After the End

From New York Times bestselling author Clare Mackintosh comes a deeply moving and page-turning novel about an impossible choice—and the two paths fate could take. “A beautifully written novel, compelling and clever, tender and true. I can’t stop thinking about it.”—Liane Moriarty “Tailor-made for book clubs and for fans of Jodi Picoult.”—Publishers Weekly Max and Pip are the strongest couple you know. They’re best friends, lovers—unshakable. But then their son gets sick and the doctors put the question of his survival into their hands. For the first time, Max and Pip can’t agree. They each want a different future for their son. What if they could have both? A gripping and propulsive exploration of love, marriage, parenthood, and the road not taken, *After the End* brings one unforgettable family from unimaginable loss to a surprising, satisfying, and redemptive ending and the life they are fated to find. With the emotional power of Jodi Picoult’s *My Sister’s Keeper*, Mackintosh helps us to see that sometimes the end is just another beginning.

After the End

Michael Grant’s *Gone* series meets M. Night Shyamalan’s *The Village* in this riveting story of one girl’s journey to save the very people who have lied to her for her entire life. Amy Plum, international bestselling author of the *Die for Me* series, delivers a fast-paced adventure perfect for fans of Marie Lu, Veronica Rossi, and Robison Wells. Juneau grew up fearing the outside world. The elders told her that beyond the borders of their land in the Alaskan wilderness, nuclear war had destroyed everything. But when Juneau returns from a hunting trip one day and discovers her people have been abducted, she sets off to find them. And leaving the boundaries for the very first time, she learns the horrifying truth: World War III never happened. Nothing was destroyed. Everything she’d ever been taught was a lie. As Juneau comes to terms with an unfathomable deception, she is forced to survive in a completely foreign world, using only the skills and abilities she developed in the wild. But while she’s struggling to rescue her friends and family, someone else is after her. Someone who knows the extraordinary truth about her secret past.

The Beginning After The End

I had to accept that I wasn't just Arthur Leywin anymore, and that I could no longer be limited by the circumstances of my birth. If I was going to escape, if I was going to go toe-to-toe with the most powerful beings in this world, I needed to push myself to my utmost limit...and then I needed to push even further. After nearly dying as a victim of his own strength, Arthur Leywin wakes to find himself far from the continent where he was born for the second time. Alone, broken, and with no way to tell his family he's alive, Arthur must rebuild his strength to survive. As he ascends through an ancient dungeon filled with hostile beasts and devious trials, he discovers an ancient, absolute power - a power that will either ruin him or take him to new heights. But the dungeon won't give up its knowledge easily. Before he can plunder its depths, Arthur must learn to untangle the threads of fate. He must band together with the unlikely of allies if he hopes to escape with his life.

After the End

In this study of the cultural pursuit of the end and what follows, Berger contends that every apocalyptic depiction leaves something behind, some mixture of paradise and wasteland. Combining literary, psychoanalytic, and historical methods, Berger mines these depictions for their weight and influence on current culture. He applies wide-ranging evidence--from science fiction to Holocaust literature, from Thomas Pynchon to talk shows, from American politics to the fiction of Toni Morrison--to reveal how representations of apocalyptic endings are indelibly marked by catastrophic histories.

The Beginning After The End

King Grey has unrivaled strength, wealth, and prestige in a world governed by martial ability. However, solitude lingers closely behind those with great power. Beneath the glamorous exterior of a powerful king lurks the shell of a man, devoid of purpose and will. Reincarnated into a new world filled with magic and monsters, the king has a second chance to relive his life. Correcting the mistakes of his past will not be his only challenge, however. Underneath the peace and prosperity of the new world is an undercurrent threatening to destroy everything he has worked for, questioning his role and reason for being born again.

After the End

From New York Times bestselling author Clare Mackintosh comes a deeply moving and page-turning novel about an impossible choice—and the two paths fate could take. “A beautifully written novel, compelling and clever, tender and true. I can’t stop thinking about it.”—Liane Moriarty “Tailor-made for book clubs and for fans of Jodi Picoult.”—Publishers Weekly Max and Pip are the strongest couple you know. MIKE GAYLE 'Put this on the top of your list. You won't regret it' JANE CORRY 'One of the most moving stories I have ever read. It's perfect' JOANNA CANNON

