Old-House Journal

Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. Each issue explores hands-on restoration techniques, practical architectural guidelines, historical overviews, and homeowner stories--all in a trusted, authoritative voice.

The Adirondack Architecture Guide, Southern-Central Region

Explores the architectural treasures of the Southern-Central region of New York's Adirondack Park and places them in the context of Adirondack history and culture. The Adirondack Architecture Guide, Southern-Central Region provides a professional and insightful survey of the built environment of a unique area within New York's Adirondack Park. This book is the first field guide to the architecture of the Park, revealing the ordinary and the extraordinary, the remarkable buildings by prominent designers, as well as the hidden, unexpected gems few know exist. Based on more than seven thousand miles of fieldwork and years of research, the guide comprises more than seven hundred sites traversing the geographic range, socioeconomic strata, and historical span of the region from the late 1700s to the present. Organized according to clearly marked travel routes and fourteen tours on the ground and on the water, it features detailed maps and coordinates for each site, along with many beautiful photographs. Also included are eleven companion essays drawing on the expertise of professionals, local historians, and Adirondack residents that delve into the what, where, and why people built in the Adirondacks. Janet A. Null is an award-winning architect and President of Argus Architecture & Preservation, P.C. She lives in upstate New York and has practiced throughout the Adirondack region for more than twenty-five years.

Outdoor Decorating and Style Guide

The Desktop Publishing StyleGuide presents a solid foundation of a wide range of design and production components needed to successfully complete high quality publications. Twenty-five of the most common projects, like letterhead, brochures, and newsletters are included along with information on page elements, audience, effect, postal requirements, and more. Unlike other resources, design and typography techniques are linked to the software language in a single source. This is the perfect companion for graphic designers, desktop publishers and production artists.

Desktop Publishing Style Guide

Houston earned its international reputation as a hub for space flight and the oil industry. But visitors don't need to search out the secrets of the stars or the depths of the earth to experience the impressive legacy of the nation's fourth-largest city. Traverse the streets of downtown and find historic treasures from antebellum Texas. Venture to the outskirts to find the world's "Eighth Wonder," as well as the globe's tallest stone monument and one of its largest ports. Discover why the town's exceptional heritage of innovation, industry and architecture has sparked a movement to uncover and embrace its historic structures. Join Tristan Smith for an in-depth exploration of Houston's historic wards.

History Lover's Guide to Houston, A

With decades of experience living in Mishawaka and a deep-rooted connection to the city, Stuart Woedl is the perfect guide to help you discover the hidden gems, outdoor adventures, and vibrant culture that make Mishawaka, Indiana, an extraordinary destination. HowExpert publishes how to guides on all topics from A to Z by everyday experts.

HowExpert Guide to Mishawaka, Indiana

For the house lover and the curious tourist, for the house buyer and the weekend stroller, for neighborhood preservation groups and for all who want to know more about their community -- here, at last, is a book that makes it both easy and pleasurable to identify the various styles and periods of American domestic architecture. Concentrating not on rare landmarks but on typical dwellings in ordinary neighborhoods all across the United States -- houses built over the past three hundred years and lived in by Americans of every social and economic background -- the book provides you with the facts (and frame of reference) that will enable you to look in a fresh way at the houses you constantly see around you. It tells you -- and shows you in more than 1,200 illustrations -- what you need to know in order to be able to recognize the several distinct architectural styles and to understand their historical significance. What does that cornice mean? Or that porch? That door? When was this house built? What does its style say about the people who built it? You'll find the answers to such questions here. This is how the book works: Each of thirty-nine chapters focuses on a particular style (and its variants). Each begins with a large schematic drawing that highlights the style's most important identifying features. Additional drawings and photographs depict the most common shapes and the principal subtypes, allowing you to see at a glance a wide range of examples of each style. Still more drawings offer close-up views of typical small details -- windows, doors, cornices, etc. -- that might be difficult to see in full-house pictures. The accompanying text is rich in information about each style -- describing in detail its identifying features, telling you where (and in what quantity) you're likely to find examples of it, discussing all of its notable variants, and revealing its origin and tracing its history. In the book's introductory chapters you'll find invaluable general discussions of house-building materials and techniques ("Structure"), house shapes ("Form"), and the many traditions of architectural fashion ("Style") that have influenced American house design through the past three centuries. A pictorial key and glossary help lead you from simple, easily recognized architectural features -- the presence of a tile roof, for example -- to the styles in which that feature is likely to be found. This eBook edition has been optimized for screen.

