Free Fire

Joe Pickett, recently fired from his job as a Wyoming game warden, is working on his father-in-law's ranch when he receives a visit from the governor. Governor Rulon - a devious but down-home politico - has a special request, one Joe knows he can't refuse. For weeks, the headlines have been abuzz with the story of Clay McCann, a lawyer who slaughtered four campers in a far-off corner of Yellowstone. After the murders, McCann immediately turned himself in at the nearest ranger station. Seemed like a slam-dunk case for law enforcement - except that the crimes were committed in a thin sliver of land with zero residents and overlapping jurisdiction, the so-called free-fire zone. McCann has taken advantage of an obscure loophole in the law: neither the state nor the federal government can try him for his crime. The worst mass murderer in Wyoming history walks out of jail a free man. Governor Rulon, sensitive to the rising tide of public outrage, wants his own investigation into the murders and will reinstate Joe as a game warden if he'll go to Yellowstone "without portfolio" to investigate. Joe, happy to get his badge back, even under these circumstances, agrees. It quickly becomes clear to Joe that McCann is deeply involved with some illegal activity taking place in the park - something tremendously lucrative and unusually dangerous. As Joe and his partner Nate Romanowski search for the key to the murders, they discover that it may be hidden in the rugged terrain of the park itself.

Joe Picket 7-12

Free Fire Joe Pickett's been hired to investigate one of the most cold-blooded mass killings in Wyoming history. Attorney Clay McCann admitted to slaughtering four campers in a back-country corner of Yellowstone National Park - a 'free-fire' zone with no residents or jurisdiction. In this remote fifty-square-mile stretch a man can literally get away with murder. Now McCann's a free man, and Pickett's about to discover his motive - one buried in Yellowstone's rugged terrain, and as dangerous as the man who wants to keep it hidden. Blood Trail Game wardens have found a man dead at a mountain camp-strung up, gutted, and flayed as if he were the elk he'd been hunting. Is the murder the work of a deranged anti-hunting activist or of a lone psychopath with a personal vendetta? Wyoming game warden Joe Pickett is the man to track the murderer and stop him, before someone declares open season on humans... Below Zero Six years ago, Joe Pickett's foster daughter, April, was murdered. Now, someone is leaving phone messages claiming to be the dead girl. As his family struggles with the disturbing event, he discovers that the calls have been placed from locations where serious environmental crimes have occurred. And as the phone calls grow closer, so does the danger... Nowhere to Run It's Joe Pickett's last week as a temporary game warden in the mountain town of Baggs, Wyoming, but his conscience won't let him leave without checking out the strange reports coming from the wilderness: camps looted, tents slashed, elk butchered. What awaits him is like something out of an

old campfire tale, except this story is all too real-and all too deadly. Cold Wind A body hangs from a wind turbine, a bullet hole in his chest: Earl Alden, millionaire property developer. His wife, Missy, is the prime suspect. It wouldn't be a problem for Joe Pickett, if Missy weren't his mother-in-law. Missy claims she's innocent, and for his wife's sake, Joe would like to believe her... but all the early signs point to her being as guilty as sin. With his wife on one side and the law on the other, Joe needs to get to the truth before his family is ripped apart. Force of Nature Years ago Joe Pickett's best friend, Nate Romanowski, was in a Special Forces unit abroad when his commander, John Nemecek, did something terrible. Now the high-ranking government official and cold-blooded sociopath is determined to eliminate anyone who knows about it - like Nate, who's hidden himself away in Wyoming's Bighorn Mountains. And he knows exactly how Nemecek will do it-by targeting Nate's friends to draw him out. That includes his friend, game warden Joe Pickett, and Pickett's entire family. The only way to fight back is outside the law. Nate knows he can do it, but he isn't sure about his straight-arrow friend. And all their lives could depend on it.