The Beginning After The End

Not every human, elf, or dwarf could be equally important to me, and that's a fact that I had accepted long ago. I was here to serve my role, to help end this war, but it wasn't for world peace or to save mankind—it was so, one day, I could lead a comfortable and happy life with the people I loved and cared for. Arthur Leywin has experienced two lifetimes of challenge and adventure. He has lived as a swordsman, a mage, an adventurer, and a king. Now his two lives, old and new, will collide, revealing the connection between King Grey and Arthur Leywin, but at what cost? And how will this affect the ongoing war between the nations of Alacrya and Dicathen? Enemy forces threaten the coastal cities, the elven forests, and the fortified mountain passes; Dicathen's most powerful allies have vanished; and the military alliance between men, elves, and dwarves threatens collapse. Arthur may be the last hope for his people, but when forced to choose between family and country, where will his loyalty lie?

After the End of History

Intimate access to the mind of Francis Fukuyama and his reflections on world politics, his life and career, and the evolution of his thought

After the End

Barry Lane's bestselling *After THE END* helped teachers see revision in a whole new light, and inspired a generation of students to not only embrace revision, but to realize that writing is revision. The long-awaited second edition keeps Barry's humorous and endearing tone and updates his ideas, lessons, and activities for teaching writing with heart, even in the Common Core era. New material in this edition includes: How to teach argument and informational writing for authentic, powerful results Integrating technology into literacy lessons for today's students, using tablets, smart phones and apps Qr Code links to video clips that help teachers model Barry's ideas in the classroom Interviews with professional writers and master teachers about their own writing and revising processes and best lessons Nonfiction connections that help students learn to creatively revise any genre. Updated appendices with professional resources and mentor texts Rediscover why Barry Lane is a beloved and inspirational teacher, writer, and storyteller. And "after the end," know that it's really only a great new beginning for your students and their writing.

After the End of Art

The classic and provocative account of how art changed irrevocably with pop art and why traditional aesthetics can't make sense of contemporary art A classic of art criticism and philosophy, *After the End of Art* continues to generate heated debate for its radical and famous assertion that art ended in the 1960s. Arthur Danto, a philosopher who was also one of the leading art critics of his time, argues that traditional notions of aesthetics no longer apply to contemporary art and that we need a philosophy of art criticism that can deal with perhaps the most perplexing feature of current art: that everything is possible. An insightful and entertaining exploration of art's most important aesthetic and philosophical issues conducted by an acute observer of contemporary art, *After the End of Art* argues that, with the eclipse of abstract expressionism, art deviated irrevocably from the narrative course that Vasari helped define for it in the Renaissance. Moreover, Danto makes the case for a new type of criticism that can help us understand art in a posthistorical age where, for example, an artist can produce a work in the style of Rembrandt to create a visual pun, and where traditional theories cannot explain the difference between Andy Warhol's Brillo Box and the product found in the grocery store. *After the End of Art* addresses art history, pop art, "people's art," the future role of museums, and the critical contributions of Clement Greenberg, whose aesthetics-based criticism helped a previous generation make sense of modernism. Tracing art history from a mimetic tradition (the idea that art was a progressively more adequate representation of reality) through the modern era of manifestos (when art was defined by the artist's philosophy), Danto shows that it wasn't until the invention of pop art that the historical understanding of the means and ends of art was nullified. Even modernist art, which tried to break with the past by questioning the ways in which art was produced, hinged on a narrative.

Love after the End

Lambda Literary Award winner This exciting and groundbreaking fiction anthology showcases a number of new and emerging 2SQ (Two-Spirit and queer Indigenous) writers from across Turtle Island. These visionary authors show how queer Indigenous communities can bloom and thrive through utopian narratives that detail the vivacity and strength of 2SQness throughout its plight in the maw of settler colonialism's histories. Here, readers will discover bio-engineered AI rats, transplanted trees in space, the rise of a 2SQ resistance camp, a primer on how to survive Indigiqueerly, virtual reality applications, motherships at sea, and the very bending of space-time continuums queered through NDN time. Love after the End demonstrates the imaginatively queer Two-Spirit futurisms we have all been dreaming of since 1492. Contributors include Darcie Little Badger, Mari Kurisato, Kai Minosh Pyle, David Alexander Robertson, and jaye simpson. This publication meets the EPUB Accessibility requirements and it also meets the Web Content Accessibility Guidelines (WCAG-AA). It is screen-reader friendly and is accessible to persons with disabilities. A Simple book with few images, which is defined with accessible structural markup. This book contains various accessibility features such as alternative text for images, table of contents, page-list, landmark, reading order and semantic structure.

