Top of the Morning

Discover the cutthroat world behind the polite smiles and perky demeanors of morning news in the book that inspired the Apple TV series starring Reese Witherspoon, Jennifer Aniston, and Steve Carrell. When America wakes up with personable and charming TV hosts, it's hard to imagine their show bookers having to guard a guest's hotel room all night to prevent rival shows from poaching. But that is just a glimpse of the intense reality revealed in this gripping look into the most competitive time slot in television. Featuring exclusive content about all the major players in American morning television,

the book illuminates what it takes to win the AM -- when every single viewer counts, tons of jobs are on the line, and hundreds of millions of dollars are at stake. Author Brian Stelter is behind the scenes as Ann Curry replaces Meredith Vieira on the Today show, only to be fired a year later in a fiasco that made national headlines. He's backstage as Good Morning America launches an attack to dethrone Today and end the longest consecutive winning streak in morning television history. And he's there as Roberts is diagnosed with a crippling disease -- on what should be the happiest day of her career. So grab a cup of coffee, sit back, and discover the dark side of the sun. PRAISE FOR TOP OF THE MORNING "Mr. Stelter pulls back the curtains and exposes a savage corporate world that might have been inhabited by the Sopranos." - Washington Times "A troubling look inside an enterprise as vicious and internecine as a soap opera." - Kirkus Reviews

Red Sky in the Morning

The classic children's novel of a teenage girl and her special needs brother is "quite simply, a wonderfully moving story about the power of love" (Times Educational Supplement). Twelve-year-old Anna Peacock is looking forward to the birth of her baby brother. But when Ben is born with a rare condition, it is clear that he will never be like other children. Though Anna loves him immensely, she finds herself unable to tell her friends the truth about Ben's disability. Over the years of Ben's tragically short life, Anna's perspective matures and changes. When the truth does come out, it leads not to the ridicule she once expected, but to sympathy and understanding. Highly commended for the Carnegie Medal, Elizabeth Laird's *Red Sky in the Morning* is a heartfelt tale of love, loss, family and friendship. "A wry first-person narrative . . . Discussion of handicaps, death and bereavement, and religious belief are carefully integrated into the story." —School Library Journal

The Evening and the Morning

#1 New York Times Bestseller An Amazon Best Book of 2020 The thrilling and addictive prequel to *The Pillars of the Earth*--set in England at the dawn of a new era: the Middle Ages "Just as transporting as [The Pillars of the Earth] . . . A most welcome addition to the Kingsbridge series." --The Washington Post It is 997 CE, the end of the Dark Ages. England is facing attacks from the Welsh in the west and the Vikings in the east. Those in power bend justice according to their will, regardless of ordinary people and often in conflict with the king. Without a clear rule of law, chaos reigns. In these turbulent times, three characters find their lives intertwined. A young boatbuilder's life is turned upside down when his home is raided by Vikings, forcing him and his family to move and start their lives anew in a small hamlet where he does not fit in. . . . A Norman noblewoman marries for love, following her husband across the sea to a new land, but the customs of her husband's homeland are shockingly different, and it soon becomes clear to her that a single misstep could be catastrophic. . . . A monk dreams of transforming his humble abbey into a center of learning that will be admired throughout Europe. And each in turn comes into dangerous conflict with a clever and ruthless bishop who will do anything to increase his

wealth and power. Thirty years ago, Ken Follett published his most popular novel, *The Pillars of the Earth*. Now, Follett's masterful new prequel *The Evening and the Morning* takes us on an epic journey into a historical past rich with ambition and rivalry, death and birth, love and hate, that will end where *The Pillars of the Earth* begins.

Sunday Morning at the Centre of the World

This is a celebration of the author's ten years living above a small shop in a London suburb. De Bernieres writes about the people, their humour and their tragedy, that helped make him feel he was living at the centre of the world."

The book includes a 40-page introduction with Albert Falzon and Torren Martyn, a foreword by David Elfick, and essays by Sean Doherty, Jamie Brisick, Simon Jones and Falzon, who share intimate stories, dive deep into the history of the film, reveal rare never-before-seen archival treasures, and explore the early development of an artist and the filmmaker's journey. This treasure keeps the story going and, as a comprehensive look at Morning of the Earth's 50-year heritage, is a must-have and pre-requisite for any surfer and cinephile alike. It is a stunning time capsule that paints a picture of imagination and will allow you to fall in love with Morning of the Earth all over again.

