During the last year of the Great Tribulation, safe houses are no longer safe and the world has become a powder keg of danger. Except for those already in Petra, everyone has been forced to relocate as the Antichrist ratchets up the pressure in the world's most treacherous game. As the Trib Force waits for the coming of Christ, Chloe Williams is drawn out of the safe house to investigate something suspicious. The story alternates between events on earth immediately after the Rapture (covering lots of things the authors wished they could have covered in the original volumes) and characters in heaven and how they view the chaotic events on earth.

But to El Patron, lord of a country called Opium, Matt is the guarantee of eternal life. El Patron loves Matt as he loves himself - for Matt is himself. They share the exact same DNA. As Matt struggles to understand his existence and what that existence truly means, he is threatened by a host of sinister and manipulating characters, from El Patron's power-hungry family to the brain-deadened eejits and mindless slaves that toil Opium's poppy fields. Surrounded by a dangerous army of bodyguards, escape is the only chance Matt has to survive.

But even escape is no guarantee of freedom... because Matt is marked by his difference in ways that he doesn't even suspect.

### Grey Aliens and the Harvesting of Souls

Exposes the agenda behind the bio-robotic grey aliens' genetic manipulation of certain human races • Reveals the Grey's nature as sophisticated self-aware machines created by a long vanished extraterrestrial civilization • Explains how their quest to capture human souls appears in the historical record from biblical times • Explains how the phenomenon of racism is a by-product of their genetic tampering In 1997 Nigel Kerner first introduced the notion of aliens known as Greys coming to Earth, explaining that Greys are sophisticated biological robots created by an extraterrestrial civilization they have long since outlived. In this new book Kerner reveals that the Greys are seeking to master death by obtaining something humans possess that they do not: souls. Through the manipulation of human DNA, these aliens hope to create their own souls and, thereby, escape the entropic grip of the material universe in favor of the timeless realm of spirit. Kerner explains that genetic manipulation by the Greys has occurred since biblical times and has led to numerous negative qualities that plague humanity, such as violence, greed, and maliciousness. Racism, he contends, was developed by the aliens to prevent their genetic experiments from being compromised by breeding with others outside their influence. Examining historical records, Kerner shows that Jesus, who represented an uncorrupted genetic line, warned his disciples about the threat posed by these alien interlopers, while Hitler, a pure product of this alien intelligence, waged genocide in an attempt to rid Earth of all those untouched by this genetic tampering. Despite the powerful grip the Greys have on humanity, Kerner says that all hope is not lost. Greys exist wholly in the material world, so if we follow the spiritual laws of reincarnation and karma, aiming for enlightenment and rising above the material--a state the Greys are unable to reach--we can free ourselves from their grasp.

### Tribulation Force

Sequel to Left behind.

### Assassins

The members of the Tribulation Force face their most dangerous challenges. As international fugitives, they struggle to find supplies for safe houses around the world. In despair over so many lost lives, Rayford Steele and Buck Williams make plans to dethrone Nicolae Carpathia and expose him as the Antichrist. Meanwhile, Carpathia has been busy rebuilding roads, airports, and a cellular/solar satellite phone system—all designed to help him become the supreme ruler of the world. Many believers want him stopped, but who will fulfill Scripture and help bring about the Antichrist's death? A repackage of the sixth book in the New York Times best-selling Left Behind series.

### A Room of One's Own

A Room of One's Own is an essay written by Virginia Woolf. It was published in 1929 and is based on two lectures given by the author in 1928 at two colleges for women at Cambridge. In this famous essay, Woolf addressed the status of women, and women artists in particular. In this essay, the author also asserts that a woman must have money and a room of her own if she is to write. According to Woolf, women's creativity has been curtailed due to centuries of prejudice and financial and educational disadvantages. To emphasize her view, she offers the example of an imaginary gifted but uneducated sister of William Shakespeare, who, discouraged from all eventually kills herself. Woolf celebrates the work of women who have overcome that tradition and become writers, including Jane Austen, George Eliot, and the Brontë sisters, Anne, Charlotte, and Emily. In the final section Woolf suggests that great minds are neutral and argues that intellectual freedom requires financial freedom. The author entreats her audience to write not only fiction but poetry, criticism, and scholarly works as well.

### The New Brothers Grimm and Their Left Behind Fairy Tales

The New Brother's Grimm examines the twelve volumes of the very popular Left Behind series by Tim LaHaye and Jerry B. Jenkins, relating the story and the theological arguments of each book and then challenging those arguments. One of the centerpieces of their interpretation of the Bible is that the church of Christ will be raptured to be with Christ for seven years. During that time people who have been left behind will have an opportunity to accept Christ as savior, but they will have to pass through the tribulation—a time of unimaginable horror with Satan ruling the world. At its end, Christ will appear with his heavenly army and defeat the forces of Antichrist in the battle of Armageddon. After that Christ will establish an earthly kingdom lasting exactly 1000 years, during which Satan will be bound in the bottomless pit. Ultimately, the author suggests that the theological premises set forth in the series are at best dubious and at worst theological snake oil.

### Rapture's Witness

Three nonbelievers and a pastor search for answers when people suddenly disappear and three-quarters of the world fall to disease and natural disaster as a world leader, who might be the Antichrist, comes to power.

### Left Behind Answered Verse by Verse

Will unbelievers and half-hearted churchgoers have 7 more years to make up their minds about Christ after He raptures the Church? LEFT BEHIND gives them all a 'second chance.' But is that what Jesus taught? His parables of the talents, the wise and foolish virgins, the wheat and the tares, and the faithful and evil servant all show him returning unexpectedly with both rewards and punishments in his hands. Neither the parables nor the plain words of Christ teach a second chance for those surprised by his coming. But LEFT BEHIND does. Few Christians realize LEFT BEHIND tosses aside the teachings of Luther, Calvin, Tyndale, Wesley, Wycliffe and Spurgeon. Read dozens of quotes from these and other respected sources that show LEFT BEHIND strays far from the truths Bible readers have understood for centuries. Author of JEHOVAH'S WITNESSES ANSWERED VERSE BY VERSE and MORMONS ANSWERED VERSE BY VERSE (Baker Book House), David A. Reed is known worldwide as an expert in refuting false prophecy.

### Murder in the Holy Place

These two newest installments of the bestselling series continue the story of teens who are left behind following the Rapture and have nothing left but their newfound faith in Jesus Christ. Determined to stand up for God no matter the cost, they are tested as every turn.

### The Church and Literature

A wide-ranging and impressive collection which illuminates the enduring relationship between the Church and literary creation.

### Expecting the End

Jesus' promise that "the end" draws near has spawned an expectation of that grand event across various religious groups. This volume examines the abiding social issues that surround the continued presence of apocalyptic anticipation by setting them in historical, present-day, and future manifesta-

tions. Approaching this fervent expectation from a broad perspective, Gribben and Newport explore the contemporary movements with insightful analysis that provokes discussion and even self-reflection.