The End

James Patterson's BookShots. Short, fast-paced, high-impact entertainment. If the mission fails, it's World War III. Any questions? Owen Taylor is about to be betrayed on his final covert mission. It will take everything he has to make it home alive, and to save the woman he loves.

After the End

After Quinn O'Malley loses his partner of ten years, Aaron, to cancer, he withdraws from everything. In a single tragic moment, he goes from an artist with a loving partner and a future to an uninspired comic book store owner who barely exists. He hides behind a shield of grief, refusing to let Aaron go. He feels guilty for even trying to imagine a life apart from what he'd had.

The Donor

She gave you everything. But what does she want in return? When Lizzie's daughter Meg is given a life-saving heart transplant, Lizzie feels hugely grateful to the nameless donor. Then she receives a letter from the donor's mother, Karen, asking to meet, and it seems like the least she can do. But as soon as Karen is welcomed into their lives, Lizzie feels something isn't right. And before long, she can't help but worry that by inviting Karen in, she might have put Meg in danger . . .

After the End of History

In this bold book, Samuel Cohen asserts the literary and historical importance of the period between the fall of the Berlin wall and that of the Twin Towers in New York. With refreshing clarity, he examines six 1990s novels and two post-9/11 novels that explore the impact of the end of the Cold War: Pynchon's *Mason & Dixon*, Roth's *American Pastoral*, Morrison's *Paradise*, O'Brien's *In the Lake of the Woods*, Didion's *The Last Thing He Wanted*, Eugenides's *Middlesex*, Lethem's *Fortress of Solitude*, and DeLillo's *Underworld*. Cohen emphasizes how these works reconnect the past to a present that is ironically keen on denying that connection. Exploring the ways ideas about paradise and pastoral, difference and exclusion, innocence and righteousness, triumph and trauma deform the stories Americans tell themselves about their nation's past, *After the End of History* challenges us to reconsider these works in a new light, offering fresh, insightful readings of what are destined to be classic works of literature. At the same time, Cohen enters into the theoretical discussion about postmodern historical understanding. Throwing his hat in the ring with force and style, he confronts not only Francis Fukuyama's triumphalist response to the fall of the Soviet Union but also the other literary and political "end of history" claims put forth by such theorists as Fredric Jameson and Walter Benn Michaels. In a straightforward, affecting style, *After the End of History* offers us a new vision for the capabilities and confines of contemporary fiction.

After Ever Happy

The romance between Tessa and Harry continues as forces try to tear them apart. By the author of *After Ever Happy* and *After We Fell*. Original.

World After

The irresistibly compelling BOOK TWO in the long awaited PENRYN AND THE END OF DAYS series. It is THE book we are all waiting with bated breath to read... In this sequel to the bestselling fantasy thriller, Angelfall, the survivors of the angel apocalypse begin to scrape back together what's left of the modern world. When a group of people capture Penryn's sister Paige, thinking she's a monster, the situation ends in a massacre. Paige disappears. Humans are terrified. Mom is heartbroken. Penryn drives through the streets of San Francisco looking for Paige. Why are the streets so empty? Where is everybody? Her search leads her into the heart of the angels' secret plans, where she catches a glimpse of their motivations, and learns the horrifying extent to which the angels are willing to go. Meanwhile, Raffe hunts for his wings. Without them, he can't rejoin the angels, can't take his rightful place as one of their leaders. When faced with recapturing his wings or helping Penryn survive, which will he choose?

M Archive

Engaging with the work of M. Jacqui Alexander and Black feminist thought more generally, Alexis Pauline Gumbs's M Archive is a series of prose poems that speculatively documents the survival of Black people following a worldwide cataclysm while examining the possibilities of being that exceed the human.

After the End of the World

After the End of the World by Jonathan L. Howard brings the H.P. Lovecraft mythos into the twenty-first century. The Unfolded World is a bitter and unfriendly place for Daniel Carter and Emily Lovecraft. In this world, the Cold War never happened because the Soviet Union ceased to exist in 1941. In this world the Nazi Großdeutschland is the premier superpower, and is not merely tolerated but indulged because, in this world, the Holocaust happened behind the ruins of the Iron Curtain and consumed only Bolsheviks, Communists, and others the West was glad to see gone. In this world, there are monsters, and not all of them are human. But even in the Unfolded World, there are still bills to pay and jobs to do. Carter finds himself working for the German secret security service to uncover the truth behind a major scientific joint project that is going suspiciously well. The trail takes Lovecraft and him to a distant, abandoned island, and a conspiracy that threatens everything. To fight it, Lovecraft must walk a perilously narrow path between forbidden knowledge and soul-destroying insanity. Fortunately, she also has a shotgun.