A Field Guide to American Houses

"An engaging historical account and an attractive, practical resource." —Booklist Colonial, Neoclassical, Queen Anne, Craftsman—what distinguishes one architectural style from another? This unique book will allow readers to recognize the architectural features and style of virtually any house they encounter. Here, architect John Milnes Baker explains the historical, cultural, and technical influences that shaped each of these styles and many more. Organized in periods, from Early Colonial (1600–1715) to the Modern Movement (1920–60) and beyond, this tour of America's varied residential architecture is rendered in elevation drawings that precisely illustrate the key characteristics of each style. Nearly 25 years since the original publication of *American House Styles*, this updated edition includes a new preface and house styles from the mid-1990s to the present—from the rise and fall of the McMansion to energy-efficient, regionally influenced homes. The illustrations, now in color, are more delightful than ever in a new, larger format. This a must-have volume for anyone interested in architecture or adding a bit of style to their home.

American House Styles: A Concise Guide (Second edition)

Chicago's architecture attracts visitors from around the globe. The fourth edition of the *AIA Guide to Chicago* is the best portable resource for exploring this most breathtaking and dynamic of cityscapes. The editors offer entries on new destinations like the Riverwalk, the St. Regis Chicago, and The 606 as well as updated descriptions of Willis Tower and other refreshed landmarks. Thirty-four maps and over 500 photos make it easy to find each of the almost 2000 featured sites. A special insert, new to this edition, showcases the variety of Chicago architecture with over 80 full-color images arranged chronologically. A comprehensive index organizes entries by name and architect. Sumptuously detailed and user friendly, the *AIA Guide to Chicago* encourages travelers and residents alike to explore the many diverse neighborhoods of one of the world's great architectural destinations.

AIA Guide to Chicago

Founded in 1890 against the backdrop of the lush Bitterroot Valley, the town of Hamilton's history revolves around timber, the railroad, and agriculture. Hamilton owes its early history to copper baron Marcus Daly, whose Anaconda Company sawmill and private Bitter Root Stock Farm dominated the community through the late nineteenth century. The drama of the twentieth-century apple boom and the saga of the battle to cure Rocky Mountain tick fever enrich the town's more recent past. Drawing the

reader into the historical mosaic that is Hamilton, Montana, with architectural and historical information on town and valley history, buildings and historic sites, this guide is a treat for all those who would explore "the jewel of the Bitterroot."

A Guide to Historic Hamilton

In the Geographic Center of Montana sits Lewistown, whose rich history is still reflected in today's streets. A testament to the homesteading boom at the turn of the century, Lewistown grew with the surrounding communities. A service center, rail stop, and county seat, its population tripled between 1900 and 1910, then doubled again by 1920. It was not to last. Drought and agricultural depression drove thousands of homesteaders from the land in the 1920s and 1930s; Lewistown's boom had ended. But preserved from that heady period of expansion are the exceptionally crafted business blocks, homes, churches, often built of 'Lewistown red' brick or local sandstone. This architectural heritage awaits your discovery, on the streets of Lewistown and through this lively guide.

