Intro

Welcome to this interview training tutorial.

Make Sure You Demonstrate The Following Skills & Attributes During Your Primary Teacher Interview I am an extremely passionate teacher who decided to get into this profession because of the skills and qualities I possess that are a match for the role.

I have chosen your school because of the strong reputation it has within the community and it is also clear, from my research, that you strive to deliver the highest standards of education possible.

The three core values I would apply whilst teaching would be inclusion, honesty and hard work.

It is essential that all students are made to feel valued, appreciated and that their education and development is important

I believe there a number of things that all combine to make a good, competent Primary Teacher.

These are making sure the students feel confident to speak during class where they can ask any questions they want to.
