Sketches of the Life and Character of Patrick Henry

Excerpt from Sketches of the Life and Character of Patrick Henry Col. Meredith, of Amherst, was a few years older than Mr. Henry, had been raised in the same neighbourhood, and had finally married one of his sisters. Having known Mr. Henry from his birth to his death, he had it in his power to supply very copious details, which were taken down from his narration by the present Judge Cabell, and forwarded to the author. Henry George, a Biographical, Anecdotal and Critical Sketch - Scholar's Choice Edition

Portions of this book appeared in a somewhat modified form in The Reader's encyclopedia of American literature (T.Y. Crowell, 1962) and in Benet's reader's encyclopedia, 3d ed. (Harper and Row, 1987). Some 1,500 entries are new; those that are not new have been revised and updated. The scope is American literature from the period of European exploration to the 1990s, with emphasis on the US but including extensive coverage of Canada and Latin America. The Life of Young Sir Henry Vane - Scholar's Choice Edition

This illustrated edition of *The New Bath Guide* by Christopher Anstey is based on the Second Issue of the First Edition which was published in 1766. It includes two major additions made by the author, the «Epilogue» and «A Charge to the Poets». It aims at widening the perspective on the eighteenth century by examining the work of a minor poet and challenges conventional assumptions about the scope of minor poetry. This series of satirical letters in verse written by the members of a provincial family staying in Georgian Bath provides an inexhaustible source of fun and has great sociological interest. Thanks to the individual and varied voices which are heard in this epistolary poem, a whole society in the making comes alive through the distorting mirror of satire. The introduction, notes and appendices throw new light on a once famous and provocative text and make extensive use of little-known material such as significant parts of the author's correspondence. They situate Anstey's work in its literary and historical contexts, by locating it at the junction of fiction and documentation, at a time of emergence, when new social codes were defined for a new society.