A Guide to Historic Lewistown

Written by locals, Fodor's travel guides have been offering trusted advice for all tastes and budgets for 80 years. Fodor's The Complete Guide to the National Parks of the West features comprehensive information on everything within each of the 38 national parks of the West and on the towns and attractions nearby. Every recommendation has been vetted by a local Fodor's expert to ensure travelers plan the perfect trip, from rafting the raging Colorado River as it pushes through the Grand Canyon, to viewing wildlife in Yosemite while you hike, to watching Yellowstone's Old Faithful geyser in action. This guide also includes special chapters to help you choose a park and advice for planning your visit like what to pack, which park passes to buy, and photography tips. This travel guide includes:

- Dozens of full-color maps
- Hundreds of hotel and restaurant recommendations
- Covers: Arches National Park, Badlands National Park, Banff National Park, Big Ben National Park, Black Canyon of the Gunnison National Park, Bryce Canyon National Park, Canyonlands National Park, Capitol Reef National Park, Carlsbad Caverns National Park, Channel Islands National Park, Crater Lake National Park, Death Valley National Park, Glacier and Waterton Lakes National Park, Grand Canyon National Park, Grand Teton National Park, Great Basin National Park, Great Sand Dunes National Park, Guadalupe Mountains National Park, Jasper National Park, Joshua Tree National Park, Lassen Volcanic National Park, Mesa Verde National Park, Mount Rainier National Park, North Cascades National Park, Olympic National Park, Petrified Forest National Park, Pinnacles National Park, Redwood National Park, Rocky Mountain National Park, Saguaro National Park, Sequoia and Kings Canyon National Parks, Theodore Roosevelt National Park, Wind Cave National Park, Yellowstone National Park, Yosemite National Park, and Zion National Park

Fodor's The Complete Guide to the National Parks of the West

America has an abundance of fascinating and varied house styles, as fascinating and diverse as its people. This unique book will allow readers to recognize the architectural features and style of virtually any house they encounter.

American House Styles

From the piney woods of northern Mississippi to the sandy beaches of the Gulf Coast, Jack and Winnie Baldwin, former inn inspectors for the Louisiana Bed and Breakfast Association, profile the states best inns in the most comprehensive guide of its kind. This handy guidebook is the result of years of travel by the Baldwins, who have personally visited and inspected each and every establishment that is listed. Baldwins Guide to Inns of Mississippi features over ninety inns, mansions, and bed-and-breakfast lodgings, and also lists prices, availability, deposit requirements, reservation information, payment methods, and special amenities--all of the important information necessary to make the right choice for an overnight or extended stay in any of these lovely settings. The authors' personal involvement shines through in their fascinating histories of the inns and their surroundings, recommendations for neighboring must-sees, and delicious recipes shared by the innkeepers. Jack and Winnie Baldwin also are the authors of Weekend Getaways in Mississippi, Baldwins Guide to Museums of Louisiana, and Baldwins Guide to Inns of Louisiana, all published by Pelican. They are experienced innkeepers, and currently operate their own bed and breakfast establishment in a historic cabin in Bernice, Louisiana.

The Old-house Journal

Bozeman has been home to many pasts. Founded in the 1860s, the town has grown from a frontier farming settlement to a bustling city and center of academic excellence. This guide tells the stories of the places and people that built Bozeman and the efforts to preserve the town's colorful history.

Baldwin's Guide to Inns of Mississippi

Thoroughly researched and meticulously written, this guidebook features more than 250 architectural wonders of wide-ranging styles in one of the loveliest neighborhoods in the Twin Cities.

A Guide to Historic Bozeman

A handbook for discovering the architectural gems in the Vieux Carré of New Orleans

AIA Guide to St. Paul's Summit Avenue and Hill District

Welcome to York, a city that can trace its beginnings to the origins of York County, South Carolina. Explore the thirty different styles of architecture in a compact historic district that is listed in the National Register of Historic Places. Within three blocks, discover how an elephant brought Santa Claus into town. Walk the paths of Catawba and Cherokee warriors and chiefs, as well as where leaders and militia rode during the Revolutionary War. And imagine the sights and sounds as Jefferson Davis gave his last public address before the cabinet of the Confederacy dissolved. The Yorkville Historical Society offers this fascinating history and more in a guided tour through the White Rose City.