Below Zero

Box's ninth novel to feature Wyoming game warden Joe Pickett begins with a bombshell: could Pickett's foster daughter, April, who apparently died six years earlier in Winterkill, still be alive? "Tell Sherry April called." A simple phone message that shakes Joe Pickett's oldest daughter Sheridan and the rest of the family to the core. To Joe, it doesn't seem even remotely possible that April could have survived the massacre described in Winterkill six years before. He was there, and he was unable to save her. But Sheridan starts to believe there's a chance that April is still alive, and her suspicions are confirmed when the person sending texts to her cellphone is able to recall family incidents only April could know. Joe, however, remains wary of the messages. But when the texts start to refer to "bad things," and when Marybeth discovers they come from locations throughout the West where vicious murders have taken place, alarm bells go off. Desperate to discover if April is still alive and to save her from possible danger, Joe, Sheridan, and Nate Romanowski take to the road to connect the texts with the crimes. Meanwhile, a dying Chicago mobster named Stenko and a much younger girl cross the country. He's on a mission to reconcile with his extreme environmentalist son before he dies. His son is less interested in reconciliation than in getting his father to repent for the environmental crimes he's committed during his lifetime. He wants his father to become not just carbon neutral, but to reduce his carbon footprint to below zero - as if he'd never even existed. As the path of Stenko and his companions starts to cross with Joe, Sheridan, and Nate, the question is raised: Is this young girl April or are the Picketts the victims of a cruel hoax?

Nowhere to Run

Joe Pickett's in his last week as the temporary game warden in the town of Baggs, Wyoming, but there have been strange things going on in the mountains, and his conscience won't let him leave without checking them out: reports of camps looted, tents slashed, elk butchered. And then there's the runner who simply vanished one day. Joe doesn't mind admitting that the farther he rides, the more he wishes he could just turn around and go home. And he is right to be concerned. Because what awaits him is like nothing he's ever dealt with, like something out of an old story, except this is all too real and too deadly. When he'd first saddled up, he'd thought of this as his last patrol. What he hadn't known was just how accurate that thought might turn out to be.

Blood Trail

A gripping read from C.J. Box, author of the Joe Pickett and Cassie Dewell series, now adapted into the hit TV shows Joe Pickett and Big Sky. It's elk season in the Rockies, but this year one hunter is stalking a different kind of prey. When the call comes in on the radio, Wyoming Game Warden Joe Pickett can hardly believe his ears: game wardens have found a hunter dead at a camp in the mountains: strung up, gutted, skinned, and beheaded, as if he were the elk he'd been pursuing. A spent cartridge and a poker chip lie next to his body. Ripples of horror spread through the community, and with a possibly psychotic killer on the loose, Governor Rulon is forced to end hunting season early for the first time in state history, outraging hunters and potentially crippling the state's income from the loss of hunting licence revenue. But when the brutal murders eerily coincide with the arrival of radical anti-hunting activist Klamath Moore, Pickett knows the Governor's ruling is the least of his worries. Are the murders the work of a deranged activist or of a lone psychopath with a personal vendetta? As always, Joe Pickett is the governor's go-to man, and he's put on the case to track the murderous hunter, as more

bodies - and poker chips - turn up. Reviews for Blood Trail 'Box knows what readers expect and delivers it with a flourish.' Cleveland Plains-Dealer 'Writing beautifully about the Mountain West and its people.' Publishers Weekly 'Writing genius...on a par with...James Lee Burke...' Library Journal

Trophy Hunt

Local authorities are quick to label a rash of animal mutilations as the work of a grizzly bear, but Joe Pickett suspects that something far more sinister is afoot. From #1 New York Times bestselling author C. J. Box comes a dramatic short story of justice—both old and new—featuring Wyoming game warden Joe Pickett. The West is not the way it's portrayed in the movies. But when a man from the East brings trouble for Nate Romanowski and his friend Joe Pickett, a little frontier-style justice may be just what's called for. An exciting new addition to the series that People hails for “combin[ing] harrowing adrenaline rushes with complex morality, humor, and a landscape described so vibrantly it seems to have a life all its own.”

The Master Falconer

A dramatic short story of justice both old and new from the New York Times-bestselling author of *BREAKING POINT* and *THE HIGHWAY*. The West is not the way it's portrayed in the movies, but when a man from the East brings trouble for Nate Romanowski and his friend Joe Pickett, a little frontier-style justice may be just what's called for. Pronghorns of the Third Reich

Lyle and Juan wait outside the lawyer's house in ski masks, pistols hidden behind their backs. Shortly after dawn, Paul Parker, an aged lawyer, and his old dog step into the cold. The thugs kill the dog, and take the lawyer hostage. Parker's day has started badly and is going to get much worse. Once a fine lawyer, Parker's enthusiasm has slipped with age, and criminals like Lyle are part of the reason for his disillusionment. Years after they last saw each other in court, Lyle is convinced that Parker owes him something. At gunpoint, Lyle and Juan make Parker lead them to the old ranch, to open up a hidden library whose volumes hold the secret to forgotten riches, and the strangest war profiteering scheme to ever come out of the Great Plains.