Before and After the Fall

Highlights the changes and continuities in world politics that emerged from the end of the Cold War.

The End of Print

Examines the graphic artist's approach and discusses the extreme reactions to his work.

The Last Migration

"An extraordinary novel... as beautiful and as wrenching as anything I've ever read" Emily St. John Mandel "An adventure of a wilder sort" Vogue US A dark past. An impossible journey. The will to survive. How far would you go for love? Franny Stone is determined to go to the end of the earth, following the last of the Arctic terns on what may be their final migration to Antarctica. As animal populations plummet and commercial fishing faces prohibition, Franny talks her way onto one of the few remaining boats heading south. But as she and the eccentric crew travel further from shore and safety, the dark secrets of Franny's life begin to unspool. A daughter's yearning search for her mother. An impulsive, passionate marriage. A shocking crime. Haunted by love and violence, Franny must confront what she is really running towards - and from. The Last Migration is a wild, gripping and deeply moving novel from a brilliant young writer. From the west coast of Ireland to Australia and remote Greenland, through crashing Atlantic swells to the bottom of the world, this is an ode to the wild places and creatures now threatened, and an epic story of the possibility of hope against all odds. "Gripping, tender and beautifully done. This novel is as intimate as it is urgent-you emerge thrilled and dazed, but also galvanized to save the planet" Anna Funder "This keening lament of an adventure is compelling" Observer "Compulsive stuff, driven at a cracking pace by the power of the elements and the fierce will of its single-minded narrator" Daily Mail

Earth Abides

In this profound ecological fable, a mysterious plague has destroyed the vast majority of the human race. Isherwood Williams, one of the few survivors, returns from a wilderness field trip to discover that civilization has vanished during his absence. Eventually he returns to San Francisco and encounters a female survivor who becomes his wife. Around them and their children a small community develops, living like their pioneer ancestors, but rebuilding civilization is beyond their resources, and gradually they return to a simpler way of life. A poignant novel about finding a new normal after the upheaval of a global crisis.

In the End

The thrilling conclusion to the survival story *In the After*, set in a near future where Earth has been overrun by vicious, predatory creatures. It's been three months since Amy escaped New Hope, and she's been surviving on her own, like she did in the *After*. Then one day, her former fellow Guardian's voice rings out in her earpiece. And in a desperate tone, Kay utters the four words Amy had hoped she would never hear: Dr. Reynolds has Baby. Now it's a race against time. In order to save Baby, Amy must make her way to Fort Black, a prison turned survivor colony, where she will need to find Ken, Kay's brother. He alone holds the key to Baby's survival. But one small slipup could set off a downward spiral that would not only cost Baby and Amy their lives, but threaten the very survival of the people in the *After*.

A Beginning After the End

Onward Ho! Finally, departing a tumultuous endeavor, this difficult to endure existence should be laid to rest while instigating an affection for an aura of hope, which it did. Yet simultaneously but subconsciously mandating a suspicion, inducing doubt that this drawn out horror movie had actually come to an end!

I'm Thinking of Ending Things

Jake and a woman known only as The Girlfriend are taking a long drive to meet his parents at their secluded farm. But when Jake takes a sudden detour, leaving The Girlfriend stranded at a deserted high school, the story transforms into a twisted combination of the darkest unease, psychological frailty, and a look into the limitations of solitude.

One Hundred Years of Solitude

One of the twentieth century's enduring works, *One Hundred Years of Solitude* is a widely beloved and acclaimed novel known throughout the world and the ultimate achievement in a Nobel Prize-winning career. The novel tells the story of the rise and fall of the mythical town of Macondo through the history of the Buendía family. Rich and brilliant, it is a chronicle of life, death, and the tragicomedy of humankind. In the beautiful, ridiculous, and tawdry story of the Buendía family, one sees all of humanity, just as in the history, myths, growth, and decay of Macondo, one sees all of Latin America. Love and lust, war and revolution, riches and poverty, youth and senility, the variety of life, the endlessness of death, the search for peace and truth—these universal themes dominate the novel. Alternately reverential and comical, *One Hundred Years of Solitude* weaves the political, personal, and spiritual to bring a new consciousness to storytelling. Translated into dozens of languages, this stunning work is no less than an account of the history of the human race.