French Quarter Manual

Completely revised and updated, AIA Guide to Chicago, Second Edition is the liveliest and most wide-ranging guide ever written about Chicago's architecture. More than a thousand individual buildings are featured, along with more than four hundred photos-many taken expressly for this volume-and thirty-five specially commissioned maps. The book is arranged geographically so that the user, whether Chicago citizen or visitor, can tour each area of the city as conveniently as possible. Building descriptions focus on the illuminating-but easily overlooked-details that give the behind-the-scenes, often unexpected story of why a building took the shape it did. And in the best Chicago tradition, this guide does not shy away from opinions where opinions are called for. Comprehensively researched, meticulously written, and more than thorough.

Guide to Olde York, A: The White Rose Tour

Hurricane Katrina ravaged much of New Orleans in 2005, but thankfully the city's most treasured historic homes survived. Plantations & Historic Homes of New Orleans is a poignant tribute of these storied mansions, whose architectural beauty brings a unique flair to the Big Easy's most famous neighborhoods. From the French Quarter and Garden District to Uptown, Marigny, and Bayou St. John, many of New Orleans' grandest old homes and nearby plantations are featured in this book, showcasing the massive brick columns, intricate cast-iron balconies, wide verandas, sumptuous parlors, and humble servants quarters that give this area its charm. Open these pages and you'll travel to Destrehan, the oldest plantation house in the Mississippi Valley, originally built of hand-hewn bald cypress timber using briquelette entre'pateaux, mud (clay, river sand, and Spanish moss) between post; the homes artist Edgar Degas and author William Faulkner lived in during their New Orleans' stays; and the 1850 House located in the Lower Pontalba building on Jackson Square. Learn about the building's namesake, a baroness with a tumultuous family life who managed to escape murder and was also responsible for building the American embassy in Paris. With lavish photographs of exteriors and rooms of special interest, gardens and curiosities, and detailed information about New Orleans' diverse architecture and history, this book is both a perfect guide for visitors and natives alike and an enchanting visual tour of one of the greatest cities in the United States.

Lonely Planet California

Old-House Journal is the original magazine devoted to restoring and preserving old houses. For more than 35 years, our mission has been to help old-house owners repair, restore, update, and decorate buildings of every age and architectural style. AIA Guide to Chicago

A crash course in designing and constructing buildings Too often, textbooks turn the noteworthy details of architecture into tedious discourse that would put even Frank Gehry to sleep. Architecture 101 cuts out the boring explanations, and instead provides a hands-on lesson that keeps you engaged as you explore the world's greatest structures. Featuring only the most important facts, building styles, and architects, you'll enjoy uncovering the remarkable world of architecture with this book. Inside, you'll also find fascinating elements like: Illustrations of popular building styles, such as Georgian and Greek Revival Drawings of the essential parts of different buildings Unique profiles of the most inspirational figures in architecture From Norman Foster and Frank Lloyd Wright to the Beauvais Cathedral and the Empire State Building, Architecture 101 is packed with hundreds of entertaining architecture tidbits that you can't get anywhere else!

Plantations & Historic Homes of New Orleans

Although there are other books about renovating old houses, this is the first that prioritizes the identification and preservation of the historic, character-defining features of a house as a starting point in the process. That is the purpose of this book: to describe and illustrate a best-practices approach for updating historic homes for modern life in ways that do not attempt to turn an old house into a new one. The book also suggests many ways to save money in the process, without settling for cheap or inappropriate solutions. Scott Hanson is a historic-building preservation professional and has 40 years' experience rehabilitating historic houses. He has illustrated this authoritative book with hundreds of step-by-step photos, illustrations, charts, and decision-making guides. Interspersed throughout are photo essays of 13 restored historic houses representing a range of periods and architectural styles: Italianate, Victorian, Queen Anne, Federal, Colonial, Colonial Revival, Greek Revival, Ranch, Adobe, Craftsman, Shingle, and Rustic. With interior and exterior photography by David Clough, these multi-page features show what can be achieved when a historic home is renovated with a desire to preserve or restore as much historic character as possible.