Endangered

Blood is always thicker than water. Joe Pickett has good reason to dislike Dallas Cates. His eighteen-year-old foster daughter, April, has just run off with him. Then comes even worse news: April has been found barely alive in a ditch along the highway, and the doctors don't know if she'll recover. Of course, Cates denies having anything to do with it but Joe knows in his gut who's responsible. The problem is there's no proof. Joe's going to find out the truth, if it kills him. And, as he confronts the ruthless Cates clan, it just might.

Open Season

Winner of the Anthony Award for Best First Novel Winner of the Gumshoe Award for Best First Novel Winner of the Barry Award for Best First Novel Winner of the Macavity Award for Best First Novel There's nothing unusual about the sound of a gunshot in Twelve Sleep. But when Joe Pickett hears two sharp cracks ring out months before hunting season, it's his job to investigate. As game warden in Twelve Sleep, father-of-two Joe Pickett is not only badly paid and poorly housed, but deeply unpopular. So when the source of the shots - a well-known poacher - gets off scott-free after a humiliating confrontation, the locals are delighted. And then the poacher turns up dead in the Pickett's backyard. Charged with investigating the first murder he's ever encountered, Joe soon finds himself swamped with questions. How did the dead man get to his house? What was in the empty cooler by his side? And why do his colleagues want to sweep the case under the rug? Battling grudge-holding neighbours, corrupt officials and out-of-town activists, Joe begins to unravel a mystery that threatens the life and the family he loves.

Phineas Redux

Butch Roberson was known by all as a local business owner, a hard worker, and a family man. Then he disappeared, leaving two dead bodies in his wake. Now he's known as a murderer – though Joe Pickett cannot believe someone as gentle as Butch could have the instincts of a killer. But perhaps the man just cracked. When Joe investigates further, he finds himself in the middle of a war he never expected and never wanted. Powerful forces want Roberson not just caught, but dead – and the same goes for anyone who stands in their way.

The Joe Pickett Boxset 1-10

Don't miss the JOE PICKETT series—now streaming on Paramount+ Wyoming game warden Joe Pickett has two lethal cases to contend with in this electrifying novel from #1 New York Times bestselling author C.J. Box. Wyoming's new governor isn't sure what to make of Joe Pickett, but he has a job for him that is extremely delicate. A prominent female British executive never came home from the high-end guest ranch she was visiting, and the British Embassy is pressing hard. Pickett knows that happens sometimes--these ranches are stocked with handsome young cowboys, and "ranch romances" aren't uncommon. But no sign of her months after she vanished? That suggests something else. At the same time, his friend Nate Romanowski has asked Joe to intervene with the Feds on behalf of falconers who can no longer hunt with eagles even though their permits are in order. Who is blocking the falconers and why? The more Joe investigates both cases, the more someone wants him to go away. Is it because of the missing woman or because he's become Nate's advocate? Or are they somehow connected? The answers, when they come, will be even worse than he'd imagined.

Mad River

A good friend and fellow game warden has killed himself, and Joe Pickett's been chosen to temporarily run his district. But Jackson, Wyoming, is a far cry from Joe's hometown of Saddlestring - and it doesn't help that now Joe feels compelled to investigate the circumstances surrounding his friend's suicide. But as he comes closer to the truth, the more his own life spirals out of control - and he realizes that if he isn't careful, he may be Jackson's next victim...

Force of Nature

Don't miss the JOE PICKETT series—now streaming on Paramount+ Wyoming game warden Joe Pickett encounters bad behavior on his own turf—only to have the FBI and the DOJ ask him to stand down--in the thrilling novel from #1 New York Times bestselling author C.J. Box. The good news is that Joe Pickett has his job back, after his last adventure in *The Disappeared*. The bad news is that he's come to learn that a drone is killing wildlife—and the drone belongs to a mysterious and wealthy man whose son is dating Joe's own daughter, Lucy. When Joe tries to lay down the rules for the drone operator, he's asked by the FBI and the DOJ to stand down, which only makes him more suspicious. Meanwhile, bodies are piling up in and around Joe's district in shocking numbers. He begins to fear that a pack of four vicious killers working on behalf of the Sinaloa cartel known as the Wolf Pack has arrived. Their target seems to be the mystery man and everyone—including Joe, Nate, and others—who is associated with him. Teaming up with a female game warden (based on a real person, one of the few female game wardens at work in Wyoming today) to confront these assassins, Joe finds himself in the most violent and dangerous predicament he's ever faced.