I See You

Discover the twisty, gripping Richard & Judy Book Club pick and Sunday Times Number One bestseller. And don't miss Clare's brand-new thriller: *A Game of Lies* is out now. You do the same thing every day. You know exactly where you're going. You're not alone . . . When Zoe Walker sees her photo in the classifieds section of a London newspaper, she is determined to find out why it's there. There's no explanation: just a grainy image, a website address and a phone number. She takes it home to her family, who are convinced it's just someone who looks like Zoe. But the next day the advert shows a photo of a different woman, and another the day after that. Is it a mistake? A coincidence? Or is someone keeping track of every move they make . . . Praise for *I See You*: 'A breathless thriller . . . It's a must-finish-at-all-costs job' *Daily Mail* 'A chilling and original story . . . kept me reading until dawn' Rachel Abbott 'Accomplished, addictive and thought-provoking - you'll never feel the same about taking the tube again' *B A Paris* 'A deliciously creepy tale of urban paranoia' Ruth Ware 'Wonderfully sinister. Had

me looking over my shoulder every time I travelled on the tube' Fiona Barton 'Another edge-of-your-seat thriller . . . a terrifyingly plausible plot and gasp-inducing ending' Good Housekeeping 'I had chills the entire way through' Jenny Blackhurst

Let Me Lie

You won't be able to put this addictive No. 1 bestseller down . . . And don't miss Clare Mackintosh's twisty new thriller - A Game of Lies is out now. 'No one writes a twist like Clare Mackintosh' PAULA HAWKINS 'A belter of a novel' HEAT _____ The police say it was suicide. Anna says it was murder. Who do you believe? One year ago, Caroline Johnson chose to end her life brutally: a shocking suicide planned to match that of her husband just months before. Their daughter, Anna, has struggled to come to terms with their loss ever since. Now with a young baby of her own, Anna misses her mother more than ever and starts to ask questions about her parents' deaths. But by digging up the past, is she putting her future in danger? Sometimes it's safer to let things lie . . . _____ 'Another one-more-chapter, stay-up-late sensation' LEE CHILD 'Absolutely BRILLIANT. I LOVED it. I think this is Clare Mackintosh's best yet' MARIAN KEYES 'A triumph' LOUISE CANDLISH 'A work of genius' JOANNA CANNON 'A rollercoaster ride with a shocker of a final sentence' GOOD HOUSEKEEPING 'Clare Mackintosh does it again. A brilliantly twisting tale' ERIN KELLY

Childhood's End

Arthur C. Clarke's classic in which he ponders humanity's future and possible evolution When the silent spacecraft arrived and took the light from the world, no one knew what to expect. But, although the Overlords kept themselves hidden from man, they had come to unite a warring world and to offer an end to poverty and crime. When they finally showed themselves it was a shock, but one that humankind could now cope with, and an era of peace, prosperity and endless leisure began. But the children of this utopia dream strange dreams of distant suns and alien planets, and begin to evolve into something incomprehensible to their parents, and soon they will be ready to join the Overmind ... and, in a grand and thrilling metaphysical climax, leave the Earth behind.

The Road

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, The Road is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, The Road is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

After the End

There is no 'Happily Ever After' awaiting heroine Ahneta. With the man responsible for the death of her family and village dead, Ahneta believes that she has no reason to live anymore. But when the gods send her back in time as a white tigress, she begins to find reasons amongst the young couple who see her as family, the blind fortune teller who stops aging upon meeting her, and the strange man made of darkness who once petrified her. As she travels through time, Ahneta is faced with a horrific decision that could grant her the fate she's wanted since losing her loved ones, but destroy the new bonds she's created. Will she finally put the past behind her, or will she allow the darkness of grief to consume her? Her journey for revenge may be over, but Ahneta's story has only just begun.

Dead Ever After

Sookie Stackhouse has one last adventure in store. Life has taken her from a waitress in Merlotte's Bar, Bon Temps, to part owner; from social outcast to the heart of her community; from a vampire's girlfriend to the wife of one of the most powerful vampires in the state. She has survived explosions, revolutions and attempts on her life. Sookie has endured betrayal, heartbreak and grief ... and she has

emerged a little stronger, and little wiser, every time. But with life comes new trials ... The question is, in the end: who will love, who will live, and who will be dead ever after? Learn more about Charlaine Harris at www.charlaineharris.com.

