapters documents election results, government composition, the electoral system, and the constitutional framework. The concluding chapter synthesizes the major results. The Handbook is the most comprehensive source for an up-to-date analysis of all Central and Eastern European countries within the sphere of influence of the European Union. It is a Ômust haveÕ for students and scholars interested in how to evaluate the state of democracy in this region of the globe.Õ Ð Hans-Dieter Klingemann, New York University Abu Dhabi, UAE and Social Science Research Center Berlin, Germany This third edition of The Handbook of Political Change in Eastern Europe provides an authoritative and thorough analysis of the political changes, which have occurred in Central and Eastern Europe since the demise of communism. It offers an historical, comparative perspective of the region and focuses on the social consequences of the democratisation process. The country-specific chapters are written by scholars with well-documented area expertise on their respective cases: Estonia, Latvia, Lithuania, Poland, The Czech Republic, Slovakia, Hungary, Slovenia, Romania, Bulgaria, Croatia, Bosnia, Serbia, Montenegro, Macedonia, Albania, Ukraine, Moldova, and Georgia. Each chapter includes detailed examinations of elections, the formation of governments, electoral systems and constitutional arrangements. These in-depth and up-to-date analyses are supplemented by conclusions on the party systems and emerging political structures in the region as a whole, as well as the consolidation of democracy in a post-communist setting. The revised and expanded version of The Handbook of Political Change in Eastern Europe provides a state-of-the art companion, which will be indispensable for students and scholars in the social sciences including political science, comparative politics, European studies and political history, as well as for policy makers and practitioners.

Report of the National Conference on Organized Crime, October 1-4, 1975, Washington, D.C.

The ebook edition of this title is Open Access and freely available to read online. Family Firms and Family Constitution delves deeply into topics as diverse as ownership, succession, governance, justice and more, all from a managerial and legal perspective from around the world.

Handbook of Literature for the Flute

Santa Fe, as a tourist destination and an international art market with its attraction of devotees to opera, flamenco, good food and romanticized cultures, is also a city of deep historical drama. Like its seemingly "adobe style-only" architecture, all one has to do is turn the corner and discover a miniature Alhambra, a Romanesque Cathedral, or a French-inspired chapel next to one of the oldest adobe chapels in the United States to realize its long historical diversity. This fusion of architectural styles is a mirror of its people, cultures and history. From its early origins, Native American presence in the area through the archaeological record is undeniable and has proved to be a force to be reckoned with as well as reconciled. It was, however, the desire of European arrivals, Spaniards, already mixed in Spain and Mexico, to create a new life, a new environment, different architecture, different government, culture and spiritual life that set the foundations for the creation of "La Villa de Santa Fe." Indeed, Santa Fe remained Spanish from its earliest Spanish presence of 1607 until 1821. But history is not just the time between dates but the human drama that creates the "City Different." The Mexican Period of 1821-1848, American occupation and the following Territorial Period into Statehood are no less defining and, in fact, are as traumatic for some citizens as the first European contact. This tapestry was all held together by the common belief that Santa Fe was different and after centuries of coexistence a city with its cultures, tolerance and beauty was worth preserving. Indeed, the existence and awareness of this oldest of North American capitals was to attract the famous as well as infamous: poets, writers, painters, philosophers, scientists and the sickly whose prayers were answered in the thin dry air of the city situated at the base of the Sangre de Cristos at 7,000 foot elevation. We hope readers will enjoy "All Trails Lead to Santa Fe" and in its pages discover facts not revealed before, or, in the sense of true adventure, enlighten and encourage the reader to continue the search for the evolution of "La Villa de Santa Fe."

Billboard

A special deluxe hardcover edition of The Godfather—the unforgettable saga of an American crime family that became a #1 bestseller and global phenomenon. This deluxe edition of The Godfather includes: • A jacket featuring a new take on the iconic original cover • A case with printed art that will titillate hardcore fans • Stained edges • Beautifully illustrated endpapers Since its release in 1969, The Godfather has made an indelible mark on American crime fiction. From the mind of master storyteller Mario Puzo, it traces the Corleone family, whose brilliant and brutal portrayal illuminated the violent and seductive allure of power in American society. A tale of family and loyalty, law and order, obedience and rebellion, it has stood the test of time as the definitive novel of the Mafia underworld. Beyond the bestselling novel, Francis Ford Coppola's incomparable film adaptation and Academy Award winner for Best Picture cemented The Godfather's reputation as a triumph in storytelling and a seminal classic for the ages. With a legacy of blood and honor, it is a cultural touchstone that has resonated for generations, and still mesmerizes readers to this day.