Morning of the Earth

'No one writes more movingly, or with such transporting poetic skill, about encounters with wild creatures. Its pages course with sympathy, humility, and wisdom' Helen Macdonald, author of *H is for Hawk* From his home deep in a Scottish glen, John Lister-Kaye has watched and come to understand intimately the movements and habits of the animals, and in particular the birds, that inhabit the wild and magnificent Highlands. Drawing on a lifetime of observation, *Gods of the Morning* is his wise and affectionate celebration of the British countryside and the birds that come and go through the year. It is also a lyrical reminder of the relationship we have lost with the seasons and a call to look afresh at the natural world around us.

In the Morning of the World Some of the Greek Myths

Lauded by fellow authors, a five star 'SFX recommends' title, adored by the bloggers, Mark Alder's debut novel of angels, demons, kings and the Hundred Years War marks the beginning of a hugely exciting new series. Edward III stands in a burnt English church, destroyed in a French raid. A raid on his land, a raid on him. He is in debt and surrounded by doubters, only victory against France will save

his throne. But Philip of Valois can put 50,000 men in the field. He has sent his priests to summon the very angels themselves to fight for France. Edward could call on God for aid but he is a usurper. What if God truly is on the side of the French? But for a price, Edward could open the gates of Hell and take an unholy war to France ... Mark Alder has brought the epic fantasy of George R.R. Martin to the vivid historical adventure of Bernard Cornwell and has created a fantasy that will sweep you to a new vision of the Hundred Years War.

Son of the Morning

Fifteen-year-old Jim Hay believes that war is a glorious adventure and cannot wait for his turn to fight. But as his father boldly marches off to battle in August 1914, Jim must be content to record his thoughts and dreams in his journal. All too quickly, however, Jim's simple life begins to unravel. His father is killed in action, his mother suffers a breakdown and, when he does at last join up, it is as much to find refuge as it is to seek glory. What Jim discovers in the trenches of France is enough to dispel any romantic view of the war. Soon, his longing for adventure is replaced by a basic need to survive and the final tragic outcome is one he never could have imagined. The first installment in the Fields of Conflict series, *And in the Morning* will appeal to young readers aged fourteen to sixteen.

And in the Morning

This is the first book to study the cultural impact of the Armistice of 11 November 1918. It contains 14 new essays from scholars working in literature, music, art history and military history. The Armistice brought hopes for a better future, as well as sadness, disappointment and rage. Many people in all the combatant nations asked hard questions about the purpose of the war. These questions are explored in complex and nuanced ways in the literature, music and art of the period. This book revisits the silence of the Armistice and asks how its effect was to echo into the following decades. The essays are genuinely interdisciplinary and are written in a clear, accessible style.

Secrets of Bali

One morning in 2011, Libby DeLana stepped outside her New England home for a walk. She did the same thing the next day, and the next. It became a daily habit that has culminated in her walking over 25,000 miles - the equivalent of the earth's circumference. In *Do Walk*, Libby shares the transformative nature of this simple yet powerful practice. She reveals how walking each day provides the time and space to reconnect with the world around us; process thoughts; improve our physical wellbeing; and unlock creativity. It is the ultimate navigational tool that helps us to see who we are - beyond titles and labels, and where we want to go. With stunning photography, this inspiring and reflective guide is an invitation to step outside, and see where the path takes us.

Morning Meals Around the World

Winner of the Hay Festival Award for Prose, Winner of the 2016 IWMF Courage in Journalism Award, Shortlisted for the New York Public Library's Helen Bernstein Excellence in Journalism Award, Shortlisted for the 2017 Moore Prize for Non-Fiction Literature. In May of 2012, Janine di Giovanni travelled to Syria, marking the beginning of a long relationship with the country, as she began reporting from both sides of the conflict, witnessing its descent into one of the most brutal, internecine conflicts in recent history. Drawn to the stories of ordinary people caught up in the fighting, Syria came to consume her every moment, her every emotion. Speaking to those directly involved in the war, di Giovanni relays the personal stories of rebel fighters thrown in jail at the least provocation; of children and families forced to watch loved ones taken and killed by regime forces with dubious justifications; and the stories of the elite, holding pool parties in Damascus hotels, trying to deny the human consequences of the nearby shelling. Delivered with passion, fearlessness and sensitivity, *The Morning They Came for Us* is an unflinching account of a nation on the brink of disintegration, charting an apocalyptic but at times

tender story of life in a jihadist war - and an unforgettable testament to human resilience in the face of devastating, unimaginable horrors.

