[#minority of one](#) [#standing alone](#) [#individual dissent](#) [#unpopular opinion](#) [#nonconformity](#)

The concept of 'minority of one' describes an individual who holds a unique or unpopular opinion, standing firm against the prevailing views of a group or society. It often highlights individual dissent, standing alone in their convictions, and embodying nonconformity despite immense pressure. This phrase underscores the power and challenges of a lone voice advocating for an alternative perspective.