Library Journal

In the wake of an elk hunter's grisly murder, Wyoming game warden Joe Pickett is directed by the governor to investigate the relevance of a mysterious poker chip found at the crime scene. By the author of *Free Fire*.

Out of Range

Don't miss the JOE PICKETT series—now streaming on Paramount+ The Red Desert of Wyoming is a beautiful and punishing place for anybody, even for game warden Joe Pickett and his friend Nate Romanowski in this #1 New York Times bestselling thriller... Nate is off the grid, recuperating from wounds and trying to deal with past crimes, when he is suddenly surrounded by a small team of elite professional special operators. They're not there to threaten him, but to make a deal. They need help destroying a domestic terror cell in Wyoming's Red Desert, and in return they'll make Nate's criminal record disappear. But they are not what they seem, as Nate's friend Joe Pickett discovers. They have a much different plan in mind, and it just might be something that takes them all down—including Nate and Joe.

Wolf Pack

From the #1 New York Times bestselling author of the Joe Pickett series comes a thrilling collection of suspense stories about the Wyoming he knows so well—and the dark deeds and impulses that can be found there... C. J. Box has been hailed for his brilliant storytelling, with a style rich in character, suspense, and sense of place. That same brilliance is exemplified in the ten riveting stories—three of them never before published—that make up *Shots Fired*. In “One-Car Bridge,” one of four Joe Pickett stories, Pickett goes up against a just plain mean landowner, with disastrous results. In “Shots Fired,” his investigation into a radio call nearly ends up being the last thing he ever does. “Pirates of Yellowstone,” features two Eastern European tough guys who find out what it means to be strangers in a strange land, and in “Le Sauvage Noble,” the stranger is a Lakota in Paris who enjoys playing the noble savage for the French women—until he meets Sophie. Then he discovers what savage really means.... *Shots Fired* is proof once again why “Box is a force to be reckoned with” (*The Providence Journal-Bulletin*).

Blood Trail

A thrilling read set in the American West from New York Times bestseller C.J. Box, award-winning author of the Joe Pickett and Cassie Dewell series, now adapted into the hit TV shows *Joe Pickett* and *Big Sky*. Joe Pickett, fired from his job as a Wyoming game warden, is working on his father-in-law's ranch when he receives a visit from Governor Rulon. The governor - a devious but down-home politico - has a special request, one Joe knows he can't refuse. Lawyer Clay McCann slaughtered four campers

in a far-off corner of Yellowstone, then immediately turned himself in at the nearest ranger station. Seemed like a slam-dunk case for law enforcement... except that the crimes were committed on a sliver of land with zero residents and overlapping jurisdictions, the so-called free-fire zone. McCann has taken advantage of an obscure loophole in the law: neither the state nor the federal government can try the worst mass murderer in Wyoming history for his crime. Rulon, sensitive to the rising tide of public outrage, wants his own investigation into the murders and will reinstate Joe as a game warden if he'll go to Yellowstone 'without portfolio' to investigate. Joe, happy to get his badge back, even under these circumstances, agrees. It quickly becomes clear that McCann is deeply involved with some illegal activity taking place in the park - something tremendously lucrative and unusually dangerous. As Joe and his associate Nate Romanowski search for the key to the murders, they discover that it may be hidden in the rugged terrain of the park itself. Reviews for Free Fire 'Absorbing... his best yet.' Publishers Weekly 'The setting, action, new characters and old favourites join together to enrich this compelling tale.' Denver Post 'Delivers like a well-oiled rifle taking down its trophy elk at three hundred yards.' Madison County Herald 'A splendid thriller, deftly plotted and skillfully executed.' San Diego Union-Tribune

Off the Grid

Winner of the 2009 Edgar Award for Best Novel, Blue Heaven is a thrilling read from New York Times bestseller C.J. Box, creator of the characters of hit TV shows Joe Pickett and Big Sky. They were running away from home. Now they're running for their lives. If twelve-year-old Annie hadn't been angry with her mother, she would never have taken her younger brother William fishing in the woods near Blue Heaven. And they would never have witnessed four police officers committing a violent murder. These men know exactly who William and Annie are. To save themselves, the children must run. They don't trust anyone until they meet Jess Rawlins, an old-school rancher, who knows there's something wrong with the law in this town. Jess helps the children, but there are eyes everywhere – and you can only run for so long before you're caught . . . Reviews for Blue Heaven 'Crackles with electric tension and action.' Denver Post 'Hard to put down.' Toronto Sun 'A terrific suspense novel... You'll be hooked.' Toronto Globe and Mail 'Box delivers surprises until the final page.' Billings Gazette

Shots Fired

A guide to series fiction lists popular series, identifies novels by character, and offers guidance on the order in which to read unnumbered series.