In the After

In debut author Demitria Lunetta's heart-pounding thriller, one girl must fight for her survival in a world overrun by violent, deadly creatures. Perfect for fans of New York Times bestsellers like *The 5th Wave* and *Across the Universe*. Amy Harris's life changed forever when They took over. Her parents—vanished. The government—obsolete. Societal structure—nonexistent. No one knows where They came from, but these vicious creatures have been rapidly devouring mankind since They appeared. With fierce survivor instincts, Amy manages to stay alive—and even rescues "Baby," a toddler who was left behind. After years of hiding, they are miraculously rescued and taken to New Hope. On the surface, it appears to be a safe haven for survivors. But there are dark and twisted secrets lurking beneath that could have Amy and Baby paying with not only their freedom . . . but also their lives.

After the End Trilogy

Land of the free. Home of the brave. This is America. After the apocalypse. After the End. The world you love has fallen apart. What will you become? Who will you blame? And who can you trust? Follow the adventures of Eda Becker as she navigates her way through the ruins of a ravaged, post-nuclear superpower. After the End Trilogy features three breathtaking novels (*The Curse*, *The Sinners*, *The End War*) - 'full of action and great characters.' Don't miss out on this series if you love post-apocalyptic, horror and dystopian fiction. What readers are saying about After the End: 'I loved that the hero was female.' - Sassi 'A breathless ride...Mark Gillespie is the king of dystopian fiction.' - Kirsten McKenzie, author of *Painted*. 'Seems to channel the best of Stephen King and now Atwood...brilliantly written.' - Bronwyn Kotze. Get it Now!

After the End

A city under attack from a nuclear blast. As the dust settles, Louise wakes to find herself in a fallout shelter with Mark, the colleague who has saved her life. They have enough water and food to last two weeks. Now they just need to find a way of surviving each other. A chilling post-nuclear play that examines what it takes to endure catastrophe. After the End was originally published in 2005. This revised and updated edition was published to coincide with the London production at Theatre Royal Stratford East in February 2022.

Life as We Knew it

I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like "one marble hits another." The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintry in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to *Life As We Knew It*, including *The Dead and the Gone*, *This World We Live In*, and *The Shade of the Moon*.

Bee and the Orange Tree

It's 1699, and the salons of Paris are bursting with the creative energy of fierce, independent-minded women. But outside those doors, the patriarchal forces of Louis XIV and the Catholic Church are moving to curb their freedoms. In this battle for equality, Baroness Marie Catherine D'Aulnoy invents a powerful weapon: 'fairy tales'. When Marie Catherine's daughter, Angelina, arrives in Paris for the first time, she is swept up in the glamour and sensuality of the city, where a woman may live outside the confines of the church or marriage. But this is a fragile freedom, as she discovers when Marie Catherine's close friend Nicola Tiquet is arrested, accused of conspiring to murder her abusive husband. In the race to rescue Nicola, illusions will be shattered and dark secrets revealed as all three women learn how far

they will go to preserve their liberty in a society determined to control them. This keenly-awaited second book from Melissa Ashley, author of *The Birdman's Wife*, restores another remarkable, little-known woman to her rightful place in history, revealing the dissent hidden beneath the whimsical surfaces of Marie Catherine's fairy tales. *The Bee and the Orange Tree* is a beautifully lyrical and deeply absorbing portrait of a time, a place, and the subversive power of the imagination.

The Blue Rose

Viviane de Fitaud has grown up alone at the Chateau de Belisama-sur-le-Lac in Brittany. Her father, the Marquis, lives at the court of Louis XVI in Versailles. After a hailstorm destroys the chateau's orchards, gardens and fields an ambitious young Welshman, David Stronach, accepts the commission to plan the chateau's new gardens in the hope of making his name as a landscape designer. David and Viviane fall in love, but it is an impossible romance. Her father has betrothed her to a rich duke who she is forced to marry and David is hunted from the property. Viviane goes to court and becomes a maid-in-waiting to Marie-Antoinette and a member of the extended royal family. Angry and embittered, David sails away from England with Lord Macartney, the British ambassador, who hopes to open up trade with Imperial China. In Canton, the British embassy at last receives news from home, including their first reports of the French Revolution. David hears the story of 'The Blue Rose', a Chinese fable of impossible love, and discovers the blood-red rose growing in the wintry garden. He realises that he is still in love with Viviane and must find her. Viviane escapes the guillotine and returns to the ruin of Chateau de Belisima to rebuild her life. David carrying a cluster of rosehips finds her there, and together they decide to grow the fabled red rose of China in France.