Do Walk

Children's picture book to say good morning to the world with your little ones. Bright colorful beautiful way to start each day

The Morning They Came for Us

Translated and Introduced by Magnus J. Krynski and Robert A. Maguire Regarded as one of the best representatives since World War II of the rich and ancient art of poetry in Poland, Wislawa Szymborska (1923-2012) is, in the translators' words, "that rarest of phenomena: a serious poet who commands a large audience in her native land." The seventy poems in this bilingual edition are among the largest and most representative offering of her work in English, with particular emphasis on the period since 1967. They illustrate virtually all her major themes and most of her important techniques. Describing Szymborska's poetry, Magnus Krynski and Robert Maguire write that her verse is marked by high seriousness, delightful inventiveness, a prodigal imagination, and enormous technical skill. She writes of the diversity, plenitude, and richness of the world, taking delight in observing and naming its phenomena. She looks on with wonder, astonishment, and amusement, but almost never with despair.

Good Morning World

"Tip" Marugg's *The Roar of Morning* has been widely praised as an intensely personal, often dreamlike literary masterpiece that balances Caribbean mysticism with the magical realism of Latin American fiction while reflecting the Calvinist sensibilities of the region's Dutch colonial past. The story begins on a tropical Antilles night. A man drinks and awaits the coming dawn with his dogs, thinking he might well commit suicide in "the roar of morning." While contemplating his possible end, the events of his life on Curaçao and on mainland Venezuela come rushing back to him. Some memories are recent, others distant; all are tormented by the politics of a colonialist "gone native." He recalls sickness and sexual awakening as well as personal encounters with the extraordinary and unexplained. As the day breaks, he has an apocalyptic vision of a great fire engulfing the entire South American continent. The countdown to Armageddon has begun, in a brilliantly dissolute narrative akin to Malcolm Lowry's *Under the Volcano* and the writings of Charles Bukowski.

Sounds, Feelings, Thoughts

To the outside world, Claudia Stevenson has the perfect life: a fulfilling marriage, two gorgeous children and a successful career. But behind closed doors she is living her own secret nightmare. A verbally abusive relationship has left her with more questions than answers, more self-doubt than self love. An unintended love triangle threatens to destroy her world as she knows it. An unexpected turn of events leads her on a path where she will watch her life turn on its head in a tragic twist of circumstances that will leave you breathless and gasping for more. Based on a true story, *Four in the Morning* is a story of love, tragedy, forgiveness and redemption and is dedicated to a family whose lives were left shattered in the aftermath of events that will never be fully understood.

The Roar of Morning

Winner of the Philip K Dick Award "Filled with wondrous language, marvelous events." —*Science Fiction Chronicle* In Ireland, three generations of young women fight to control the powers coursing through their blood: the power to bring the mystical Otherworld into our world, and change it. Emily, Jessica and Enye must each face their dark side of human mythoconsciousness—and their own personal histories. But the forces of faerie are ever treacherous... Filled with vivid, passionate characters you will never forget, *King of Morning, Queen of Day* is a spellbinding fantasy of the real Ireland. "McDonald's power as a storyteller lies in his stylistic versatility and intensity of language as well as in his capacity to create vivid and memorable characters. Highly recommended." —*Library Journal* "A brilliant book." —Charles de Lint

Four in the Morning

Palestine, 1948. A mother clutches her six-month-old son as Israeli soldiers march through the village of Ein Hod. In a split second, her son is snatched from her arms and the fate of the Abulheja family is

changed forever. Forced into a refugee camp in Jenin and exiled from the ancient village that is their lifeblood, the family struggles to rebuild their world. Their stories unfold through the eyes of the youngest sibling, Amal, the daughter born in the camp who will eventually find herself alone in the United States; the eldest son who loses everything in the struggle for freedom; the stolen son who grows up as an Israeli, becoming an enemy soldier to his own brother. *Mornings in Jenin* is a devastating novel of love and loss, war and oppression, and heartbreak and hope, spanning five countries and four generations of one of the most intractable conflicts of our lifetime.