Free Fire

Wyoming game warden Joe Pickett must accompany a Silicon Valley CEO on a hunting trip--but soon learns that he himself may be the hunted--in the thrilling new novel from #1 New York Times bestselling author C. J. Box. **Winner of the Western Writers of America Spur Award for contemporary novel** When the governor of Wyoming gives Joe Pickett the thankless task of taking a tech baron on an elk hunting trip, Joe reluctantly treks into the wilderness with his high-profile charge. But as they venture into the woods, a man-hunter is hot on their heels, driven by a desire for revenge. Finding himself without a weapon, a horse, or a way to communicate, Joe must rely on his wits and his knowledge of the outdoors to protect himself and his companion. Meanwhile, Joe's closest friend, Nate Romanowski, and his own daughter Sheridan learn of the threat to Joe's life and follow him into the woods. In a stunning final showdown, the three of them come up against the worst that nature--and man--have to offer.

Blue Heaven

Set in the wilds of Maine, this is an explosive tale of an estranged son thrust into the hunt for a murderous fugitive - his own father. Game warden Mike Bowditch returns home one evening to find an alarming voice from the past on his answering machine: his father Jack, a hard-drinking womanizer who makes his living from poaching illegal game. An even more frightening call comes the next morning from the police: they are searching for a cop-killer - and Mike's father is their prime suspect. Now, alienated from the woman he loves and shunned by colleagues who have no sympathy for the suspected cop killer, Mike must come to terms with his haunted past. He knows firsthand of his father's brutality, but is he capable of murder? Desperate and alone, the only way for Mike to save his father is to find the real killer - which could mean putting everyone he loves into the line of fire...

Sequels

The past comes back to haunt game warden Joe Pickett and his family with devastating effect in this thrilling novel from #1 New York Times—bestselling author C. J. Box. The plane circled in the dark. Joe Pickett could just make out down below a figure in the snow and timber, and then three other figures closing in. There was nothing he could do about it. And Joe knew that he might be their next target. The Cates family had always been a bad lot. Game warden Joe Pickett had been able to strike a fierce blow against them when the life of his daughter April had been endangered, but he'd always wondered if there'd be a day of reckoning. He's not wondering any longer. Joe knows they're coming after him and his family now. He has his friend Nate by his side, but will that be enough this time? All he can do is prepare...and wait for them to make the first move.

Dark Sky

She almost caught him once. Now, he's back. For three years, Investigator Cassie Dewell has been on a hunt for a serial killer known as the Lizard King whose hunting grounds are the highways and truck stops where runaways and prostitutes are most likely to vanish. Cassie almost caught him...once. Working for the Bakken County, North Dakota sheriff's department, Cassie has set what she believes is the perfect trap and she has lured him and his truck to a depot. But the plan goes horribly wrong, and the blame falls on Cassie. Disgraced, she loses her job and investigation into her role is put into motion. At the same time, Kyle Westergaard, a troubled kid whom Cassie has taken under her wing, has disappeared after telling people that he's going off on a long-planned adventure. Kyle's grandmother begs Cassie to find him and, with nothing else to do, Cassie agrees—all the while hunting the truck driver. Now Cassie is a lone wolf. And in the same way that two streams converge into a river, Kyle's disappearance may have a more sinister meaning than anyone realizes. With no allies, no support, and only her own wits to rely on, Cassie must take down a killer who is as ruthless as he is cunning. But can she do it alone, without losing her own humanity or her own life? Paradise Valley continues the Highway Quartet series from bestselling author C. J. Box.