Old-House Journal

Fully updated, this irreverent guide to the City of Angels focuses on both the major tourist destinations as well as lesser-known gems and curiosities. A colour photograph section brings the city's highlights to life, from the Hollywood Hills to Santa Monica Boulevard. Each chapter gives detailed coverage of each area's attractions, from accommodation and restaurants to galleries, shops, sports activities and child-oriented diversions. There are also feature articles on such subjects as Hollywood, LA on film, architecture and LA people.

Architecture 101

According to a recent national survey, more construction contractors use QuickBooks Pro and QuickBooks than all other accounting programs combined. And for good reason. QuickBooks Pro excels at all the routine paperwork in a construction office: writing checks, keeping track of your bank balance, sending out invoices and statements, creating up-to-the-minute profit and loss statements for the month, year or by job, writing payroll checks, paying suppliers and subcontractors, tracking job costs, comparing estimated and actual costs for each job, and much more. But there's a lot to learn in QuickBooks Pro. And converting to a new accounting system can be a complex and confusing task, even if you have a strong background in accounting and plenty of time to install the new system. That's why this book was written -- because most construction pros aren't accounting experts and have more important work to do at the job site.

Proposed Master Plan Update Development Actions, Seattle-Tacoma (Sea-Tac) International Airport, King County

A unique, dynamic, sophisticated Muslim culture flourished in Spain between 711 and 1492 CE, leaving us with some of the world's most breathtaking works of architecture, such as Cordoba's Mezquita and the Alhambra of Granada. But Islamic Spain is not merely a historical fact: many thousands of Muslims remained secretly after the fall of al-Andalus, and we can trace their influence through Spanish food, language, arts and traditions. Join us on a fascinating journey through the lost land of al-Andalus, visiting its major towns and meeting modern-day Muslims in this beautiful, friendly country. Huma's Travel Guide to Islamic Spain offers essential advice for anyone wishing to enjoy this magical and accessible place. It is unique in providing: Detailed, practical information on Cordoba, Seville, Malaga, Ronda, Granada and other towns important in Muslim times Essential travel information An in-depth history of Islamic Spain and its key sites Recommended places to eat, stay, visit and shop Easy-to-use maps A language and food guide Fiqh of travel Biographies of key Andalusí personalities Written and researched by Medina Tenour Whiteman. With additional contributions by Tahira Larmore Whiteman and Dr Abdur-Rahman Mangera.

Restoring Your Historic House

Tells how to evaluate a property, buy an old house, and plan a restoration, and covers masonry, plumbing, electrical systems, windows, doors, drywall, floors, and woodwork.

The Rough Guide to Los Angeles

This remarkable, information-packed architectural field guide to historic sports in the Western states comes from the authors of the perennially popular FIELD GUIDE TO AMERICAN HOUSES. The book covers 110 cities and towns with 172 historic neighborhoods and almost 200 museum houses. Over 300 illustrations and 175 maps.

Contractor's Guide to Quickbooks Pro 2002

During the first four decades of the twentieth century, prefabricated and catalogue homes grew in popularity and number. Built and occupied by farmers, merchants, the new armies of factory workers and other lower- and middle-class families, these are the modest homes that today line American streets. Using mail-order house catalogues from the time, Robert Schweitzer and Michael W. R. Davis chart the development of catalogue houses and their variations and include floor plans for many models. Students of architecture, whether amateur or professional, preservationists and academics will find in America's Favorite Homes a handy reference to those homes that soon will be eligible for historic designation.

Huma's Travel Guide to Islamic Spain

American Houses is a historical guide to the architecture of the American home. While other architectural field guides show only façades, this book includes floor plans, showing how the form of a house arises from its function. Photographs and drawings of exteriors illustrate the significant field marks of each style and help pinpoint the key elements that can identify a house even when it has been remodeled beyond recognition. Beautifully illustrated, clearly written, and impeccably researched, American Houses is an essential reference for anyone interested in the history of American residential architecture.

The Old-house Journal Guide to Restoration

An illustrated monthly magazine in the interest of better art, better work and a better more reasonable way of living.