King of Morning, Queen of Day

At sunrise, young Michael spots a whale on the shores of the Thames and thinks he must be dreaming. But the creature is real and it has a message for him - one that only an open-minded child can deliver to the rest of the world.

Mornings in Jenin

Finalist for the National Book Award: Joan Williams's unforgettable first novel is the story of a small Southern town struggling to care for one of its own. In a rundown farmhouse in Mississippi, Jake Darby wakes up one morning to find his world forever changed. His long-suffering mother has died overnight, abandoning forty-year-old Jake, who is mute and, according to his neighbors, not quite right in the head. With no family to take him in, it is up to the townspeople of Marigold to take care of Jake, a grave responsibility that brings out the best—and the worst—of a community in which painful truths are usually hidden from sight. In such a place, even the kindest of acts can lead to the most tragic of outcomes. Heralded as the debut of a major new talent when it was first published in 1961, *The Morning and the Evening* won the John P. Marquand First Novel Award from the Book-of-the-Month Club and established Joan Williams as a leading voice in Southern literature. Elegant, compassionate, and deeply unsettling, it is a portrait of the human spirit in all of its flawed and intricate beauty, and a tale firmly grounded in reality yet told with all the power of myth.

This Morning I Met a Whale

Set in the turbulent times of twelfth-century England when civil war, famine, religious strife and battles over royal succession tore lives and families apart, *The Pillars of the Earth* tells the story of the building of a magnificent cathedral. Against this richly imagined backdrop, filled with intrigue and treachery, Ken Follett draws the reader irresistibly into a wonderful epic of family drama, violent conflict and unswerving ambition. From humble stonemason to imperious monarch, the dreams, labours and loves of his characters come vividly to life.

Good Morning

An Episcopal priest, a spiritual wilderness, and a couple who shared the fire that led to a longed-for renewal. This now classic story tells how the Charismatic Movement began and swept into churches across America. Father Dennis is still hailed as one of the central figures in the early renewal movement. *Nine O'Clock in the Morning* is Father Dennis's testimony that God can and will release His power to His people if we allow Him to truly become the King of our lives. When, in 1960, Father Dennis Bennett announced to his congregation that he had experienced a new outpouring of God's Spirit... the renewal movement can be said to have begun. --1973 Yearbook of the Encyclopedia Britannica Today's generation needs the power of the Holy Spirit to protect them from a secular culture which promotes life without God. *Nine O'Clock in the Morning*, Dennis Bennett's classic work on the Baptism in the Holy Spirit, will change the lives of young and old alike. I highly recommend it. --Paul F. Crouch, President, Trinity Broadcasting Network I commend *Nine O'Clock in the Morning* to you as a testimony to what God is doing today. --John L. Sherrill, author of *They Speak With Other Tongues*

Towards the End of the Morning

Learn how you can take charge and transform your day through a simple, minimum 5 minute morning routine. You will learn new ways to boost your energy in the mornings, how to build your morning routine and how to stick to the habit of morning routines. Krystian Szastok has written this book based on his research and practice of morning routines over many years, he has been coached and mentored by extremely successful entrepreneurs and life coaches to maximise his everyday success and bring a mix of self discovery and motivation to your morning. The book doesn't just cover morning routines, but also helps you discover your inner calling and add more purpose to your life. These qualities and accomplishments will bring you closer to others in your life, and help you grow new relationships. From inside of the book: "Imagine if you could wake up, get inspired, get some exercise, read, meditate, plan your day, hydrate, have your morning coffee, work on your side projects, and send messages to your loved ones - all before the majority of the world is even awake. I did all this today (as I'm writing this book) by waking up at 4am and just 'doing it'. You can accomplish these things too, just start waking up 15 minutes earlier than you would usually - take small steps. I used to wake up at 7am for a year, because that felt like my absolute earliest (due to climate I wasn't functioning well, it was way too hot in Asia for me)." "Who is this book for? If you're someone who wants to achieve more in your life - this book is for you. If you're a freelancer or a business owner and you have a lot of daily responsibilities, this book is for you. If you're in a relationship and want to connect better with your partner, or if you're currently single, this is a book for you. Whatever stage of life you're at or lifestyle you're leading, adding morning routines will skyrocket your daily performance.