And We've all Had Friends or Heard of Somebody That They Always Seem To Find Themselves in the Same Type of Scenario the Same Type of Issue the Same Relationship Even though with Three Four Different People It's the Same Story It's like Look You're Always Attracting People like this Something Is Going On with You Internally That You Need To Resolve in Order To Move on to the Next Level of Life but Not Everybody Really Wants To Change It's Very Possible but You Also Must Believe Have the Faith that It's Possible and Then Just Align

And You Have To Think about that in Advance You Can't Just Let It Work Out However It's GonNa Work Out because It Will Suck Up all of Your Energy and You Have To Keep Your Energy in Tact and Focus for What the Things That Are Really Most Important to You One of the Best Things You Can Do Is Just Set a Good Example and It's Hard To Help People unless They Ask for Help so I Don't Recommend Pushing Your Values on Someone Else unless They Ask You Like What Are You Doing Otherwise Probably They that's Not Their Path Right Now You Need To Be You're Your Own Example of Being the Change That You Wish To See in the World

So I Don't Recommend Pushing Your Values on Someone Else unless They Ask You Like What Are You Doing Otherwise Probably They that's Not Their Path Right Now You Need To Be You're Your Own Example of Being the Change That You Wish To See in the World Everything Happens Exactly as It Should and Then It's a Very Unique Place To Be Able To Be Grateful for Where We Are Today Grateful for What You Have Grateful for What We've Accomplished Grateful for Our Experiences You Buy It You Have It You Play with It and You Get the Short-Term like Instant Gratification Type of Thing but Just like a Child with a New Toy You Know You Run out of Motivation after Little while You're on to the Next Toy the Ultimate Insanity of It Was the 80s I Remember a Guy He Actually Had a Bumper Sticker Saying Whoever Dies with the Most Toys Wins and I Remember Thinking Wrong that's Not True It's Not about Amassing More and More Toys True When You're Poor There's a Lot of Stress about Paying the Bills but Going Purely for Material Success Will Never Achieve the Satisfaction That We're all Looking for

A Symphony of All these Different Harmonious Pieces each of Us Playing a Part of the Overall Song and that this Is the So Called Music of the Spheres that It's Our Consciousness That Creates all of this and When We Get There Then that Is Oneness because Everything's Back Together Again but in Such a Way That We Don't Know What We're Looking at and We Never Actually Know We Hope We're Getting Closer to Understanding Yet but I Sometimes Suspect that as Humans We Don't Have the Capacity To Actually Understand What's Going On and I See this Reflected a Little Bit When You Have a Mystic Who Can Go into Mystical States They Come Back with a Conviction That I Understand It Now I Got It Say Well Well Tell Me What It Is It They're Responses It's Ineffable I CanNot Describe It and the Reason Is that that Language at the Everyday Level Is Not Capable of Describing What's

Actually Going on some Mystics Will Say that They Come out of the Mystical State and Then They See the World in a New Way and Everything Is Exactly the Way It's Supposed To Be We Don't Have the Capacity To Actually Understand What's Going On and I See this Reflected a Little Bit When You Have a Mystic Who Can Go into Mystical States They Come Back with a Conviction That I Understand It Now I Got It Say Well Well Tell Me What It Is It They'Re Responses It's Ineffable I CanNot Describe It and the Reason Is that that Language at the Everyday Level Is Not Capable of Describing What's Actually Going on some Mystics Will Say that They Come out of the Mystical State and Then They See the World in a New Way and Everything Is Exactly the Way It's Supposed To Be I Think Mystics Philosophers Poets They Express the Reality Better than Maybe Your Eye The Ancient Notion of Indras Net Is That Is this Necklace with Lots of Glittering Pieces of Crystal in It and So each One Is the Universe but It's All the Facets on It Are Reflecting all of the Others so We Have this Amazing Network of Awareness Which Is Seeing Itself Reflected Again and Again and Again in an Infinite Number of Ways so It's Sort Of Simmering It's some Universal Unconscious Level Trying To Wake Up from a Dream and When Finally Whatever We Are Understands It or It Understands Itself It Wakes Up and the Dream Is Over

So It's Sort Of Simmering It's some Universal Unconscious Level Trying To Wake Up from a Dream and When Finally Whatever We Are Understands It or It Understands Itself It Wakes Up and the Dream Is over I See It as You Go Along in Your Daily Life You You Are a Certain Way and Then One Day You Wake Up and from that Moment Everything before that Seems like a Dream and You Can Wake Up Multiple Times So in My Life I Remember Two Instances Where Just Walking to Class in College One Day in the Morning I Woke Up I Mean There Was a Very Strange Experience a Little Bit like You'Re Sleeping and Now You Wake Up and You Become Aware