What Sound Is Morning?

A dazzling collection of prose from one of the greatest poets and storytellers of the twentieth century.

Nine O'Clock in the Morning

The Tale began when young Prince Amatus secretly sipped the forbidden Wine of the Gods, leaving him half the lad he'd once been--literally--for his left side suddenly vanished without a trace! But, as is often the case in Tales of this sort, the young Prince's misfortune was also a sort of blessing in disguise. For a year and a day later, four Mysterious Strangers appeared, and, as Amatus grew to manhood, they guided him on a perilous quest to discover his true identity--not to mention adventure, danger, tragedy, triumph, and true love. John Barnes has been heralded as "one of the most able and impressive of SF's rising stars" (Publishers Weekly) for his widely praised novels including *Orbital Resonance* and *A Million Open Doors*. Now, in *One for the Morning Glory*, John Barnes has crafted an artful and immensely entertaining fable that takes its place as a modern fantasy classic beside such enduring works as William Goldman's *The Princess Bride* and T.H. White's *The Once and Future King*.

The Little Book of Morning Routines

NOW A MAJOR NETFLIX FILM 'THE MIDNIGHT SKY', DIRECTED BY GEORGE CLOONEY, STARRING FELICITY JONES AND GEORGE CLOONEY 'A remarkable and gifted debut' Colson White-

head, author of The Underground Railroad 'Fans of Emily St. John Mandel's Station Eleven and Kim Stanley Robinson's Aurora will appreciate the Brooks-Dalton's exquisite exploration of relationships' Washington Post There is a particular beauty in silence, in being cut off from the world. Augustine, a brilliant, ageing scientist, is consumed by the stars. He has spent his entire life searching for the origins of time itself. He has now been left alone on a remote research base in the Arctic circle, all communication with the outside world broken down. But then he discovers a mysterious child, Iris, who must have hidden herself away when the last of his colleagues departed. Sully is a divorced mother. She is also an astronaut, currently aboard The Aether on a return flight from Jupiter. This is the culmination of her career, the very reason for all the sacrifices she has made - the daughter she left behind, the marriage she couldn't save. When all communication goes silent, she is left wondering what she will be returning to. Marooned in the vast silence of space and the achingly beautiful sweep of the Arctic, both Augustine and Sully begin to understand their place in the world, and what gives their life meaning. For only in the silence can we find out who we truly are.

Quite Early One Morning

The dramatic story of Lady Hester Stanhope - a wilful beauty turned bohemian adventurer - who left England as a young woman, unashamedly enjoyed a string of lovers and established her own exotic fiefdom in the Lebanese mountains where she died in 1839. Ambitious, daring and uncompromising, Lady Hester Stanhope was never cut out for a conventional life. Born into an illustrious political dynasty, she played society hostess for her uncle, William Pitt the Younger. After his death, she struck out for uncharted territory, setting sail with her lover for the Mediterranean and Constantinople - turning her back on England, as events would transpire, forever. It was in the Middle East, however, that she found her destiny. As the greatest female traveller of her age, she was the first western woman to cross the Syrian desert, where she was hailed by the Bedouin as their 'Star of the Morning'. From her labyrinthine fortress in the mountains of Lebanon, where she established what amounted to her own fiefdom, she exerted a canny influence over the region's devious politics. Hers was a life of adventure and intrigue - yet in the years following her death her remarkable story has been largely dismissed, reworked by the Victorians into a cautionary tale for young women with wayward tendencies. This captivating biography, drawing on fresh research from three continents, resurrects Hester as the complex, courageous and fearless woman she was, bringing to life her hidden loves, friendships and ambitions. More than a mere traveller, here was a woman whose aspirations led her straight to the heart of the shadowy race for influence between the great powers of the nineteenth century - a world of shifting alliances, double agents, romance, intrigue and murder. Above all, Lady Hester Stanhope was a woman driven by her desire to make a mark on the world, whose search for love and spiritual meaning in a war-torn Middle East provide an illuminating and moving parallel for our time.
